

Admiralty.

31st. December 1829.

My dear Sir,

I send you the particulars respecting the
discovery of the little Jar or Vase which you have had
engraved, and when published I should ^{feel} much obliged
by your sending me an impression or two from the plate.--

You are quite at liberty to put what I have written
into any other shape that may better suit your publica-

tion.--

very truly yours

J. Crofton Croker.

J. G. Nichols Esq
