"Rent Increase"*

Wheelwright, Kentucky

July 30, 1948

To: Blaine Smith
From: E. R. Price

We have been supplying filtered water to our tenants without charge for a number of years. When we completed the water system; also the sewer system and the construction of the sewage treatment plant in 1940 at the approximate cost of \$150,000, it was decided that no charge would be made at that time for the service.

Since then, increased costs in labor and material have made it necessary for us to charge for the filtered water.

Effective August 1, please make the following charges against the different types of houses for water:

3-room house, with or without bath and
4-room house, without bath - \$1.50 per month

All other houses are to be charged \$2.00 per month
