Rev<sup>d</sup> J. G. Griffiths

Wadham College, May 6, 1850.

Dear Sir,

I am much obliged by your report, and I will not complain of your having a little exceeded my limits in two or three instances.

The portrait of Bishop Thomas (lot 798) I do not wish to have here. You will oblige me by having it framed as soon as conveniently may be,

and sending it to Miss Prose,  
17. Regent Square. I think  
the frame, which I believe  
you call "the Russell pattern",  
would please me best: I mean  
the pattern in which you  
framed the Duke of Wellington  
for me last year. But  
I am content to leave it  
to your own judgement.

Believe me, Dear Sir,  
faithfully yours  
Wm. Dominic Cheski John Griffiths
