

June 1891.

THE GRANGE,

49, NORTH END ROAD,

WEST KENSINGTON, W.

My dear Barbara.

I must trust to you to let  
me know how your Mama is -  
but never trouble to write more  
than the needful news - &  
a post card will do - for you  
will have enough on your  
poor hands now, without  
my fidgety addition of  
trouble.

& yet I shall be very  
anxious

to hear -  
if she says "You are not to  
go near her - Do obey -"  
my Margaret wouldn't obey &  
would come to us with the  
natural result that she  
caught it & has been ill  
three weeks - besides it  
made me nervous & worried  
that she wouldn't keep  
away - so do just as she  
wants - I think it is  
catching. Yours affly  
E.M.
