

South Eastern Circuit Middlesex
12th March. 1876.

Dear Sir

I have received & thank you
for the papers you have been
good enough to send me. As
to your letter I can only say
that if any correspondence
of an unpleasant kind did
at any time pass between
us it has left no memory
behind it of the least
unfriendly or disagreeable
kind. It has passed away

Sincerely yours my friend.

At the same time I think
it would not be proper for me
as a Judge to see you upon
the subject of any claims
you may have upon the
Government. A Justice or
a Senator is obviously the
proper person for you to consult
under the circumstances.

Believe me to be

your obedient servant

Coventry
