Easter outfit. Tell him, he is a old copy cat. Damn,
I sure do wish that I could wear my civilian
shirts again, like my ten sport coats in the suit I
brought last Spring. I would give anything to
get out of this damn army and come home to
you. Darling, I love you so damn much and
want you more and more each second. You can
never love me as much as I do you. I always told
you that I loved you more than you did me.
Angel, do you remember all of the fights we had
about making love before we were married. I
you thought I was awful. Remember how
use to say that I wouldn't marry you if
did love. See how wrong that you were. We had
so damn much fun when we were together all
the time. I use to be with you every night. Don't
you wish we could do all of the things we use to do
only this time it would be a million times better
for we are married. I just happen to think the
other day, that a lot of things has happened to me
on the 4th day of each month. I was sworn in on
June 4th, Reported to Ft Hays Nov 4th, had a
crack up on Mar 4th and last of all Feb 4th.

Sat May 1st. 1

My Darling Sweet Beautiful Little Wife,
Just receive another wonderful
letter from you. I'm am getting about one a day
now so keep up the mail Sweetheart. Today is Sat
and you wrote the letter I just got, Wed nite. So you
see it doesn't take long at all for your mail to
reach me. Well, I guess that it is all settled about you
coming down here to Utah. You had couple of letters
telling us if you don't want to come. Well, I can't
say that I blame you in the least because it is so
far away from home. So I'll just have to hang in
with a decent army way. I don't get very much
mail from Mom at all. So I'm not going to
write them everyday and besides she made me awful
damn one last nite when I was talking to her. I guess
the Combs are stacked against me while I'm in the
army. Nothing seems to work out for me. Mom
laughed when I said I was going to be sent over
seas. I know damn good and well that I'll be sent
over in a very short time for they need intelligent
men very much all over the world. Some day she will

(3)

do a thing to us for we can't in there out fit any more. Old Brooklyn can really tell a guy off when he wants to. I sure would hate to be in a fight with him. He was a truck driver before he was sent here, now he is going (Stuff also) to advance armor school here on the fair grounds. I see them once a day and am going to run around with them Sunday. Doc. (West Virginia) wasn't shipped with us and when we were back at our old Sqd. yesterday found out he was moved to some place. He was the fellow who is waiting out a bid to get back in the Cavalry. I found another yard boy from Louisville the other day. He lives on 18th St and my I don't want anything to do with him. For he is a bum and one of those tough guys. I don't have any buddies in my barracks or in intelligence school at all. I don't hardly know any one in this damn place except Stuff and Brooklyn. Oh! I have a lot of friends but not any new buddies. I haven't come across any one who I would like to run around with. Maybe I'll find some one who I'll like. All that I care about is you. John sure is lucky to get a 30 day furlough. I sure wish that I could be there in a furlough too. Russell is nuts trying to be a gunner again. You said he only gets 30 day furlough, so he

be awful damn sorry about this. I haven't heard from Ben Green as of yet. I just wrote him the other day. He will be on his way up here in a couple of weeks when he graduates from gunnery school. Yp. Quater Bull (Hennawalt) was washed out too and so was the other Campbell. You know the one who was no damn country and so was his wife. That last Sunday at Bright school we walked around with them. The only the biggest part of my cadet class has been washed out and sent to Keesler Field. I don't know Campbell's address at Keesler and I think he would be gone from there by now. Sue Campbell's address is 4537 El Campo Ft. Worth, Texas. so why don't you write to her. Honey about my two buddies, Stuff and Brooklyn. Stuff is married and has a year old son. He is a swell guy and funnier than hell. He lives in Meric Indian. Brooklyn is not married and is a G.I. wolf. He is a lady killer from way back. He is a swell guy and talks with the Brooklyn slang. The three of us are a swell gang and we have lots of fun. Yesterday morning, the three of us rode back to Sqd & at the base to be paid. Boy did we tell you Lt. Corporal and Sgt. what was the night of them. Then couldn't

to eat. Tomita I'm going to try and go to Confession
then later on go to the show. In the morning they
are sending me back to the base to fix up about
the money they owe me. I went again to help
taking about it and that's what they told me.
So I'll collect the money that they owe me,
I don't know how much it will be, but it will
be well over thirty bucks. I want to see you
the money I was paid yesterday by night letter as
soon as I go to town. So be on the look out for
it. I went up to the orderly room (Hdq) to find out about
when to go to Confession. They don't have it on this base
but base, I asked for a permit to go to the Base so I
could go to Confession but no then couldn't get one.
At least I can go to Mass in the morning. I'm
going to see the Chaplain and see how I can go to
Confession, after Mass. I haven't made my Easter
Votive as yet for. I haven't had a chance to, moving
around and being on K.F. Easter Sunday. How long
do you have to make it in? Please tell me. I went to
the show tonight and saw Sherlock Holmes in
Washington. It was a fine picture. Boy, we have a funny
theater here in one of the old barns here on the fair grounds.
Sunday, June 10th is in Shubert's Dangerous
and I think that I'll go to see it. My name in the

Character standing. I had to give references and
all kinds of information. The first history of my life.
All about my family, when they are from, what kind
of work my Father does, who and what kind of
friends I keep. All about you and your family.
Just give a few pages of stuff. From all that I've
heard, it is a very hard course and needs a lot
of brains and studying. Well as long as I can
study by me, I'm the man for the job. I can
do anything to try my document to reach the top
as a sergeant or a officer. I can easily become a
officer if I apply myself real hard to the work.
After this war is over, no telling what this will lead
into. We are young now and have a very bright
future ahead of us. Let's always be in love like
we are now and not be like the average married
couples. Let's never let the honeymoon end. By the
way, when this war is over, we will take a trip some
where so we can be alone. All I want to do is be with
you all of the time. Monday, I began to go to some
College down town in Salt Lake. I'll let you
know all about it. I'm due for a pass tomorrow
and will go to town and drink all the beer I
can hold. Well, it is almost time to eat chow
so I'll better get over to the mess hall if I want

for a year or two and will have to lay around
 their bell hols all day long. Sure wish I could go to
 town and do something different from the cage. Angel,
 I want you so damn much and I can't wait until you
 are with me again. Soon as I can I'm going to ask for
 a few days. Will have to wait until I'm assigned some
 place. That will be at least two months, maybe one.
 I don't think that I can last that much longer apart
 from you. I want to love as we were meant to love.
 Sure your beautiful body for me I love to kiss you
 all over from head to toe. I like to run my hands
 up and down it too and to caress it. I want
 to make white hot. I want to undress you and
 put you in bed. I like to see your feet, I love your
 legs, and hips. Your breast are like two firm
 melons and are wonderful. Your legs are wonderful
 and I like them wrapped all about me. I want you
 to press so close to me that we look like we are one
 person. I just want to really love like we use to do.
 You are playing Black Magic on the radio, Sammit.
 How true those words are in that song. Send me a
 song hit look sometime. All that I know is that I
 love you and want you. God Bless you Angel and God
 Speed you back to me.

 my whole body is a flame with passionate

 its just that I want to be with you again before I

same for you. In an eye is so soon wonderful.
I'll never be able to get enough of it as long as
I live. We have a whole life time ahead of us
and just years and years of love making to do.
I can't wait until we can live again. My whole
body and soul aches for the touch of you. My life
is at a stand still right now and won't start
again until I'm with you. I know you feel
that even we will be together again. Angels
don't worry about me or feel blue. I know that
it's hard for us both to be apart like this. But please
do not be too blue and worry about me. Let me
do all of the worrying and all of that. You are too
wonderful and beautiful to be sad and blue.
Just keep on looking forward to the day that I can
come home to you forever. All that I'm living for is
that day when we can be with each other for ever. This
war is hell on all of us but we must help in giving
you here a letter to take care of your husband and
I have the same. We are young and have plenty of

big job to do and that is to win this war. Uncle

My Darling Beautiful Sweet Angel Wife,

Hello, love of my life. Do you
still love your old soldier boy as much as he loves
you? Today I went over to the service base to fix up my
cashier pass etc. I do a big job. I make over in a office?
Can sell by my self with a drink. Want to do one.
Well, anyway, they found out that they owe me
money and they will pay me it soon. While I
was over there, I was looking thru my service
record and noticed that my insurance and
your allotment wasn't written up in it. So I asked
about it. They said they had no record of either
one of them. So I had all my papers with me
and among them were my insurance and allotment
papers. So I showed them the proof that I had them.
They didn't know what the hell to do for I had proof
that I had both. Well after a conference with a
captain and a major, they decide to make me
take them all out again. So I did and you won't
draw your allotted money until July 1st. They said
some one signed up and didn't enter it on my
records. Suppose I had been killed last week or last
month, you wouldn't have gotten a red cent. You
should of gotten money this month. May 1st!

a new garment was. Why didn't you tell me about it? You know that I am interested in every thing you do and buy. Honey, you said that you only have about 20 bucks left of the money I sent you. Well, with the 20 more I sent today, you ought to have enough to last you for awhile. I love to send you money but I know you are getting things that you want and you don't have to ask your Mom for dough. There has been news about letting you come back and live. Angels if I were you, I would say your mother a little board money for after all you are my responsibility now and I have to take care of you. It sure feels damn good to know that you are mine to care and provide for. I only wish that I could send you just loads of money and things. Remember the time here is a hour different that the time at home. At home now its 10:20 and here it is 9:20. So you see there is a hour difference. Darling, you sure have brighten up my dull life in a big way. You have made me the happiest guy in the world. My life is so damn wonderful now that you are mine. You are the only thing that I am living for and want. Honey, I just can't express my self how I feel about you on paper. You are just to wonderful for words. Remember just think, here I am will be over 3 months of

It is a damn good thing that I notice it or else I would have gone on without getting either one of them. See how damn hungry the army is. Well, I got a pass today after all. I went to town and messed around. I wish you 20 bucks and you should have it by now. Honey, I only drew 33.50 this pay and that's why I didn't send more. I only kept 13.50 for my self to last a whole month. So you see I think of you before my self. I went to the show and saw the old Bud incident and it was a very damn good picture. I like it can see a whole lot. Sure wish you were here so we could go to the show together. You know that we go to the show if we were together right now. Oh yes! I drunk a few beer in town and came on back to the base at 6. I had from 1 pm to 7 pm off. I went to the show here on the base and saw some more in I slightly seen you. Angels, you have her out @ lease and that by a mile. No one can compare with your beauty and looks. There love is ever lasting and nothing can ever quench the flames of our passion. Each day my beautiful passion grows more and more. You are on my mind all of the time and I miss you more each second. Darling, I received a letter from Mom and you this morning. Mom said that you have

(7)

got to go to camp in and will make my Easter
letter next Sunday. I really had heard for us and
that we can be together again as soon as it is
possible. My life isn't complete with out you near
me. I'm really with you in mind and spirit.
I dream of you each nite because you are the
one thing that is on my mind all of the time. I
hope that you can read this feeble attempt of
writing. I haven't a desk or any thing but using
my home to write on. It's almost time for tea
now. Each nite at tea is when I miss you the
most. I'd like to cry out of the nite and like
your voice telling me good nite. Do you think
of me when you are in bed each nite? I tell you
good nite and talk to you each nite. I think
about how wonderful it is to make love to you.
When you come back to me prepare yourself for
a wonderful lot of joyful love making that will go
on for days and days. There goes the bugles come
I have to turn out my light. Good nite my sweet
little wife. Good morning my precious little
Angel. I just got back from choir its 6:30 am

comes and knows how thrilling it is to be kissed by
me. I can't describe how I feel about you. I
wish that I was a writer and could put my
thoughts and emotions in words. You know how
I feel for you feel the same way. Nothing in the
world can compare with our love and no thing
ever can. No other two people has ever felt about
each other the way we do. I want you so damn
much and can't wait until we can get take
in the heaven by rapture of real love. The
thrill and feeling of passionate love is
truly heavenly bliss. I long for it so much
and each day I want you more. We have
become skilled at the art of love and have
reached perfection. Each time it will be better
and better. I can see and feel your lovely
body now. You are so beautiful and lush.
My mouth waters with lust at the thought
of your wonderful body. My hands ache to
caress and touch you again. My heart is
beating for you and your love. Darling, I am
always thinking of you and wanting you more
and more. This morning at Mass I asked
God to bring us back together again. I also

 of you. I thought that I came home on a full moon

 your wonderful breast pressed up against my
 chest. Ah Honey, I love you so awful much and
 want you more than anything. Let's try to be
 together as soon as it is possible. When we begin
 our intelligence school and I'll tell you all about
 it tonight. Tell me all about what you do all day
 and how much you want me. I love you a awful
 whole lot and my passions want you in and wanting
 love. Be a good little wife and have patience for
 soon we can live and be together again. Tell your
 family hello for me and give them my love. I guess
 John is there by now. Tell him hello for me. Well,
 I have to make up my bunk now so I'll have to

of them are very funny and some are very

to work came back. He was fine and confident
to have labor here for one month and worked
out of his school. He was gone for two days. I
it would be worth all of that, to be with you. I

your pictures to every one. They all say you are
very beautiful and cute. I can't here to tell me
that. I have always known a good thing when
I saw one, and boy you were the best. I wouldn't

Honey, you ought to see how my hair looks now. It's
neat and long and full of curls. You would like it

U. S. AIR CORPS

Monday May 3rd

My dear King Beautiful Sweet Angel Wife.

I just got back from our
morning classes and have a little information
to tell you about it. We go to class from 7:45 am
till 7:30 pm each day except Sunday. From 5:30
to 7:30 we take typing lessons in a college. So
you see I don't have much time to myself at all.
It looks like a good deal and I think that I'll
like it very much. By the way, send all of my love to this
new address for I can get it quicker if you do.
P.O. George C. Army 151137 d 2, 2 a. P. Intelligence
School, Sub Cei B use #1 Salt Lake City, Utah.
The mail comes to the school instead of having to come
at mail call with 400 other men, waiting for your mail
to be called. This is the only school of its kind in the
U.S. and is a very important one. We have a very
nice class room and make in it anything that we
want to. It looks like a very nice deal and a
bright future for us. I'll let you know all about it.
We have the afternoon off and can mess around until
5. Then we go to our new typing school. In the
morning we will be giving a lecture all about what
we are going to do, learn and why. I was issued
my books this morning and I shall all of this before

noon Chas call and I better head for the mess
hall before the Chas hours eat all of the D.S. sleep.
I sure wish that I could eat one of your meals
right now. Darling, you are a all around perfect
little wife and I love you more for being so clean
and sweet. We just had mail call and there
wasn't a thing for me taken. I hope that I get a
letter this afternoon mail call. I feel so awful
damn bad when I haven't any mail at mail call.
You have no idea of how I wait and look forward
for your letters. I hope that my mail gets there
you okay. Don't why I send it via mail for it gets
there faster. Darling, we (unlabeled) men have to
move to another barracks some time soon. I've
met two nice fellows in my class and I like them
okay. So I think I have two new buddies. Are you
working on the line at Kelley field when we were
in San Antonio. As you know, my flight school
was a part of Kelley field. He and I have been talking
about leaving the S. A. I've just run out of their
papers and had to buy a new binder. Hope that you
like the new binder. Has John arrived at your
all's house as of yet. By the way, where is he going
to stay. Tell him to write to me all about his
adventures in Africa and all of that. You sure
run into some funny things in the army. Some

in the Cabets. All about maps etc. It will be damn
fun for me to see it okay. Pray real hard that I can
get those okay. I know that I can and will for you.
I want to make a big success for you and to be
able to make a lot of dough so you can have every-
thing that your heart desires. Soon we will be one
again and can live as it is intended for man and
people. I sure hope that I can get passes more often
so I can take in some shows. We won't have time
to take in the shows here in the base. Darling,
why don't you go to a lot of shows for them help to
cheer you up. Then don't do me much good for
each time they see me on the screen I want to stop
them because I want you so much. Pleasants
aren't our love wonderful and much love. It's
funny how two people can feel about each other
as we do. I don't know what or why that I ever
do to deserve you for my wife. I'm not so much
and the only pure I claim, is being married to
you. I hope that I get some mail again from
you taken. Your letters are like words from heaven.
I had each one up and re-read them over and
over. My brain is just full of thoughts of you
all of the time. Being apart from you is unbearable
and I can't stand it. I pray each night that we
can be together real damn quick. There goes the

home Tuesday our Anniversary. I hope that you do and sleep in my bed. Sure do wish I could be there so we could celebrate and have fun. Do you realize also that 11 months ago Tuesday I was sworn in and my Army life began. On my service record, it shows that my enlistment began June 4, 1942. So I've almost been in the Army one year. It seems like only yesterday that I enlisted and was sworn in. Remember how thrilled I was that day. I little did I know what I was stepping my neck out for. I sure do regret and could kick my self for not joining in the Navy Air Corp. like I wanted to do. How do you like this new kind of paper? Honey, I love you so awful much and want you more than anything in this world. Do your passions dream of you (every nite). I wake up in the morning with that old feeling, you know what I mean. Darling, you do know I want you so damn much and needs you more than anything. All that I can think of is you and can dream of you. I think of me real hard each nite when you climb into bed like I do of you. I talk to you and wonder if you can hear me. Oh! My Sweet little wife, I love you so awful much. Can you read my writing any. If not I'll try to find some place that I can write on. Darling, it is almost summer time and remember all of the fun we had last summer. I hope that we can be together this summer. I think we can if I don't get shipped over the pond. I don't think that I'll go over until next fall or so. It's all according to the outfit

that I am assigned to. I'm that I am assigned to Washington
 in some field instead of a Combat engineer. I'm going to
 apply for O.C.S. as soon as I get to my new base and also
 for a few months. I don't know how long that I'll be here in
 Salt Lake, not over two months anyway. Maybe only one
 month. It won't be long though. Soon we will be together
 again and this time for ever if I can do anything about it.
 This war will be over in a few months and then I can come
 home to you for keeps. I just got back from typing class
 and you can never guess what kind of a school I'm going to.
 Well, I'm going to a damn Mormon College right in the
 very heart of town. Can you beat that. We have a woman
 teacher who is a Mormon. You couldn't tell it by looking at
 her for that and she seems and looks the same as any other
 any other young woman. This place is about two blocks square
 and has a big Mormon temple there too. They won't allow any
 one to smoke on the grounds or anything like that. There is
 whole lot of classes going on there without any other
 subjects on everything and it seems to be a very nice college.
 Honey, you ought to see all of the Mormon girls running
 around that damn place. Some are prettier and all of that
 they are nice as a bunch of ducks. We have to step outside
 of the gate in order to catch a smoke between periods. This college
 and all of the surrounding buildings are very beautiful
 and it's all so very interesting. There seems to be a sort of
 kind of mystery about the place. But something there but you
 just can't put your finger on what it is. Very, very strange.
 The people walk about and don't seem to talk or anything.
 I guess after they are off of the grounds they act different. Then
 go around as if in a spell or a daze. I suppose that's part of
 their strange religion. The place gives me the creeps and you
 wonder what the hell is going on. I would like to find more
 about their customs and religion if I can. I'll let you know
 all about it. Don't it intrigue you. I'll have me all interested
 and what to find out what makes that place tick and hum.
 I sure wish that you were here to see all of this.

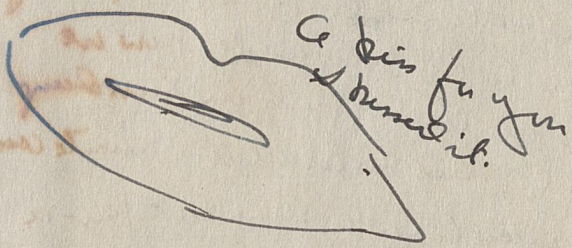

ARMY AIR BASE
SALT LAKE CITY, UTAH

I know how interested you are in things like this. This place Salt Lake City is a very interesting town. It is surrounded by snow topped mountains on all sides. They seem to come down to the very edge of the town. A large part of the town is on the foot hills of the mountains and we look the rest of the town. The Capitol Building is up on a very high foot hill and can be seen from any part of the town. Some Sunday afternoon when I have a leisure hour, I'm going to rent a horse and ride up the old Mormon trail through the mountains. I want to see all of the things that you are missing. I am sure seeing a lot of wonderful things in this interesting country of ours. I want to show you all of this some day. You will enjoy it and I will enjoy it more when I can show you all of this. I love you so damn much and want you more & more each day. Drinking I'm sitting here on my bunk watching you and smoking my pipe. I can see your face in the smoke rings that rise from my pipe. You are so lovely and beautiful. Do you think of me very much like I do of you. You are on my mind constantly and never leave it for a instance. I want you more than anything in the world. Reminds, I didn't get any mail at all today and felt awful damn bad about it. I guess that I'll get a couple of them in the morning. Keep up the mail Honey. Also please send me some nice mail stamps. Drinking, the next time you go in town, buy me some pocket book novels. I don't have a very good selection around here. You know how I love to read. By the way do you do much reading like you use to do. Reminds how we would say, that we would go down to the junk on Sunday and read in the car. We would read for about a minute and then you would stop and wanted to talk. Didn't we have a

lot of fun. We will have twice as much fun now that we are
 married. We have a whole life time ahead of us to love
 and have fun in. This is the eve of our 3 months of married
 life and I want you to learn much. It's no dream wonder feel
 being married to you and its fun. Remember what the
 Great said, "For better or worse, for richer or poorer, in sickness
 or in health, to love, honor and to obey." I want to tell you
 I can offer you at the present, is plenty of love and happiness.
 All the money in the world could not buy the way we feel
 about each other. We are the luckiest two people in the world.
 It must have been written down in the big book centuries
 ago that we would meet and marry. We met under the
 oldest circumstances and just a fraction of a second
 we would of missed each other. Even if we die, I would
 find you some place, somehow. We were made for each
 other and intended to be with each other all of the time.
 Nothing can ever change the way we feel about each other.
 You are my whole life and the only thing that I am living
 for. Again, I say, that I love you and want you more than
 any thing in the whole damn world. Darling, please pray
 real hard that we can be together real soon. You are the only
 thing that keeps me going and the only thing that I want
 in this real world. Take care of your self Angel and
 I'm sure you will be with me again. Well, Good night for now.
 God Bless you and loads of love. And I speed you back to
 me.

My Darling, Sweet Beautiful Little Angel Wife,

Well, today is the day of our anniversary and it is 3 months of married life. Pleasant I tried to send you a card but couldn't find one. It seems as if it is awful hard to get greeting cards any more here in Salt Lake. I tried to get the greeting in the wire I sent you and I think that you got what I mean. As you know, you can't wire greeting any more but I made up one as close as I could to a greeting. It sure is wonderful to be married to you and I thank you again for making me the happiest guy in the world. You are so good and sweet to me. You are truly an angel on earth. I love you so damn much and want you more than anything. Each second my love flames up stronger and more powerful for you. Honey, I had a dream about you last night but I can't recall it right now. I just got back from breakfast and am still a bit sleepy. All I know is that I love you and want you forever and ever. You are my whole life and the power that makes me keep going. I hope that you are thinking of me on this day that belongs to us. Perhaps (I hope so) on our next monthly anniversary we can be together. I may real hard and we will. This is a crazy damn world when you can't be with your own wife. Some day this horrible thing will be the past and we will be together forever. I can't last much longer and soon I'll be coming home again. Before you know it, I'll be sending for you or else I'll come home on a furlough. Darling, pray that I can get into O.C.S. and become a officer. Wouldn't that be swell and wonderful? I'll want to make you proud and make you proud of your husband. Are you very interested in about that woman

school that I'm going to. If you ⁽²⁾ can tell me. I know that you are
and will tell you all about it each day and the things that I
find out about it. Honey, I have to make up my mind now so I'll
have to stop for now. I love you and want you more than any thing
I do to tell you all about the lecture we have on what intelligence
is and what I will do, when I come back from school. Honey, I
just received a letter from you and you said that you were sick.
Angel, please tell me what's wrong with you. Tell me all about it
but I am so damn worried about you. Darling, you just have to get
well for me. If you aren't all right, tell the red cross and they will
send for me. Oh Honey, I never hope that you are sick by now. I
so worried about you. You said the Doc. said you were nervous
and all of that. Honey, just calm down. I don't want you to be
worried about me. Please don't fly for me all night and I don't do any
more flying. Maybe the stress of being away from home when you
were with me. Oh! Honey, please get well. I don't know what else
if you are real sick. I love you so damn much and want you
more than any thing in the whole damn world. I'm overjoyed
I've come to you to be nervous and sick. Please don't worry
about me in any thing. I'm sick and will come home to you
as soon as I can. Just as soon as this four weeks course is
up and I'm moved again, I'm going to try my dearest
to get a few days, you aren't very strong and should take it easy.
Here again will I make you leave your home and follow me about
the country for it is too hard on you. I never realized before that you
couldn't take it. Just save the money, I send you for a beautiful
little home we will have sure day real soon. You buy your self any
thing you want and have a lot of fun. Don't get around and
be blue about me, go out and have fun. Please don't worry about
for I'm sick and will be with you in a short time. You are so damn
wonderful and sweet. You are the only thing that keeps me going
from day to day. I want to succeed and make you proud of
your husband. Besides I'm not worth a damn to worry about.
So Angel, get well in a hurry. I'll be coming home in about
weeks if all goes well. Pray real hard and it will come true

As you know, I can't go on without you and need you so damn much. Take good care of yourself for you belong to me and I'm depending on you. I love you so damn much and won't ever be able to love you enough. I'm not worthy of such a lovely and a wonderful wife. I only hope that I can make you as happy as you have made me. See, I have to go to typing school down town now and will be thinking of you all of the time. I'll tell you all about the Mormon school when I come back home. I can't, I just got another letter from you and it just marked April 26. It was forwarded down from the base and took awhile to get here. It was the one full of sweet smelling perfume and a lot of kisses. When I smell that wonderful aroma of the things you wear, I have to hold my self down or else I'll go nuts. Do that smell often. I'm going to carry that letter around with me all of the time and take it to bed time. You are so sweet and wonderful to me. I love you so damn much and want you more and more each day. I can't, today we found out what our job will be when we finish this school. Our job is to gather information, such as maps, photos, all about enemy positions, such as anti-aircraft guns, air planes etc. We do this and draw map and plans for the bombers to use in order to get them with their mission. We give them all the data about the particular target they are to bomb. About location, enemy strength and how to avoid enemy planes etc. The whole bombing raid depends on the intelligence man and can be a success or failure. So you see this is a very important job and one has to be damn good at it. You tell the bomber crew how, why and when. After they come back from the mission, you tell them about all they have seen in the way of enemy positions, troop movements etc. This is how our army finds out what all the enemy is doing and can plan their attack accordingly.

I am going to a Combat Intelligence School and we get all kinds of strips or even brass. We also go over pictures of enemy held terrain and pick out good targets for bombing raids. We have to keep a diary to date file on all about the enemy held terrain, cities, factories and positions, with pictures, maps and all kinds of information. We have to learn how to draw maps etc. So you can see we have a big job on our shoulders and can help to make the raid a success or a failure. After I get out of school I will be assigned to some squadron, wing or group. They say that you will go over seas by at least six months or maybe less. Again there is the chance that I will be assigned to some squadron on our part in our country or that will return in this country. So don't worry about that or any thing. The war is going now, it will be over in a few months. I can't make my lips again. I love to make a and long back thinking of you. I love you so awful much. Honey, I long for your wonderful body and want to love you again. I want to kiss you over from head to toe. Sit. kiss and kiss and love and love. I want to kiss you and press up to your wonderful body. I would get down to some serious love making. I didn't find anything about that Norman School limits, but will as soon as I can. I like I said. It has a air of mystery about it. We had so much fun making down town in open trucks each mile. We get at all of the 4's and people. People are friendly as hell here and I never had to pay bus fare when I go into town on a pass for then pick you up and gladly ride you in to town. I'm due on another pass later. Angel, hurry up and get well for me. Let me know if you can make it to me when we have enough money. I love you and want you more than anything. You are the love in our family and what you say goes. God Bless you Angel and loads of love. Hurry up and get well.

My Darling Sweet Beautiful Little Angel Wife,

Good morning, Angel. I love you so damn much and want you at all hours of the day. You are the last thing I think of when I go to sleep and the first thing I think of when I wake up. Besides I dream of you all night long. I love you more this morning than I did last night. Each second my love grows stronger for you. Yesterday, I had to meet to another barracks so all the intelligence men would be together. It is the same kind of thing with 400 guys in the same room. However, there are only about 75 men taking intelligence and this is the only school of its kind in the country. So you see, they only pick the best men for it and any fool can plainly see that I am the best. Do you see? The only smart thing that I ever did was marrying you. That should a lot of business. Damn. I miss you so damn much and want you more than you can realize. Write after typing. I have a pass to town. I'm going to get my neck trained up for the hair is a bit long but there. I'm going to keep my hair long, for you use to like it long. I'll do any thing that you want me to do. Your wish is my command and I'll be just better today? I prayed last night real hard that you would be alright. I also thought of you real hard all day, Tuesday, and especially when I went to bed for yesterday was our anniversary. I took the paper and letters that I received from you yesterday in bed with me and kept on rereading it. It brought me so damn close to you, Angel. Do that every once in a while. By the way, don't that the stuff you wore when you were with me before? I sure did bring back all of those wonderful pictures of love. Angel, I drink a Pepsi-Cola each night about 8 pm like we use to get out at 11:30. I wonder who buys all of them up from him now. Remember all of the ones we drank in my car and in your house?

We had much fun when we were together. We had a good time just
 doing nothing, just as long as we were with each other. Remember
 how we use to hike from the Corps and all of that in the parks. I would
 give anything to be home with you and do all of that all over again.
 Only this time we can love like friends in our own little home and
 be with each other all of the time. Honey, Gray real hard that I can
 get a few laughs home when I'm finished here. They say you have a
 pack of what part of the Country you want to be sent. You can
 guess what part I'm going to be sent to. You see there are
 bombing squadrons all over the Country in training and you
 can be sent to one. The only trouble that they move around
 about every month or so. Anyway, I'll be close to home for
 a while. Darling, I hope you are Compactly well by then and
 can come to me. I'll be making more money then because
 I'll have more stripes of pure sort. Besides that when you are
 placed in a squadron for the duration, you can kiss off of the
 post and get a lot more gasses. Gray real hard Angel and it
 will all come out the way that we want it. I think that I'll go
 to a show tonight while I'm in town and drink a few beers or so.
 Next time you drink one, think of me and have one for me. They
 sell 3.2 here on the base but I never drink it very often for
 it's like dish water. Honey, how do you like the idea of me
 going to O.C. I? I think that would be swell for us. Angel,
 don't you get to seem beautiful while I'm away for you know
 how jealous that I am. Well, I love you so guess you much.
 My whole body cries out for you. I want you so damn much. I
 wish that I could be with you this very second. I guess that you
 are over at my house today and right now sleeping in my
 bed, (over bed now) I sure do wish that I could crawl in with
 you. When I get a few laughs, I might not tell you and walk in
 and see you. How would you like that. Well, it's almost
 time to fall out for school so will close now. I love you so damn
 much and want you more then any thing in this damn world.
 I am back to me, so we can catch up on our love making

if you still want to come to me. ⁽⁴⁾ I know that you want to come
back to me as much as I want you to. But if it hurts your health
I don't want you to come away from home. Please don't worry about
me for I am okay and feel fine. All that is wrong with me is being
away from you. I can't stand being a part from you. You are
my whole life and the only thing that I am expecting for. My life
is dead and dull without you. I want to love you as we did before
only this time it will be twice as good. I just can't wait I
can't see your wonderful body and breast again. I just want
to hug and hold you tight to me. I love to feel your lovely body
all pressed up to me in a passionate embrace. I'll love like friends
and like mad people. I'll be a wild man when I see you again.
Dear. I love you a real whole lot. Angel. I have to get going now
and get ready to go back to class. So I'll have to close for now. Be
a good little wife and soon we will be together again. That's all
that I'm living for and want out of this life. Please hurry up
and get well for me. Prepare yourself for a lot of passionate love
making. I love you and love you more than mere words can
state. You are my sweet little wife and I love you. Tell me all
about what you have been doing. I hope you are okay, for I am so
worried about you. Let me know how you feel and all of that. Angel,
send me a dollar some time for I'll need one in about a week.
I sent you all of the money I was paid expect for 13 dollars. That
don't last long when you have to pay your laundry and cleaning
bills. I brought two cartons of bills to last me to pay day again.
God Bless you and loads of love. God Speed you back to me.

My Darling Beautiful Sweet Wonderful Angel Wife!

Good morning, love of my life. Did you dream of you little old soldier in last night? Well I did dream of you. Angel, I didn't get to turn last night after all. I signed up for a pass yesterday morning and when they handed out the passes at school last night, I didn't have one. So when I went back to the base from school, I went up to the orderly room (Sgt. Hdg.) to find out what was wrong. The guy who makes out the passes was already gone and no one else could do or knew anything about it. They told me to come back today. Well, I went to my benches and my pen to look at the bulletin board and notice that my name was up for reservation for one week. That means no pass for a week and the reason was that I had ~~to~~ failed to sign the book when I came in off of a pass Sunday afternoon. I knew damn good and well that I had signed in. So back up to the orderly room I went, I told them about it and asked if I could look at the sign in book. Sure enough there was my name signed in. I look at all them. It and saw my name again with a different serial number down. The damn pass clerk had me confused with some one else. I hear it down in black and white that I signed in. Just wait until I see that guy today. My new buddies and I was going to turn together but no pass for me. I'm sure going to get one tonight or else they'll be sure hell raised around here by me. See how damn dumb this Army is men. It's a damn good thing that I looked at the bulletin board for it said to report at once. I'll beat the hell out of that pass clerk if he gets me in trouble about that and I don't get a pass tonight.

(2)
All that I know is that I love you and want you more than
anything in the whole damn world. I think of you all of the
time and will never get enough of you. I told you about I have
a damn good chance to be sent to Tenn. I think that in the
about that I can get home. Will find out all about it in a few
days. I may read here that I can get real close to home. Honey,
I didn't get any mail from you today. Gee, I hope that you are
alright by now. I'm so worried about you. I want a letter
from you so I can know how you are. Any way, I see that I love
you and want you. Angel, least write in typing. I hit 20 words
a minute. I improve on it each nite. Soon I'll be able to
type you a nice letter. Would you be glad for then you can read
what I have to say. I know that I can't write worth a damn and
not being able to write on a desk makes it twice as bad. Honey,
I just long for your wonderful body and love. I never want to
unless you and put you in bed like I use to do. I can't wait
until I can see my fingers on your curves and charms.
You are made for feet all over from head to toe. I love you
wonderful from heart and want to cur as them any way. I
just want to love and love. What kind of style do you want
me to use. The mesh and mild, or the hungry free style. I
know what kind you want and it's the same as I want. I
can feel your legs wrapped all around me. Ah! Boy how I
want to love you like the last time. We were made for each other
in all ways. I only hope that I can make you as happy as
you have made me. I love you more than you realize and
love you more than you do me. Angel, let's hurry and be with
each other as soon as possible. Well, all that I know is that
I want you and love you. Being apart from you is hell. Remember,
what the local you is and all of that. Tell me all of the latest
going on around the old home town. Have you seen any
good shows and what do you do all of the time. All I do is
give away for you. How is Jimmy and Jerry getting along. I
suppose John is there by now and is having a good time

Peamto we have a fire drill last nite after taps about 11 Pm. Then woke us all up and made us fall out side on the double. I was sound asleep dreaming of you when the alarm rang. Just had time to grab my coveralls and put on my shoes. I was running out a little bit too. Some fellows had to run out in their underwear come boy! they sure were cold out in the rain. We had to stand out there for about 10 minutes. Now wasn't that crazy to make us stand in the rain that long. I bet some of the fellows here cold this morning. I'm glad that I had some clothes on anyway. This army is a damn crazy place and they don't give a damn about anyone. All it cares about is making the men miserable and to lower their morale. On top of the gas situation and that fire drill, I was really mad last nite. My buddies said this morning that they had a nice time last nite in town and had a lot of fun. If I get a pass to nite, I'll have to go by myself again. I don't mind that for then I can be alone with my thoughts of you. I'll go to a show and drink a few beers. I'll drink one for you. In a little while I'm going down to that damn gas club and tell him what I think of him. Compt. I love you so damn much and want you so damn thing awful. You are just too good for me and I hope that I can live up to you. Com, I hope that I have some mail from you today. You I love to receive mail from you. You know how disappointed my it is when there isn't mail each day. I know that you write me each day like I write to you but this damn army mail is just the same as every thing else in the army. The fellow who is my buddy and sleeps under me is nice. He is about 22 and is from Oregon. His name is Bob Acher and a swell guy. The fellow next to my bunk is 40 yrs old and has a daughter 17 years old. He enlisted in the army. You would be surprised at the number of old men around forty that is in the army. One fellow here in my barracks has white hair. They can get a discharge if they want one and boy! would I jump at the chance to get one. There are also a lot of young kids here too, about 17 and 18 years old. They sure have a

have time with army life. I don't think they should take anyone under 20 years old. Darling, do you know that soon you will be able to vote. By the way, what would you like for your birth day. Tell me, and if I can get it for you, I will. Well, its about time to go to school again, so I'll have to close for now. Be a good little wife and soon you will be with your little old husband. I miss you so damn much and long for you. Again, I say that I love you and want you more than you realize. I'll finish this when I come back to school and will have more news for you then. Good evening, Angel, how are you. Well Pearl, I got in a hard day and am a little tired tonight. Today we had to swear that we wouldn't divulge any of the things that we were taught or shown in intelligence school. So I won't be able to tell you much about it any more. We are using all kinds of recent equip and manuals. We can't take them to our barracks to study them. We also can't talk about anything of our work outside of the school room. So you see we have to be very careful. Even at that, they don't show or tell us everything as yet until they know more about us. Honey, this G-2 is very vital and important in this war. They have told us about a lot of things about this war that people will never know. If they did, they would certainly be surprised as hell. Some day, I can tell you all about it. I have to be careful what I write you for they can never tell Pearl. I didn't get that pass after all and will have to wait until my time comes up again. I received two wonderful letters from you this afternoon. I love you so damn much and want you more than anything. Be careful who you tell that I am in intelligence and all that. They would rather not let it be known who is in for they might want to send you places on missions. This Air Corp intelligence mainly deals with the enemy forces and strength. That's all that I can tell you. Tonight, is our 13 weeks of marriage and I love you more now than I did on our wed day nite. Angel send me some money sometime. I love you and want you. God Bless you and loads of love. God Speed you back to me.

a kiss for you. You G-2 Soldier's Husband

My Darling Sweet Beautiful Lovely Wonderful Wife,
Hello, Angel! Just received a letter from you post marked April 28. It was sent to the old address I have down at the base. See how damn slow this Army is in forwarding your mail. It was the letter that you enclosed one beer label (92) Damn it, why did you have to do that for now my tongue is hanging out for a good old 14 glass of beer. You sure are becoming a shrewish hound. I want you to be prepared to drink a lot when we are with each other again. I love you so damn much and want you more than its possible. Honey, I had another wonderful dream about you last nite like I have every nite. Boy, I sure wish that those dreams would come true right now. Angel, I would give or do anything to be with you right now. I want to love you and just be near you so damn bad. Well, I only have about three more weeks to go in this school and then we can do something about this separation. I may real hard that I am sent real close to home. As I said before, there is a damn good chance that I will be sent to Reno. If I want to, I would like to get nearer home than that but if that the closest that I can get, it will have to do. Save your money and soon we can be together again. I don't know as I get when I'll be able to get a few bucks but will try real hard to get one. I pray for that too. How is John now? I hope that he is okay by now. By the way Angel, are you feeling okay? I sure hope that you are for I have said a awful lot of prayers that you are. You said in your letter yesterday that you were having your time again and was feeling bad. Remember how we wanted to love and couldn't on account of that. Angel, I love you so damn much and want you. Have to go to lunch now, so I'll talk to you. I didn't get any more mail from you today and we have one more mail call in a few minutes. I'm keeping my fingers crossed.

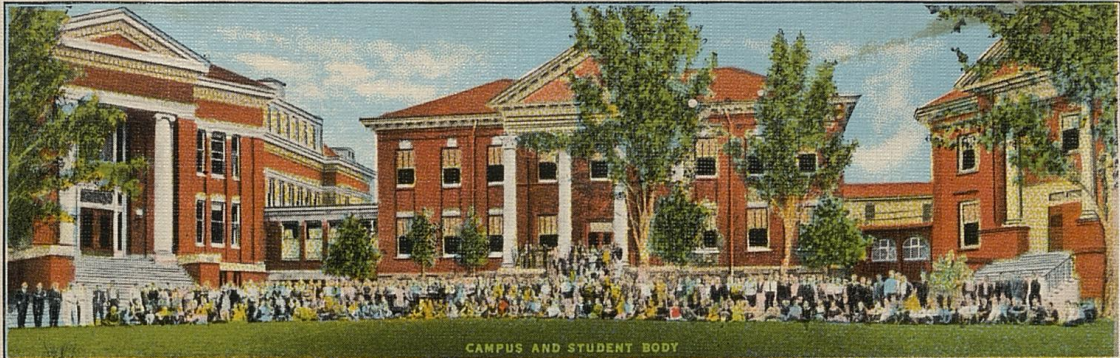

I just love to receive mail from you and can't even get enough of them. However, we have been just about every meal here. Have it twice today and once yesterday. We haven't at least one time a day. You wouldn't like it here for I know how you hate it. I hate it twice as much now but have to eat it or else do with out. I sure do miss those wonderful delicious meals you fixed me in Sweet water. I would give anything to have one of them. My mouth waters at the thought of the steaks dinner you fixed me. However, I want to be with you so damn much. You have no idea how much I need you. You are so wonderful and beautiful. Today, we went a little deeper into intelligence work and it gets harder each day. I may need hand out I can make it okay. A G-2 man sure has a lot of work and responsibilities. You have no idea how large of field this work covers. Boy, I let a big shot and a mighty big man when I finish this course. I don't know if I'll go to advanced photo work or not. You have to stay in this hell hole for that and I don't care so damn much for this place. All I want is to be near you and home. Just as soon as it is possible, we will be together again. I'll come home in a few days or else you can come to me. If I do come home you are coming back to me if you are well by then and can attend it. That will be the happiest day for us when we can be with each other again. Each day brings it closer to us. That thought is the only thing that keeps me on. I am living on it from day to day. Again I say that I love you and want you more than anything in the world. I am so hot and bothered for you. The mere thought of leaving you again does things to me. You know what I mean. I can't wait until that day comes that we can live again and again. Well, it is about time to fall out to go down town to school. I have to write my letters to you in installments. Be a good little wife and soon we will be together for ever. The war news is mighty damn good and I think it will all be over in a few months. Write the paper says that they have just about chased the Germans out of Africa and the war there is about over. We in the intelligence follow the war very close day by day and study tactics of the Germans. We have to do that for some day in the field that we

of the things we will do. Soon this old war will be over and all of us soldiers can go home again. However, each night up and down the barracks, you can see fellows writing home to their loved ones. Just like I do. I had received here the last couple of days and it has turned out. Let miles its colder then hell and you have a bit of trouble keeping warm. The Colorado blues down off the mountains all around us. By the way I didn't get any more mail from you today and suppose I'll get two from you in the morning mail call. A week, one of my buddies, (just met him Monday) is a tall good looking guy. We call him Jimmy because he reminds you of James Stewart. His real name is Gerald. Yes its spelled with a G. He is my best friend now and we get around together. He also wears his hair long like mine. A week, a fellow name John had a pass Wed night and he met some pretty blond. She was married to a Sgt. out at the base. Well anyway, one thing led to another and she took him to her hotel room. You can guess the rest. John stayed at the hotel for two days with her. He said her husband was mean to her and she didn't like him much any more. Well, the Sgt called yesterday afternoon and said that he couldn't get in last night. John and the girl went out and the Sgt came to town anyway. After finding her not at the hotel, he went looking for her and finally found them in a nice club. He yanked her out and took her home. That's all we know so far. John said the Sgt. will be madder than hell when he finds his main coat in the hotel room. Anyway, the girl and her husband moved today (she was shipped to some other post). You sure can hear a lot of tales like that here in the Army. Do you like for me to tell you things like this, if you do I'll tell you all that I hear. I have a couple more tales I'll tell you in my next letter. Just think if we were back in good old Sweetwater night now, we would be looking for and the wonderful week end together. Right now, if I was still a cadet I would be in basic flying training some where. Anyhow, you didn't like Sweetwater when we were there but I think

My Darling Sweet Beautiful Little Wife!

Just received a letter from you on the
noon mail call. I was glad to hear from you. So John is only going
to stay two or three days. I thought you said he had a thirty day
furlough and was going to ask for another ten days. He must be a damn
funny bird not wanting to be with the girl he loves as long as he can.
Boy, I sure wish I could give you a chance to come home that long.
Was glad to hear about Freddie being sent to Ill. and can come
home on weekends. At least some of my buddies are getting good breaks
Maybe when I'm moved to Tenn. I can do the same. I don't know what
did you mean by that crack about the Mother Day Card. I just
wanted to let you know that I was thinking of you. Some day we might
have a baby but not until you want one and after we've been a long
time by ourselves. All I want to do is love and love you for ever.
I know that you feel the same way that I do. I think that I'm up
for a gross Sunday again and my three buddies are too. I'm going
to make my Easter duty in the morning at 7:30 mess. I'll offer it
up that we can come over with each other again. Well, this intelligence
is getting very interesting and we go deeper into military secrets
each day. I wish that I was at liberty to tell you some of the
things that I know about this war and a lot of other things. Some
day I'll have a lot of things to tell you. I like this work very
much and will make a big success out of it. I want to make
you proud of me and give you every thing that you want. All I
want is to be with you for keeps. Honey do you like for me to tell
you some of the gurns I hear in the Army? Let me know. I'll
tell you another one time when I come back from school. We are
on our toes for a big high ranking officer is making a tour of this
base. I hope that he improves some of the things around here. Private
Berall is going to trim my hair in the back. He is good at that.

all of the jokes call us the H ⁽²⁾ Army world thriller on account of
our curly long hair. I call him Clark and he calls me Vic. We
have a lot of fun laughing around and all of that. I call it fun
but nothing is fun any more with out you. All that I care about is
being with you and loving like demons. I know that you are just
as love stoned as I am and its hell. I want you so damn much and
can't wait until we can love again. I want a man who we don't have
harm but somebody that was even ^{with} ~~with~~ than the bees. I don't know
why then how much damn loving meat. I just as soon not have that
do stuff. Half of the time I don't eat it. When we are together again,
I want you to do a lot of work for me because I haven't had
any work since I last ate one of yours. Yesterday two months
ago I was washed out. It seems like a long time ago and it
seems like years since I last was with you. The time ~~now~~
does seem to have damn slow for me. I only live for meat. I
each day and your letters help me a lot. Honey, I think of you
constantly and always wondering what you are doing. Tell
me every thing that you do and all of that. I love you so damn
much and just adore you. Where would you like to live when
I am out of this damn army? Let's make plans of our future
home and life. You are the boss and what you say goes. All
that I want is just to be near and with you. After this war is
over we will use my room until we find a place of our own.
I hope that I can find a good job when I come home. You never
can tell what this army training I've had will do for me. I'll
be able to get a damn good job and be able to take care of you the way
that you should be. I like to buy you things and send you money.
I wish that I had a whole lot of money so I could send you gifts
and all of that but I'm always here just enough to get by on and
send all the rest to you. Angel, that money is yours and you do
with it as you want. It's raining again tonight and is awful damn
cold. I just took a shower and discovered that I have a whole lot
more hair on my chest. How do you like that. My whole body
trembles with the thought of loving you. Boy, I want you so damn
much. I just live on the idea of loving you again. Soon we will
be able to do all of that and more. Oh! Happier day, I can't wait.

Well, here is my tale for tonight. For the boy who was in San Antonio at Duncan field said this happened to him. One day he was walking around the town and strolled in the St. Anthony Hotel and saw a cute little Mexican girl sitting in the lobby. So up he goes and talks to her. They sat there gumming a little bit and she told him she was waiting for her husband who was in the Navy. She hadn't seen him in three months and he was coming to S. L. on a leave. Well, she was called to the phone and her husband could not get enough time to come to S. L. for a while so she had to go out with him and she did. Well, then she made all of the names of all the local bars and had a lot to drink. She began to tell him how long it was since she and her husband had been together. She was getting hotter by the second and she was too. Well, one thing led to another and then finally were in a hotel room at the Blue Bennett (in S. L.) They had a few more drinks and began to love and then you know what. He stayed with her all night and then did it all night and the next morning. He said that she was real beautiful and was the most passionate thing he ever saw. He went with her for a long time while he was there. This is a true story and I hear more and more each day. Tell me if you like them and want more. See how damn aw full some people are. This is a damn rotten world full of creeps and all sort of people. He went into more detail about how they loved and all of that. If you want me to go more in details let me know. However, some fellows sit up and talk about their wives like that too. I could rub them in the face. I don't think much of a man who hasn't any respect for his wife by telling all about their messy life. I would rather die than talk like that. Men love and marriage is sacred and no one should know about it but us. Darling I am so madly in love with you. I am desperate for the touch of your lips and body. You are so damn wonderful. However, I

just been back and think again to all the memories of our passionate
 love. This coming is a damn pain in the neck. I do not fail to keep
 us apart like this. Angel, please don't look too beautiful while
 you are away from me. for you know how jealous I am. Just save
 your self for me and soon we can get into in all of that power for
 wonderful love. The nites are the hardest for me, for that's when
 I miss you the most. This is Sat nite and we are to be with each
 other on Sat and Sunday in our little Cape. Please let's hurry up
 and do all of that again. Please, don't bring many clothes
 with you when you come for you won't need them. We will just
 live and love until we are exhausted and can't love any more.
 I want to be your wonderful baby again and to feel your
 hands breast pressed against me. Darling, may we once
 a awful lot of loving when we are together again. Please, you
 are so damn wonderful and such a good little wife. I wish I
 was with you so you could take care of me again. I need you
 and can live with out you. When I think how far we are away from
 each other it makes me feel as if I was in another planet. You
 are my life line and my hold on this world. Nothing else
 matter to me. All I can living for is you. My favorite song
 are, Don't get around much any more (how true it is) and
 Why don't you do right. So Black Magic and Brazil still
 the ones you like? Remember, when you use to like "I didn't know
 what time it was"? Angel, I love you so damn much and
 can't wait much longer. Please, let's hurry back to each other.
 Well, Angel, it is time to hit the hay and I'll have to close mine.
 Be a good little wife and soon we will be with each other. Tell
 your folks hello for me and give them my love. Give Bless
 you Angel and loads of love. I'll speed you back to me. I'm
 real hard that we can get together again as soon as possible
 I love nite Angel. I'll be dreaming of you again to nite.

Dear Peanuts:

Again I say that I love you more than you can ever realize. Each day it grows more stronger and stronger. I am at typing class and have a few minutes to write you. How do you like me on a typewriter Did you think of your little old husband today and do you love him as much as he loves you? I have a pass for Sunday afternoon and will drink a few beers for you. I think that I'll goto a show also.

Monday we are having a test in Intelligence and I know that I can make a dam good grade in it. Pray that I do make good for you. Angel, do you like the tales I tell you in my letters? I get a big kick out of some of them. They are all true and from actual life. Do you know any good jokes and any good tales? If so tell me them in your next letter.

I just got back a pair of o.d.s that I had cleand and pressed. It wlll feel good to have a pair of clean duds on for a change, I also got my other stuff Tuesday. Some times I make mistakes as you can plainly see. I have to hurry thats why I make them. It snowed a little bit here today and it was funny to see danm snow again, for it's thwe first I've seen in alogg time. Well I have to get back on the ball now.

My Darling Beautiful Sweet Angel Wife!

Good afternoon, Honey! I just received a letter from you with the photo copy of our marriage certificate and I will mail it in tonight. It was a wonderful letter and you sound as if you can't wait until you are with me again. Angel, I feel the same damn way and just as soon as we can, we will remedy this awful situation. I'm all for going over the fence and a wol but I won't do it. I love you so damn much and want you something awful. Do you remember how we use to go to Mess on Sundays when we were together and at home. I thought about that this morning at Mess. I prayed real hard that we would be with each other as soon as possible. I offered up my Communion to that also, and that God will take care of my little wife who I love so much. I pray real hard like I do and soon our prayers will be answered. Plans, I'm going down town in a few minutes with Gerald and the gang. I'll let you know all about what we did in my letter tonight when I get back. We have a rit here from 1 P.M. to 7 P.M. That's not a very long time for we have to be back so the rest of the fellows come from 7 P.M. to 1 A.M. Only 25% of our class can be out at once again. Plans, all that I know is that I love you and want you more than anything in the world. We are having a test in the morning and I'll know that I can pass it okay. Keep your lovely fingers crossed and I'll make it. Save your money, Honey, and when I'm paid again if I'm sent closer to home, you can come to me. I want to be with you so damn much and can't wait until the day comes that I can hold you in my arms and kiss you to death. Well, the gang is calling me so I'll close for now.

Just got back from town and had a very busy afternoon. We
got into town about 10 after one and headed for the recent beer
joint. Gerald, Dick and myself drank about five beers each in
this one place. Then we walked around until we got thirsty again and
drank a few more beers. Feeling pretty good we decide to go for a cab
ride. We rode in the cab for an hour and saw a park with a lot of
swims in it. So we got out there for awhile and drank more beer. Then
have a big lake there with row boats for hire, so we rode around
the lake for about a hour. Singing and having a good time (through
the courtesy of Old Man (Ken) we got back at the damn park and
grabbed another cab. We asked the Cabbie to take us to a nice bar. He
did and we drank more beer there. It was about 5:30 then and we
began to feel the pangs of hunger. So we set out to eat. While strolling
down the main drag, calling up among our selves, I saw a
girl walking in front of me and Carol of women up and down it
was you. She was with a 4 F'er and was just about your build.
Honey, I choked up and wanted to cry for hours. I thought for a
second it was you. We passed them by and she couldn't compare
with you at all. Honey, you have no idea of how much I love you
and want you. Well to get on with what we did, we decided nothing
was too good for us and went to eat in the best damn place in
town. So up to this big hotel we go and bring on in into the Coffee shop.
They call it a Coffee shop, but it looks like the Waldorf Astoria to me.
The head waiter comes up and asks if we have a reservation and
you could only eat there with one. Sure we said we had one
and gave them our names. He said I'm sorry but we have no
names like that on our list. Gerald said, the hell you say, for
we called up this morning and made a reservation for three. We
was determined to eat there so we asked to see the maitre. In
order not to do that, the head waiter gave us a small table by
the floor show. Well, we had a couple more beers and ordered
our dinner & we ate in style for a change. Honey, this was a damn
wonderful place and seemed to be very expensive. I sure
wish you were here so I could take you there. Well, we ate and
headed out for another bar for more beer. We drank a few more
and got a cab on back to the bar. Gerald and Dick have

gone to bed already because they are full of beer and can't keep up with a key boy. I've been sober as a judge all day but felt good. I drank more than I like and he is lighter than hell. He is a lot of fun. Dick comes from a very wealthy family in New York and their home is on Long Island Sound. He showed me pictures of it and it's beautiful. Dick used to dance for Arthur Murray for a year or two. He went to Georgetown College and his sister goes to Vassar. When we are moved and get a few hours he wants me to go home with him, also to go home with him after the war is over and bring you. But you know where I'm heading for just as soon as I can. Dick has a convertible Buick and I've seen pictures of it. He is going to send home for it when he is moved. Dick, Gerald and myself are going to work to be sent and stay together. You can work to go with your buddies and where we are working to be sent to England or some place further east. You would like Dick a real whole lot for he is one of the 400, see it's plain copy. Please, send me a few bucks as soon as you can for I have to pay for my laundry this day and it is awful damn high here in Utah. I have a few bucks left, but it will take about all of it for I need everything I have to be cleaned. Please, I love you so damn much and want you more than anything in the whole damn world. Honey, they wouldn't let me out of the damn gate today because I was wearing a Cadet over seas cap, the over one I have. So I borrowed another one O.S. from one of my buddies. Darling, you said in your letter that you didn't wear your black underwear any more. You look so damn cute in it and I love to see you in all of that lacey thing. Please wear them again when you come back to me. Honey, your letters cheer me up so damn much and make me all hot and bothered again. I can't wait until we can love again and sleep with each other every night. Honey, I was

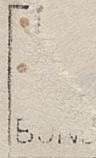

Talking to a boy who lives in Texas and he told me all about
 Browns ville for he has been there several times. He said it was
 a damn awful Crummen town full of Spring and mud holes.
 Sweet hardly any American lived there, just Mexicans.
 I wonder what kind of place John lives in. I sure would like
 to know. For some reason or other, I just don't like that
 boy. He is awful damn funny and all of that. Darling, I
 long for all of your kisses and love making and want to
 hold you close to me. Wasn't it thrilling when I un dressed
 you and put you in bed. Boy, I would give anything to be
 able to climb in bed with you tonight. We would love each other
 Chris came home. (and then never came home) I long to feel
 your wonderful breast again and to kiss you all over. You are
 so damn wonderful and sweet. I leave lets hurry back to
 each other. I'll be out of this place in about 3 weeks or less and
 will go some place else for more training in the field. That will
 be closer to home. This time Angel, I'll try real damn hard to
 get a few dough or will send for you. So save up the dough. I'll
 be paid before I ship out of here and will send you a lot
 of dough. If I can send to Tenn. the train fare won't be so
 much to there and you can come to me there. You will be able
 to attend a short trip like that. Can't you. Boy, real hard
 that I'm sent real close to home and real soon. I won't
 be long now and I'm sure looking forward to that. So
 just hang on a few more weeks (3 or 4) and we will be with
 each other. I love you so damn much and can't wait until
 you are with me again. Be a good little girl and hold the
 fort down and I'll be headed home in a couple or two
 weeks. Good nite Angel, see you in my dreams. God Bless
 you and loads of love. I'll speed us back together again.

My Darling Sweet Beautiful Angel wife!

Hello my precious hunk of heaven. Do you still love your old soldier husband as much as you use to. I love you twice as much as I did and want you running around. Please, I did not get any mail from you today. It happens every damn Monday. I can't understand it. This damn old army mail is run so damn funny. Well, today we had two exams done I think I made a damn good grade on them. I was of the fellows didn't do so well. I don't think Dick passed it. I sure hope he did for he is a swell fellow. The ones that made low grades will be washed out and I don't know what they will go into then. Please pray real hard that I can pass all of the future exams. Honey, you know that fellow that I told you went AWOL with the girl last week. Well he was put in hard labor gang, K P etc and he has gone over the fence again tonight. They know he is gone and here M.P. out looking for him. They will run him up for that. The damn fool ought to have his head opened. He has another damn lined up in town. She runs the elevator in a damn town hotel. He said that she was rather cute and that he was getting plenty of love from her. This guy is sure a lover in the true sense. I think he is no thing but a damn bum and not worth a damn. Honey, I am a typing girl now and can really go to town on a typewriter. I am enclosing a little note that I dashed off in a hurry at typing class. Please excuse the errors in it for I had to hurry and do the assigned work. Angel, I love you so damn much and want you more than mere words can express. This morning we were supposed to do some physical exercises and I found a way to get out of them. Each day they take a detail of men out of our class to clean up the class rooms in the morning. The ones who do this get out of drill

(21)

and please. I hope that I can catch it every day, for it is
awful damn long. Please what have you been doing with yourself?
Do you miss your husband as much as he misses you? Damn it,
I can't stand it much longer being apart from you. We will have
to do something about that in a few weeks. Just as soon as I'm
sent to some place closer to home, I'll put in for a parlour
or room for you. I can't wait until we love again. I long to
feel you pressed up to me in a endless embrace. Remember
how wonderful and thrilling it was when we loved. But I can't
wait until we can do all of that again. Please send
me a couple of books to last me till you're here. I have to get
my cleaning ton some more and will cost a lot for I rent
all of my dirty loads. This was the first chance I had to send
my laundry since I've been washed out. You can guess how
much dirty stuff I have. I love you more than you'll ever
realize and want you more than it is humanly possible.
My whole body is aflutter for the want of you and it trembles
at the thought of having you again. I have just loads of your initials
love already for you. Wouldn't it be wonderful if I can get a
parlour and can have to you for a week or so. We will have no
damn much fun and can live for days. When I go back, you are
going with me. I want to be with you all of the time and as much
as possible. I can't understand, if John says he loves your sister
as much as he does, why he rushed away like he did. I don't
understand that guy. Honey, there is a little Jew boy here in the
baracks and they call him a Palestine Muslim. Damn it's
almost time to hit the hay, so I'll have to finish this letter
in the morning. Please, I love you and want you all hours of
the day and night. I dream of you all night long and think of you
all day long. You are the only thing that I want in this world.
Some men want wealth, power and loads of women but all
I want is you and you alone. I'm the luckiest guy in the
whole damn world and you have also made me the happiest
guy.

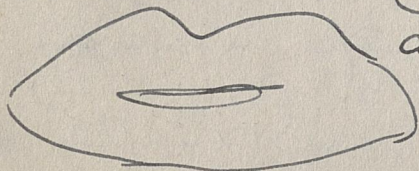

ARMY AIR BASE

Tell your brother hello for me and to write to me some time. I bet he is a lady killer now and was all of the gals. Boy, the way he is your grand father? He is a well old guy. Tell your Mom & Pop hello for me. Well, I bet he hit the hay before they turn out the lights. Good night Angel and I'll see you in my dreams. Good morning Angel, just got from class and it was good this morning. But you know it can't compare with your cooking. Ah! how I would love to eat one of your delicious meals again. Be prepared to fix a lot of them for me for I'll be able to eat you cooking all day long. Especially after a wonderful night last. During you look so cute and beautiful across the breakfast table. It was wonderful to wake up and find you in bed beside me. Damn I love you so awful much and will explode if I love you any more. Honey, we have to do something about all this used and wasted love we have. So we'll have to hurry up and be together as soon as possible. I believe in action not words and want to stop this torture. I know that you feel the same way and would do anything in order to be with me again. It won't be long now. It is colder than an old maid this morning and I was hated to roll out of my bed. If you were in bed with me I would of never gotten up. Did you hear the joke about the soldier who went home to his girl friend and said he won a contest by having the biggest and longest peter in the whole damn army. She wrote back and said, Honey you didn't judge that thing out in ~~all~~ front of all those soldiers. He said no just enough out to win the contest. Do you like for me to tell you jokes and tales about I hear from the fellows in the Army. Dick told me this one. When he was down in for another mission he was teaching a beautiful old how to do the lastest steps. Well, she took him up to her apt (town house) to a cock and guitar. Dick said no for he was invited to another

one and had to go to it. But he made out date for that night (Fri)
He met her at the Walden Cinema and then dinner and dance.
They made the rounds of all the places and finally she asked
Dick if he wanted to go for a sail. She said she had a sail boat
and that was up Dick Alley for he had one too. Well, they went
sailing they had a few drinks and she wanted to go swimming
in the Long Island Sound. They did and went swimming naked.
After they finished the swim she asked Dick to spend the night with
her and he did. He said they stayed in the boat over the week end
and did nothing but love and never wore any clothes except
when they had to. I sure do wish that was us. Don't you? Caryl
I want you so damn much and can't wait until we see love
again. You are so wonderful and beautiful. I love you beautiful
only that is full of curves and charms, you are made just
too perfect for words. Darling you are so deep all over and I
want to kiss you all over like I use to do. I want to kiss and
kiss your lovely breast and to love you like you should be loved.
I just ache all over for you and want to kiss again until we see
love again. Kissing me a real whole lot when we are together again
and all of that sort of thing. All that we will do is catch up on our
love. When I see you again, I'll just about kiss you every day. I
want to kiss you breathless like I use to do. Mamma is so
beautiful and wonderful. I thank you so much for marrying me.
I only hope that I can be a wonderful husband to you as much as
wonderful wife you have been to me. Oh! How I long for my beautiful
little wife! Honey, I have to go to school now and will wait you
tomorrow. Be a good little wife and soon you will be with your husband.
I love you and want you. God Bless you Caryl and loads of love.
God I need you back to me.

Dear Peanuts,

Good evening Darling. I am at typing class again and have a few minutes to write to you in. I love you more today than I did yesterday. Honey, I am so dam hungry for you and can't wait until we can love again. Didn't get any mail today from you like every Monday and will get a couple in the moring mail call. Oh' I can't wait until that day comes that we can be together for good and can love as much as we want to. I'll never be able to get enough of you as long as I live. I know that you are as impatient as I am for love. It won't be long now before we are with each other. In about three more weeks I'll be out of this dam place and will get a furlough or send for you as soon as possible. So be prepared to come to me in a very short time and for a awful lot of love making, also all the things that goes with love, I have to stop for now and will try to write some more after while when I have some more free time to do so. Again I say that I love you more than anything in the whole dam world and want you more than you realize. Just hang on a few more days and then we will be able to do something about being apart like this.

My Darling Sweet Wonderful Beautiful Wife!

Just got back from morning classes and found out that most of the fellows failed the test yesterday. From the test answers they gave us today, I must have made a pretty good grade. I always told you what a smart husband you have and now you will believe me. So you liked for me two like an @ is a zetter at once. I'll do it again for you as soon as you are with me again. All that I know is that I love you and want you more than anything in the world. I hope I have some mail this afternoon, huh? I'll be here at the morning mail call again. I guess that today you are not home and using my bed again. Don't mess it out for we will use it together. Honey, last night after taps I laid in bed for about a hour just thinking about all the good times that we had and all of that wonderful love making. I think about that every night and dream of you when I do go to sleep. Honey, do you think you all day long like I think of you. Oh! I love you so much and want you more than anything. Have you been to the Dables Luthers and how is the old man who runs the place. I wish I could take you up to Al Brian, and get a beer and some hamburgers like we use to do. I remember we had such wonderful times when we were together. I was twice as wonderful after we were married and I went into a damn big hurry. Do you miss your old husband very much? Do you long for him to crawl in bed with you and love the hell out of you? I just ate chow and it was just today for a change. I still want one of your meals. Honey, I'm about to go nuts for the want of you. I long for every thing about you. All of the little things you use to do for me and all of that. I miss you ^{hugger} at my ears and I miss tickling you and all sorts of little things. Remember how mad you would get when I would go to sleep and you wanted me to stay awake. Honey, I'll never sleep again when you are with me. All I want to do is make love and just to look you for hours at a time. Do you remember the drive wedding ring I gave you when I was still a Indian and how we tried to fool people. I want to go to the village again so we can laugh and make fun at the nutter people. Remember that guy who danced with a death clutch on that gal. We laughed so

damn much at him. I'll never ⁽²⁾ forget all of those nites we went to the
Quads in my car. Didn't we have fun when we would stay in town, eat
supper and go to the shows. Well, I have to pull out and go to class now.
Hope I have some mail from you over at the school. Damn it, no
mail at school either. There is just one more mail call today and I
better have some mail then. This afternoon in school (don't tell anyone
about this) we studied the defenses of Alaska and all northern land
terrain. We had to plot flight courses for bombing missions in the Gulf in
the bearing sea. It is very interesting for we use military maps and
naval maps. One must know how to draw scale maps and all about
degrees etc. It is very hard to do all of this and that's the reason why they
want you to have such a high G. Q. All of this is military secrets and we
have to be very damn careful. We can't even take notes with to study at nites.
If we want to study it at nite we have to go to the school building. I
like this work very much and will make good at it. I want to make
good for you. Hovey, did you hear the joke about the soldier who kissed
his girl goodbye and went off in his uniform. (That's it) or about the other
one who kissed his girl goodbye but broke his glasses when she cursed
her bones. How do you like those? Have you heard any good ones, if so
tell me them. Please do you get careful about of me saying I love you
all of the time? I want to hear you whisper it in my ear. Hovey, when we
leave you are to moan and sigh "Oh Sonni" and I long to hear you
do that again. Angel, I'm just about to go into being apart from you.
We'd just have to hang on a little longer and it won't be long before we
are together again. Just about 3 weeks or more, as soon as I can make
arrangements to home. I'll send for you or come home once for laugh. Well, it
is about time to jump on the truck and go to type my class. Each day I
have to write your letters in installments. I love you so much and
can't wait until I can see you again. Well, even I get some mail at
all times and this is the same day with out mail. Hovey, do you write me
each day like I do you. I know that you do but perhaps the Army mail is
just like everything that is B. S. Maybe you are mad at me or something
I love you so damn much and want you more than it is possible. You
are so damn wonderful and I want to be with you as soon as possible
there's the joke about watch out for the police men neediest camp for
decks hang out there. I cleared off a few lines at typing school to
you and will each nite that I can. Hovey, are you getting my mail
on time and through okay? I sure hope so for it is so disappointing
to not have any mail each day. Darling, is your sister still mad

at John? Does she act any different towards him as she use to do? They are such a funny couple who are supposed to be in love. I'm glad that we didn't act like that. We were just made for each other in all things and are of exact material. It was written down in the big books of time that we were destined to meet and marry. I knew the nite I met you that I was going to marry you. Did you feel that way too. I loved you the first second I saw you and wanted to kiss you. Honey, I was just sitting here talking to a young kid and I thought he was about 17 yrs old. He said he was only 14 and showed me some papers that proved it. Can't understand how in the hell he is in the army. He said he had about his age and that's the way he got in but the army found out how old he is. Still they haven't done anything about it. I think that they ought to discharge papers. Can you imagine a kid just a little older than Norman here in the damn army. The next damn thing you know they'll be taking your old babies in. This is such a funny damn world and there is no justice. Again I say that I want you and love you more than anything. Please, I can't read hard that we can get together as soon as possible. You have no idea of how much I need you and want you. As you know you are my whole life and I depend on you. Honey, I heard a couple of soldiers talking the other nite and don't know their names. One said when he was in Chicago going to a army training school he was pushed up by two deuces in a conversation they took him to their apt. and just about raped him. He said that he just about had to fight them off. You sure been a lot of guess one talk each day. I suppose that most of them are true. Please, you sure run into some queer characters here in the army. You've heard of the about winded prof. well we have one here. I guess he is about 19 and is deuce the streetball. Can't understand how he was picked for intelligence work. He is always losing something, forgetting what to do and asking all kinds of damn crazy questions. He is too damn grateful for words. Please, they are having a required nite class tonight for the ones who aren't doing so well in intelligence. Naturally, I didn't have to go for I'm on the beam and all of that stuff. I also had to go and a whole lot of other fellows.

Beans, does your dad still work the bucket like he use to do. (Beer)
 Remember, how we use to run out to Murphy's to get the beer filled. I
 would gladly do that or Clamya beer barrel of beer if I could be home.
 Honey, how is all the neighbors feel around there. Does your Mom,
 get along with the lady Esie and crossed eyed Annie? Each time
 I think of Mc Kenna and that tribe, I have to laugh to my self. They
 undoubtedly were the queerest people that I've ever seen. By the way who
 is Sisay dating now? She has more bean trouble with my friends.
 I wonder if your bait Huber is in the Army or not. I wonder what
 kind of a soldier (your bail) that he makes. Tell eggie bear hello
 for me (Norman) and I'll still take him in that plane ride just
 as soon as I am a Civilian again. Beans, do you mind of I fly
 when I come home again? I'm just nuts about flying and can't get
 it out of my system. You know how crazy I was about it while I was
 a Capt. I sure wish that I was still back in that outfit but I know
 that you would rather I would keep my feet on good old earth. You are
 the boss and if you don't want me to fly when I come home, you just
 say so. Beans, how often do you go downtown? Do you see any of
 the old gang at Appels around town? I wonder what kind of a job
 I'll get after this is all over. Beans, I have a feeling and a hunch that
 I'll be home to stay before Christ mass. This was can't last much longer
 and soon I'll be home to stay. Well, Angel, it's getting late and I'll
 have to hit the hay. I love you so damn much and can't go on much
 longer with out you. Be a good little wife and soon we will be together
 again. Tell your Mom and family hello and give them my love.
 Don't forget to send me a couple of bucks for I am flat broke.
 Buy real hard for me and that I'll be sent close to home. God
 Bless you Angel and loads of love. God I miss you back to me.
 I love my little wife more than she will ever know.

a kiss for you.

Dear Peanuts,

I didn't get any mail at none of the mail calls today and ths makes the second day without mail. What is the matter? Don't you write your poor old husband any more? Honey, you have no idea of how I look forward to getting mail from my little wife.

I love you so dam much and want you more than anything in the world. Please do something about this dam mail situation as you soon as you can, for I don't think that the army mail is that dam bad. Angel are you mad at me or something? I just got my lanudry back from one of the local joints and they charged me \$2.30 for just a little bit of stuff. I'm broke flat now and have a pass tomorrow nite, and unless I can borrow a buck from one of my buddies I won't be able to go. Peanuts, please send me a buck or two to buy me some smokes to last to the end of the month, and a few air mail stamps. I hate to ask you for money because I know that you need all of it you can get. This next pay day I'll get a larger pay and will send you more. I'll get the cadet money that they owe me the next pay also.

All that I know is that I love you and want you so dam much, and can't wait until we are with each other again. I know that you feel the same way that I do and want me just as much, it won't be very much longer before I get a furlough or else send for you. Pray real hard that I'm sent close to home and to you. I have to stop now and get back to work

divine lips again in a heavenly ⁽²⁾ blissful kiss. My poor lips don't understand that you are far away and wonder why they aren't kissing you. Soon it will be summer again and that is the reason for tears. So damn it Come on down to your old man before he cracks of lovesickness. A way, "Why don't you do right". I know that if it was in your power and you could have your way, you would be sitting on my lap right now. If I don't see you soon and be able to kiss again, I'll have to comb my self or else I'll go around bushing my head into walls. Today, we began to have Aircraft indoctrination. It is a way for me for it was one of my best subjects in the Cavalry and I made a hundred in it. The Captain, who gives the lectures doesn't know a hell of a lot about it. I could teach them all about it. They try to tell the students how a plane flies and all that. I just sit back and laugh at their feeble attempts to put across what really happens. I know from actual experiences. I would like to tell them how damn dumb they are but I'm afraid that I would offend them and hurt their feelings. You don't realize what a smart husband you have and none can, you will see. All the fellows but their brains rot each night and make funny goals. I hardly ever have to study and make damn good goals. Which is one of these cheap happy music fiends and is always trying to sing. He use to play in the Georgetown College orchestra (pardon my spelling) and dances for Arthur Murray. He is a real ear and is always keeping every body laughing at the stuff he does. But my ear really dance and he does all of those crazy dances like Ben Blue. The Captain said to damn that some of your birds need hair cuts. I think he meant Gerald and I, also a big bunch of other fellows. We don't have time to get a hair cut and even at that I don't want any. However, I just found out that I have a few tennis and will talk in a show with Gerald. Your letter today was so awful damn sweet and wonderful. Boy, I want you something awful. Keep up the good letters for them make me feel good for a little while. Again I say that I love you and want you more than anything in the whole damn world. You are my whole damn life and the only thing that I am living for. Just be a good little girl and soon your old husband will be with you. I love you and want that wonderful love of yours.

Do you miss all of that wonderful love and all of the little things we use to do?

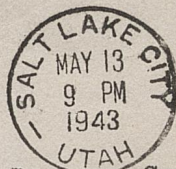

I won't ever be happy as I was when we were in our little apt. until we have another one, also I won't be happy as long as we are apart like this. Today is our 14 week of married life and the time that we were together was heaven. I miss you so dam much and can't stand it much longer like you say. Just as soon as I'm moved to some place close to home, I'll send for you or come home on a furlough to you. Dam, I love you so awful much and want to make love to you again, real passionate love. It won't be long now.

I'll be thinking of you real hard all nite long for this is our anivaresy. Tonite when I hit the hay I'll pretend that you are with me in bed, each nite I do that but it doesn't work. There is no thing that can take the place of the real thing. Honey, I can't go much longer without you, so let's do something about this as soon as it is possible.

Well, I'd better get back to work and do my typing assignment before I get into trouble. I'll write you a real long letter tomorrow mite. Pray real hard for your poor old lonesome husband who wants you so awful much. You are the whole thig in life that I want and nothing else matters to me. My Darling Sweet Beautiful Angel, Wife,

Hello, love of my life! How did you like the typewritten letter I sent you yesterday? How, Gerald and I didn't do much last night in town. We gossiped about his bus a piece and went to the movie. It was a lousy, stinking picture and didn't go over it. It was "Something to Watch About." Janet Blair was in it and she was rather good but the plot stunk. I can't get a kick out of shows any more and haven't enjoyed one since the last time we went to one. I don't get much of a kick out of anything any more with out you. Life is just a dull damn bore. I can't wait until the day that we are together again. I'm just living and existing on that thought. I used to look forward to the week ends but now I don't care about them at all. They make me feel to read and blue for recall all of those pleasant memories of our little apt. down in your old Texas. I wanted to get the hell out of Texas but with now that I've never left the Red June State. We had such warm days here down there and I wish that we were back there again. I would give my eye teeth to be a Cadet again. You have no idea of how I miss all of it. The roar of the motors and the smell of gas & oil. To go up stairs and feel the wind against your face. I want to fly again and make a ship do as I want it to do. You have no idea of what it is like. After it was over, there is no release from it. My hands itch for the feel of a stick and my feet ache for the rudder bar. It was so glorious to fly around up there in blue and look down on your old mother earth. You knew that you had mastered the art of flying and were quite different from other people. This is romance and adventure about flying. It's like a drug that you can't break the habit of. Only pilots know this feeling. I feel so out of place here on the ground and want to take to the air again. You have no idea of how big of a let down it is. No one will know how broken hearted I am about washing out. I succeeded from letting you know how badly I felt about it when you were with me. I try to tell my self that I don't care about it but it is up no avails for my soul belongs up stairs in a plane.

There is nothing like flying and nothing can take its place. I need you to help make me strong and to help me carry on. The intelligence work is very interesting and I like it very much. but it can't compare with being a Cadet or flying. Angel, if you could only understand how I feel about this. You are my wife and I share all of my feelings and thoughts with you. I know that you would rather that I wouldn't fly but you know when you messied me about you were up against. I know you so damn much and want you more than it is humanly possible. As much as I like flying it can't compare with being in love and messied to you. My god I love the heart I've kept and will and the thought of loving you. I don't care about anything except being with you but as long as we are apart like this and I'm in the Army, I wish that I could fly. If you won't mind, when I come home for you, I'm going to do some flying at Bowman Field again. But if you see no, I won't. For after all you are the boss in every thing. The hell with flying all that I want is to be with you and be able to love you until we can't stand any more. Today, I got a letter from your Mom and one from mine. but didn't get any from you. This is one more mail call before we go down town to typing and perhaps that I'll have one from you then. Top this one: Army intelligence officers in Guadalcanal offered a bounty of \$100 each for a live Japanese prisoner. I saw the soldiers began to streaming in with so many prisoners that Army funds neared exhaustion, and a Colonel questioned a Sgt. to find out how the Japanese had been so easily captured. "Oh, said the Sgt, "That's easy. Those men ino out in the bush haven't heard about this offer so we buy Japs from them for \$5 apiece. How do you like that tale. See if you can top that one for me. I want to see my Comey jokes that I send you in each of my letters. I try to cheer you up and hope that I succeed. I love you so damn much and want you more than anything in the whole damn world. Big. I can't wait until we can love again. We will have so damn much fun and love so much. That's all I want to do is just love and love you until we can't any more. Pray real hard that soon we can love and be together again as soon as possible. Well, I have to go down town now and go to typing school. I'll be thinking of you all of the time and will try to type you another short note. I love you and want you more than you know.

ARMY AIR BASE

Well, I didn't get any mail from you at all today and will get two in the morning; I wrote you a long letter in typing school tonight. I love you so damn much and want you more than anything. You have no idea of how much I miss you and want you. You are so wonderful and sweet. Oh what, I wouldn't give to be with you now and be able to love. Angel, I long to look at your marvelous, beautiful body again. Just to be able to be near you and look at you. Just to feast my eyes on your lovely body. You can guess how long I would stand and look you without doing anything; I want to undress you and caress you all over again. Wouldn't it wonderful when we love like that. I felt so good and thinking to be pressed all up against you and to feel your arms around my neck. Honey, I can't wait until we been love. You are made so perfectly and beautiful. I love every thing about you. You have gorgeous legs and the cutest waist. I just like the way you are put together. I love that wonderful breast and want to feel them pressed up against my chest. You should be in pictures and I mean it. No one can compare with you in the slightest way. I was so proud when I showed you off in front of every body. You remember the night before we were married at the Carlet Dance in the Service Club. Boy, you looked wonderful that night in your black dress. I received more compliments when I got back to the barracks that night. Angel, and the night we were married, you looked as if you stepped down from heaven. Mean Alice, you were so beautiful and pretty. You'll never know how much that I love you and want you. I always has a little home in Sweetwater and it will always hold a place in my heart. I was so damn wonderful to come to you in week ends. I could not hardly wait until I got there. And when you offered the love I just wanted to love right then. I'm so damn glad that we did get married and wasn't foolish enough to wait until the war was over. Now, I have something to live for and look forward to. You are the only thing that I am living for and want. Damn it, I love you and want you so awful much, and can't do a thing about it.

War is more than hell. No thing can describe this awful thing. I could wish my self for not marrying you while I was still at home. We have a whole life time ahead of us and you and years to live in. But its hell waiting on it to happen. The war news sounds good and this conflict can't last much longer. Angel, I am enclosing a letter to Norman with this and give it to him. I was going to mail it to him but why waste a stamp when I write you each day. Honey, today I saw a night that you would laugh at for hours. One of the fellows here has the funniest damn hair you ever saw. It went it grows like dead weeds and looks just like dead weeds. It also resembles a scrub brush. You have no idea of how damn funny it is. I wish that you could see it. There sure are a lot of queer people in this mean Army. Reunited, I hope that you can read this awful screw being. We have tables to write on now but there is a card game going on it now. That all the G.I.s do a gamble or match nickels. There will bet on any damn thing Angel, its getting late now and I have to hit the hay. I washed my hair tonight in preparation of getting a shearing in the morning. I'll just let them trim it up for I like my hair long and curly. I hope that you have a nice week end and have lots of fun. Honey, don't worry any more for soon we will be back together again. By the way, I got a letter from the War Dept. today that your allotment is going through okay. So you should get some dough by the end of June. I love you Angel and think of me. I dream about you and you all of the time. God Bless you and loads of love. Speed you back to me. I love you, Angel and want you more than you know.

a kiss for you

My Darling Sweet Beautiful Little Angel wife.

How is my Sweet bunch of heaven taken? I just got a hair cut (trim) and didn't have all of my beautiful Curls cut off. I want you to see them for I know that you'll like them very much. I love you so damn awful much and want you more today than I did yesterday. Just think about this time about 9 weeks ago, I was getting all of my money up to go to town to you in our little apt. I couldn't hardly wait until I got in town to you. We sure did have fun in Sweetwater. At the time, we didn't like that town so much, but now, I think it was heaven. I would give anything if we could go back to our little apt again and stay there for the duration. You are the model little wife and house keeper. I cannot do everything you do or undertake is just too perfect for words. Each time I get a letter from Mum, she tells me how much you love me and miss me. Boy, I can't wait until the day that we are with each other. I'm with you in mind and spirit but I want to be physically with you. Messing is so wonderful and sweet. I would not trade places with anyone. All I want out of life is to be with you and to make you happy. Well, there goes the bugle for us to go back to school and mail call. I'll be thinking of you all day long. Angel, I did receive a letter from you today and it was a wonderful one. You said that you wanted me to go into more detail about some of the tales I hear. Well, tonight when I get back from my school, I'll tell you a real juicy one that you'd like. This morning, we went to the movies for training films and this afternoon, did some more planning of attacks on the enemy. Your old husband is a expert in his line now and can do his job well. Are you proud of your G-2 husband? One of these days I'll be a famous intelligence man and will give the enemy hell. I'm thinking about going to O. C. I school if I can. How would you like a year for your husband? Don't plan on it though, for it is awful damn hard to get in O. C. I school. All that I want to do is make you feel for you and make you proud of your husband. I love you so awful much and can't wait until we can get back in love again. So that job who make me mad at the village we live, is now a Cadet. I bet you two to one that he can't make it. Just that I wish him any bad

luck but his type never makes it. ⁽²¹⁾ Of fellows like Green and myself
can't make it how can these jerks make it. I haven't heard from Dan
and wonder why. He out to be up this way in a few days for his class
will graduate this week end as aerial gunners. Tell me as soon as
Sue Campbell writes to you. I want to know all about Eugene and
the gang. I sure would like to see all of my old cadet buddies again
tho' all were a swell bunch of fellows. By the way, do you remember
Morn Mullins, the boy from Calif. He was rather heavy built and
talked to you a while lot. Well, one of my officers instructors looks
just like Morn and I keep thinking that it is him. There is one
more mail call this afternoon and I hope that I have more mail
from you. I'm a hog and want all the mail that I can from you.
You have no idea how much I love you and how forwarded to
your letters. They help me to keep going and want to love you more &
more. I'll try to find out about the mormons for you for a G-2
man must know all. It's harder than hell to find out about them
for they won't talk to any one about their religion and customs. I'll
try my dearest to find out about them. Have to pull out now to go
to typing school. I have to write your letters in installments. Well,
I couldn't find out anything about the mormons. As I raise before
they are a tight lipped people. I tried to quizz a mormon boy but he
won't say anything. Very strange people and have us strange customs.
I sure would like to find out what goes with them. Recently, what have
you been doing all day long beside missing me? You are in my mind
constantly and I dream of you each night. Just night thoughts we see
each in San Antonio and had a left there. I can remember (in my
dream) that I was going to be left and you but that all that I recall.
I wish I knew what the rest of the dream was but I can guess. Can't you?
Dan, I love you a awful whole lot and want to love you again. I'm
so damn hungry and love steamed for you. My whole body aches and
long for the touch of you. You are just too perfect for words. I love every thing
about you and for us that you are so damn cute. Recently, you are
beautiful and that's not one man's opinion. I can't understand how
you ever married me for I'm not so much. The only thing important
about me is being married to you. I can't wait until I can be with
you and show up in front of every body. I am so proud of you and
want the whole damn world to know that you are my wife

So you like juicy tales and so forth. Well you asked for it and here is the tale I heard the other day from one of the soldiers. (Don't know his name). He is about 23 and 5 ft 11. has blind hair and rather nice looking. He claims this really happened. Hang on for her goes. (I'll call him Jack anyway) Well, Jack was walking down the street, one day, in New Orleans. He was stationed at Gulfport Miss and had weekend furlough. As he was strolling along he noticed a girl walking alone in a fine convertible and was motioning to him to help in. Well, that he did. Her name was Betty and quite a cute kid. Jack said she was actually mellow with a worn despite frown as far as he could see. Well, then she rode around for awhile and stopped at a few bars etc. Well, after a time Jack saw her reach down and pull her dress up well above her knees and kept on driving and talking. She told him that she wanted to show him her Cabin down on the Gulf. So off they went. While they were on the way she asked Jack to kiss her and that he did. Sitting real close to her and all that well, she began to have a fevered day with Jack and played around with him. (you know what I mean) and he did the same with her. Well to make a long story short, they reached the Cabin on the Gulf and right away she wanted to do some serious loving making. He said after he undressed her, she had the most beautiful body he ever saw. She was made to perfection all over. He claims that she practically raped him. Jack wanted to just play around with her then love some, but she couldn't wait. They loved (if you want to call it that) and did it off an on all day. Then they went back to town and ate supper and went back to the Cabin and stayed all night. This fellow said, the next day he was women out. She was the most jammable thing he ever ran into. He found out that she was raped from her husband and sure did like to do it. He had several dates with her cause that's all they did. Blunts, there are more a bunch of juicy deals in this world. I hear tales

like that all day long. Tell me if you want to hear any more of them. /Haven't
 I love you so damn much and want you sunshine tonight. I long for
 your wonderful body and curves. I want to wear your black garters
 and all that when we are together again. you are so damn cute in them
 I love to undress you and put you in bed. Then crawl in with you. I'd
 give a million bucks if I could be with you right now. I want to kiss
 you all over and to Caresses your wonderful breast. you have no idea
 of how much that I want you and need you. As the new saying goes:
 I want to what I want and the price is high. I can't have it. There is the
 tale about the American bomber group in England, moved into these
 new English (here, in one of England's best women Colleges in pre war days.
 A few minutes after all of the soldiers had gone to their rooms, bells began
 to ring all over the halls. The C.O. rushed over to see what was wrong
 and behind every door, he found a button with the sign: "Ring twice
 for the mistress. (Comm night off of the Corbels.) If you don't care for
 my state jokes let me know and I'll cut them out. Then she says
 the one about a gal in a sea side shelter picked black. She said, "But
 you shouldn't kiss me like that with all the people around like that"
 He said, "I don't kiss you, but I wish I could catch who it was - I'd
 teach him". The gal replied, "you could not teach him no thing". So with
 this bit of Comm I better close for now. I love you and want you more
 than any thing in the whole damn world. Just pray real hard, that
 soon we can be together again. Just a few more days (two weeks) and
 I'll be home again. Then I'll send for you or else come home to you. Be
 a good little wife and have pat sentences. Again, I say, I love you and
 want you. Tell your family hello for me and give them my love.
 God Bless you, my little, sweet wife and loads of love. God Speed
 you back to me. Good night. I'll see you in my dreams. Remember
 I love you and adore you. That's all that counts in this world.

Your Loving Husband
 Jimmy

P.S. you are wonderful too.
 Send up a lot of love and build
 up your strength, for you will
 need it.
