

Senate, June 11 -3

degree. The present rule places seniors who have done college work on equal footing with other students who have only completed one year of college work in the conferring of degrees. The proposition is to make a distinctive class of those who have a college degree. Practically all of the law schools are doing this now for the purpose of encouraging students to take a full college course in addition to the law."

The following recommendation from the Graduate School Committee was approved:

"As Chairman of the Graduate School Committee I present to the Senate the name of John J. Tigert to be recommended by the Board of Trustees for the degree of Doctor of Laws to be conferred at our next commencement, June 15."

Signed- GLANVILLE TERRELL,  
Chairman, Grad. School Committee

Senate adjourned.

## MINUTES OF THE SENATE OCTOBER 17, 1921

The Senate met in the Little Theater Monday, October 17, President McVey presiding. Quorum present.

The minutes of June 11 and 13 were read and approved.

The Senate elected Messrs. F. E. Tuttle and George Roberts Senate Representatives in the Council for the year 1921-22.

President McVey read a request that all research work be placed under the supervision of the Smithsonian Institute. Dean Cooper, Doctor Funkhouser and Doctor Pryor were appointed a committee to investigate the proposition and report their findings to the University Senate.

The following resolutions were presented to the Senate and approved:

"Resolved, That the Senate of the University of Kentucky, composed of the complete instructional staff of the various colleges and the Experiment Station, endorse the two amendments to the Constitution of Kentucky, to be voted on at the coming November election, to wit:

"Amendment Number 1. That the words 'the Superintendent of Public Instruction' be omitted in Sections 91, 93 and 95.

"Amendment Number 2. That Section 186 of the Constitution be amended to read as follows:

"All funds accruing to the school fund shall be used for the maintenance of the public schools of the State, and for no other purpose and the General Assembly shall by law prescribe the manner of the distribution and use of the public school fund for public school purposes. Provided, however, that not more than ten per cent of said public school fund shall be distributed other than upon a per capita basis."

"Under the Constitution the State Superintendent of Public Instruction must be elected at the same time and in the same way that the Governor is elected and he is ineligible for re-election. If the Constitutional amendment is passed the Legislature will prescribe the manner of his election and his tenure of office.

"All the school funds coming from the State are now, under the Constitution, required to be distributed to each county per capita. If the second amendment is passed ten per cent of this fund may be
