Durty - Nosing Season Opens

Winsome Women Will Wax Wiles With Winning Ways

Every Woman for Herself and no Hitting in the Clinches, Is Rule

Now is the time for all good dirty-nosers to come to the aid of their grades. With finals just two days off, and the pros already off, the great army of D. N.'s would do well to get out the old apples and start polishing with a will. You know, "Will you pass me, prof, or will you not?" And if the right technique is applied, he will, both a will.

Along about this time, the winsome coeds put on their best smiles, smear their voices with honeyed tones, and set to work. Even though the prof may be old, and decidedly bald, he can not resist the charming smile and flustering look of attention bestowed upon him by the willful Cleopatra. Far more A's have been made in the last week of school by dirty-nosing than by all-night cramming put together. The male students of the University are not above such methods, but they are far outclassed by the females of the species. So to close with an adage, "A rolling dirty-nose gathers no A's."

Hi Schoolers Have Blow-out Saturday Pupils, Armed with Instruments of All Calibers, Room at Will

HI SCHOOLERS HAVE If anybody noticed a lot of blowing and tootin and sour notes at the University of Kentucky campus Saturday it was the annual Kentucky Hi School Music Festival. Approximately 3,000 noisy, peace-disturbing brass from all over Kentucky were turned loose to roam at will, armed with most vicious sounding horns and instruments of various calibers and doubtful ancestry. Some of the bands were rated superior; nobody knows what they were superior to unless it was the Salvation Army. Some excellent others good and the rest, though they received no rating, were positively lousy. It is estimated by

No. 1—Soldier Boys

Either Stoll field is the dustiest about this time of year, or it rains (it's harvest on Wednesday, because the military department has decreed that tomorrow afternoon all the frosh and sophs and their overpompous officers, along with their sponsors, good, bad and indifferent, must drag themselves out in the burning sun in their hot uniforms and sweat through a lot of maneuvers and such stuff and be butchered to make a University field day.

It seems that the first thing is to let all the proud mothers and fathers that have gathered in the stadium (along with upperclassmen who have come specifically to laugh at their fellow students) to see how the whole mess looks together, so for the first number on the program the regiment will pass out in review. Then everybody gets in a neat line along the field and you have to stand there for hours while a lot of talking is done by the officers up front, except for a brief respite when you have to throw your rifle around a bit in a du pont manual of arms. If you haven't fainted from the heat by this time, you are given "at ease" (?) and are allowed to stand out there and (Continued from Page One)

Minor Sportmen Are Fed by Local Alumni At Hotel

All work and no banquets makes Jack a dumb track, tennis or golf player. So thinks the Lexington Alumni club, so they ups and has a big feed for these boys last night at the Phoenix (adv) hotel, at which time the boys were given sweaters with big blue letters on them in which to parade around the campus next fall.

Omicron Delta Kappa, society for diabolizable campus reproaches, soups, and leaders held revelation of the mysteries of its five - quart organization for ten outstanding campus bums at 5:30 yesterday at the campus memorial barn. The stouping revelry was followed by a bacchanalian gluttony ring at the University Uncommon(also uncommensurate) stimp around 7 o'clock, a place where the first academic procession comes in. All the faculty, staff members, graduates and XXXXX executive officers of the University don their hobnob robes and hoods and process in the burning sun to Memorial Hall where they sweat through an hour of service, this time it is administered cheerfully by Dr. McIlroy Hamilton Lichter (you pronounce it as Columbus, Ohio, The University's chairman, McIlroy was a few numbers at this time. June 4 will also be Alumni Day, when the old grad comes back to walk in the glories of old, see the famous old buildings where they used to walk and that other hokey that the Alumni news letters hand out.

Dean Bring Him Corn to Office

Yesterday afternoon, Dean T. T. Jones of this county, brought into the Kernel office one of his prize ears of corn grown on his south forty, down by the Kentucky river. The Dean, called "T. T." by all his friends, has long been known a round there parts as the champion corn raiser of Fayette County. The misus came in town with old T. T. and paid us a very pleasant 15-minute visit. We hope she will left us again some time, and partake of our hospitality. "T. T." left the ear of corn, which is three ft. in length, in our office, and he gives all his friends to come in to (Continued from Page One)

Here's How Some Mugs Is Goin to Spend Vacation If They Ain't Slayed by Finals

By FRANK "Ham" BURGER The close of the semester looms into view. Our little campus community shortly scatters to the proverbial four corners of the earth. Where will the college crowd go this summer? How and where will they pass those 99 days of vacation time? Our besties of 1935-36: Frances Woods... Kylian beauty queen, two months' stay at the family cottage on Lake Michigan... fishing... swimming... boating... Nell Craig... Junior Prom queen, home in Louisville... journey to Georgia... on to Alabama to be in a wedding (not her own)... Lil Holmes... lovely May Queen... both summer school sessions following... perhaps... the industrious example of her mother who will act as Dean of Women at the summer session in addition to her teaching schedule... Barbara Smith... Kentucky's representative to the Mountain Laurel Festival... plans to work in radio dramatics at WGN, Chi-

PWA to Assimilate Grads What Want Good Paying Jobs

POPS' BANKROLL TO BE RELIEVED, MAYBE!

Well, everything's about over except the stouping (improperly called examinations). University authorities have decided that it's about time to dispense with a few hundred of those who have loafed around the campus halls for four, or five years, and as a result, 361 colleges and graduate school will walk around in a XXXXX maze of tears, luncheons, recreations, basketball services, etc. next week which will end when they stumble across the stage of the Alumni gymnasium to receive a white piece of paper from President McVey all tied up in blue ribbon (the paper, not President McVey), which says that all is well and good luck and all that and we hope you get a job, as the University's 69th annual commencement program swings into action.

PERKINS RIFLES ELECT STOVERS

Cap Stovers or a Name Like That to Lead Cracked Unit to Sixth Consecutive Victory Next Year

Well, we see by the papers that some bird by the name of Strivers, or Stovers or something like that was elected to something or other by the Perishing Rifles, the cracked drill unit of the XXXXX University of Kentucky.

It seems, or it was alleged, that the announcement of this doubtful honor was made public xx following the annual brawl of the organization at one of our downtown hostilities, probably the Phoenix seeing as how they have a fine bar there. Rumor has it that there were some other officers elected last Thursday night, but don't take our word for it. It has been alleged that Dave Planders, of Battle Creek, Mich., was given the office of first lieutenant, H. E. Bullock Jr. of this fair city, first second lieutenant, and R. H. Butler of the same second second lieutenant. It is believed that these big shots will be installed at the military field day to be held on the hottest day of the week, probably Wednesday, being as how Wednesdays are invariably hot.

Time Sheets Due in Dean's Offices

All National Youth Administration time sheets should be in the offices of the Dean of Men and the Dean of Women by Monday, June 1. NYA students should arrange with the Dean of Women and the Dean of Men for the disposition of pay checks because the checks will not be sent to the University until June 15.

Many Hang-overs Will Graduate from College Under New Plan

GOODY, GOODY GOODY SAYS CLASS OF 1939

It was announced at the janitor's office late last night that there will be no final examinations this year. As a matter of fact, he said that had he been a gold-digger, if there were final examinations any year.

When asked for his opinion on this statement, President McVey said: "This marks a revolution in the methods of non-education, and as far as I am concerned it marks a revolution in the methods of non-education." (He's repeating himself.)

Garling, the former editor of this paper, says: "Now I can graduate." The cook at the commons said: "It marks a great revolution in the field of non-education." Don't look now, but goody, goody.

Composite opinions of the campus bells is to the effect that all their unique methods of dirty-nosing will go for naught. The cook at the commons said: "It marks a great revolution in the field of non-education." A warrant for the arrest and prosecution of the faculty of the University of Kentucky on the charge of illegally and unlawfully giving final examinations was issued today by members of the senior class of the University. Claiming that according to Article V, Section II, page 1, of the Bill of Rights of the State of Kentucky, final exams are declared null and void, the indignant class, vehemently replied, "The hell it ain't! It's all a scheme to make us stay in college another year. We demand our rights." Police found no clues.

OFFICIAL NEWSPAPER OF THE STUDENTS OF THE UNIVERSITY OF KENTUCKY, LEXINGTON  
 MOONSHINE Editor-in-Chief  
 HONEST JOHN Mr. Editor

HERE SHALL THE KERNEL ALL STUDENT RIGHTS MAINTAIN (IF THE FACULTY PERMITS US)  
 JOSEPHINE QUINN Society Editor

**IT'S ALL IN FUN**  
 This paper is a product of a reunion of the Seniors who have served on the Kernel staff. Such a reunion is a time for jollity rather than seriousness. And so, we give vent to our feelings by burlesquing the very rules of journalism we know we must observe after graduation.

It is all in fun. Do not take it seriously. We have poked fun at many things which hold fond memories for us.

However, beneath the surface of many of the incongruities appearing in this issue lie the expression of hopes which we as Seniors wish to see fulfilled.

The Student Union building, we

sincerely hope, will prove to be a satisfactory edifice.  
 Term papers which merely represent republication of encyclopedias and such by hours of laborious copying, we believe utterly useless. Campus politics we laugh at, realizing often that jackasses often get the presidency of this and that and unsuitable queens of this and that are chosen in "big shot caucuses."

We wish to say that we leave our Alma Mater feeling that we have attended a great institution. We sincerely hope that our successors will work for its betterment as we tried to do. We wish you the best of luck.

Hoping that you will be able to listen to the Wildcat's game in the Rose Bowl next year from the lobby of the New Student Union building, we wish you a hearty farewell.

**NEW EDITORIAL POLICY**  
 In line with its radical policy, the Kernel presents the following program for next year (or any year thereafter for that matter):

- Abolition of the Student Union Building Movement.
- Expulsion of all swimming pool advocates.
- Establishment of 50 new "honorary" societies.
- One line one-day registration plan.
- Further postponement of Wednesday night dances to second Tuesday of following week (the first postponement was from Wednesday to Friday night).
- Closing of library at 6:30 p. m.
- Closing of Commons during Comm.

vacation.  
 Sale of intoxicating liquors at all dances.  
 Regulation requiring dormitory girls to be in a 6:30 p. m. dress here at all football games (no exception will be made to gin and liquor but in interest of economy the German beverage is advocated).

And on the top of the above office, the seniors have selected in a private draw vote the following the coveted officers:  
 Sweetest—Evelyn Carroll.  
 Best looking—Lucy Maddox.  
 Best Dancer—Marjorie Alexander.  
 Best dressed—Lab Jones.  
 Best build—Ray Kennedy.  
 Cutest—Frances Sledz.  
 Best Legs—Cecily Warr.  
 Most personality—Billie Holliday.  
 Best bunch of grippers—Delta Delta Delta.  
 Most personality—Logan Brown, Cuba Hardin.  
 Best dressed—Gene Bryant, Wallace DeHaven.  
 Best Looking—Frank McCool.  
 Loudest—Dor Reid, Jack Crain, Tackey Schultz.  
 Most conceited—Bob Youngberg.  
 Least conceited—Andy Anderson.  
 Scrawniest—Ben Rose.  
 Best Athlete—Hon Davis, Lagon Hay.  
 Most versatile—Elvis Stahr.  
 Most interesting teacher—Doctor Funkhouser.  
 Best teacher—Lloyd Arevit, Mr. Lunde, but neither were here this year.  
 Best course—Heredity.

## Trash

Senior edition of the Kernel. What a crazy rag. Ole Henry Waterson would turn over in his grave if he saw this. Poor guy! Dead! That's about the way I feel now that I'm about to have a sheep skin planted in my left palm. Snacks, how I hate to leave this glorious college. I'll probably wish that I were dead after I have been out in the cruel world for a year or two.

Looks like a big time will be had by U. K. grads up in the East. Ad. and about New York will be Jack Howard, Moon SourPuss News HuntChicago GaringRalph Hue-jets and Bob Hess. Wheel! The Rainbow Room, the Stork Club, and Minsky's—now won't they have fun.

Last Tuesday's scandal column! George Kerler, stated in Hot Polls that there are "complaints about the endless claptrap dished out by Kay Kennedy and Mayme Madgwick." In answer to this outrage he received an anonymous missive wrongly criticizing the truth of the remark. Some people were upset by the word "claptrap; but if you ask Mr Webster he will tell you that it means—"High-sounding, empty words of little significance designed to gain applause." Frankly, it's the expressive word for a "line."

The persecuted boy, trying to defend himself, polled the campus gallants and naively asked each one, "In your estimation what girl on the campus has the longest line?" The question was answered by more than fifty connoisseurs of female babble. He brought the tabulation for me. Here it is.

Weather Clear, track fast.  
**THE CLAPTRAP DERBY**, distance two semesters; purse, insult or flattery (according to individual opinion); claiming race for freshman fillies or maids and upwards. Start good. Won easily. Place striving. Winner by Elizabethown—Kentucky. Trained by Chi Omega. Value to winner, 520 dates; second, 282; third, 280.

Result: Horse Wot. Jockey 1. Kay Kennedy 114 (W. Demmon)—by 5 lengths.  
 2. Bettye Murphy 122 (J. Chester)—by a nose.  
 3. Frances Sledz 105 (Aggie Baker)—by 4 lengths.

Also panned:  
 Sis Tate, Sue Swinford, Irene Sparks, Billie Holliday, Nancy Dyer, Virginia Alsop, Kitty Mahan, Edith Reager, Mayme Maddox (favorite in winter book), Marjorie Fisher, Evelyn Carroll, and Dot McCamish.

Word comes to me that Caroline Johns, who is pinned to Ed Terney, is making a big play for "Business English" Cundiff, and that he loves it. Well, why shouldn't he? Wouldn't you love it too, brother.

**Scoop-Scoop**  
 Due to the fact that this is the last edition of the Kernel, the staff is able to print this super-paper scoop which is sworn to be the absolute truth. But we warn you to accept it at its face value. Prof. Galloway is a merry iggy Hardwick in the near future.

**Good Bye**  
 Without a lot of babble and blubber, this senior wants to say good bye to our great University and to all of the fine friends he has made. It has been a mighty enjoyable four years—probably the happiest in my life. Bye, seniors, and luck to you all.

**SOCIETY**  
**Tappa Stigma**  
 Mr. and Mrs. Horace Sawin entertained the lads with a buffet supper last Saturday at their home no McDowell road.

McNamara, George Jackson, Beam's Samuels and Bill Rose all went home to talk over the situation, financial and scholastic, with their various daddies.

**Pat and Boyd Halls**  
 The following girls from Pat and Boyd halls spent the weekend under their parental roofs (we hope).... etc. etc.

**Vacation Plans Are Released**  
 (Continued on Page Four)  
 watch the awarding of a lot of cups donated by local papers, an aspiring campus organization, including Salsy (adv.), Scabbard and Blade (adv.), Phoenix hotel (adv.), Lafayette hotel (adv.), Lexington Herald (adv.), Lexington Leader (adv.), Rotary club (adv.), and the American Legion (adv.) and anybody else that will spend some good money to buy one to give a guy. Then all the fortunate guys who are going through their last one of these ordeals are marched up and presented with commissions which entitle them to be farther up front when war comes. Next, if everybody is still on their feet, several companies that have been chosen to do a little more work than the others march out for a lot of stiff competition for which the winner gets something what I've never been able to find out.

After this, to be sure that everybody gets as near to the peeing-out-stage as possible, the regiment again passes in review, this time for the guest officers, who must not have gotten there in time to see the first one, or weren't satisfied, or something.

This finally brings the program to a close and those still able to walk are marched back to the army where they put their guns away and are then dismissed for the year, mainly because it takes them almost this long to recover and get ready for another one of these things. Or well, such is life!

## Tough Luck!

The general deposit of \$6 made by students cannot be returned before. Comment on the refund in the special instances named below. It is impossible for the Business Office to obtain from the various departments charges against students in time to make refunds before the end of the semester. Most students do not expect to return to the University or for other reason desire the refund may have addressed the Business Office with request that the check be mailed. Write name and address on this sheet and return sheet to the Business Office. Check for the refund will be mailed some time in June of this year.

Exception is made in the case of students graduating at June Commencement. Refunds will be made to such students on June 15, 1936, in cash at the Business Office.

D. H. PEAK, Business Agent.

## HORSE DOCTORS MEET

A meeting of the Pryor Veterinarian lodge was held Thursday evening in room 205 of the Science building. The following officers were elected: J. Franklin Wallace, pres.; Frank Davis, vice-pres.; J. E. Eversole, secretary, and Herbert Swann, treasurer. A special short "grat" meeting and a new pin was adopted.

The Woman's building will be open all day Saturday, May 30.

**6—CASTS BURDEN**  
 Owens, national honorary (?) that practically all the sophomore women of Lexington are elected some new officers to put the burden of work on at a meeting somewhere last Thursday evening.

Those now in the saddle are Mary Jane Robey, home-town girl, pres.; Ruth Johnston, Zimnatti, vice-president; Grace Silverman, Brooklyn, N. Y., secretary; Frances Young, capital city girl, treasurer; Elizabeth Tyle, Danville, historian. Those who have done all the damage they can this past year in the above offices are: Anne Lang, president; Ruth Ecton, vice-president; Eleanor Randolph, secretary; Mrs. Wunderlich, treasurer; and Theo Nadelstein, historian.

 ment. The same guys as did it before will do their hot robes again and do some more process only this time to the Alumni gym (2 of a mile farther) and be put in some more hot chairs to listen to a spiel by Dr. Thomas Parren J., surgeon-general of the United States. They will also have to endure a couple of numbers by Prof. Lampert and his men's (?) Glee club. At the end of the principal address the entire audience will stagger to their feet and try to sing the Alma Mater. Before this, though, comes the marchin' and gettin' those pieces of paper which were spoken about before, the givin' of the pledge to the Senior class. I don't know who they do with it when they got it, but they get it just the same.

Bestix! all this marchin' and s-peakin' will be tedious and luncheon which seniors are supposed to attend. Most fun of the week will be the Senior bawl Wednesday, June 3 in the Alumni gymnasium, when everybody will catch swine of buy a bid will slip over and hear the delicious melodies of Johnny Hamp and his boys. I'll be a great life, if the seniors don't weaken. So, we'll be seen' ya.

## Diners Out Enjoy Feeds As Young Gallants Go Hungry

Fun, frivolity and foolishness held sway as the Kernel kids were guests at a dandy picnic last Saturday, high above the muddy waters of the Kentucky river at someone's Perry. (now isn't that a snappy lead)

Guests, invited and uninvited, trickled in all afternoon and far into the night until "Scop" Nadelstein finally brought up the rear just as the mob was being dispersed through vigorous application of tear gas bombs. The customers just couldn't tear themselves away, otherwise.

A delightful luncheon was served (that's the way the society writers tell about it but not us. As a matter of fact the victuals were really good, for a change. Without any prearrangement an impromptu eating contest was staged with Betty Murphy, Jimmy Shropshire, Elizabeth Ann Kreigel and Professor Enoch Grehan carrying off top honors. They received ducky replicas of real steak sandwiches as prizes.

Only a few of the guests were drowned while swimming but no particular attention was paid to the incident as the deceased were members of the business staff, who are a dime a dozen, anyway.

While a number of alleged reporters were present no one thought to take down a list of guests, so now you won't know who was there. Which will make you unhappy, won't it?

### RIGHT TRIANGLE

Among those whom the Triangles were forced to feed on Sunday were Pauline Thompson, Lenore Fonville, and Pat O'Rear. Several of the boys went hungry as a result.

**The J. S. Shropshire Club**  
The Deltas in common parlance. The following spent the week-end out of town (for various reasons): Ben Fowl, Frankfurt; Jackie Floyd, Richmond; Jack McConnellski, Anchor; Orville Patton and E. C. Wooten, Greendale Reform school.

**Three Deltas (on a horse)**  
Sus Tate, Lib Jones and ary Todd

hitchhiked to Somerset Sunday. Martha Bittner and Sallie Stewart, Louisville, spent the week-end at the house. Two actives were compelled to sleep on the floor.

### Delta Kye

I. Edward Recan finally resigned from the organization after argument No. 1174 with the chapter.

### Mie on Sigma Kappa

Samuel J. Tedesco will return to Bridgeport, Conn., after graduation. Minus twenty slugs which he paid the chapter last Sunday and without his usual sweet disposition.

### Alpha Gamma Delta

An hilarious time was had by all at the chapter house over the week end.

Caroline Johns and Audrey De Wilde spent last week in the state of Coma. They are considering taking up permanent residence there.

About 50 customers were in attendance at the annual spring ruck racket which was thrown by the chapter last Saturday. Four of the guests did not pay for their feed

and are requested to do so at their earliest convenience. There is no actual count available as yet as to the number of roped-in-ees, but the sisters expect to mutually benefit.

### Slappa Deltas

The KDs have not made the society column very often this season, as only the society editor and 16 assistants were Kappa Deltas. Therefore just for variety, we are going to include them this time.

### ATO (a terrible organization)

Thomas Bailey Atkins, the hero of Hopkinsville, will be welcomed with the town ban when he arrives home June 5. It just happens that the band practices that night and will conclude with a march to the bus to meet Atkins.

### Colored Notes

Dossett Reid, Correspondent George, the McVey hall janitor, was hoxboxed by the Deltas last week but refused the pin. Everyone else in McVey hall basement has some affiliation with the Deltas and they

wanted to make it a grand slam.

### Sigma Cheese

One of the more affluent organizations on the campus, Sigma Cheese has established the philanthropic habit of a semi-weekly breadline, depending upon the wealth of the fraternity at the time. Last week the boys threw open the breadline on two occasions and as usual the house was swamped with coeds. Among those fed on Friday were Virginia Alsop, Mary Lou Hen-

derson, Jeanne Pat Belt, Elizabeth JJewell, Mary Eleanor Clay, and Virginia Hayden. A somewhat smaller delegation appeared for the Sunday handout, including Dot Nichols, Agnes Gilbert, Virginia Alsop, and Mabel Lovens.

Guests too numerous to mention clustered up the house over the weekend; the boys secured another pledge and the annual senior feed of the chapter (with its accustomed speeches) will be held Saturday evening.

We Thank the Class of '36 for their Generous Patronage and Good Will

and to the incoming Summer Session Students may we extend a hearty welcome

## SEEN FROM THE MORGUE

By JOE QUINN  
Kernel Sports Editor

It's the same old story, folks. "No space today." We have fooled the business office this time, however. Instead of having the column cut in here somewhere and let you read all those swell ads that regularly appear here. Haven't you noticed.

### Cwens Casts Burden On New Officers

(Continued on Page Ten) by riding and dieting... Pat O'Rear—"I'm just going to fool around." (This includes cruising on the Kentucky river in her motorboat)... Mayme Maddox, after going to first summer school period, will "run around a bit"... her territory includes New York, Ohio, Alabama and Georgia... Middle Wheeler will swim at the Y. W. C. A. Camp Ontario near Versailles, and, by the way, it is here that Tinker Dean will guard the lives of girl swimmers all summer long... Margaret Creations—first semester summer school... Sigma Chi camp... stay around Lexington... "ours" a whole lot... Rosemary Clinckaus will spend the summer quietly at Williamson.

The professors have vacation ideas too... Here are the plans of half a dozen assorted profs... Niel Plummer—"The wife and I, after hocking the winter overcoats,

Cliff Shaw will hie himself away to Louisville in order to get a job in order to make money in order to satisfy his unquenchable thirst for gin fizzes.

We will now come to our "smoochies" or "popular girls in several groups..."

Nelle Nevins at first said... "just different things"... but finally told of a two weeks' trip to Blue Ridge... Dot Curtis—Summer is too far away for me to have plans now... Dot McCamish is open for secretarial work... Eleanor Randall will do nothing as long as possible... Velma Hardesty only knows that she will go home to Louisville.

(To late to classify)—Jimmy Anderson (1937 Kyian Ed.)—nothing... Jane Hunger, whose step-father plans with Herbie Kay, will travel with the orchestra stopping at Denver... the Dallas Centennial... and the Edgewater Beach hotel at Chicago... Kelly the Kop will go on "making the rounds" with two weeks of touring which he will head west... Audrey DeWilde—I'm going to travel... (pause)... to Winchester and back again... Mildred Martin—I'm going to stay in Lexington and have dates if I can get 'em... Lois King—trip to Alabama... home to Louisville to persuade her father to let her get a job... Dorothy Broadbent—might go to camp but will probably spend most of time in home town (Cádiz, Ky.)

And I... not that anyone cares... will bend my steps in the direction of Kentucky's largest city... sip chocolate milk... listen to the March of Time... and hope for experience and adventure... Goodby until next semester... you mugs... and happy vacation days!!!

Why, up where I come from people that get elected to offices are the one's that ar the biggest and the toughest. It sure is a big difference from the ones that they hold here at the college where the biggest sissy with the biggest line of XXXX with what ever it is that them sisses call it—wins.

You take the president of the senior class Stahr (S-L-P-T, S-L-P-E) anyway, that feller wouldn't have a chance with the smallest of my 13 sisters.

And you take the rest of them officers, I can't think of their names.

## Let Your Baggage Go Home by the LAUNDRY ROUTE

Arrange to ship it off this June by your old friend Railway Express and when Commencement Day dawns, be fancy free to board the train for home. Anything — trunks, bags, books, golf clubs, cups, even your diploma — Railway Express will pick them all up on your phone call, forward them at passenger train speed, deliver them safe and sound at your home. And it's economical. Railway Express rates are low, and you pay nothing at all for pick-up and delivery service. There are no draymen's demands, no tips, no standing in line, and sureness is made doubly sure by Railway Express's double receipts, with \$50.00 liability included on every piece you ship. Besides, you have the choice of forwarding your things either prepaid or collect, and they'll be home as soon as you are. No other way of shipping gives you this kind of service, as you probably know, and to get it you have only to phone the nearest Railway Express office.

## For Digestion's Sake - - Smoke Camels

They stimulate digestion in a pleasant, natural way... increase alkalinity

The human digestion is a marvelous but delicate mechanism. It responds adversely to the hurry and mental strain so common to our busy lives today. It is definitely encouraged by smoking Camels. Scientific studies show how Camels aid digestion. Sensitive machines of science have measured the increase in digestive fluids — alkaline digestive fluids — that follows the enjoyment of Camel's costlier tobaccos.

For a cheery "lift" — for digestion's sake — for their finer tobaccos, enjoy Camels.

**AT IT DAY AND NIGHT.** Lectures all day — long hours of study at night — keep a man going at a fast pace mentally. How welcome Camels are with their "lift" in energy and aid to digestion.

**PARIS IN LOS ANGELES!** So the world of fashion and of Hollywood calls the charming, palm-studded Garden Room of Victor Hugo's in Beverly Hills. And, as the diners pause between courses to enjoy Camels, Hugo himself gives the nod of approval. "Our guests know fine tobaccos as well as fine foods," he says. "They have made Camels the outstanding favorite here." Camels never frazzle your nerves or tire your taste.

**MRS. WILLIAM I. HOLLINGSWORTH, JR.,** made her debut at the Court of St. James. "How natural it is to smoke Camels between courses and after dining," she says. "Camels stimulate my taste, aid digestion."

**GEORGE REIS** wound up *El Lagarto* to over 55 m.p.h. to win the Gold Cup Trophy for the third straight time! "I'm a hearty smoker," he says, "take a Camel as often as I like. I eat heartily, smoke Camels, and enjoy good digestion."
