Miss S<sup>r</sup> Mary,  
Down.

My dear Edward,

I am very anxious that Willy  
and Peter should, if possible, be  
confined together on the 23<sup>rd</sup> of September,  
the day fixed for the Bishop's confer-  
-ence here at Selton - and be  
brought to the Table on the following  
Sunday - Can this be managed?  
and can you obtain for me Dr.  
Hawley's leave for Willy to remain  
till the 27<sup>th</sup>? Legs will be lost  
the first week, what you are  
settling in - and he shall do his  
lessons regularly the following week.

They have the paper then examine -  
-tors to Dr. Crispien's satisfaction -  
and it is a fine, then the opportunity -  
-sity is thus offered, to have them  
computed, and receive them first  
announced at the next Parish -  
Council - I may arrange it, if  
I please, for me.

With my united love to her  
may see your effort.
