Dear Sirs,

What is the meaning of
this?

Some two months or so
ago I sent in a drawing
for Mrs de Grouchy's poems
at her request, she ex-
pressing her entire satis-
-faction with it & ^{assuming} ~~expressing~~
her intention of having it
engraved at once.

This morning I receive
the drawing with a note
from her saying she is

prish ab to you that
any objections should
have been raised at the
time. As it is I do
not agree with your artistic
prints, & in any case I
think you ought to have
felt it was too late to
ask me to reconsider the
matter.

Yours faithfully

Walter Crane
