

CLARENCE DARROW
1537 EAST 60TH STREET
CHICAGO

Mr. T. R. Smith

My dear Smith

I received your book "Forewell to Reform"
written by John Chamberlain
This book shows broad reading and study, a
careful and honest estimate of a large part of the
American socialists in America within recent times,
a very accurate estimate of the quibbles and move-
ments in political life in America in the last
decade - five years. The book is written with
care and devotion for truth. I know of no
book by a modern American that gives such an un-
biased and fair judgment of men and events. It is
only right to say that the author views every subject
and opinion from a liberal standpoint.

Very truly

Clarence Darrow
