Mr. Fred Blackburn, Jr.
Wheelwright, Kentucky

Dear Freddy:

I had occasion to look over the seats at the Wheelwright Theatre Monday, and noticed that a great many of them have been badly damaged and some even torn out.

I would appreciate your stopping in my office the first time you come to Wheelwright to discuss this situation and see what action might be taken to prevent some of the damage to the seats by your patrons to the theatre.

Yours very truly,

Manager Coal Properties
