Attention, Poultry Raisers!

Read this letter

I have two hundred fine chickens and not a
squeaky one among them thus far, thanks to Bour-
bon Poultry Cure. Have another hundred eggs
setting to hatch next week. Will be glad to give
my "experience" with this remedy to any one who
wishes to do as I did, exchange a lot of sick and
dying chicks for a flock that last year brought me
over one hundred dollars. Last year was terrible
on the farmers in this section. Late wet spring
and a prolonged drouth in summer—not a particle
of fruit for market, and I tell you the "chicken
money" came in fine. Just kept things going until
the winter was over.—Mrs. Jennie B. Stevens,
Lynchburg, Va.
