Woodbury Cottage,

Biggin Hill, Norwood, S.E.

Dear Mr. Lewis,

Not feeling sure how much
your "few days" might come to,
I have had a copy of the (private)
reprint sent to your address at
Coburn; whither also I address
this note. -

The reprint has not
much archaeology in it, only,
as you will see, a popular
account of the Transjordan
things. - The rest is chiefly

medieval and modern. -

I think you would be interested
in a set of photographs from
the most important of the
Cyprus antiquities which
have just gone to New, preparing
for publication by Messrs.
Mansell of Percy Street,
Tottenham Court Road,
with a preface by me. -

Have you seen what seems
to me an admirable article
on the Ephesus marbles, by F. W.
Buxton, in the last Saturday
Review?

Yours very truly
Sedney Colvin
