Attention: Mr. R. L. Jones, Purchasing Agent

Dear Lyman:

We have just been informed, by the Flintkote Company, that our prices on Roofing Products were raised effective April 25, 1955.

The prices are as follows:

215# 12" Thikbutt Shingles	\$6.24 Per Sq.
65# Rex Flintkote Roofing	\$2.41 Per Roll
15# & 30# Saturated Asphalt Felt	\$2.60 Per Roll

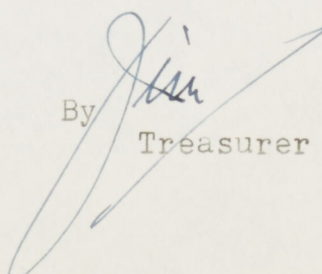

The above prices are yours delivered in car load lots direct from the factory to Wheelwright and are subject to a cash discount of 2% 10 days, 30 days net.

This is apparently a general raise in the Roofing Industry, bringing the prices back in the neighborhood of what they were before they had the price war which started the later part of January.

Yours very truly,

MINTER HOMES CORPORATION
