My dear Sir
Before this reaches
you a proof of Lord Sandon will
have been received, and, I hope
approved by all who have seen it.
I pray inform me if such be the case
and what objections are made, as I
may still avail myself of any really
good suggestion. Will you also kindly
say what number of subscribers you
have besides my own, and for what
class of impressions, on the other page
I send you a form of advertisement for
the Liverpool papers of this week, do
what you consider to be right as to
advertising, as you know better than
I do what is for the best. Let me
hear from you by return. The Indian proof
will I presume be ready for delivery forthwith
in a fortnight from this date. Yrs &c

It would be well to send out a few
prospectuses also. You may mention
as from authority, that Lord Sandon
if applied to would not have given
permission for an engraving from
the picture at Mr. Grundy's. he
told me so himself - and has in
every way kindly interested himself
for our publication.

Use which form of advertisement you
please. or make any alteration that
strikes you.

Dedicated by Permission to The
Right Honourable The Lord Francis
Ligon. ~~The Duke~~
