Mr. L. S. Becker Supt. Bldgs And Grounds

Inland Steel Co.

Wheelwright, Ky.

Dear Mr Becker:-

Referring to yours of Jan. 14th. wish to advise that all the information we have states that the motor needs no oil or greasing however in looking this over I think that it dose, If the motor you sent to us had not been disemeled they write that it would have been replaced Mr. Alverson will bill you for the Motor along with his bill.

I have been wating to find out if Shaffer were going to replace the motor before answering your letter,

Yours very truly.
