Chart. St

12th Dec^r

Dear Mr. Galt,

Lord Spencer is P. Lieut.
I have told you the very moment
I know the fact myself.

I should have been too
glad to be of any use in the
matter — but even were
P. D. appointed, I know
he has ^{always} a Secretary, who
will I take it for granted,
continue his functions, even
were D. in office.

I hope your beautiful Wife
is well & that yours

Caroline Norton.

play will be ~~over~~
successful & all troubles
over. We have occu-
pied the autumn &
the whole of the family
in turn take scarlet
fever, - but all are
well again now.

Believe me

Yours truly
Caroline Norton

My Dear Sir

I have delayed writing till this moment in hopes M^{rs} Grimaldi might be able to accept your invitation on Sunday but she at present is confined to Bed with Cough and Bilious Attack and must decline it. Joseph has a prior engagement likewise and as it is his Benefit on Monday I must remain at Home on Sunday in case anybody calls for Tickets &c and under these circumstances must defer the pleasure till another opportunity.

Respects to the Family
