MINUTES OF THE UNIVERSITY SENATE
Oct. 12, 1931

The University Senate met in the lecture room of McVey Hall, Monday, October 12, with President McVey presiding.

The minutes of August 19 were read and approved.

The secretary reported that at the meeting August 19 the Senate had recommended Joseph B. Campbell for the degree Bachelor of Arts as of the year 1912. On further examination of the records it was found that Mr. Campbell completed his work in 1913, and the secretary asked the privilege of correcting the minutes and the commencement program. This was approved.

President McVey announced that Mr. Finley, Chairman of the Board of Student Publications had asked permission to appear before the Senate and request a ruling on some points of eligibility that had arisen in the conduct of the business of the Board. Both sides of the controversy existing in the Board were presented. The question was referred to a committee composed of Messrs. Graham, Melcher and Portman.

The Senate approved the recommendation from the University Council that graduate students be exempt from the rule requiring that incomplete work be made up within thirty days after the student reenters the University.
