October 18, 1956

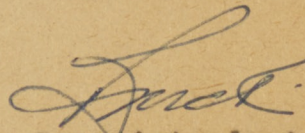

To: H. O. Zimmerman  
From: R. I. McKinney

Mr. Junior Edwards, (Ck. No. 709) and Steve Johnson, (Retired Miner) were in to see me about getting water from the Company water system. They live in houses off the Company property directly across from house No. 274, Hall Hollow.

I told them that it would be up to you to make the decision on whether or not you would allow them to have water from the Company supply, and that I would let them know Monday, October 22.

I understand that these houses are over a mined out area and that the only way they can get water is by drilling.

Please let me know what you decide, or perhaps you would rather write each of them so that there is no misunderstanding.
