March 24th 1862. —

Sir,

The Lords of the Committee of Privy Council for Trade are of opinion that, upon the introduction of a new Classification of Reports, it will be desirable to remind manufacturers and merchants of the importance of an accurate Declaration of the Value of British Produce exported from the United Kingdom; I am therefore desired to transmit to you two Copies of a Notice, which His Lords have requested the Commissioners of Customs to re-issue to their Officers at the several Ports, and I am to beg that you will be so good as to cause the enclosed Copies of the Notice to be posted in some of the Public Rooms at Stockton-on-Tees. —

I am,
Sir,

Your most obedient Servant,

A. W. Fenblanga

The President
