

COMMENCEMENT PLANS RELEASED BY COMMITTEE

Approximately 400 Students Will Be Graduated in June HUTCHINS OF BEREA WILL BE SPEAKER Field Day and University Day Celebration To Be Held May 24

Annual commencement week at the University will begin Wednesday, May 24, with a joint celebration, incorporating Field Day and University Day. The combining of the University's two major events of the school year will offer a variety of activities and entertainments.

Plans outlined by the committees for the University and the Board of Trade include an inspection of the institution, a barbecue on the Experiment Station farm, and the Field Day events which will be presented by the University R. O. T. C. unit beginning at 1:30 p. m. on Stoll field.

The commencement program is as follows: Philharmonic orchestra of the University of Kentucky. Invocation - The Rev. Wyatt Guinn Montgomery, Lexington. A Capella Choir of the University, "Cherubin Song," "Bortnyanski," "Sing We and Chant It," Morley; directed by Miss Josephine Parker.

U. K. Rifle Team Wins Fourth Place

In a rifle match fired by ten of the outstanding Pershing Rifle units throughout the country, the team from the University of Kentucky fired in fourth place. The match was won by the crack team from the University of Alabama.

The teams finished in the following order: University of Alabama, University of Nebraska, University of California, University of Kentucky, University of Indiana, Oklahoma A. & M., Iowa State, University of Minnesota, Ohio State, and the University of Illinois.

Kampus Kernels

Will all those who haven't paid their Y. W. C. A. pledges please pay them as soon as possible at the Y. W. office in the Women's building.

DE MOLAYS TO HEAR DOCTOR M. W. WHITE

Dr. M. W. White, associate professor of psychology at the University, will address the Lexington chapter, Order of the B'nai B'rith, on "Hypnotism" as its regular meeting tonight at 7:30 at the Masonic temple. The program is the second of a series of programs being presented by members of the chapter.

Guignol's Final Play Will Be Shakespearean

"A Mid-Summer Night's Dream" Monday, May 15 With the presentation of its seventh and last production, "Mid-Summer Night's Dream," Guignol theater closes one of its most significant seasons since its appearance on the campus.

The Shakespearean comedy consists of a cast of 24 characters, the best known ones being "Puck," played by Mary King Koger, and "Bottom," played by Harle Smith. An unusual feature about the comedy is that the entire play will be accompanied by the musical score of Felix Mendelssohn-Bartholdy which was written especially for this play.

The annual Guignol prize play contest was won by Virginia Boyd and Parry Kraatz with their "Aias, Poor Yorick!" Next season's entries in this contest will be composed of mystery plays. The prize offered is \$100, a week's run at the little theater, and a radio performance of the entire play. It must be original and the entire manuscript must be mailed to Director of the Guignol Theater, 1933, 1934, sealed and accompanied by a signed envelope bearing the name and address of the author with postage for returning. The play must involve 2 hours of acting.

COUNCIL AWARDS FIFTEEN LETTERS TO TRACK SQUAD

Athletic Group Will Send Parrish, Kercheval, and Baker to Meet NET AND GOLF LETTERS TO BE DECIDED LATER Captain To Be Selected Soon; J. F. Adams Named '34 Manager

Fifteen letters were awarded to members of the Wildcat track team yesterday afternoon at a meeting of the Athletic Council. The council also approved sending Coach Bernie Shively, Howard Baker, Doug Parrish, Bud Falk Kercheval to the Southeastern conference track meet at Birmingham, May 19 and 20.

The past season was rather disappointing to Wildcat fans, as the Big Blue won only two of four meets. But both meets lost were dropped to strong foes and by, a few points in each instance. The Big Blue had a good season even though all the fans will not concur in that observation. Several outstanding men have been named who will prove invaluable to the varsity again next year. Charlie Gates, Armer Mahan and Joe Ruppert were sophomores who showed plenty good this season.

R.O.T.C. Parade Will Be Held Friday at 4 P.M.

Members of Kiwanis Club and Their Wives Will Be Guest Reviewers The fourth of a series of regimental parades of the R. O. T. C., which is to be held on Stoll field, Friday at 4 p. m., will be reviewed by members of the local Kiwanis club and their families. Efforts are being made to make this the most excellent parade of the year, due to the fact that members of the visiting Pershing Rifle units from Ohio State, University of Illinois, University of Indiana, and University of Michigan will be spectators at the event.

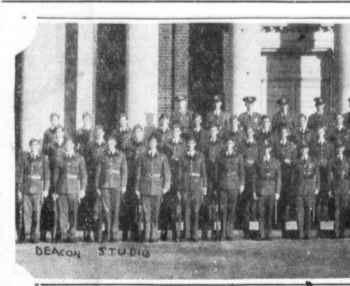

BENEFIT BRIDGE PLANNED BY CLUB

Woman's Club To Use Funds To Purchase Portrait of Dr. Samuel Brown, Pioneer Physician PICTURE IN LIBRARY The University Women's club will sponsor a benefit bridge at 8 p. m., Saturday, May 20 in the faculty club rooms in McVey hall. Reservations can be made through Mrs. J. S. Chambers, the chairman. Prizes will be given and refreshments served. Besides playing bridge, other forms of entertainment will be offered. The money is to be used for paying for the portrait of Dr. Samuel Brown, now hanging on the second floor of the University library.

Glee Clubs Sing In Paris, Wilmore

Accompanied by the Philharmonic orchestra and directed by Professor Carl A. Lampert, the Men's and Women's Glee clubs appeared in concerts at Paris and Wilmore, Monday and Wednesday nights. They presented selections from "Faust."

UNIVERSITY PERSHING RIFLES UNIT FAVORED IN DRILL MEET TOMORROW

The annual regimental competition of Pershing Rifles, national honorary basic military fraternity, will take place tonight at 8 p. m. under the flood-lights on Stoll field. The five competing units will represent the universities of Dayton, Indiana, Illinois, Ohio State, and Kentucky. The drill meet was held at the University of Illinois last year and was won by the unit from the University of Kentucky, under the command of Cadet Captain Bill Saunders.

Key To Be Awarded To Best Reporter

A gold key will be offered as an award to the most outstanding reporter on The Kernel staff, according to an announcement made yesterday afternoon, by Wesley Carter, editor. The contest will be open to every member of the news staff and will be judged by the editor, the managing editor, and the news editor.

KERNEL PLEDGES \$20,000 TO NEW BUILDING FUND

Contributions of One Dollar From Fraternity Initiation Fee Expected BUILDING TRUST FUND WILL BE ESTABLISHED Structure, Upon Completion, To Be Self-supporting, Is Plan With a donation by The Kentucky Kernel of \$20,000, and other smaller contributions, the drive for a student union building on the University campus was announced Thursday night at the banquet of Omicron Delta Kappa held in the University commons.

The student union building finance committee, headed by Gordon Burns, with President McVey, has been working out details of the undertaking.

Tuesday afternoon the committee on Publications adopted a resolution as follows: To the D. K. Student Union Committee, University of Kentucky Gentlemen:

We are pleased to hand you herewith a resolution adopted May 10, 1933, by the Committee on Student Publications, and hope that it will serve in a material way, as well as inspirationally, to prompt your members to movement looking toward establishing a student union building on the campus of the University of Kentucky.

Resolved: That the Committee on Student Publications, with approval of the University of Kentucky Kernel staff, pay annually to the proposed Student Union Building Fund, \$20,000, in five hundred dollars (\$500), until the building is under construction, and one thousand dollars (\$1,000) annually thereafter until the Kentucky Kernel shall have contributed the sum of twenty-thousand dollars (\$20,000) to the project.

For this sum the Kernel will make that provision in each building be made for adequate space for the housing of its printing press, offices, and stock rooms, also space for a general office for the Kentuckian.

Signatures Resolved: That this Committee, at the end of each school year, pay to the Union fund any balance that may, at such time appear, to the credit of the Kentuckian.

Enoch Grehan, Chairman, Committee on Student Publications. James Shropshire, Secretary, Committee on Student Publications.

Other figures include: Judge Stoll, \$100; Prof. Enoch Grehan, \$100; R. D. McIntyre, \$25 per year until the building is completed. (Continued on Page Four)

NEW COURSES ARE ANNOUNCED

Four Subjects To Be Added To Curriculum of the Arts and Sciences College OTHER CHANGES MADE A partial list of new courses to be added to the curricula of the various colleges on the campus has been released by their respective deans.

The College of Arts and Sciences will add four tutorial courses in those departments using comprehensive examinations. They are philosophy 35A, mathematics 16A, and B, and ancient languages 16A, and physics 15A. The other three departments requiring comprehensive examinations, anatomy and physiology, geology, and zoology, will take their tutorial work in the seminars.

The Law college will include a course on Public Utilities in its curriculum next year and a means for specializing in reorganization and liquidation methods are the means whereby creditors and stockholders of a dissolved corporation may be protected.

It was also announced by Dean Alvin E. Evans of the Law school that the chief counsel of the Reconstruction Finance corporation has promised definitely to place a Kentucky Law school upon a list which consists of some five of the large schools whose students, it is said, they have made the membership with the law journal staff are to be invited to join the staff of the Reconstruction Finance corporation.

The College of Engineering will add no new courses and the College (Continued on page Four)

## BALLS OR BRAWS

There occurred recently at a dance given in the gymnasium a disgraceful event, a fight which took place between several individuals at the dance given by Sukey last Friday night. This dance was given in order to pledge the new members of Sukey and a common brawl was hardly in harmony with the remainder of the program. Brawl is a raw term, but so was the fight. It is such affairs as these that cause the general public to think that education is not worth while.

It must be said, however, that most of these fights, they have occurred in the past have been caused by people from the outside and not by students of the University. These "drug store cowboys" have not yet learned to conduct themselves as gentlemen and should be excluded from all future University dances. Bids are usually sent out and if a stricter sale concerning entrance by these bids was enforced, there would be no trouble of this sort. In the case of subscription dances, the Student council should take steps to see that individuals who have caused trouble before, he refused admission to future dances.

The Kernel is not dealing in personalities and does not care who were the participants in the affair last Friday. It does attack most vehemently the occurrence of such affairs. Dances are held for the entertainment of people invited, and not to provide an audience for a common fight. The gymnasium is open in the morning and afternoon of every week day and a boxing instructor is maintained who will be glad to supervise any and all bouts which persons wish to arrange. It is hoped that in the future all who feel that they have the pugilistic urge will control themselves until the proper time and place have been reached.

This matter is called to the attention of the Student Council by The Kernel and hopes it will act to prevent a recurrence.

## MOTHER'S DAY

During Wilson's administration, a day was set aside as a national tribute to the mothers of the nation. Since that time the second Sunday in May has been observed as Mother's Day. It is a day when the nation pauses to commemorate an undying love for mothers both living and dead. The spirit of motherhood is an intangible quality. To the child, a mother is a dear guardian, the center of his universe, and his teacher. She punishes when he does wrong, consoles when he is in

sorrow, and praises when he has done a noble act. She is the base on which he stands, and grows, and lives. To the youth, a mother is a companion, an intuitive guide of right and wrong. She is unselfish, sincere, and ready to sacrifice her own happiness for that of her child. It is the youth who is most critical of his mother. When he becomes a man he realizes that she comes a never regret her for the countless acts of service which she has silently and lovingly bestowed upon him. Thinking of her resurrects a series of happy remembrances. He sees in his character the influences of his childhood associations. No matter how far he drifts from his mother's guiding hand, he has not lost those impressions of her which are a part of his early environment. Material offerings on Mother's Day seem inadequate and shallow in expressing one's devotion. One cannot repay unselfishness, and sacrifice, and forgiveness in written form or by gifts. Yet the joy and happiness expressed on every mother's countenance when she receives a small remembrance from her son or daughter is manifold.

Those sons and daughters who are in college tend to forget the debt they owe their mothers. They have built for themselves a new world. They have found new interests. They are often not cognizant of the fact that they still represent their mothers' central interests in life. It is fitting indeed, that the nation is given an opportunity to observe a day which is devoted to paying tribute to mothers. How inadequate that one day! Yet mothers are not demanding. They are grateful for each little act of devotion which rises spontaneously from the hearts of their children. Observation of Mother's Day is a personal and intimate one. To each individual it has a different implication. Each University student has his own way of paying tribute. May he not neglect his opportunity.

## LITERARY

conducted by JANE ANN MATTHEWS

The literary column, in a frantic desire to keep up with the times, in the absence of soap in the mood of spring, has gleaned its material this week from the rank of the home town, The Kernel staff. This edition of literary is somewhat in the manner of a house cleaning, freeing the occupants of the Kernel of poems or effusions printed below are the compositions of members of the staff of the various departments of this paper. The selections may prove enlightening. The first poem "To Jean," is a recent work of the sports editor, Delmar Adams. Mr. Adams has written several poems in a vein similar to the one below.

TO JEAN I know your hair is bright like gold— Casten in angelic mold. And your skin so pearly white— Brings much pleasure to my sight. And your curly lashes long— Hide your gazes from the throng. Just like woven gold so thin— And just like gold it is heart within.

Angels give thee constant care— And with their talents share. And thou hast a charm o'er me. For I love you, can't you see? Though your temper be wild or fair— What if I do not care. All these things I know of you— But tell me, have you eyes of blue? —DELMAR ADAMS.

The following poem is by James R. Miner, "Pinkie" of "Ed Adams." Pinkie won first prize in last month's poetry contest. He is a frequent contributor to literary.

## OUR NEW ALUMNI

The 1923 sheepskin and degree will carry with them few assured immediate prospects, but they will be accompanied by great hopes despite present untoward conditions. From the approximately 1,000 colleges, universities and technical schools of the United States and Canada, probably 150,000 or more students will be graduated this spring. Of this number it is not likely that more than 20 per cent will find jobs. A large number will continue to study, but at least 50 to 70 per cent will be dependent upon parents or guardians for livelihood. In the face of unemployment, two radically different attitudes are being evidenced by this year's graduates. On the part of some there seems to be deep concern as to their future welfare. Having entered college with the idea of getting jobs and earning money they now have little to hope for. A very large proportion of young men, on the other hand, feel very sure of their future. They are ready and eager to enter society and they feel perfectly confident that they can make their way and at the same time make real contributions to the social order.

Upon all economic depression has made grave inroads on their out-

look upon life and their thinking. Most of them seem to see a positive change coming in political, social and economic life. When these young people entered college four years ago, the goal of most of them was jobs where they could make money and attain success. The psychology of the depression and people with whom they have associated have changed the dollar value of the philosophy of many at an attitude of deep concern for the welfare of the entire social and economic structure.

In general they look upon such institutions as war as a mistake, in face of a grave menace. They are more internationally minded, more responsive of the political ventures of the present Roosevelt administration and do not seem to fear what may appear to be socialistic tendencies on the President's part. In general they have an aversion to anything in the order that that is not real, and despite all that may be said to the contrary this attitude on the part of the new alumni is to be commended.

## THE BIG PARADE

By JOHNIE CRADDOCK "Halt! Who goes there?" Stewed Cadet: "Noah and the ark, sir." Sentinel: "Advance Noah and pass the animals in review." That is what Caesar would have said, for he was a soldier of note. In fact, he had two notes which he couldn't pay. Anyhow, he was the world's strongest soldier for he pitched his tent across the river. But poor old Caesar's army would look like a gang of girl scouts as compared to the crack Pershing Riflemen who will compete in an exhibition on Stoll field Friday night.

The unanny part of it all is the fact that these riflemen execute various movements without verbal commands from their captain. It is evident that they are deaf mutes for the captain gives his commands on his fingers. One time the captain got his hand fastened in his pocket and his riflemen marched over him before he could free himself and give them the command to halt.

All persons who were not fortunate enough to have firecrackers last fourth of July will undoubtedly marvel at the magnificent fireworks which will be displayed on this occasion. In addition to the regular program, the University of Kentucky riflemen will engage in a paper-wad sham battle with the Ohio State cadets. Our boys should win for some of them have been chewing the cud for several weeks. Spectators are kindly requested to bring their own gas masks, and it might be a good idea for them to throw in a pop tent for their convenience, for the spectacle may prove to be so astounding that some of the spectators may not be able to return to their homes after witnessing the exhibition. If such be the case, just pitch your tents on Stoll field and spend a quiet evening with the rest of the boys.

Kappa Kitty Reynolds is pinned to Kay "Dutch" Wilhoit. The laugh is now on the English department who razed The Kernel because of an apparent error on the part of a Kernel writer. The truth is that the English critics can't discern a typographical error or incomplete sentence... he who laughs last laughs best.

## Diploma In Three Years? Sure!

U. K. Student Discusses Possibility and Plausibility of Graduating in Three Years

By CHARLES TALBERT At the present time it is possible for the average student at the University of Kentucky to fulfill the requirements for the bachelor's degree in three years. Three full summer terms of ten weeks each can be substituted for the school year of 36 weeks, and a number of students have been able to graduate in three years by getting into three summer terms of five weeks each. Every department in the University of Kentucky has a summer session, making it possible for the student to include courses required by the University and by the various colleges for graduation, as well as those in his field of concentration.

Graduating in three years is desirable for several reasons. For example, the entire life of the average individual is comparatively short. A year saved in acquiring an education means one year more of life work. There are few professions in which the beginner earns the same pay or has the same rank as the older man. He must first pass through an experimental stage in which he adapts himself to his surroundings and in which he gradually increases his efficiency. This period will vary from five to ten years, depending upon the nature of the profession and the ability of the individual. The person who saves a year while in college may enter this period a year earlier, and will naturally reach his maximum ef-

iciency sooner than he does of comparable ability who spends four years in obtaining the bachelor's degree.

It might also be said that since the work required for a master's degree may be completed in one year, the student who takes advantage of the summer sessions may obtain this degree in the same length of time that others require for their bachelors. This is a distinct advantage since it places him on a par with men much older than himself, and enables him to compete with them on almost equal terms.

There is also considerable evidence at the present time that those responsible for selecting leaders are turning more and more to younger persons. For example, there is the case of President Hutchins of the University of Chicago who has attained his present position at an age at which the average man is still in his experimental period.

Graduating in three years is not only more economical in time, but it is also more economical in money. The total time spent at the University by doing one year of work in summer terms is six weeks less than if all of it were done in the regular years.

An increasing number of students are taking advantage of this opportunity at the present time, and they find that the same quantity of work is easily done with no loss in quality.

**MOTHER LOVE**  
God traced the love of Mother  
In drifting summer skies,  
He made the glowing dew drops  
Like tears of Mother's eyes:  
He sent the fragrant blossoms  
In token of her care,  
So that the love of Mother  
Is shining everywhere.

**Phi Beta To Initiate**  
Kappa chapter of Phi Beta will hold formal initiation at 2 p. m. tomorrow at the parish house of the Good Shepherd church. Immediately following the services the new members will be the guests of honor at a formal dinner at the Wellington Arms Tea room.  
Those to be initiated are Misses Mary Dantzer, Martha Fugitt, Virginia Murrell, Nancy Jean Anderson, Virginia Riley, Mary Evelyn Craycraft, Elizabeth Whitley, Gladys Lewis, and Alice Lewis.

**Banquet Postponed**  
Alpha Gamma Delta announces that their Founder's Day banquet which was to be held this Saturday has been postponed to Saturday, May 20.

**Entertain with Smoker**  
The active members of the Delta Chi fraternity entertained the pledges last night at a smoker at the chapter house. Following a luncheon of tea and sandwiches served by Mrs. Carrell, the hostesses, those present saw several new Delta Chi songs, accompanied on the piano by Mr. Robert Dickcy.

**Election of Officers**

Over 100 students and faculty members and their wives are expected to attend the banquet. Mr. Wilson will be introduced by Bruce Morford, editor of the Law Journal. The program, which was arranged by a committee composed of Derond Dewese, Robert Histon, Edward Fanning, Doyle Yoak, and Kirk Moberly will be as follows:

Concert solo by Eugene Royce, accompanied by Charles Hatchett

Piano solo by Charles Hatchett  
Barrister Bar Room quartet  
Dean Alvin E. Evan's address  
Piano solo by John Stephenson

Mr. Wilson's address.

The dinner committee consists of Messrs. Francis Hanks, D. L. Thornton, Rawlings Ragland and Miss Mildred Roberts.

Mr. Wilson served overseas in the World War as Lieutenant-Colonel and Judge advocate of the 77th division for over a year. He was the Democratic state campaign chairman in the national election of 1924. In 1928 he published a history of Kentucky, covering the period from 1803 to 1928 and he has also written many articles and made numerous addresses on historical and legal topics.

In 1929 Mr. Wilson was awarded the Sullivan Medalion, which is given for outstanding service to the state. He has practiced law since 1886 and he has occasionally served as circuit judge.

## Roamin' the Rialto

By JOAN CARIGAN

Alison Skipworth, charming comedienne of "Madame Racketeer," is in trouble again in the hilarious comedy in an American tempo, "A Lady's Profession," now playing at the Strand theater. As Lady Beulah Bonnell of "Twicket-on-Topping," Alison Skipworth leaves the safety of her ancestral home to rescue from his scrap an impoverished nobleman, played by Roland Young. Follows sheer nonsense as the adventures of the "Bates in Spooksylvania" as they naively raise havoc with the silliest racketeers you've ever seen. Other promoters of nonsense are Sari Maritza, Kent Taylor, Roscoe Karns, and Warren Hymer.

Two double-winners before the Academy of Motion Pictures Arts and two runners-up worked with Mary Pickford making "Secrets," the United Artists picture, which comes to the Strand theater Sunday. The double-winners are Frank Borzage, director, and Frances Marion, who adapted the stage play to the screen. The runners-up are Ray June, cameraman, and Richard Day, art director.

TONIGHT 8 P. M. SEEN FROM THE PRESS BOX

By DELMAR ADAMS

Just a few short months remain until the beginning of another football campaign...

Many papers have published the schedule of the 1933 Wildcats, but The Kernel has not I think, and none of the schedules printed were absolutely correct.

There are few soft spots on this schedule and Pressbox will be content if the Big Blue is able to win seven of its ten games...

- Sept. 22—Maryville at Lexington. Sept. 26—Sewanee at Lexington. Oct. 7—Georgia Tech at Lexington. Oct. 14—University of Cincinnati at Cincinnati. Oct. 21—Washington and Lee at Roanoke. Oct. 28—Duke University at Lexington. Nov. 4—Alabama at Birmingham. Nov. 11—V. M. I. at Lexington. Nov. 18—Tulane at New Orleans. Nov. 30—Tennessee at Lexington.

The annual high school tennis tournament which will be held on the University courts today and tomorrow should be very interesting as boys from approximately 15 schools will be present...

Probably several members of the Wildcat track squad will be taken to the Southeastern conference track meet in Birmingham next week.

Doug is a very talented athlete; a sportsman of the first order and a fine fellow. A bad shoulder has kept him from enjoying the spotlight in football...

Ralph Kercheval, who also can compete in several events, may go to Birmingham to participate in his specialty, the javelin throw.

INTRAMURAL

Tom Hennessy, Kappa Sigma, was chosen Senior Manager yesterday for the coming year according to C. W. Hackensmith, director of Intramurals.

TEENIES' TOURNEY TO BEGIN TODAY

State High School Net Meet Sponsored Annually by Extension Department To Be Held Today and Saturday

Beginning this afternoon and continuing through tomorrow, the third annual Kentucky high school tennis tournament will be held on the University courts.

Due to the great amount of interest shown in previous tournaments, it is expected that this will be the best to have held up to now.

The first tournament held two years ago was more or less of an experiment. This year's tournament is being held on the University courts.

Last year, contests in both singles and doubles were held, and some twenty schools entered teams. The competition was kept throughout the day...

Catholic Club To Elect Officers

Election of officers for next year will be held at a meeting of the University and Transylvania Catholic club to be held at 10:30 a. m. Sunday in the Gold room of the Lafayette hotel.

Members of the club are always on parade even at home. But I noticed his luggage which had his initials on it and below the initials I saw that he was from Williamsburg, Va. Later I learned that he was the head of the department of Latin at the University of Virginia and I said, "Are you an American?"

He closed his address with the statement, "Shakespeare excites the imagination in spectacles of the world arousing delight in Bluebellis, primroses, sunshine, stars, and the moon. He is not religious as the Greeks try to do and his plays run for several hours while the Greek plays hardly last an hour."

ENGINEERS HEAR KNICKERBOCKER

"Excitement of Shakespeare" Is Subject of Speech By English Professor at Convocation

"The Excitement of Shakespeare" was the subject of Dr. William S. Knickerbocker, speaker at the English engineering assembly which was held Wednesday at 10 a. m. in Memorial hall.

Doctor Knickerbocker interpreted the theory of Shakespearean tragedy from the point of view which contradicts the efforts of Bradley to interpret Shakespeare from Aristotelian canons and by frequent allusions to the comedies, histories, and tragedies to indicate that Shakespeare was doing the opposite; namely to excite the imagination, awe, wonder, profundity of the infinite riches of human life in a complex and disturbing universe.

Excitement ruled the world in the decade from 1918-1929. This was the gay time of this generation.

Doctor Knickerbocker said that he wasn't certain that all excitement was over even now. The speaker told of an incident which occurred while traveling in Scotland, "I was riding on a train in a laund about Scotland, dressed as an Englishman. There was another passenger on the train whom I judged to be an Englishman because of his clothing and his formality. For as you know Englishmen are always on parade even at home. But I noticed his luggage which had his initials on it and below the initials I saw that he was from Williamsburg, Va. Later I learned that he was the head of the department of Latin at the University of Virginia and I said, "Are you an American?"
