

The Guest Retreat

12

Strategically located away from the hustle and bustle of the main entrance, the guest retreat offers an escape from the everyday world. A richly draped bed and down filled chairs nestled by the fire invite you to relax and let the blue and green tones in the room envelop your senses. Imagine yourself in a land far away and get swept away in the carefree whimsy of the fabrics and colors surrounding you.

The Designers

Judy Frye, Marilyn Pollock and Courtney Komara are all graduates of the University of Kentucky Interior Design program. They have over sixty years combined experience in design.
