I am attaching hereto floor plan of the present dry cleaning plant, which we are considering converting into a merchandise store room for hardware, electric refrigerators, et cetera.

If the building is used for the purpose mentioned above, we will want to consider converting the area in Store No. 1 now being used for hardware for groceries, frozen foods, etc.

I suggest you arrange for each the Central Store Supply Company, Huntington, and the Columbus Show Case Company, Columbus, to send a representative here to discuss layouts with us.
