Dear Mr. M.

I am sorry
very to hear from you
of much trouble ex-
periencing while you are
out of I have not doubt
been all have heard of
Mr. Russell of his
book that he denies
what you say of him
It is very painful

that he very means, to
dispute the common
belief (stated above)
of the same respect
Johnson falls on his knees,
having been on a Dp/D,
and not that he means
to deny for his made
love to M^{rs} Curdod -
on to which there can
be no doubt. The Dp/D
was born that year 1757.
But for was reported

with her many years
ago - (1791) as
appears by his corres-
pondence of the
same alluded to
may have been then
conting to the common
belief which ascends
to 1757 & M^{rs} Curdod -
} in writing
