Dear Sir.

I have your note of the 24th asking about Lamb's letters to Thomas Alleop. They were first published in Harpers Monthly and I wrote a little introduction. The originals are not in my possession and I will inquire whether they are with the Harpers and let you know.

I have always hoped to write more about Lamb, but I have written:

nothing, ^{although} ~~for~~ my early love for him
remains.

Very truly yours,

Ernest William Curtis
