Daly's Theatre!
 BROADWAY & 80TH ST., NEW YORK.
 LEICESTER SQUARE, LONDON.

"The Performances of Mr. Daly's company are marked by an artistic finish, completeness and ensemble seldom observed outside the Theatre Francais."—*London Times*.

"Beyond all question, the best comedy company in this country."—*New York Herald*.

"Mr. Daly's company can bear any comparison in the domain of High Comedy."—*Berlin Courier*.

"For their equal in natural acting we shall have to go to the Theatre Francais."—*Paris Figaro*.

"DALY'S THEATRE is universally known and recognized as the leading theatre in this country, and it is the only theatre in New York to which intellectual and refined persons—persons of good feeling, good breeding and good taste—can, at all times resort, without risk of being annoyed and offended by prurient filth or vulgar folly. No theatrical manager of our time has made greater sacrifices or more determined efforts than have been made by Augustin Daly to maintain the stage in dignity, purity and beauty."—*New York Tribune*.
