Dear Madam

I think the little picture you speak of was a watercolour I painted for Mr Hall R.F.C from the oil picture which was in the academy.

I can paint you a small copy. If you will tell me about how much you want to spend I will make the size fit the price.

I will write to my son and ask him what sort of machine he flew in with Major Leighton.

Please send your answer to Tower House Portsmouth as I may change to another ship.

yours Truly
