## Admit Negroes, Federal Court Order Declares

Judge H. Church Ford entered an order in Federal District Court Wednesday directing the University to admit qualified Negro students to the Graduate School. The order follows Judge Ford's March 30 ruling in which he declared that Lyman Johnson, teacher in a Louisville Negro high school, must be admitted because the state did not elsewhere provide equal facilities for Negroes wishing to do graduate work. The ruling said that the stand of the University in refusing Negroes the right to enroll because of race and color violated the Fourteenth Amendment to the U. S. Constitution. Johnson was twice denied the right to enroll before he filed last year. The University held that the state constitution and the Day Law prohibited the enrollment of Negroes and white students in the same institution. Judge Ford's order specified that Negroes are to have the benefit of University facilities until the state provides a school which will afford substantially equal opportunities and facilities for such graduate courses of study.

The meeting will close after the final address is given at 3 o'clock by Dr. Earl Kauffman, recreation director of the University physical education department and faculty advisor of the Physical Education Club.

He will speak on creative writing at 3:30 p.m. in room 111 of McVey Hall. At a lecture-reading this evening at 8 p.m. in Memorial Hall, he will read and comment upon some of his own poetry. Spender's appearance at the University was arranged by the English department as a part of its Literary-Dramatic series. The poet is currently making a lecture tour of the United States. Educated At Oxford Spender, who was educated at Oxford, is frequently linked with W. H. Auden and T. S. Eliot, Nobel prize winner, as the outstanding trio of contemporary poets. He is the author of "The Life of Literature," now appearing serially in the Partisan Review, and will soon be published in book form. His newest volume of poetry, "The Edge Of Being," will be released May 2. He has written more than a dozen books, including poetry, short stories, and essays. Spender was a co-founder, along with Cyril Connolly and Peter Watson, of the literary review, "Horizon," in 1939. During the war, he served as a fireman in the London Auxiliary Fire Service. The British Foreign Office sent Spender to Germany in 1946 to study the impact of Nazism on literary intelligentsia. During the year he also served with UNESCO as counselor to UNESCO.

## How Blistered Can We Get?

The most sought-after appearance on campus these days seems to be "that parboiled look."  
Every spring practically everybody, female or male, sets about to acquire a sunburn. The more painful it is, the more successful. The weather for the next few weeks seems to indicate sunshine, followed by extreme warmth, followed by the infernal for more, followed by peeling for most.

## Letters To The Editor

Dear Editor:  
While it is often admittedly lax travel under the auspices of the WSSP could have accomplished much toward international understanding. The fact that this grant was reserved to a mere \$250 even before being passed as a bill in the Assembly not only shows the object of the grant of \$750 to be but in effect practically makes impossible the contemplation of such a trip in as much as the financial drain on the participating student forbids it.

A traveling salesman had just purchased the last Pullman reservation and was leaving the window when an elderly lady rushed up and cried, "I have to get on that train. It's a matter of life and death!"  
Always gallant, the salesman turned over the tickets to the distraught woman. That night his wife received this telegram: "Delayed unavoidably. Have just given berth to an old lady"—Mississippi Rebel.

"As a service to the campus, the chemistry department in cooperation with the school of home economics will serve coffee in the quantitative analysis lab between the hours of 8 a.m. and 4 p.m.  
The coffee to be served in the new coffee shop is a new synthetic product made from floor sweepings and trampled cigar butts, which is designed to compete in flavor with the beverage served in local restaurants."—April Fool edition, Purdue Experiment.

hand experiences to the student body and the community. This direct link between the university community in Europe and the University of Kentucky has been continued by UK students during the past two summers and will be continued by the students going to Europe this summer.  
The qualifications for any student wishing to apply, are that he be willing to speak to interested groups next fall when he returns, and if the applicant has a major in European language that will certainly be in his favor when his case is reviewed by the selection committee.

One might think that \$250 would go a long way in helping a student travel abroad. Last summer two UK students, Harold Friedly and Shelby Darbishire were selected to travel under the auspices of the WSSP, both were allocated funds from campus organizations and from local citizens. The donations did not cover one half of their expenses of purely a subsistence nature. Here is an example of one of the fore-mentioned students' expenses:

Preliminary travel in Germany ..... \$ 72.00  
Preliminary travel to Germany from ship ..... 40.00  
Travel in Czechoslovakia and Hungary ..... 250.00  
Ship fare round trip ..... 280.00  
Passport ..... 10.00  
Visas: England ..... 3.31  
France ..... 3.00  
Czechoslovakia ..... 12.00  
Hungary ..... 10.00

These eighteen candidates, chosen by "The Committee," were in some cases well qualified, but on the whole, the choice showed personal preference. Some student groups were more than well represented, while others with well qualified candidates had no or scant representation.

We are interested in finding the reason, if there is one, with the "powers that be" who are supposedly so fair and unbiased in their judgment, for setting such a poor precedent in campus politics.  
With hopes that this may convey the sentiments of other groups in addition to ours, we remain  
MANY INTERESTED STUDENTS

Dear Editor:  
This letter is an open appeal to the faculty and students to correct a situation which seems to have existed for some time and which was obviously brought to the attention of student voters at the recent election of May Day Court representatives.  
According to the Kernel the choice was to be based on three qualifications:  
1) scholarship  
2) campus activities  
3) beauty  
These eighteen candidates, chosen by "The Committee," were in some cases well qualified, but on the whole, the choice showed personal preference.

On the Berea College campus, there is a group known as the Citizens' Committee. We have been meeting regularly for two years. Our interest is in the field of race-relations; more specifically in the problem of what we can do to better the educational situation for our Negro fellow-students in Kentucky.  
Realizing the existence of other groups and individuals in the state directly interested in the same problem

## SGA Indifference

The announcement that there will be a Student Government Association election Tuesday has greeted with the enthusiasm ordinarily reserved for news such as "There are many warm days in August," or some similarly electrifying statement.

Additional proof of the student body's avid interest in SGA can be rather obviously found in the results of the effort to get somebody, anybody, to oppose the Constitutionalists in the election.

There are nineteen vacancies in SGA. Constitutionalists, after lengthy harangue, nominated nineteen. Their traditional opponents, the All Campus Party, formerly the Independents, decided nobody was kidding anybody and gave up the ghosts.

Embarrassing, perhaps, but realistic.  
To try to have an election instead of a joke, SGA set about to round up some candidates. Due notice was given, posters were put up all over the campus, and the election date was put off until May 3 in the hope of getting students to file independently for candidacy.

Persons needed: at least 19. Persons filing: five.  
Five students out of the thousands eligible are interested in running for SGA. Some of the lack of interest is due to the general, and accurate, belief, that it is practically impossible to buck the Constitutionalists in any but one or two colleges.

But by far the most of the indifference is due to the almost total indifference to the so-called "government association."  
The cause of the indifference is not completely the fault of SGA members. They may have, or profess to have, a great deal of interest in the organization when they go into office.

But such a general attitude of hopelessness is not conducive to any great effort, at least for long. There's a general feeling of being hamstrung and unnecessary.

Even such a project as sending a student abroad this summer to gather and spread information seems to be headed for limbo. Enough money, although student money, seems unavailable for the effort.

Students who question why they must pay for SGA's fruitless existence out of their own pockets have some basis for their frustration: Why drag this thing out any longer?  
If SGA can perform no more important functions than it does and that can't be performed by other organizations, if only five students, on their own, want to serve in it, why keep taking the students' money for it? Let's just junk it and forget about it.

ALUMNI NEWS

THEN and NOW

PERSONALITIES

Membership Drive On Robert H. Hiltenecker, '33, of Cincinnati, membership chairman of the executive committee of the University of Kentucky Alumni Association, is mailing a letter to 1949 graduates of the University on or about May 1, giving them information about membership in the association.

Graduating seniors may join the Alumni Association now, provided they are on their dean's list of candidates for degrees at the June commencement. According to Mr. Hiltenecker's letter, graduating seniors wishing to join the association for the fiscal year 1949-50, may obtain an "A" membership, which carries subscription to the Kernel and the Alumni for \$3; a "B" membership, which carries subscription to the Alumni only for \$2, and a life membership, entitling the member to subscription to both publications for life, for \$25, provided the life membership fee is paid before June 1 on that date the life membership goes up to \$50.

The executive committee of the Alumni Association has made the special exception on life memberships to June 1949 graduates so that they may get in on the \$25 assessment.

According to Mr. Hiltenecker's letter to the seniors, dues may be delivered or mailed to the Alumni Office, room 124, Student Union, with checks made payable to the UK Alumni Association, or they may be given to the senior representatives of the seven colleges of the University, who were chosen for the office by the Student Government Association. The seven seniors are: Sylvia Smith, College of Agriculture and Home Economics; John R. Cruckett, College of Arts and Sciences; William A. ### Library Display Reveals Process By Which A Novel Is Published

By George Reynolds  
Before you take off a couple of days to write that book that's been banging around in your head, it

may be worthwhile to study the progress Henry Hornsby made in two years writing his new novel, "Lonesome Valley."

The library staff has collected a striking display which shows much of the inside life of the work. Mellic Theodore Morrison of Harvard, who appeared on campus this year, and Stanley Salmen of the "Atlantic Monthly" had a great deal to say about it. Their informal letters of advice and criticism show something of the painstaking care with which the book was completed.

**Publishing Long Process**  
The additional work of publishing and publicizing the novel enter into the later stages, when Bill Stone and his associates began sending instructions, contracts, and blanks to fill out.

When Mr. Stone was here earlier in the year, he was quite enthusiastic about "Lonesome Valley," if not about the publishing business itself. At every opportunity, he and Mr. Hornsby went into conferences about the details which had to be completed.

**Is Student At University**  
Biographical sketches of Henry Hornsby have appeared in Lexington and Louisville papers and on the jacket of the book itself. Actually, he is a quiet, friendly man with a pipe in his mouth most of the time. He writes for the Lexington Leader, and, incidentally, attends Mr. A. B. Guthrie's creative writing class at the University.

### Engineers Sponsor Light Demonstration

He is a graduate of the Carnegie Institute of Technology and has assisted at lighting projects of the Chicago's World's Fair, the Statue of Liberty, and municipal projects. Mr. Paulus is past president of the Pittsburgh section of the Illuminating Engineering Society.

## The Spice Of Life

By Jobie Anderson

Here's to Bob Miller and Bill Endicott, the best dance decorators on the campus. The S&E formal was a top-notch what with all that so'then atmosphere. Bet you all still have moss in you all's hair!

Rumor has it that Ben Jackson went to church Sunday wearing a tux. The Phi Tau formal was a tipper too. How ripping can we be? Anyone wishing to rent a new Nash, see George Rybolt.

Lie Gunther and J. D. Vaughn are now going steady. Guess that leaves Andy Meeks to play the field.

Dottie Eihl, Pi Kap candidate for dream girl, got a wee bit mixed up on the dances Friday night. The S&E's don't choose a dream girl, Dottie.

Harold Hunt was back for the formal in a very gay mood. Wonder what Bobby Lou Fols, his fiancée, thinks about his transfer to the North Carolina hills?

Does Betty Hires often nap during dance intermissions?

Ronnie Shultz is leading a don Walker by a neck in the race for Jackie Hayes.

Bill Eaton and Julie Yeager are getting in to be a real regular couple.

Lots of bouffies on Boonesboro Beach Saturday night. Stig Ege.

Deits, Lambda Chi's, Phi Deits, and a few Sigma Chi's caused the flames.

Bob Boutler has given up high jumping. He left part of his britches the last time he leaped over a barbed wire fence.

Bill Nichols' nearest role is playing the part of a dead limb overhanging the river.

Willis Monroe claims he can jump from the highest Delt hayride truck.

Lee Brewster and Ann Keaton—an odd twosome?

Gil Whittenberg and Nancy Richards seem very happy.

Who sent Dave Davidson the mysterious birthday card signed "En Be?"

Jo Patterson is one of Dr. Jess Adams' first flight patients.

Pinned: Joan Finney and Bob Miller; Marilyn Kilgus and Harry Miller; Jane Garrett and Jack Pryor; Maxine Paxson and George Gannon; Jean Coffman and Roy Wallace; Carolyn Wetstein and Billy Redford.

Bucky Kidwell stays around the AGR House a lot lately.

We can quote Bill Benjamin as saying: "George Covington better watch out—I'm out to beat his time with Nancy Brewer."

How many people saw the skunk at Keeneland? Just another sinking day!

Engaged: Doris Taylor and Din-widdie Mathis; Betty Wiley and Bill Martin; Joy Marsh and King Rice.

Kathy Carter was a mighty fetching Pi Kap "Dream Girl."

E. J. Perry, Ann Ferrine, and Bob Hoppe broke the ice at Boonesboro. What's the snuffin' for?

Seems that Dew Reynolds was born to bet—on the races, that is. Dave Hatchett is another happy race follower. Maybe Carl Chambers is the cause of all the smiles.

Ken Ashby's latest lament is: "Why does it get so late so early?" Oh, my!

### 'Good Neighbor' Deterioration Laid To Use Of Minor State Officials

A University of Kentucky professor recently placed responsibility for the deterioration of this country's relations with Latin America on the government's decision to relegate handling of the Good Neighbor Policy to "minor" state department officials.

The speaker, Dr. Samuel Guy Inman, visiting professor of Romance languages and political science, was addressing the closing assembly of the University's annual Foreign Language Conference.

"Whereas in its great days the Good Neighbor Policy was handled in the highest levels of government, today it seems to be directed by minor officials to the fifth level and gets practically no attention from those who made and sustained the policy at its high level," said Dr. Inman.

An adviser to the United Nations and a veteran of more than a score of Pan-American conferences, he also charged that last year's Bogota meetings were a failure. Instead of emphasizing cooperation in cultural, social, political, and economic activities, he stated, the United States delegation "prepared itself like a banker meeting a client to tell him as diplomatically as possible that the desired credit could not be extended."

A second cause of failure at Bogota, he asserted, was the honoring of Latin American dictatorships like those of the Dominican Republic's Trujillo and Nicaragua's Somoza by nominating their representatives for important positions.

Dr. Inman listed other shortcomings of the Bogota Conference as: "failure to attack the problem of raising Latin American living standards; laying the blame for all failures of Democracy on Communism; and adoption of an agreement to continue relationship with any government irrespective of the way it attained power."

Not one of the recent military uprisings are chargeable to Communism, he said, but have been carried out by "the century-old combination

of consultation on the highest levels between Washington and governments of Latin American republics. (3) Bring to an end the glorification of Latin American fascist dictatorships.

# Intramural Sports

Tomorrow at 1:30 p.m., April 30 the qualifying heats in the fraternity 800 yard relays will be held at Stoll Field Track.

There are 14 teams, which are split into three groups. Each group will participate in a heat of its own. The two qualifying teams from each heat will compete in the finals tomorrow night held during the Spiked Shoe Relays, which begin at 7:30 p.m.

The teams in the heat one are: SAE, ATO, SN, ZBT, and KA. Heat two consists of: DTD, SPE, PCT, PSK, and KS. Four teams make up the third heat: SX, LXA, PKA, and AGR.

Several independent teams are expected to enter the Independent relays, which will also be held tomorrow night. Spiked Shoe Society will present the Independent winner a trophy.

Spiked shoe will also present a trophy to the winning team in the fraternity relay, and members of the winning and runner-up teams will each receive a track shoe charm.

Scoring will be as follows: one point for each team that qualifies, five points for winner, three points for runner-up, and one point for third place.

Monday and Tuesday afternoons, May 2 and 3, from 4:00 p.m. to 6:00 p.m., the remainder of the Intramural Track Meet will be held.

Qualifying in all events will be on Monday, and the finals will be held Tuesday. The remaining events are: 100 yard dash, 200 yard dash, 600 yard run, 120 yard high hurdles, running broad jump, 12 pound shot, pikea throw, and javelin throw.

**Tennis and Golf**

Intramural Manager C. J. de Sponsi made the tennis schedule in both the singles and doubles tournaments, and posted them last Wednesday, April 27.

There are 26 teams in the doubles and 56 entries in the singles. Sponsi called attention to the fact that last year's finalists, Charles Holland (SAE) and Wynn Moseley (SX) are not entered this year. A fairly tight battle for both championships is expected to develop.

In the singles, 48 men compete in the first round with eight drawing-boys to the second round. Round two will have 16 matches, and round three has eight contests. Following

Dear Miss Deane:  
Could the Kentucky Kernel be pulling a "bullshit" on us and giving out with a lot of "what ain't for what?"

Your filler line editor has been making unprecedented claims since April 8, reporting that Stephen Foster Collins wrote Beethoven's Emperor Concerto, and that the first radio was brought to America in 1492.

Now I'm a firm believer in the printed word, but this does read like "bull." Better get him on the water-tight before he tells us that "pink elephants make excellent scrambled eggs if fried in beet juice."

Very truly yours,

Back in the saddle again is **DOPEY PHELPS**, the fastmoving halfback from Danville. This will be Dopey's first appearance in a regulation game on Stoll Field since last October 18, when he played against Vanderbilt. Phelps will also compete in the Spiked Shoe Relays tomorrow night on Stoll Field.

## Wildcat Fullbacks Ranked High In Southeastern Conference

The 1949 squad of Kentucky Wildcats footballers might be a little weak in a position or two in the line, but Coach Bryant certainly must be losing no sleep when he thinks of the fullback slot.

In tonight's conflict, five fullbacks are listed to see action. On the Whites there will be Harold Woodell, Ralph Genito and Kosowski. For the Blues, Leo Truman and Clayton Webb will perform at the spot.

Of the five, four of them are proven players—all except the sophomore Kosowski who will get his chance this fall. He played with the freshman eleven last season and is said to be a promising player.

**Lee Truman**

Lee Truman has been threatening to become a great back for three years now. Last season, a leg injury in the Georgia game slowed the 190-pound speedster from Owensboro down for the remainder of the season just as it looked like he was

**Webb Coming Up**

In the No. 3 position and moving up very rapidly is Clayton Webb a powerful full from West Virginia. Clayton is probably the best punter on the team. His boots in the spring intrasquad games are reminiscent of the punts of George (The Toe) Blanda. This junior is certain to see considerable action this season and it is possible that he will be starting a few games.

**"Woody" Top Line-Backer**

Closed behind Webb is a grider named Harold Woodell, a 21-year-old junior from Beckley, W. Va. "Woody" is 5-11 and weighs 185 pounds. He was formerly a left end but was transferred to line-backer last season and turned in an excellent job at this task. Very good on the defense, Woodell can run too as he proved in the final seconds against the Miami Hurricanes last November by intercepting an aerial and dashing for a touchdown as the game ended.

In addition to these five, Bill Leskora, who also comes here from West Virginia, will probably be playing at the fullback position this season. He is at present performing on the University's baseball team as an outfielder. Leskora is from Fairmont, 20-years-old, 6-2 and weighs a nice 160-pounds. Leskora is much on the order of Truman, although not as speedy.

When it comes to fullbacks these six mentioned above very possibly give the Kentucky Wildcats the best fullback position in the conference. If every station on the back team was as strong as this, they would be going to give their opponents plenty of scratches to remember them by again this season.

Kentucky Track Coach Don Cash Sexton has selected four teams from the variety and freshman teams to represent the sororities. They will meet in the sorority 800-yard relay.

John Melhaus, John Cobb, Charles Warner, and James Wise will run for Chi Omega. Melhaus is the team captain. Tri Delta will be represented by Tony Dallas, captain. Dale Barnstable, Phil Fowler, and Emory Clark. R. A. P. D. G. captain, George Kirchner, Clifton Lawson, and Bill Sillier will run for the Kappa Delta. Theta will be represented by Don Phelps, captain, Bob Pralman, Guy Weeks, and John Netoskie.

Independent 800-yard relay will be run by three teams representing Kinkaid, Bradley, and Breckinridge Halls.

The fraternity 800-yard relays will be run in three heats. In the first heat will be SAE, ATO, SN, ZBT, and KA. In the second heat will be DTD, SPE, PCT, PSK, and KS. SX, LXA, PKA, and AGR are entered in the third heat.

One of the real highlights of the meet will occur when Harrison Dilard, Olympic hurdler from Baldwin-Wallace, appears in an exhibition of 300-yard high hurdles run. He will run against Tony Dallas, Guy Weeks, and Dale Barnstable of the UK team.

Dillard has been entered in exhibitions all over the world the past months. He arrived from South America Tuesday.

All of the high school events will be relay runs. Scheduled to run in the 40-yard relay are Garth High of Georgetown; St. Xavier, Louisville; Bellevue, Bridgeport; Frankfort; Frenchburg; Lawrenceburg; Stanford; Highlands of Fort Thomas; Holmes; Lafeyette; Lexington; Millersburg; and Manual of Louisville.

Running in the distance medley relay will be Ashland; Holmes;

entertainment at the relays. The series of exhibitions will be directed by Bernard Johnson.

This will be the first post-war attempt in the State of Kentucky to bring back high school track to a "status equal to other major sports. Don Cash Sexton, head of the UK physical education department, has completed the arrangements for the relay events. Paul "Earl" Young, UK track student manager, arranged the University division for the relays.

The final high school event will be the mile relay. Entered are Ashland; Lawrenceburg; St. Xavier; Louisville; Bellevue; Highlands; Millersburg; Bridgeport; Holmes; Manual; Frenchburg; Lafeyette; and Tighman high schools.

Order of events will be as follows for the high school relays: 40-yard relay, distance medley, 800-yard relay, shuttle-hurdle relay, sprint medley relay, and the mile relay. Dilard will run his exhibition after the high school 40-yard relay.

# Final Blue-White Tilt Carcled for Tonight

The final intrasquad football game of the spring season will be held Friday night on Stoll Field. Game time is set for 8 p.m. It will mark the official end of the six-weeks of spring practices in the Kentucky football camp.

In the three previous games, the White squad has won two (26-6 and 60-0) while the Blue emerged a 19-13 winner in the second skirmish. In addition to marking the official end of the spring drills, the Blue-White tilt will be the highlight of a two-day football clinic to be held on the campus today and Saturday. The varsity gridlers will demonstrate the Kentucky system of play to more than 300 high school and college coaches expected for the clinic.

Principal speaker at this annual affair is SMU's Marty Bell, who is recognized as one of the top coaches not only in the Southwest but in the nation. Kentucky's grid mentor who will also give lectures are Paul Bryant, Carney Leslie, Frank Moseley, Joe Atkinson, Ermal Allen, Clarence "Buck" Underwood, and Jay Rhoadsmyre.

**Evenly Matched**  
The two squads appear to be evenly matched on paper, with the White eleven, captained by Dick Holway, having a slight edge. This team will be coached by Frank Moseley, Joe Atkinson, and Debra Leo Yarralis and Jay Rhoadsmyre.

The Blue aggregation of Captain Harry Ulinski has a somewhat faster backfield with Dopey Phelps, Bobby Brooks, Cliff Lawson, Lee Truman and Clayton Webb but this is counter-balanced by the seemingly stronger White line, which features such stalwarts as Ermal Allen, Dick Underwood, and Bill Moseley.

**Resters of Teams**  
On the White squad, with the probable starters named first, are: Left End: JERRY CLAIBORNE, Nosekick, Clark. Left Tackle: BOB GAIN, G. Claiborne, McKennie. Left Guard: DICK HOLWAY, Baldwin, Shelvin, and Heath. Center: DODG MOSELEY, Rogers, and Penick. Right Guard: BILL DAWSON, B. Jones and Werner. Right Tackle: LLOYD McDERMOTT, Vance and Eider.

The Blue will be handled by Coaches Carney Leslie, Ermal Allen, Buck Underwood, and Bill Moseley.

## Coach Bryant Has 20-9-2 Mark In Three Seasons With Cats

Next fall will be Paul (Bear) Bryant's fourth season as head football coach of the Wildcats. In his first three campaigns, his teams here have compiled a record of 20 wins, nine losses and two ties. In 1947, the UKats won eight games in 11 conflicts, including a 24-14 victory over Villanova in the Great Lakes Bowl tilt at Cleveland.

With many promising sophomores on this season's squad, the future of Kentucky's football team is bright. One of the features of Bryant's career here has been the determined spirit of the players, who are consistently outweighed by a large majority of their opponents.

Bryant is known around football circles as a "hard driver" but he ticks results. Last September, before the start of the 1948 season, a Cincinnati sportswriter came down here to Lexington to look over the Wildcat's in practice. On his return to the Queen City, he wrote that "No other often head coach at Cincinnati is known around here for driving his players, but Kentucky's Coach Bryant out tops him."

One of the rules that Bryant has had down for his players is that they hit the practice field on the run. And they usually leave the gridiron on the double-time, too. In practice sessions, everything is run like a race.

A certain amount of time is given to one fundamental after which, while marks the end of that particular function and the beginning of another at the daily practice sessions.

**No Loafers**  
One cannot help but be impressed with the Kentucky grid mentors who keep all the players busy for practically every second there on the practice field. It is most rare to see anyone loafing. There are definitely no slackers on the UK team. If a player begins to take it easy, he usually finds himself quickly dropped down on the squad and eventually released from the team entirely.

A picture, whether by design or accident, that was very typical of Coach Bryant, and his constant study of the science of football, appeared last year in one of the local newspapers. The Bear has been laid up with a virus-X infection and was pictured in a hospital bed with a large diagram of football plays that he was studying for the following grid campaign. He takes football as seriously as any coach in the country. If he isn't coaching his players, Bryant is usually busy at some other football duty such as attending grid clinics or looking over prospective players.

He is a firm advocate of the T-formation style of play, and has had considerable success with it. Against Villanova in the Great Lakes Bowl tilt, he threw up an unusual offensive that completely fooled the big, heavy opposing line.

Using a double-spread, he had

Ralph Genito and the two quarterbacks, Babe Parelli and Bob Benik. In the line, Nick Odilvak, Bob Gain, Jerry Claiborne and Dick Holway. Best of the Blues were Quarterback Bill Parley; End John Nosekick; Center Tom Legacki and Halfback Phil Post.

**Parade of TD's**  
Touchdown No. 1—came shortly after the game got underway as Bill Bolter swept around right end and for the score. The p.a.t. was no good, because of a bad snap from center.

Touchdown No. 2—with 4 minutes left in the quarter, Clayton Webb dashed around end and scored with Brooks converting.

Touchdown No. 3—With seconds left in the first period, Dopey Phelps broke off tackle and scooted 57-yards to satisfy the crowd, many of whom had turned out for the game mainly to see the Danville speedster in action. Brooks converted again.

Touchdown No. 4—was made by Lee Truman on a nice run around the right flank and Brooks again booted the extra point which now made the count read 27-0.

Touchdown No. 5—Babe Parelli flipped a beautiful 30-yard pass to Bob Brooks last year. Parelli's pass was thrown like a bullet and hit Brooks perfectly as he turned and outraced the Blue's safety man. Brooks p.a.t. was no good this time.

Touchdown No. 6—Brooks got off

DisKintucky Sports Review

By Tom Diskin, Sports Editor

Tonight's Blue-White intrasquad game, sponsored by the K-Club should be one of the best ever held as the two teams have plenty of talent and are evenly matched. In addition, with only a few exceptions, all players seem to be in tip-top physical condition and they will be out giving their all in the final of four intrasquad games of this spring.

In the three previous contests, the White team has won twice but in these games the eleven were not as well matched as they are for tonight. Some of the players expected to stand out in this tilt are:

SHORTY JAMERSON: a spirited 5-10, 180-pounds and is one of the most aggressive linemen on the team. He has been one of the most valuable players in the line this fall. Has plenty of spirit and will to win. He should be one of the most valuable players in the line this fall.

BOBBY BROOKS: another half-back. Potentially one of the best backs on the team. Bob has been hampered constantly by injuries. Should be shake off this jinx this fall. Brooks might well become one of the best backs in the South. He was much sought after in high school. He attended Lew Wallace High in Gary and broke several records in the 100 and 200 yard sprints. He is 5-8 and weighs 175.

LEE TRUMAN: a power-back who uses his 190 pounds to full advantage. Lee is now a senior, hails from Owensboro and is one of the top candidates for the starting halfback position. Looked very good in the game at Newport last Saturday night.

BOB BEZUK: No. 2 quarterback on the squad at the present time. Only 5-8, 170 pounds. Came from Amherst, Pa., hometown of Hanklin. He has shown that he can pass and handle the ball very well despite his small size and relative inexperience in college football. He is a sophomore. Will probably see considerable action tonight at the signal-calling slot.

DOPEY PHELPS: the 173-pound flash from Danville has been making a strong and determined bid for a starting halfback position come next fall. Dopey has one year left here and it may be his best. Was a sensation as a freshman, leading the team in scoring with 42 points. Phelps is always a threat when he takes off on an end run. Very fast and agile.

CLAYTON WEBB: here is a lad that seems to be improving with each game. Webb turned in an excellent game at Newport and has the physical attributes to become a great playmaker. Clayton is from St. Albans, W. Va. stands 5-11, weighs 190 pounds and has two campaigns remaining.

BILL BOLLER: very possibly the most unpredictable back on the team. Ranges from very mediocre in some games to playing like a candidate for all-conference honors in others. Bill is from Beaver Falls, Pa., packs 175-pounds on a 5-11 frame. This is his last season for the Big Blue.

BABE PARELLI: the No. 1 candidate for all-important quarterback spot. Babe is a sophomore from Beckers, Pa., stands 6-1, weighs 180 pounds and in practice games this spring has shown considerable ability in the art of pickin' passin'. A lot depends upon him as to the success of the Big Cats come September. Looks like a great prospect at the present time.

BOB GAIN: had I listed this group of players according to their value to the squad, this 220-pound giant tackle would probably have headed the roster. Gain, now a junior stands 6-3 and hails from Weirton, W. Va. All he did last year was make All-South and All-Southeastern Conference tackle in his second season at UK.

DICK HOLWAY: one of the cap-

It has been definitely established that bands of students wandering around the campus gazing at trees and shrubbery with fervent looks are not members of the tree worshiper religion. They are merely botany students.

JOHN STOUGH, the Wildcats' hard-hitting shortstop, is shown above lining out a base knock against the Vanderbilt Commodores here last Monday afternoon. The lad from Montgomery, Ala., who is again one of the leading hitters on the squad hit the game-winning one run against Georgia last Friday afternoon as Kentucky won 3-2 in a close contest.

Wildcat's 8-1 Record Leads SEC Baseball

Coach Randy Phillips' Wildcats baseballers made their season record most eight wins and one loss this season by splitting two games with Georgia and licking Vanderbilt twice.

The Cats Southeastern record of 7-1 puts them far out in front in the Eastern division. Georgia with a 6-4 season is in second place.

Coach Phillips juggles his lineup more often than a hot potato, in guiding the first consistent, winning baseball team ever to represent Kentucky. No three games, among the nine played this season, have had the same starting lineup.

He works to win the game at hand. If it takes every pitcher, catcher, and bat to win, he'll use them all.

Dom Fucci drove in four runs with a triple and a single in three trips to the plate.

Yandy's Stephens whiffs it, loses Vandy's ace, Jim Stephens, struck out 17 men but the Wildcats got to him for nine hits, racking up a 7-2 win.

John Stough's homerun with one out in the last of the ninth inning gave Ray Mignery his third win, a 3-2 victory over Georgia. The bespectacled shortstop drove in two

runs with a first inning triple and his circuit wallop. Dick Ramsey drove in the other tally also collecting a homer and a three bagger.

Georgia - 000 000-2 4 2 Kentucky - 110 000 001-3 5 1 Batteries: Adams, Miles (8) and Johnson; Mignery and Fucci.

Bulldogs Bite Wildcats 13-12 Kentucky was knocked from the ranks of the unbeaten, when Coach Charlie Trigg's Bulldogs grabbed an unearned run in the eighth inning of a free scoring contest, to win by a 13-12 score.

Dom Fucci drove in four runs with a triple and a single in three trips to the plate.

Georgia - 501 321 010-13 16 6 Kentucky - 720 000 120-12 13 2 Batteries: Callahan, Sull (1), Kell (5), and Johnson; Ford, Hirsch (1), Tucci (9) and Fucci, Turner (9).

Yandy's Stephens whiffs it, loses Vandy's ace, Jim Stephens, struck out 17 men but the Wildcats got to him for nine hits, racking up a 7-2 win.

Ray Mignery, Kentucky's ace hurler with a 3-0 record, saved two games for other pitchers this week-end, keeping Fucci's win by pitching 2-3 innings of hitless ball, and then finishing Willie Allen's game with one pitch, quelling a three run rally.

Cats Rip Bulldogs 3-2 John Stough's homerun with one out in the last of the ninth inning gave Ray Mignery his third win, a 3-2 victory over Georgia. The bespectacled shortstop drove in two
