My Darling Sister Wife,

Happy New Year to you and may the coming year be the happiest one in your life. I know it will be for me because you will be mine. I can't think of anything else but that. I hope you feel half the way I do about you. Darling, I get hot all over thinking about you and you know what happens when I do that. I dream of you every night and pray for you all the time.

Darling, what do you think about living with Bomb's wife in the trailer. Please let me know as soon as possible for he wants to know. I can make all your plans and things as soon as you let me know how and what you think.

Please excuse this writing for I have to hurry for it is almost time for lights out and tarp. Last night we got to stay up until as late as we want to. We all sang the New Year in. At midnight I wish you Happy New Year to you. Did you hear me. Every night before I go to sleep I tell you good night and that I love you. Remember, that we said we would do that each night before going to sleep.

Honey, let me know what's wrong with John as soon as your sister finds out. Maybe he will come back to Texas and I'll get to see him. Brownville is only a 200 miles away from here. When you come to me maybe some time we can go to Brownville and see his folks. Would you like that very much. We can have so much fun together and will be so damn happy.

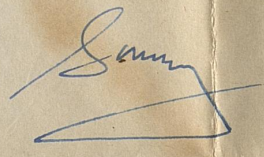

Darling, will you go up in a plane sometime with me. Just think we'll be able to fly all over the country after the war is over if we want to. I can't hardly wait until you come and marry me.

Honey, I know it will be hard to leave your family but I'll make it up to you. You never have any cause to be homesick with me for I'll keep you happy and in a romantic mood all of the time. Darling, I want you to cooperate in our living making for it takes two to be a real love. You use to love me a whole lot that way just before I came in the Air Corp.

Honey, I hate to close this letter but I must go. I will write you another long one as soon as I can. All I know is that I love you and want you more than anything in the world.

Darling, I must go now for it is time to hit the hay. Loads of love and I'll be seeing you in a few weeks.

My Darling Little Wife!

Did you have a good New Year's day this year?
 I couldn't even tell it was any other day except by going to church. I wish I could of been with you. We had classes and it was just like any other day. Reading your letter sound wonderful now. It was you who around Christ was sounded as if you hated to leave home and was doubtful about coming. Now your letter sound as if you couldn't wait like I can't. You have no idea how I long for you. I want you so bad and want to hold & kiss you until the end of the ~~of~~ time. I need you so damn much and you will help me to win these wings. Darling, I don't know as of yet the ~~date~~ date that I'll send for you, but you can bet your life that it will be around the end of this month with just a few more. I get paid Sunday & Monday. I don't know how much it will be. I want to ~~be~~ wait until I get paid again before you come so I'll have enough dough for us.

Darling, have you thought we about living with my buddy's wife? If you don't want to do that I'll have to find some place in town for you to live. They tell me it is pretty hard to find a good room w/ apt at a medium rate. Everything is so damn high down here in San Antonio because so many people (w/ves etc.) are living near their Cadet buddies and w/ves. So please let me know in plenty of time what you want to do. All that I know is that I love you more than anything in the whole damn world and you are my whole life. Nothing else seems to make any difference to me. You are the only thing that makes my life worth living. Every thing I do lead to you and it has something to do with you.

I L O V E Y O U Code for I love you
I can get that down you in code for that is that is all that is on my
mind. I can't think of anything else but you and being married to you.
You will make the most wonderful little wife in the whole wide world.
Nothing else can ever make me happy again until you are with me.
I am, give you, me have me honored for keeps. Do you want your old
Cocentini? I can't let as much as he wants you.

I am about to go into being so hungry for you
and nothing can cure this feeling except real love from you. I can't hardly
wait until we first kiss. I can't stop until I taste the thrilling touch of
your lips. Boy, how I long for them. Save them up for a special lady kissing
and loving. When I see you I bet I'll almost kiss you to death. Do you
feel this way too. Each time that I think of being married to you my
chest fills out with pride and joy. You make my old heart beat
5 times as fast. I bet it will tear out of my body when I see you. You
know really my heart is with you for I left it with you. Darling, it
will be so wonderful to be with you again and this time for keeps.

Please spare this writing for I have to
be home before the upper classmen come back. They will find me as again
and make us do a lot of silly things. Tell your family not to feel to bad
about your leaving for you can see them at any time. Honey, will you be
willing to go to work if we don't have enough money to get by on. I don't
think you will have to for I'll have enough if we don't spend too much.
Don't worry about it because I don't want you to ever have to work again.
Just to keep home for me. We can get by as easily as what I make
a month if you watch your budget. I know you can, so I'm not
worried at all and I will give you all of the money on pay days.

Good night Angel and God speed you to me.
I love you more than any thing. I want to able ever to get enough of you.
It's nice to get part from each other like this again.

My Darling Little Wife,

How is my sweet little wife today? Do you still love me as much as I love you? I can't ever tell you how much I love you for I don't know myself because it is so much. You couldn't measure it by any thing for it is so big and deep. No one has ever loved any one else as I do you. My feeling for you is beyond imagination. You have no idea how much I love you and need you. It grows more and more each day and it is endless. I want you more than the breath that I need for life. You are the thing that makes me live. You give me strength and power to live from day to day. Nothing else matters to me. You are everything to me and I need you. Darling, I wish I was a great poet so I could express my feelings for you on paper. Being a poor mortal as I am, I will have to express myself by actions. When you become my wife and my companion for life, I will show you every reason that we are together. So prepare yourself for a awful lot of love and stuff. I have a awful lot stored up and it cannot be reached by any one except the one who holds the key to my emotions (namely you) All my passions and desires belong to you and they are dead to any one else. Never fear about me going out with any other girls for I couldn't face myself if I did. No one else even interests me in any way. All my love and passions are for you alone and that isn't enough left over for any one else. This is a blank word and meaningless in my vocabulary. You are the only one that I know of.

I know that we are made for each other and understand each other to a
tee. No two other people were ever so best suited for each other as we are.
My thoughts are with you constantly and my heart is with you. I was
born and made for you and for no other purpose. Darling, do you
feel all this way too? I know you do or else you wouldn't love me at all.
I'm not much of a guy or have a lot of money, but I can offer you
more love and happiness than any one else in the whole world. Love
is one thing that I'm rich in and it is all yours. Darling every
thing that I own or will ever have belongs to you. Also I'm yours
and you can do with me as you want. I can't understand how
I've kept going day to day without you. I think I hold the all time
endurance record of all times. Darling, lets not be apart any longer
than we can help. Lets make that day full day come as quickly as
possible. It will be only a few more weeks and then you will be mine.
I don't know as of yet what the date will be, but you can bet your
last dollar it won't be longer than 3 or 4 weeks. Next week I'll be a
upper class man and will have a open part about a week after that. Then
I can begin to make all plans and arrangements such as buying the ring
and diamonds. Darling I'm going on guard again tomorrow night
and will write you another long letter. I will write you in the
after noon and night. We are having a free day all Friday. Darling
I passed the final exam in Aircraft instrumentation with a 100. I
think that is tops don't you. You really have to be good to spot every
air planes and be able to tell what kind, course etc. Well, it is almost
time for lights out and will have to close. I love you more than
any thing in the world and can't wait until the day that I can
kiss you again. I'll be with you tonight again in my dreams.
Good night angel, and love me twice as much in the morning
as you did today.

Kiss

My Darling Little Wife,

How is my little sweet Angel today? Do you love me more today than you did yesterday? I love you three times as much. You are all of my dreams and desires. Speaking of dreams, last night I dreamt you came down here and we got married. Boy! Oh Boy! was it wonderful and full of love. I just can't hardly wait until that day really comes true. Again I say I love you and my final + last breath will be I love you. You are in my lips all of the time and in my mind. You haunt me like a shadow. In fact you are my shadow and are with me at all times. I know that you want me as much as I do you. When we get together again and make violent love, I'll bet sparks of white heat will fly. I can't wait for the thrill of your luscious lips pressed against mine. I want to ruin kisses all over you and never stop until my lips are worn down to nothing. I want the taste of lips stuck on my lips and my face to show a bright red from your lips and lip stick. I want your arms around me like bands of steel. I want you to clutch onto me in a death grip. I want to feel your lovely, luscious body pressed close to mine in a embrace that will never know a ending. I want you to love me madly and passionately. My heart and soul are out for the touch of you again. I quiver all over at the thought of making love to you again. What a thrill that will be to my love slaved body. Oh! My Darling, I'm so desperately in love with you. I can't go on any longer without your caress and love. I will die of loneliness in a few more weeks without you. You have no idea of the pain of

Loveless I went through for the want of you. Every little thing that I
can think of reminds me of you. When I lay in my bunk each night, I
think back over all of the wonderful moments of staying together. I can
recall each little thing about you. The way that cute little nose goes
up in the air when you get mad. The way you fix your hair. And the
way you like to play with my ears. How long you can play with my
ears as much as you want. Remember how I wouldn't let you.
I can remember the first wonderful night I saw you and the night
of our first kiss. Remember how we use to hold hands while I was
driving the car and we even held hands in the bus. Remember the
times we snatched, when we were over at your home, so that your
mother wouldn't see us. And how mad we would get when they
kept moving about like Grand Central Station. Remember how
you didn't know where you went to go on dates or to what shows. We
couldn't make up our minds at all. I loved you so much I didn't
care where we went to just as long as we were together. I still can
remember how I use to wait for 1:30 to come in order to eat
lunch with you. And at 7:30, the hour I would come and get you.
Oh! how I miss you at night. I keep saying to myself, I wonder
what Julie and I would be doing if I was at home again. I
wonder what you are doing and thinking. Remember how we use to
walk through the park, kicking leaves around in the fall and how
cold you use to get. Remember the night I carried you from the car
to your porch through the snow. And remember that Sunday
mornings we would eat in the park. Remember how we would wait
jennies in Thursdays to see if we could make it to Fridays.
Remember the first time you took a drag off of my cigarette and
when I tried to teach you how to drive the car. And how I begged you
not to wear a ring and pants. And all the fights we had over
making real love. Admit you sorry now that we didn't. We can
make all of that up now though. Remember all of the pepsi Colas we
drank at Alton and the beer we drank at Johns. I miss with I could
have another pepsi or a beer with you again, in fact I would
give anything to be with you.

(3)

Darling, I just received two wonderful letters from you and they sure cheered me up. Today was one of the days that I felt so damn blue about being away from you. You sound as if you can't hardly wait until you come to me.

I feel the same way. Honey, I'm going to make our wedding day as soon as possible and it will only be a few more weeks. I can't hardly wait until the day you come to me.

I love you so damn much and want you more than anything. Darling, I got another hair cut today, but this time I only had it trimmed up. It is about a inch long now

and I'll let it grow longer for you. I want to look as much as my old self as possible

Darling, I'm full of muscles and am I tough. You'll be so damn proud of your big husband

I will thank you so much. Darling is John
going to marry your sister? Ask him when
the next time you write to him if he would
like to make it a double wedding. Oh!
How we will be together again sooner than
you think. I'll be a upper classman Sat or
Sunday and will be able to go to town and
buy the ring and license. I want to get
paid again before you come. I hope you
want to live with my Buddies wife
for a couple of weeks until I'm moved
to primary school. Darling, we will get
married this time no matter what happens.
We don't deserve to be apart like this any
longer. So be prepared to come at any
date in the next few weeks. Honey, I'll
tell you when to come in order that you
will get here on the day that I will have
open post. You will arrive here about
7 P.M. and have to be back by 10 P.M.

(4)

we can be married the following week
or do you want to come the day before
my open part and be married on it,
I think it best that I meet you at the
train and take you to where I have a place
for you to stay. Again, I might change
the plans, so don't plan on anything but
getting married in a couple weeks. Make
your plans to be ready in about 3 to 4
weeks. Besides, how about your blood
test. The law in Texas is that one is
required. Does you want but it will
be best that you get it at home. Ah!

Sweet heart, please try to make it as soon
as possible. Each day makes it draw
a day closer. Ah! Bye Ah Bye, I love you
and want you.

(6)

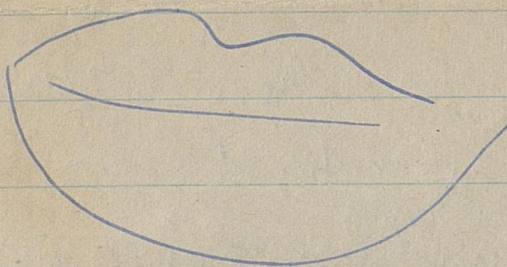

I go on guard again tonight and will write you again I just love to write letters to you.

Well, Honey, I have to go now and get ready to go on guard. I love you and will be thinking of you all the time. So be ready to come in a few weeks, I don't see how I'm going to live through it until you get here. Truly love and God speed you to me.

My Darling Little Wife,

How is my sweet little Angel today? I love you more now than I did yesterday. Each day I love you twice as much as the day before. Darling, I'll be up in class next week and I now have some ideas of our plans. Honey, I'm going to ask permission of my Commanding Officer about Monday or Tuesday. We will get a open part about Friday week. If everything goes through well, I am going to buy the ring and make arrangements for getting married and rec about the license. I will let you know as soon as possible all of the things that I can find out. I'll be paid some time this week and I don't know how much it will be. No matter, we will get married any way. I'll get paid again before I go to primary school. If we don't have enough I can always borrow some from Mom. They will probably give me money for a wedding gift. Don't worry about money or anything. If you need money to come down to me, I hope you have enough but I can give you some if necessary. I'm going to buy the ring sure thing in my first open part. Do you still wear size 4. That was the size of the engagement ring I bought you. Let me know that as soon as possible. Darling we will be married in about 4 weeks or so. I might have to wait till I go to primary school. but I don't think so. I want to marry you as soon as possible. The only thing though is about paying your fare

here and then when I'm moved again, pay it to where I go. Find out how much a one way fare to San Antonio is and let me know as fast as you can. I hope it isn't too much. If not we can be married as planned. I'll get paid some more dough just before leaving for you any and we can use some of that for your suit and travel tickets furnished to where ever I go.

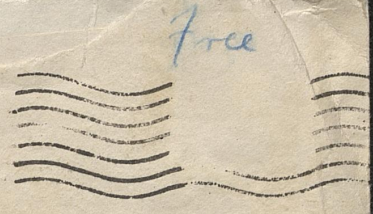

Also I'm going to find out where is the best place for us to be married here in San Antonio. We won't be able to have a big wedding just a small one. Just as long as we are married I don't care what kind of ceremony it is just as long as it is in Church. All I know is that I love you and want you more than anything. I thought all about our wedding and plans while I was walking around today. I will let you know as soon as I can when to come etc. It will only be a few more weeks and we will be together. Are you almost read Sweetheart? How about living with my best friends wife. It would be only for a little while.

Please write me what you think and want to do. Good night Angel. I'll be dreaming of you tonight and like I do any other night. I love you more than anything in the whole world and can't wait until you become mine for deep. Please write me all that you know and want to do. Everything depends upon you. We will do everything that we can do in order to make our wedding day come soon as possible. See you in a few weeks.

My Darling Little Wife,

How is my sweet little Angel today? I love you so damn much and can't wait for the 3 or 4 weeks to pass. Darling, I received the letter today telling me that you are willing to live with Burk's wife. Boy, that is really swell. We can save money and have enough for anything we want. I don't have a hell of a lot of money and we are damn fools for getting married in what I have. But, I'm willing to do it if you are. We can always get by somehow. I can't go on much longer with out you and want you to marry me as soon as possible. We will get married as just as soon as I can get things all fixed up. I'm going to ask my Commanding Officer next week for permission and try the very best to send you dough for train fare. I'll get you all the details about every thing just as soon as I can find out. Boy, I can't wait until that wonderful day until you say I do with me. Oh! that's all that I can think of. Each time I think of you my passions grow more & more, so you better be ready for a couple whole lot of love. We will be so damn happy and will have such a wonderful time & so much fun. I wish we were married right now. Burk's got a letter today from his wife and she says it's swell with her. She is coming in about two weeks. So it won't be long now until we are together again for keeps. Honey, I love you so damn much and want you more than my next breath. You are in my blood and my body cries out for you. I can't understand how I've lived being apart from you. It is never so upset like this again.

Darling, I just found out my grade on the math test we
had last week. I knew that I passed it but didn't dream of
making 85 on it. You would be so proud at how many of
my Carlet mates failed the test. I was really a hard
test and one boy got 35. I'm so damn tickled that I got
such a good grade. Darling, the thought of marrying
you is what makes my grades so good. It makes me try
harder and makes me win my goal. You have
no idea how the thought of marrying you and you coming
in a couple of weeks boost up my moral and interest in
my studies. If anything happens that we couldn't get
married when we are planning on, I know that I would flunk
every damn thing. We don't want that to happen what's get
married as soon as possible. I know that you can't wait as
I can't. Just think, this time next month you will be known
as Mrs. Geo. Canyon Jr. Won't you be glad when you get to
wear my name. Oh, Honey, I love you so damn much
and want you. My emotions can't stand it much longer
wanting you so much. So, Darling, it is all settled now
just a matter of making the final arrangements. I'll let
you know as soon as I can. Don't forget to tell your
parents so they can announce the news in church. Also I'll
let you know about the blood test and what kind of
going to get in order to prove that you got one. Find out what
the fare is for one way to San Antonio and let me know
at once. Good Night Angel, you are really mine now
and we are going to be really be married in a few
short days. God Bless you Angel and I'll let you +
show you how much I love you when you come.

My Darling Little Wife

How is my precious little thing today? I love you so damn much and can't wait until you get here. Today I got paid 70 bucks. I don't quite see much as I thought I would get. I could use a whole lot more, but I'm going to try any way to get by on what we have. Don't say anything to any one about it. Darling, if you want to we will go ahead and get married any way. I'll get paid again in about 4 weeks and that will help a awful lot. This is the first time I've been paid in a long time and it was a small pay the time before. Buying your presents etc and buying special equipment took up most all of the money I had saved up. We can do it though, if we watch our pennies. I can't wait any longer for you so we will get married any way. We will be married in about 4 weeks or so. Will you be ready if then? I will let you know in plenty of time so you can tell me. Give your good bye and be prepared to come. Try to save a little and pay if you can to help pay your fare down here. Darling, it will be a bit tough at first, I mean the money, but we shall get a good start. We will have to be careful for a while, but in time we can do any thing we want to when we get ahead. If you don't want to marry me right now and have to be careful about money for a while just tell me. But I know you want to marry me as much as I do. I just can't wait much longer for you. Give your love to your mom. I know you feel the same way and want to marry me as quickly as possible.

My Darling Little Wife,

Today your picture arrived and I was so damn thrilled. Boy, thanks a lot, Sweetheart, it is a marvelous picture of you I have it in my locker so everyone can see. You look so damn cute. I look it every time that I'm in my barracks and will at you. Your picture really cheers me up. Now, I know, I can't wait until you get here. Oh! Honey, I love you so damn much and can't stand being away from you any longer. You have no idea how much I love you. Darling, another girl is going to live with you all in the trailer and there will be three of you. You won't be lonesome with two other girls. Honey, I found out today that our first open port is on a Sunday and all the damn stores are closed so I ~~would~~ want to be able to buy the very best become until the next Monday I'm going to ask permission from my Commanding Officer any way about Monday or Tuesday then I can find out from the lie all the things that we want to know about blood test to see when we can be married starting I can't hardly wait until that day. Please let me know how much the train fare is so I can see how much I can afford. Darling, after we are married we won't have a hell lot of money but I don't get a damn cent want you more than anything. Honey, I don't know if I'll get a chance to finish this letter or not. It is now call to quarters and the upper class men will be in our again. Damn, all that I know is that I love you more than life itself. Nothing else in the world matters to me but you. Darling we are having a big exam in math tomorrow, please hope and pray that I pass it. It really is a tough one. By the way my mother sent me a picture of Norman today and it's good.

Well here thanks and I'll write in a letter as soon as I can. I
haven't had the time to write from today so call her and tell her I
was lucky to get this one off to you. Darling, just think that this
time next month you will be my wife. By the way, tell my mother to
bring her winter clothing with her because it is too cold this time of year
to wear summer stuff. Tell her to bring her overcoat too. We are
wearing our top coats now for it is colder than hell early in the
morning and staying cool all day. It's just like about Oct weather
at home. It will be real warm again in a month. The only thing
that makes it so cold is the high winds. Sweet heart how high is the
water now? Are you all going to have a flood? I sure hope not. All that
I can think of is you coming to marry me. Seeing such a good
picture of you ~~with~~ makes me want to move. I'm going to get a
frame the first chance I get to go to the P. X. Don't know for sure
if they have them or not. Darling, Burke's Mother & Father are buying
all kinds of things for the trailer such as bed clothing, new furniture etc
The 3 different families who will live in it (including us) will have
to pay for the things. The whole rent for a month including heat &
lights might not amount over 12 bucks. So that's only 4 bucks
rent a month we will have to pay. All will pitch in on food etc.
all will pitch in on food etc. I'll have enough friends to
Burke's wife might get a job. I'll have enough friends to
keep yourself from being too lonely in a strange town when
I can't be with you. Darling, he just used to come in about 3 weeks
or so. All that is holding us back is the funeral arrangements going
and because. We'll let you know plans as I find them out. I
hope I don't stare a hole in your picture. Good night and get a good

My Darling Little wife,

Howdy, it is almost time for lights out and this is the first time I've got a chance to write you. I'll finish it up in the morning ~~in the morning~~ is open hills and I'll be able to write you a real long letter to you. Dam, I love you so much and can't wait until you get here. I want you so damn bad and want your kisses and hugs. Darling, I made a 90 on the math test today, it's the one that I told you about being so hard. Some of the fellows flunk it and will have to take a re-exam if they find that one they will have to take all underclassmen subjects all over. I'm sure glad that I passed it. Also had a Code test and passed it. For work a minute and that is required before you can be a upperclassmen.

Good night, I'll finish this in the morning. Good morning Darling, I guess you are getting ready to go to church by now. I sure wish I was there so we could go together. I went to 8:00 Mass and prayed for you a few short days we will be going to church together and will be united in Holy bonds of marriage. Just think, this time next month you will be wearing my name and you will be the wife of a Aviation Cadet. Will you like that? I'm so crazy about you and can't wait until the day we say I do. Darling, I dream about you each night, no kidding and I think of you all day. All of my buddies keep asking me when are we going to be married. Darling, we will have such a wonderful and happy marriage life. We were made for each other and have no right to be apart like this. Let's make sure that we will always be together. I love you so damn much and can't understand how I can live being apart from you.

I got a chance last night to go up to the P.X. and they didn't have any picture frame. I've mounted your picture in a piece of cardboard and one of the upper class men is going to buy a frame for me today when he goes into town. We are having open hall today and it is a day off. I saw all of my old pals from Squadron 103 last night, this was the rest. They told me Chester Redman was sick, so Freddie and I are going up and see him today. I'll write you a long letter this afternoon or tonight. I have a whole lot of mail to catch up on. Next Thursday we will be upper class men and then we will be the boys. Boy, I sure will be glad. I told you about our first open part being on a Sunday. Reading all I can think of is missing you and loving you again. Boy, I can't wait until we can be like we use to be. I want you to wear all of that good hair stuff and thank the hell out of me. Please bear your modesty and just bring passions and emotions with you. Please don't be so far. We have a awful lot to catch up on and I have just Jules + Jules all saved up for you. Just think in 3 weeks or so you will be mine and we can live again. I have so many things to tell you and so many places to take you. Boy, Oh Boy, we will have such a wonderful time and loads of fun. Well, we have to pack it in a few minutes for something. We are going to do a car trip. I will let you know what it was. We have to wear dress uniforms. Good bye for now, will write you another letter this afternoon. Tell your family hello and tell Norman who plays football with him before you all eat supper on Sunday night. God Bless you, Honey and just loads + loads of love. I want to see you in a few days and in the meantime will be looking at your picture.

Miss your beautiful Carol Husband

My Darling Little wife:

Here, I received 3 letters from you today, and two of them have pictures in them. I was glad to get your pictures. They are swell and I like your hair long. You look swell and awful beautiful. You are too beautiful to let our command fire so I'm going to marry you quick. Darling, I have some bad news. Mr. Barber, my buddy, wife is sick and won't be able to make it here to live in the trailer, so we will have to change our plans again. It makes no difference for we are going to get married any way. Darling, I'm making my plans so you will arrive about in the day before my open part. You all can come out here that night if you arrive here during the day. If not it would best that you would come two days early. I'm going to ask permission in Wed from my Commanding Officer. Then, I'll be a upper lieutenant and head letter full. I'm planning on you only being one week here in San Antonio and then we will move to where ever I'm sent to primary school. Maybe we can get in earlier sooner than we expect. I'm going to pull all of the strings that I can. I'll call you as soon as I talk to the Chaplain and find out every thing that we have to know. We will live in a hotel in town in some place. I'm going to look around Sunday for a place for us. Darling, there is a good chance for me to get a 3 day pass when we are married. Just think 3 whole days. Darling the day that I want to marry you is Feb the 5th. Can you be ready by then. I want you all to get here in time so you can come out here on the night of the 4th. We can talk and discuss all of our plans by then. Darling, please let me know how much the fare is so I can send you a money order as soon as possible. Boy, Oh Boy, I can't wait until you get here and I want to love you so damn bad.

Reading, just think Feb the 5th you will be mine and my wife. I
love you so damn much and can't wait until you get here. I don't know
if I'll ever write you tonight, but I'll try. We have a exam tonight
in Air Force Organization and I better stop for a while and study a
little bit. I'll write you after class. Oh, but I can't think of
you coming to marry me.  just think this time next
month you will be mine. Oh! happy day. I am I can't wait
until you get here. Please hurry up and get here. I love you
more than anything. I'm so damn excited and excited. I can't
think straight. I'm so damn happy and could shout with joy.
Well, I just came back from class and it was so damn long for me. I
don't know what grade I made but I passed it I know. Oh! honey, all
that I can think of is how much I want you and how soon it will be
until we are married. I can't wait until you get here. Reading do
feel as happy as I do? Boy, yes! I'm so damn happy. Let's have
a big celebration and a party. Reading, I'm sorry about the girl not
being able to come here but you won't be alone. I'll be with you as
much as possible. Let's always be together and never have to suffer
being apart from each other like this. I know it will be hard for you
to leave home and all that, but Reading you are making your own
home now. You'll never regret it as long as you live for you have no idea
of the happiness that is in store for you. Please love me passionately
and just let your self go. You know what I mean. Reading I look
at your large picture every few seconds and wish also talk to
you. Each time I look at you, I want you more and can't wait
until you come. I can't believe that at last it is all coming true.
All of our dreams and plans are coming true and we have a whole
life of love before us. You'll never realize how much I love you
and adore you. I can't understand how I've been being away
from you. We don't have to worry about that any longer. I am, I love
you and want you. Here's to you for a awful lot of love
making when we are married. We each have a whole lot of that wonderful
kiss under the star and stuff. Oh Boy Oh Boy!!!!

As I said before and will say a
million times again, I love you and
want you so damn bad. Honey, I'll let
you know any information that I find
out as soon as I find it out. I'm
going to call you on anything that is
very important.

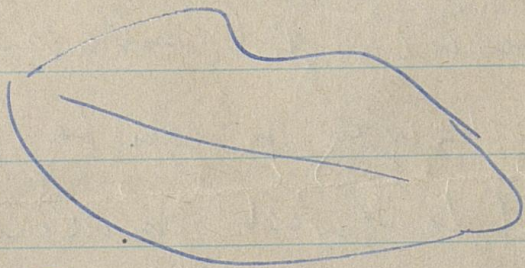

Deerling, don't worry about being
alone down here, for you will meet a lot
of Carlet-was who live in town. I'll find
out some of them so you all can get
together. It sure was a tough break about
the trailer. but the other way we can be
alone. and I want to be with you alone
as much as we can be. Well, Deerling
it will only be a few more days and
we will be in arrival. I sure have been

Looking forward for that day for a long
time. When it is almost time for tape
and will have to close. Good night
Angel. I love you so deep much and
I know you feel the same way too.

My Darling Little Wife,

How is my sweet little Angel today?

Does she love me as much as I love her? By, I sure can write about you. I can't hardly wait until you get here. We have to make you all of our love live in with us and we have a whole life time to do it in. It can never be too long or enough for me. Let's love and live for ever. I want you so damn bad and know you feel the same way. Just think, Feb 5th will be our wedding day if my plans come out right and I know that they will. Please hurry on down here, I long so we can be married as quick as we can. Darling, the planes of my love is soaring high and about to burn me up into white heat. Dear, I never do love you a powerful whole lot. Today, is my best day as a Under Class man. We had term about night tonight and we did every thing to the upper class that they did too us. We all had a lot of fun. Then we took them to the show and later threw a surprise party on them. It is going on right now. We (Under Class) there is and brought all kinds of cakes, candies and every thing including cigars. We are equals to the upper class now and they are leaving + in a thin. We go on guard again. This nite for the new Under Class won't be here until Sat morning. We have to jump in their right away. I only hope that I can do as much for them as the Class system as done for me. It seems so damn silly and hard but it does you more good than you think. The purpose is to make a better pilot and a man out of you. I can finally say that I can take any thing that they can give out and do it. I don't think much of the fellow who could not take it and asked for D. O. O.

Well. Sweetheart our wedding day is a day sooner than yesterday.
I'm going to ask permission. Well sometimes to get married. I'm
going to see the Chaplin and find out about when, how and about
the license etc. I'll let you know as soon as I can. I'll call you
Wed night or Sunday in open post and tell you all of the news.

Now, I can't wait until you get here for I love you so damn much.
Please think me to death with all of that black lace and
stuff. I can't wait until I see you in them. Boy Oh Boy, what
a wonderful time we'll have. Can't you see us now being so damn
happy and so much in love. It's all that I can think of and

mean of. By the way, the show tonight was San Valley Nevada.
Remember when we saw it. They brought it back by popular
demand. I thought of you all through it and wish you were there
so we could hold hands again. Well might God shelter us
showing in Whittling in Dixie. I'm going for it might be

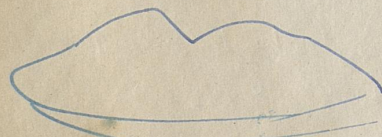

a good show. Now, my, in just a few short days we can go to
the show again together and do all the things we use to do and
more besides. Boy Oh Boy, I love you so much and want you
so bad. You are my every thought and desire. Please love me
half as much as I love you. Darling, I'll be so damn good to you

and we will do any thing that you want to. I'll make you
happy and love me more + more. I'll be the proudest,
happiest, luckiest, most in love fellow in the whole world. I
can't understand why I deserve all of this. All that I know is
that I love you more than any thing. And want you more
than my next breath. Good night Angel. God Bless you

and be ready to come to me in a few short days. I love you
and adore you.

My Darling Little Wife!

Well, Sweet heart, I have the plane all rolling now and the only thing that is holding us back is time. I got permission from my Commanding Officer on one condition that I make sure to introduce you to him. I also talked it over with the Chaplain and here is what's cooking. You have to send your baptismal certificate and a letter from your pastor giving and stating that you are free to marry + Gen. Have this at once if not sooner. Get them to me as fast as you can. Mail them as air mail special delivery or any other faster method. Darling have the news announced in your church stating Sunday. We are going to be married in Feb the 4th in the afternoon about 5:30. You see, we have a afternoon mess here for it the only time we can do to work day Messes. My Commanding Officer has to go higher up to get a near night pass for me. He is trying his best to get one. I made the plans in order that I can't get a pass to be married on the 4th and can be with each other all day the 5th my open post. I think I'll get the pass though. I want you all to get here by the 3rd so you all can come out here in the night of Feb 3rd and we can talk it all over. You all will have to buy the license for some one has to be present that knows you and sees that you are free to be married etc. So you all will have to buy it by the 3rd. I'll find out all about it when I go on open post again Monday a week. By the way, Darling, you don't need a blood test, just come. You can get us put in care they want me. I tried to call you tonight and tried for two hours but couldn't get a line. I'll call you again some time Sunday.

Dearest, I'm going to find out by about the hotel rates Sunday and will
let you know. Also will send you a money order as soon as possible.
So be in the look out for me. I'll send it as soon as I can tonight
I was best man at a wedding. The Chaplin asks me today if I would
for another Cant. I sure wish it was us. It was so wonderful.
The bride & groom acted as if they were so damn happy and so much
in love. The emotion ever be as happy and in love as we are. Dearest
just think this about 3 weeks from tonight we will be married.
Oh Boy, I can't hardly wait for that day of all day. Boy, do I
love you and want you so damn much. You have no idea how much
that I do love you. Now you feel as I do and want me just as bad.
Oh, Honey, you are more in love and this time for keeps. Are
you as happy as I am? I to all that I can think of and dream
of. Nothing can top us now. Dearest, I hope you won't feel too
bad about leaving your home. Just think, we will be together
again in a few years. I'll get my set of photo tomorrow and I'm
finished with them until another year. Also we will go on general
again in a few years. Well, it is all most time to hit
the hay and I must close now and prepare for bed. I'll be
dreaming of you tonight like I do every night. I love you so damn
much and can't wait until you get here. Please send all the
things I want as soon as possible. Tell Mom to be nice and
get the things for me. Good night Angel and God Bless.
We will be together again in a few short days and this time
for keeps... Oh! Honey, I love you so damn much and want you
more than anything. See you soon and loads of love and hugs.
Please bring a lot of love and passion with you for we will
need plenty. Good night Mrs. Canary.

My Darling Little Wife!

How is my sweet little Angel today? Does she still love me as much as she use to? I love you more and more each day you have no idea how much I love you. I can't hardly wait until you arrive here and marry me. Boy, it won't be much longer now, only a few more weeks. Just think, for the 4th you will become Mrs. Conway Jr. for life and nothing can make us be a part any more. Darling we were made for each other and was intended to be together all of the time. You are mine and I'm yours too. Everything that I own or will ever have, belongs to you. Everything that I do, leads in some way to you. You are all that I live for and without you I would die. You have no idea how much I love you and need you. My whole life is yours and you can do with me as you want. We will have so much clean fun and such a wonderful married life. No one in the world can ever be as happy as us. I love you so much and want you more than anything. My passions are a ready for you and my emotions can't wait much longer. I have so much love saved up for you and it grows each day. I know you must feel the same way about me. Darling, I'm writing this from the guard house again, today we had to stand a hour & 50 minutes longer than our regular shift. I'm so damn tired and sleepy. Boy, this sure has been a hard guard duty for us. You see we had our shots yesterday and quite a few of us are sick. Two had to go to the hospital this morning. I'm shay could feel fine, expect for being sleepy. You sure don't get much sleep in white as guard duty. Some one is always coming in or out and then we have to get up for our watch. My part this time was by the negro Curb. Varnack. Boy, do they camp on something. They had several boys

games going on. You should've seen the American over coming in off of open
port. Boy, what they funny. After 8:15 you have to halt everyone and
find out their business. Well, when you yell halt the damn boys jump
about 10 ft in the air and shake all over. I just about laughed my self
sick at them. Also the rest of the upper class left early this morning
about 3:30. I was walking my post at that time. A few weeks in
another way and group I saw some upper classmen came a bit
out and put it in the parade ground. In it was a sleeping under
class man. They ran away and looked at him and boy what he
sounded to wake up in the middle of the parade ground. Do not going
upper class woke every way in the whole preflight school. The minute
that they step outside of the gate we became the upper class. Now
we are waiting for our new class heads to arrive Sat morning. We
will be mad and hard. One reason about guard and then
in general plus all the things we had to take off of the upper class.
Enough of that. Darling, I love you so damn much and can't
wait until you arrive. Please wear that wonderful black jacket
and stuff all of the time. I want to love you and love you. We
have so much love making to catch up on. I know you are as hungry
for me as I am for you. Darling, I'll try to write you again tonight.
We have 3 exams Sat and will have to do a lot of studying in
every thing. Please send all of the things that I called for Sat morn. I
guess by now they are on the way. Well, Dear, I must try and get a
little sleep now. I'll dream of you like I always do. God Bless you
Honey. you will be mine in a few short days. Boy, isn't that a
wonderful thought and feeling. I'll be seeing you.

My Darling Little wife!

How is my sweet little angel today? I love you so much and can't wait until you arrive. Darling, we have only a few more days to wait. I can't be any too soon for me. I seem it seems like years since we last loved. Darling, you have no idea how much that I love you and want you. I need you more than anything and can't wait until you come I love you again. Today we went up in the pressure chamber and went up to a altitude of 30,000 feet. Boy that is really high up. You have to use a oxygen mask in order to breathe. They told us to leave off the mask till 18,000 feet. Personally you put it on over 10,000. You have no idea how it feels to have the lack of air (oxygen). your ears stop up and you get dizzy. you can't get enough air and can't think straight. We then put on our oxygen mask and glayed deep breathes of it. Two fellows volunteered to leave their off. We then went up to 30,000. you should of seen their reaction. They acted as if they was drunk and could not write their name or add 2 and 2. When you are this way you don't even know it and even feel okay until you pass out. They slapped the mask on before they passed out. Then we came back down. This is when your ears hurt even with a mask on. Mine didn't even bother me. You have to keep yawning and blowing your nose in order to clear your ears. Some of the fellows ears hurt like hell and couldn't hardly stand it. They had to take two of them out of the chamber. I made it okay and can go on in my studies. I'm sure glad that I did for so many went out in this test. If you can't stand

it you are no good for Army flying. Well, today at noon our
Chop heads arrived and we have been after them since. They sure
are a funny bunch of soldiers. It is our job to make good Cadets
out of them. I only hope that I can make as good as I have as
the upper class system did for me. Darling, I've made them all
remember the date of Feb 4th. And at Army time I've only the
upper class was ever what is the most important date in Feb.
They tell Feb the 4th McCannery is going to be married. Boy
do I buy them telling that at them all of the time. They better
not forget it or else I'll show every damn one in a half hour
pace. Boy, Am I a mean upper class man. Darling, I love
you so damn much and can't wait until you get here. Darling,
I didn't any mail from you all today. Darling I hope you
have sent me your boy's usual record card letter starting
from your sister that you are free to marry. As soon as
possible. My Chaplin wants them at once. Well, tomorrow
will be my first year put in 6 weeks. I'm going to find out about
Hotel rates who will call you as soon as I find out. I'll just
call you and you can tell Mum all about it. Well, honey, I
have a chance to go to the show and think that will. Also we
moved my stairs in our barracks. The upper bay is fixed up
twice as good as the Chop head bay. Good night Angel. Please
love me as much as I love you. We will be together again in
a couple of weeks. God Bless you Angel and be a good girl.
Bring plenty of pass ions with you for you will need them.
I love you so damn much and want you more than
any thing. I'll see you in my dreams and be thinking of you
all of the time.

Dear, sweet, little wife!

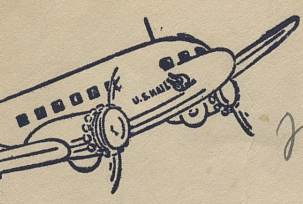

Dear long, I've tried to call you
10 times today and couldn't get a line there at all.
It sure is tough to make a long distance call
any more. I'll try again tonight or some time
this week at Greyhound. However, I have wonderful
news for you. You won't have to stay at a cheap
hotel by yourself after all. When you come down
with Mother and Dad you all will stay here at
the Gunter or the White Plaza Hotel. The Cadet Club
is here in the Gunter. I've been talking to the lady
who is Chair lady of the Cadet Club about finding
some place for you to live and not be alone. She
says she can find a room in some nice home
or double up with another Cadet's wife. How do
you like that idea. I will find more about it
next week for she is going to my next around. I'm
writing this from the Cadet Club right now.
I haven't had a good time in town today at all.
Because I couldn't talk to you and the boys hold
no interest for me. I've been inquiring all over about
rooms at hotels etc. I'm just looking out for you

you all. Well the gang is yelling me to come on. They
want to take a shower. Will write you a long letter
Monday. All that's known is that I love you and want
you more than anything. Didn't it feel good to hear
our wedding bands announced in Church this
morning. Just think this time 3 weeks we will be
married. Next week I'm going to reserve rooms for
you all. Ask for me if you want a double and
a single or one triple room. Triple room would
be cheaper but you all can make your minds up on
that. Let me know as soon as you can. Also send
you a night letter. Please send your Baptismal
records and statement from the pastor for
both of us at once. My Chaplain wants them at
once. I love you more than anything and can't
wait until you get here. Good bye for now. You'll
be mine in a few short days. God Bless you and
please hurry on down to your lovely husband.
I must go now.

My Darling Little Wife!

Dear heart, I received the Baptismal records
 and letters from the pastor. The letters were okay but the Baptismal records
 aren't any good. They haven't been made out within the last six months and our
 pastor isn't any good. Please get two more for us. I can't understand why they
 made out within the last six months. So get them as soon as
 possible. Also it would be a good idea to get our birth certificate also.
 Darling, I have to have a blood test made sometime this week or next
 week. I had to call you again tonight but couldn't get a line then.
 I waited 2 hours and then have to go back to my barracks for call
 to quarters. So I had to cancel the call. I want to talk to you so
 dear heart, but it seems as if I can't get a call through (I am it)
 Honey, I love you so much and can't hardly wait until you arrive
 here and we get married. We will be so damn happy. Don't let them
 mess up the Cadet Club about funding rooms and place for you to live.
 We want here to worry about that any more. Also get a swell
 picture frame yesterday for your picture. Honey, I love you so damn
 much and want you so bad. You have no idea how much you
 mean to me. Darling, I only hope that you love me half as much as
 I love you. Please come prepared for a whole lot of love making
 and passion. Boy, I can't wait until we can really get down
 to some real love making. Are you as hungry for me as I am for
 you. I know you are and can't wait like me. We have so damn

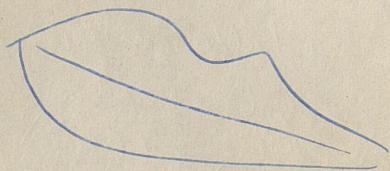

many things to talk over. We can have so damn much fun and
such a wonderful time. We can go to so many sweet places
and I have so many places to take you. Boy, will have such a
wonderful time. Sweet, thank you Mother for the sweet letter.
Tell your brother to write me some time. Oh, Honey I love you so
damn much. Boy the way that Mum I need her consent to get
married and will she give it for I'm under 21. I'll let you
know all things about a marriage because its as serious
as hell. You all will have to buy it when you come. Well, Honey
I have to go now for it is almost time to get the veil. All
but I can think of and dream of my wedding day. Please
hurry up and come on down here. I need you
need me. Tell everyone hello for me. By the way when do you
going to quit your job? Tell them to go to hell for me. Please
excuse this writing for I have to hurry now.

Good night Angel. Dreaming of me like I do
you every night. You are so wonderful and cute. You have no idea
how much I love you and want you. You are my goal in life. I can't
think of anything without you. I just die if anything ever happens
to us. Nothing can and it will only be a few short weeks before we
are married. Again, I say I love you more than anything
and can't wait until you come.

I am I love you.
