

This writing sure does look funny
but can't be helped.

It was mighty cold here a few
days. It was 48°. But its lots
warmer now, in fact its hot.

You can address Mrs Wood's letter
Mrs Lewis Ford - I guess
you can read that - Mrs LEWIS FORD -

Everyone sends lots & lots of love
with lots of love & kisses from me.

My address is:

Your "Six"
"Muggs"
(or is it "Pat"?)

I work and you will be 22

Get any gray hair yet? I
guess not. In you alter remarkably
"well preserved" for your age.

Sept. 15, 1918.

Dearest 'Bud'

Please excuse the pen, but its
the only one down here and I'm
too lazy to walk up stairs.

I guess you're mighty glad that
you got your "knitted-stuff" when
you did, ain't you? I bet you
were sul' the cold weather too.

I got the snap shot look safe &
around several days ago.

We all certainly appreciate having
you write as often. I wish you
could hear them all talk about
you, they think that you are
absolutely perfect in every respect.

Oh yes, I bet you didn't meet
any girls on the train if you
didn't it was just because there
were no girls on board.
