Effective December 1, our Burton property has been sold to the Burton Village Corporation. After that date we are not to do any repair or maintenance work of any kind to the buildings or utilities in the two Burton villages.

If the rent clerk receives any requests for maintenance or repairs, he should politely refer the person making the request to Mr. Glenn Spradlin, President of the Burton Village Corporation, which purchased the property. Mr. Spradlin can be reached at the First Guaranty Bank at Martin.
