LEXINGTON, KENTUCKY, TUESDAY, APRIL 16, 1940

KERNEL

KENTUCKIAN

NUMBER 51

When the German army marched across the border of Denmark last week and proceeded on to Norway, it officially began the spring offensive which had been expected for months.

Action in Norway In Norway, the fighting continued between the Nazi expeditionary force and the scattered Norwegian army.

Other Developments In Belgium, army leaves were cancelled and all classes of reserves were called to the color.

Another highly significant event was the appearance of the first full war formation at the entrance of the Dardanelles.

LAST MINUTE FLASHES: STOCKHOLM—Reports reaching this city from the Norwegian border state that British troops have landed at the port of Narvik under the protection of shells from warships.

What They Think By BOB AMMONS "How would you get people to come to convocation?"

Robert Pemberton, A & S senior "One extra credit... 5 a semester... so students would rather go to convocation than loaf."

Joe Leonard, A & S freshman "Have the students put on a program every once in a while."

Bob Alexander, Engineering freshman "Make it so they have to go to class on convocation. Memorial hall would be packed."

Dean Amos Will Speak As 'Time Marches On'

Cwens President Annual WAC Banquet Set For Tonight In Union "Time Marches On" will be the subject of a speech by Dean Thyrna Amos, dean of women at the University of Pittsburg, at the annual Women's Administrative Council banquet at 6 p. m. today in the Union ballroom.

On a basis of points gathered for places in individual contests, The Kernel amassed most points, gaining 15. The College News, semi-monthly publication of Murray State Teachers College placed second and leading Turkey, The College Heights Herald of Western State Teachers college amassed seven points.

KIPA MEMBERS PICK CALDWELL FOR PRESIDENT

Kernel Scores Most Points In Press Competition Jim Caldwell, new editor of The Kernel, was elected president of the Kentucky Intercollegiate Press association for next year at its annual spring convention Saturday at Eastern State Teachers' college, Richmond.

MORGAN WILL GO TO ODK MEETING

Members To Convene At Dennison John Morgan, president of Omicron Delta Kappa, men's leadership fraternity, will represent Kentucky Nu circle as the official delegate from the University to the province convention April 19-20 at Dennison University, Granville, Ohio.

Whitehouse Wins

Grant Whitehouse, Henderson, a senior in the arts and science college, was declared the winner of Letcher's annual National Amateur Photographic contest for the second consecutive year. T. S. Morrow, chairman of the contest, wired the Kernel yesterday. Whitehouse will be given a free trip to the West Indies as a prize.

ODK's Morgan To Run One Week

Guignol's last production of the season, "Reunion in Vienna," will open for a week's run at 8:30 p. m. Monday, April 22. Founded in 1928, the Little Theatre will be presenting its 19th production under the management of Frank Fowler, who will have a leading role in the drama.

Under the sponsorship of the University Women's club, Miss Adele Brande, supervisor of the State Wide Art project, will speak on "State Art" at 3 p. m., April 23, in the Music room of the Union building. The student art committee of the Union is in charge of arrangements.

JIM CALDWELL Editor-in-Chief

Caldwell To Edit Kernel; Kentuckian Head Is Not Chosen

Clare And Johnson Selected For Year Book

Deferring the election of the editor-in-chief until the grades for the current semester have been submitted to the registrar's office, the student board of publications elected Jim Johnson, Clinton, managing editor and John Clure, Prospect, business manager of the 1941 Kentuckian yesterday afternoon.

The election of the three associate editors was also postponed until near the close of the semester. Petitions for the yearbook editor, ship, a \$425 position, and for the associate editorships, \$50 positions, will be received in The Kernel business office any time before final grades are submitted to the registrar, the board announced.

Johnson, a sophomore of the commerce college, served as assistant sophomore editor on this year's Kentuckian. He is social chairman and vice-president of Alpha Tau Omega, social fraternity.

A student in the agriculture college, Clure is a member of Omicron Delta Kappa, men's leadership fraternity; Block and Brindle, animal husbandry fraternity, and Alpha Zeta, agriculture fraternity; the dairy cattle judging team; and the Ag Council. He served as assistant business manager during the past year and is vice-president of Alpha Gamma Rho, social fraternity.

Sophomore assistants for next year's Kentuckian will be appointed by an editorial board composed of the Kentuckian editor, business manager, and managing editor. Appointments are subject to the approval of the board of publications, and members elected to the yearbook staff must be approved by the Student Legislature.

The outgoing Kentuckian staff includes Bill Tudor, editor; Sam Ewing, Jr., managing editor; Frank L. Fricker, business manager; and Clure, Ewing, and Jack Ramos, associate editors.

Included in the cast are Douglas Dick, Harold Dunn, Marvin Rabin, Bob Alphin, Bruce Shiepp, David Redd, Sam Shuck, Frank Fowler, Edith Kirkpatrick, Jeanette White, Fannie Kirkpatrick, Lucy Simms, Chloé Gifford, Lillian Lowry, Daisy Stirn, Frank Johnson, and Sara Howe, Laetitia Gardner.

Under the sponsorship of the University Women's club, Miss Adele Brande, supervisor of the State Wide Art project, will speak on "State Art" at 3 p. m., April 23, in the Music room of the Union building. The student art committee of the Union is in charge of arrangements.

VINCENT CROWDUS News Editor

Men Pick Queen Today

W. L. MATTHEWS IS NAMED EDITOR OF LAW JOURNAL

Law Editor... 23 Coeds Cover Title Of May Queen For 1940

Election of a May Queen, who will reign during May Day festivities May 3, will take place from 9 a. m. to 4 p. m. today, in Room 204 of the Union building.

Each man will indicate six names without preference. Ballots will be less than six or more than six names will void, as will ballots with writing in names. In case of a tie, a run-off election will be held.

Sanctioned by the dean of women are: Jean Jackson and Mary Louise Weisenberger, Chi Omega; Peg Tallman and Virginia Smith, Kappa Kappa Gamma; Dorothy Hillenmeyer and Mary Frank Wiley, Delta Delta Delta; Barbara Rehm and June Mehne, Alpha Gamma Delta.

Pat Pennebaker and Bill Raymond, Kappa Delta; Betty Jane Chapman and Dorothy Beeler, Alpha Xi Delta; Eleanor Howard and Virginia Rich, Delta Zeta; Alma Barnard and Letha Hicks, Zeta Delta Alpha; and Marjorie Griffin, Phi Mu.

Independents are Peggy Deany, Jean Marie McConnell, Marilee Cunnick, Helen Stephenson, Helen Cullin, Lela Hibbard.

The election committee is composed of Robert Nickerson, Bob Rice, and Curtis Baumgardner, Sukey representatives; and Bob Eley, Hollins Woods, and Arthur Bryson, Student Legislature representatives. Bill Elder, president of Sukey will serve as general supervisor of the balloting.

Reason given for the action was that all graduate students now have "special privileges" including optional attendance despite grades, and that such a ruling as asked would cause a conflict with this system.

Several comments were made that the petition was "rather hazy and contradictory." Dr. Leo M. Chamberlain, Senate secretary, pointed out that the document had been previously in the hands of the rules committee and had been "improved considerably there and is ill-written now," he added, "but it was even worse then."

It was voted to set up a temporary committee to study the University schedule situation and report the findings to the Senate at an early date. President Frank L. McVey announced he would make appointments to the group within the next few days.

On Thursday Dr. Thomas D. Clark, associate professor of history, will use lantern slides to illustrate his discussion of "Slides in Teaching Kentucky History." Dr. Alberta Server, assistant professor of Romance languages, will speak on "Our Neighbors to the South." Mrs. Ruth Haines, director of art at University high school, will address the division of art on "Art Experience Shifting Activity."

Friday's speakers will be Dr. W. S. Webb of the physics department "Science Sources," and Dr. Maurice Seay, head of the Bureau of School Service, who will speak on "The Murray State Teachers College Service."

TUESDAY ISSUE SEMI-WEEKLY KERNEL

NUMBER 51

Kernel Staff Includes Crowdus, Samara

Jim Caldwell, Lex., was elected editor-in-chief of the 1940-41 Kernel by the student board of publications yesterday afternoon.

Selected for the editorial staff with Caldwell were John Samara, Queens, N. Y., managing editor, and Vincent Crowdus, Morgantown, news editor.

John Morgan, Madisonville, business manager during the past year, was appointed to that position for the remainder of this semester. His successor will not be selected until the scholastic standing of applicants for the current semester has been submitted to the registrar's office, the board announced.

Caldwell, who was elected president of the Kentucky Intercollegiate Press association at its spring convention last week, succeeds L. T. Iglehart as editor. He was associate editor and columnist scribe of "Campusense" for The Kernel during the past year. He transferred to the journalism department from the commerce college in the second semester of his sophomore year.

A former member of Lances, junior is now vice-president of the University Press club, arts and sciences representative in the Student Legislature, and a member of Phi Delta Theta, social fraternity.

Affiliated with the University band and Gaius theater as a sophomore, Samara served as managing editor previously at his editing office, the University Press club, and will succeed Patricia Hamilton, Lexington.

As news editor, will continue in the position to which he was appointed at the beginning of this semester. He is secretary of the University Press club, member of the Committee of 240 and received Lances' honorary junior scholarship award this year.

Petitions for business manager still may be submitted to The Kernel business office, the board said. The final date of application will be set later.

(Continued on Page Four)

Kampus Kernels

All Kernel staff members and reporters will meet for 10 minutes at 2 p. m. today in the Kernel news room.

Theta Sigma Phi will meet at 8 p. m. today in the Union to conduct pledging exercises and other business. Ruth Benson, president, urged that all members be present.

There will be no freshmen club meeting tonight. UNION NOTES Today Women's Spoker 7 p. m. Ballroom. Banquet - Dean Thyrna Amos. Gamma Sigma Epsilon 7 p. m. Room 216. Omicron Delta Kappa, 6 p. m. Tribute To The President And First Lady

In the history of every great achievement, of every great institution there is the story of a man who worked and directed the destinies of that project. And behind that man, aiding him, counseling him, sympathizing and working with him is a woman — the power behind the throne.

The annual banquet of the Women's Administrative Council will honor the man who for twenty-three years has guided the University; and Mrs. McVey, First Lady of the campus, who has added her graciousness and charm to the President's administrative ability and conscientious direction.

With a program built around the theme of "The March of Time," the banquet this year is a public acknowledgment of appreciation on the part of the University women to the President and Mrs. McVey.

Why Trade Books For Wings?

Death, in an automobile placed a hand on two University students during the past six months. Luck, riding in the other seat, in a whimsical mood managed to save a larger number — some with broken bones, some with concussions, but all alive.

The father of one of the students from whom Luck turned her head was always interested in traffic safety, but in a rather impersonal way. Today, he is placing his full support behind the safety campaign. Today he knows it can happen here.

According to American Automobile Association charts, the 16-year old driver is nine times as great a hazard behind the wheel as the 40- to 50-year-old. Most of us are too close to that 16-year-old class for comfort or safety. Even if we felt confident of our own ability, there is always the "other driver" and mechanical faults which account for 15 percent of all accidents. Yet the figures show that we go blithely on, ignoring the "statistics," with an assurance that our "time has not come," and trusting to that very fickle lady Luck.

Pedestrians who hold that their future is completely mapped out must be pretty confused when they examine last year's figures for traffic accidents — a year marked by the nation-wide safety campaign — and note that there is a decrease from the previous year. Those who trust to Luck should get to know the lady better. She is just as apt to have her face turned away from the road as you are. She may not even take a fancy to you.

Keep in mind this bit of advice on that long-awaited spring vacation: Slow Down . . . before you become a statistic.

The KIPA Sets Out To Talk Neutrality

The greatest concern of college editors today is how to combat the defeatist philosophy that some Americans have regarding the possibilities of the United States entering the war abroad. This attitude, they feel, is the greatest danger confronting our neutrality — more dangerous, in fact, than anything propaganda or international incidents or indirect ambassadors can do to inflame our otherwise rational national thinking.

That we must stay out of the mess is the belief of practically every undergraduate journalist in the land. There are several reasons for this view:

- (1) The Allies, who control almost half the world's population and resources, are and should be more than able to take care of themselves.
- (2) There must be some strong nation left to help rehabilitate what is left of Europe when the unpleasantness is over.
- (3) In this country cannot allow progress to take cover while we help ourselves overseas to wage war — that is, if we still expect to have a democracy when and if the war ever ends.

The unportfolied leader of this national collegiate stand for neutrality has been and is one Stanley Frankel, the brilliant, political-minded editorial writer of the Daily Northwest. Frankel organized last fall a College For Peace, to consist of members of the university press in every section of the nation. Ap-

proximately 200 newspapers joined, and all have from time to time printed editorials and features of varying strength — some even going so far as to run entire from pages made over into "war declaration" extras designed to jolt students out of their habitual inertia.

Members of the Kentucky Intercollegiate Press Association (of which The Kernel is a member) have long felt, however, that Mr. Frankel's organization is too widespread and too loose-knit to be as effective as the occasion demands. And so at their semi-annual convention at Eastern last week-end, the KIPAs formed a Neutrality Council, with a central clearing-house for the exchange of ideas and information, and with a gritted-teeth determination to make the ideas and information bring results.

The Council must be one undergraduate enterprise in which even "lack of time" cannot be accepted as a valid excuse for lack of activity. The Kernel believes the group will be active, for the group seems to be well aware of the need for initiative. We will need the support of our respective student bodies — or at least their opinions on the aims and methods of our undertaking.

Surely the generation that has the most to lose from war is not going to stand dumb on the issue of war.

Behind The Eckdahl

By ANDREW C. ECKDAHL

Frances Hughes and John Samara, guest columnists

Just to be fashionable — it's the thing to do, you know — we went to Keeneland the other day. But what is remarkable about it is the fact that we broke out even on the day. With our ears ringing to the many ejaculations of rage and fury of the so many not-so-successful frequenters of the track, we feel mighty proud of this accomplishment. The only fly in our ointment is the fact that it was Sunday, and we couldn't lose any money, if we wanted to. — Or, if we had to lose to — Or couldn't pick them any better than Creason.

QUERY OF THE WEEK

Have you had your census taken?

Theimps of Satan had again torn down the fence between Heaven and Hell. "These franks have gone far enough," said St. Peter, as he picked up the phone and barked: "Give me Hell."

"Satan," he said, "yourimps have torn down my fence again. You'll have to pay for it this time."

"I won't pay," said the devil, "and nobody's going to make me."

"You'll pay every penny," shouted St. Peter, "or I'll sue."

Whereupon Satan burst into laughter. He laughed and laughed until it seemed his sides would split.

"Where," he gasped, when his mirth subsided, "where will you get a lawyer?"

THOUGHT OF THE WEEK

"Many a friendship pledged in snow time Will vanish in the spring in no time."

Mourning by the whole campus last week was "Dannit," the pet dog of Hardin-Simmons university. He was buried under a marker with an inscription by the college president. "Dannit. He is Dead."

The last few remnants of the mob came running for the shelter as the missiles rained down on the beleaguered city, Luke, who along with a small group who had foreseen the attack, had reached there before it started, and he stood inside the doorway thinking what they would have done without this shelter. There had been many objections to it, even after it was completed there had been talk of leaks, and investigations into the construction to insure complete safety and shelter. The crowd remained huddled inside the doorway as the terrible rain of projectiles splattered on the roof. "Would it hold up?" was the question on everyone's mind.

At last, there was a lightening of the foulhide and the sigh of relief from the crowd was clearly audible above the ominous silence that followed.

"Come on," shouted Luke as he bore open the door, "Let's go to class." And the sun came forth from behind the clouds as the stream of students issued forth from the Union building.

ADD DEFINITIONS

"Gee, it's windy."
"I'm not, ish Thursday."
"Now that you mention it, I am too. Let's go get another drink."

Thumb Fun For A Vacation!

Study Group Will Reward Peace Recommendations

New York City—American college students are being asked, at their April 19 mobilizations, to give some thought to the question of how future peace should be organized in order to prevent the recurrence of war.

This was suggested today by the Youth Education committee of the commission to study the organization of peace. Study groups have already been organized on 20 campuses during the last month to give consideration to this question, the commission reports.

The commission is not suggesting any settlement to the present belligerents, but it holds that future peace must be organized so it will be more lasting than just an "armistice." At present more than 70 experts are drafting a report on what they believe would be the bases of a stable world order.

Because of the contention of the commission that in a democracy the people themselves should have a voice in determining such policies, special efforts are being made to stimulate public thinking. Study groups are being formed throughout the country and prizes of \$300, \$200, and \$100 are being awarded to the groups (not individuals) which submit papers embodying the most original and practical recommendations on the topic. These papers are due May 15th, and should be of not less than 3,000 nor more than 5,000 words. Widespread interest is being shown by college International Relations clubs, Student Union chapters and labor groups.

As part of program the commission is sponsoring a series of unrehearsed student "bull sessions" every Saturday at 4 p. m. (EST) over CBS stations. During April, Los Angeles and San Francisco will be heard. Talks by various experts are broadcast every Saturday at 6:30 p. m. (EST). Literature describing the work of the commission is obtainable by writing to West 40th street, New York City.

Opinion Sought on CAA

To The Editor:
A Kernel poll published April 2 indicated that of a representative section of University students, 91 percent favored aeronautical training for U.S. boys to aviation enthusiasts this figure is astonishing. Assuming that the proportion holds over the entire number, it would mean we had 3300 of the 3600 students favor the program. But more amazing than the number itself is the fact that nothing has been done in spite of the wishes of a preponderant majority!

In an effort to convince all concerned that students not only favor the program but also desire it, the writer wishes to receive a letter from every student who actually is desirous of taking the flight course next fall.

Letters should state that the student intends to take the course if it is offered, and that he will be able to pay the \$40 training fee (actual value is \$290). Students will not be obligated in any way by the letters, and may so state. However, letters should express an honest intention of taking the course.

Consent to popular flight training is offered to women as well as to men, but in separate groups, if desired. Applicants must be under 21, graduates, physically qualified for a commercial rating, and must never have served an airplane. All qualified students are urged to write to the undersigned immediately expressing a desire for the training next fall.

Sincerely,
J. C. Traxway,
U. K. Post Office Box 2123

Board To Investigate Negro Employment Includes Taylor

Increasing awareness that the Negroes are losing out in their traditional occupations as bell boys, waiters, elevator operators, porters, and such has prompted the Frankel administration to appoint a nine-member Kentucky state committee on Negro employment. To be headed by W. H. Prosser, head of the state employment service, the commission will make a thorough study of the causes behind this loss.

If the cause is found to be lack of training, Mr. Prosser announces the commission will direct Negro youth to various vocational education schools. If it is found to be lack of skill, he said, the commission will recommend that vocational education schools for Negroes offer students adequate training.

Members named to the board are: Edward Weyler, Louisville, secretary of the State Federation of Labor; Mark Ellinger, general manager of the Courier-Journal; Louisville Times; E. J. O'Brien, president of the Louisville Board of Trade; Dr. W. S. Taylor, dean of education college at the University; Dr. R. B. Atwood, presi-

dent that you really must read this group's news, and promised Daniel that I'd try to remedy the situation. He's still unperturbed by a wife, girls, or a don't think mother would mind.

Lillian Mitchell went to Nicholasville Sunday for one of those occasions that girls always tend down the color of their lipstick and nail polish for. That's right, to meet his family! We understand that Skid Carter's whole trip including his aunt and grandmother were to welcome her.

Regis Palmer decided that he'd better keep his standing date with Peg Tallman Friday night after all. In the meantime Mary Jane Watt had written Dick Bonduant in Louisville to break a date with him. Oh, it's all as mixed up as scrambled eggs!

Some fellow called "Oz" has been coming over from Richmond to see Edna Lausman. She kinda likes to call him "Wizard"—they say he really is a basketball player.

Keep your eye on Virginia Burnside and Tommy Trent, ATO; we are almost sure to take another look and we have spring on our side. Liz Wallace met Tennessee's Carolyn Ellis Taylor over the weekend phone this week-end, and she's all atwitter over it—well, we don't blame her.

Carl Schooley, a Lieutenant from Port Knox, met Virginia Williamson at the Defense Day at the University, and couldn't eat his part of it for looking at her. Sunday he was talking to her about the look at her. Now to wait further developments.

Comes the week-end, a phone call in the Boydce (pronounced Boyd Hall), and you usually hear a whoop from Bobbie Ellis. "Guess who's here—Mahmah!" No, all this excitement is taking a girl, but an AGR who gressed this campus.

Speaker Urges Good Will Toward Powers

Premoting and strengthening of "our good neighbor policy" toward Latin America was stressed as a major objective of the European war spread of the European war to America by Dr. J. Fred Rippy, University of Chicago history professor, at general convocation yesterday morning in Memorial Hall.

Strict adherence to the Monroe Doctrine was advocated by Doctor Rippy in the discussion of the crisis existing with regard to the Latin American colonies and the European countries in West Africa and the Americas. "We are as much devoted to the Monroe Doctrine as to the Bible and the Constitution," the speaker said. "It is our duty to our own security requires collaboration with Latin America."

Speaking on "The United States, Latin America, and the World's Peace," the highest speaker of the Pan-Political week on the campus Doctor Rippy called the South American countries "the most important and safest market in this desperate, war-harried world." He discussed the present relationship of the United States and those countries, and declared that "there is a risk of ultimate loss if we trade with them."

"It is difficult to see how a belated victory in Europe would be of any help to the United States," the speaker said, and he urged "an unconditional, far-sighted, and headed attitude" toward them, with more attention to the new world.

Doctor Rippy, who is considered an authority on Latin America, declared that there is the likelihood of the formation of a Pan-American Defensive League for the purpose of resisting European aggression.

1939 Laurel Queen Wins Another Laurel

Jeanne Barker, artist and science senior from Louisville, is the only woman student to be honored in the Hall of Fame of the current issue of *Varsity*, college news magazine.

"Hall of Fame" presents every two weeks biographical sketches of four outstanding students, alumni, and faculty members throughout the United States.

Overlooking the fact that Miss Barker has been president of Alpha Gamma Delta, social sorority, for the past two years, Varsity says in fact.

"Miss Barker's record includes presidency of Alpha Gamma Delta in sophomore year; four beauty titles; ROTC battalion sponsor; president of panhellenic council; Mortar Board; publications staff; chairman of Women's Vocational conference; women's vice-president of Student Government association; and a dozen other student offices."

Among Miss Barker's beauty titles are attendant to the Kentucky queen, May queen, Kentucky queen, and Mountain Laurel queen.

Campuscene

By JIM CALDWELL
Inaugurating A
Special Quip Department.

One of the intriguing things about going to college, we think, is the taking of lecture notes. This adjective applies not only to the notes themselves—which in many cases are often rather dull—but to the persons who take them and to the occasional bits of humor or personalized truisms which invariably creep into them.

Since about two-thirds of the classes here at the University are taught in the lecture or partial-lecture manner, this is a pretty good place to observe the practicing of this fine art. From our observations we find that the note-takers themselves may be divided into several classifications, based on their respective reactions to the line of chatter which winds up in front of them:

- 1) The Completely Detached individual who lays down his pencil promptly at five minutes after the hour and goes to sleep. Occasionally he will awake temporarily to close his notebook, which seems to us to be somewhat of an anti-climax, and should be rather discouraging to the professor.
- 2) The Doodler, who conscientiously sets in to follow the lecture and take good notes, but who by the time fifteen minutes have passed is involved in drawing a series of intricate whorls and connecting them with loopy-picked-up pieces of paper.
- 3) The Hot and Cold writer, who takes notes like a house afire for ten minutes, then stop altogether to stare blankly out the window for the next fifteen. By some coincidence it nearly always develops that the notes taken during the ten-minute intervals were the chaff of the lecture, while those missed later turn out to be the grain.
- 4) The Conscientious person, who takes down everything a prof says from the time he enters the room until the time he leaves.

It isn't hard to spot one of this species if you use the above criteria of the prof comes into the room and says "Good morning!" and the student answers "Good morning, yourself!" he's just the plain, ordinary, garden variety College. If, on the other hand, the prof comes into the room and says "Good morning!" and the student writes it down in his notebook, that student is conscientious.

5) The Humor-Gleaner, who conscientiously writes down anything but the wisecracks. When he gets to the end of the semester he hasn't a thing to brag about, but he would be a fit rival for Joe Miller's joke book were it not for the fact that that nearly every student has written down came from that very source.

Belonging to the latter group ourselves, we have by this time accumulated quite a collection of pedagogical material. Some of it should be consulted with Joe Miller credit list, but we have quite a bit that seems original or near-original. A portion of the latter we herewith pass on to the reader, to deal with as he may. We hasten to add that the professors mentioned below are not to consider themselves the objects of a bit of dirty-mocking, nor are those neglected to feel that they solve the victims of discrimination. (Or vice-versa.)

Prof. Grant C. Knight in English: "Marriage for a woman is the supreme vocation; for the man it is an endurance contest."

Dr. Jasper Shannon, political science: "When we are young, we rationalize; when we are old, we justify our wrongdoings; when we grow older we hire lawyers to do it for us."

Dr. William S. Fabb in physics: "Too much thinking today is simply a rearrangement of previously acquired prejudices."

Prof. William S. Ward in English: "No great, world-upsetting idea ever came out of a committee meeting."

These of course, are only a sample of our collection, and are restricted to the arts and sciences college. We have quite a number of others on hand that we'd be glad to swap for some of your school quips or some bit from the slide-rule profs.

Field Trips Planned

The immunology class of the department of bacteriology will leave Lexington, Wednesday morning for a field trip to Detroit. In Detroit the class will tour the laboratories of Parke, Davis and company, the Digestive Ferments company, and the Detroit City Laboratories. The group will return Saturday.

Alumni News - -

Lucille Waits '35, daughter of Mr. and Mrs. Barnett Waits, and Harvey McIntyre, son of Mr. and Mrs. Harvey McIntyre, were married in the parsonage of the Ashland Avenue Baptist church, the Rev. Clarence Walker officiating. Mr. and Mrs. McIntyre will live at 133 Belmont drive.

Virginia Genevieve Johnson '38, was married April 6 in the Christian church, Trenton, Missouri, to Dr.

Nathaniel Lewis Boworth. She was a member of Alpha Gamma Delta sorority while at the University. The couple will live in Lexington.

Elizabeth Rowland Hulet '30, is now living on Route 1, Nicholasville. . . . Mary Arnes Bred '35, lives on route 1, Lexington.

Mr. and Mrs. C. P. Prewitt announce the marriage of their daughter, Grace, to C. D. Vinsant, son of Mr. and Mrs. James G. Vinsant. The wedding took place September 29, 1939, in Jeffersonville, Ind. Mr. Vinsant is a graduate of the University of Tennessee and is now doing graduate work at the University. The couple will make their home at 726 Avalon park, Lexington.

Prior to her wedding on Easter Sunday, Mrs. George Mays, Jr. of Ravenna, was Eunice McIntosh, daughter of Mr. and Mrs. H. B. McIntosh of Hargett, Edill county. Mrs. Mays is a graduate of the Irvine high school and attended the University.

Chi Omega President Mrs. Mary Love Collins '15, of Cincinnati, national president of Chi Omega sorority, was the guest of honor at an all-day Eleusinian meeting of Kentucky Chi Omega chapters here last week and was principal speaker at the Founders' Day banquet at the Lafayette hotel. She received her LL.B. degree from the University in 1915.

Rothenburg Writes The following letter has been received from C. F. Rothenburg, '30, law office of Hanel, Park & Saunders, Shoreham building, Washington, D. C.:

Dear Bob: This is to advise that Dudley Smith '31, was elected president of the Washington Alumni club of the University of Kentucky to succeed Col. George W. Ewell '02, W. H. Scherbus '29, was elected to the newly created office of vice-president, and C. F. Rothenburg '30, was elected secretary to succeed Dudley Smith.

Dudley Smith is in my office while this is being dictated and he feels that we will have a larger attendance than ever this year at our monthly luncheons. We sincerely hope that you will find it possible in the very near future to come to Washington and attend our monthly luncheon and give us the latest dope about our old Kentucky cronies and friends.

If you know of any Kentucky alumni who will be in Washington in the near future we will appreciate your advising them of our monthly luncheons which are held on the second Wednesday at the Army and Navy Club, 17th and 1st streets, N. W., at 12:30 o'clock. We have a very nice group and out-of-town Kentucky alumni are always welcome.

With kindest regards in which Dudley joins me, Sincerely yours, C. F. ROTHENBURG, Secretary, Washington Alumni Club

YOUR FIRST LACE...

It caused quite a furor with grandma and Auntie when you held that first lace and tried to tie your own shoe. Your first lace frock this season will cause just as much ado with an important "Him" if you choose it from the collection at MANGEL'S starting at \$6.98. Magnificent is the word for these lace frocks, knowing simplicity of line, dramatic contrasts, they are figure flattering and have real new fashion pretty-smartness. Go to MANGEL'S for all frocks, sportswear and lingerie at allowance prices.

MANGEL'S 216 W. MAIN

How would you answer these questions?

Who is the most advertised doctor in the U.S.?

And how, hanned from the air, does he still sell his attractively priced "operations" over XERA, "the world's most powerful broadcasting station"? Here's the story of the govt-gland medicine the authorities are finally after, and how he has made a fabulous fortune by methods the FCC and the American Medical Association would give their collective right arm to stop. Read Country Doctor Goes to Town, by J. C. Furnas.

How would you get even with a sarcastic boss?

Say you were on a newspaper where three city editors and two managing editors had quit because they couldn't stand the sarcastic old goat who owned the paper. . . . Could you get even - in print? Read Merryly We Go to Press, by Phil R. Sheridan.

What are Europe's newest stunts in war propoganda?

Why did German loudspeakers blast out the Marseillaise to greet the French President when he visited the front? Why did the British bomb the Nazis with tiny bags of coffee? Whose trick is it to send forged or anonymous letters to soldiers, giving them false news about their families? Edmond Taylor, in this week's Post, tells you how warring nations use lies. . . . and truth! . . . to fool some of the people all the time. Turn to Propaganda Changes Poisons-page 27.

If you found a diamond ring

and knew if you gave it back you'd be accused of stealing it, what would you do? That was the dilemma facing Big Joe and Uncle Pete, those positive geniuses at doing the wrong thing at the right time! Read Your Mom Was a Lady. A new "Uncle Pete" story by R. Ross Annett in this week's Post.

Who made Baseball the "National Game"?

With strictly phony innocence, who forced a U.S. President into tossing out the first ball of the season, thereby establishing "the great American game"? Who has the greatest reputation in baseball for collecting eccentric players and actually thinks he can lick the Yanks? Read The Old Fox Turns Magistrate, by Bob Considine and Shirley Povich.

You have almost learned to fly and...

in the air you're a wizard - chandeliers are a cinch - with an instructor along. But the way you make landings is sheer suicide. Should they let you try a solo flight? Or make you quit? A story of a flying cadet's last chance. Ground-Shy, by Sparks Hausman.

Suppose you were slowly starving to death...

in a lonely ramshackle store, and your only friend was a kid who worshipped you because he thought you really had killed Indians - would you disillusion the boy or invent more stories? Turn to page 9 of your Post for the curious story of a man with two many memories. Mister Ears, by Eddy Orcutt.

How far can birds travel without stopping to eat or sleep?

How can birds navigate with mathematical accuracy? What bird commutes each year 11,000 miles from North to South Pole? And which one hops the Atlantic twice a year? Read odd facts about bird flights by Raymond S. Deek, Pageant in the Sky.

THE SATURDAY EVENING POST

Cinder Cats Smash Hanover In Season's Opener By 90-45 Score

BLUES GRAB 12 FIRSTS IN WIN

Rolling to first place points in 12 of the 15 events, a Kentucky track team that is potential dynamite but still is weak from lack of

practice opened its war-card for the season with an easy 90-45 win over Hanover college yesterday afternoon on the Stoll field cinders. Off to a flying start in the first test when Captain Paul Durbin and John Montgomery ran one and two in the mile grid, Kentucky was never headed. The Cat total was boosted almost into the three digit class with 8 seconds and 6 thirds in addition to the dozen firsts. Only events in which Hanover was able to snatch top premiums were the shot, broad jump and javelin.

With less than two weeks of practice to the good, Kentucky showed unusual power. Although no records were endangered, the Cats did serve warning that some time-clipping may be in store before the season is nullified shut.

Possibly the best time of the afternoon came in the 220 yard dash when Jim Hardin, running with a stiff breeze in his face, whammed over the distance in 22.8. In addition, Hardin took first place in the 100 yard dash for ten points to tie with Bob Fishback, Bob Holtz and Durbin for high point honors.

The summary: Mile run—Durbin (K), Montgomery (K), Kewick (K), Williams (H), Time—3:12.8. Shot—Price (H), Sagan (K), Beeler (K), Distance—41 feet, 10 inches. 100 yard dash—Hardin (K), Mullins (K), Miller (H), Time—22.8. 220 yard dash—Fishback (K), Hind (H), Miller (H), Time—22.8. 440 yard dash—Hardin (K), Mullins (K), Miller (H), Time—1:14.4. 880 yard dash—Durbin (K), Heming (K), Williams (H), Time—2:12.8. Broad jump—Troy (H), Tucker (K), Miller (H), Distance—21 feet, 10 inches. Pole vault—Dunn (K), Tagson (H), Troy (H), Height—9 feet, 6 inches. 120 yard dash—Hardin (K), Miller (H), Mullins (K), Time—1:14.4. 1 mile run—Montgomery (K), Brant (K), Durbin (K), Time—3:12.8. 2 mile run—Montgomery (K), Brant (K), Durbin (K), Time—7:12.8. 4 mile run—Montgomery (K), Brant (K), Durbin (K), Time—15:12.8. 8 mile run—Montgomery (K), Brant (K), Durbin (K), Time—31:12.8. 12 mile run—Montgomery (K), Brant (K), Durbin (K), Time—47:12.8. 16 mile run—Montgomery (K), Brant (K), Durbin (K), Time—63:12.8. 20 mile run—Montgomery (K), Brant (K), Durbin (K), Time—79:12.8. 24 mile run—Montgomery (K), Brant (K), Durbin (K), Time—95:12.8. 28 mile run—Montgomery (K), Brant (K), Durbin (K), Time—111:12.8. 32 mile run—Montgomery (K), Brant (K), Durbin (K), Time—127:12.8. 36 mile run—Montgomery (K), Brant (K), Durbin (K), Time—143:12.8. 40 mile run—Montgomery (K), Brant (K), Durbin (K), Time—159:12.8. 44 mile run—Montgomery (K), Brant (K), Durbin (K), Time—175:12.8. 48 mile run—Montgomery (K), Brant (K), Durbin (K), Time—191:12.8. 52 mile run—Montgomery (K), Brant (K), Durbin (K), Time—207:12.8. 56 mile run—Montgomery (K), Brant (K), Durbin (K), Time—223:12.8. 60 mile run—Montgomery (K), Brant (K), Durbin (K), Time—239:12.8. 64 mile run—Montgomery (K), Brant (K), Durbin (K), Time—255:12.8. 68 mile run—Montgomery (K), Brant (K), Durbin (K), Time—271:12.8. 72 mile run—Montgomery (K), Brant (K), Durbin (K), Time—287:12.8. 76 mile run—Montgomery (K), Brant (K), Durbin (K), Time—303:12.8. 80 mile run—Montgomery (K), Brant (K), Durbin (K), Time—319:12.8. 84 mile run—Montgomery (K), Brant (K), Durbin (K), Time—335:12.8. 88 mile run—Montgomery (K), Brant (K), Durbin (K), Time—351:12.8. 92 mile run—Montgomery (K), Brant (K), Durbin (K), Time—367:12.8. 96 mile run—Montgomery (K), Brant (K), Durbin (K), Time—383:12.8. 100 mile run—Montgomery (K), Brant (K), Durbin (K), Time—399:12.8.

Calling 'Em Wild

By JOE CREASON

Today there are horn-rim circles under my eyes, the song is gone from my lips and a smile would be utterly impossible. The sun isn't bright. Skies are ashen grey, the local birds sound despondent and life hardly seems worth the living. Know why? I'll tell you—just as a lesson—so the same thing will never happen to you.

Saturday I went to Keeneland, a race track where horses run. Because of that visit I am now, three days too late, visited with regrets of the Mrs. Otis type, for I was taken off, but never seriously, with my hunches.

Although I'm sure that it must be a mistake, I somehow feel that until recently I own a portion of the grandstand, a strip of the club house, two horses, and that section of the track extending from the last turn to the finish wire—the heartbreak highway where my horses always beat a quicker the equine equivalent of "unlike."

Hell hath no fury like that I currently harbor for the thoroughbred industry. One thing, however, is certain: that trip opened and closed my race experience for the season. Expecting me to return again would be like asking the boy on the burning deck to do his act all over for the newscast camera.

Most horses, I was told before hand, are definitely specialists. There are few field specialists: dry-land specialists. Some horses make hay while the sun shines, while others are best on a heavy track. With this philosophy in mind I didn't see how I could possibly fail to saddle at least 7 winners in the 8 races.

Help Needed, And How But until the weather man can figure out a day that is both wet and dry, and until that time when some aggravated Edison can invent the horse that carried my shillings will never stand a chance. They were certainly mad in their respective places Saturday.

Personally, I think my whole trouble started when I bought a racing form, a diabolical mixture of figures and signs conceived to trap the less adept interpreters. The fellow who invented these forms, the use of which is supposed to tell you what the horse has done and can do, must have been a fourth cousin by marriage to the hellion who is now working on a new and more deadly influenza germ and a thickly that is all wings and neck.

Started From Firsts Returning from research to reality, came the first race and the first degree of my disillusionment. By my racing form, curse it, I uncovered the information that Aga Khan was the poppa of a certain Galley Sweep, an entry. My hazy knowledge of folk-lore, history, or something, was struck a responsive blow by the name of Khan. What a horse his son must be thought I. Well, to make a long and torturous tale short, Galley Sweep started in his best into the track was able to finish eighth.

In my second race I had a tip on Dinner Horn which was supposed to be hotter than a feather

of the horses in the next race instead of 1/16th in her starting field. Was Getting Tired Another race came during the seventh race, which found Technician romping past the judges stand an easy winner.

From a source close to the source close to the vest of an unimpeachable source came the tip that nothing short of fire, flood or famine could stop Palamede in the final race of the day. All the way around the track Palamede gave the impression of minding—like a woman crossing a wet street. Throughout the mile and a furlong he wasn't even a promise, let alone a threat.

Chemists Slate Food Scientist The Lexington section of the American Chemical society has announced that the speaker at their April 22 meeting will be Dr. Donald Kitley Tressler, who will speak on "Factors Controlling the Vitamin C content of Fresh Preserved and Cooked Fruits and Vegetables."

Delegates Will Ballot On Tournery Site Shift

The proposal to move the site of the annual state high school basketball tournament from Alumni gym will be voted on at the regular meeting of the Kentucky High School Athletic association which opens Thursday in Louisville.

A total of 61 delegates is expected for the meeting which will be highlighted Thursday night with an address by Jimmy Conzelmann, football coach of the Chicago Cardinals professional team.

According to Foster, the proposal for changes in the constitution, by-laws and tournament rules will be acted upon during the session. Number one in importance will be the proposal by W. J. Foster, Newport high athletic teacher, that the site of the basketball tournament be determined by the state board of control. This would eliminate the necessity of having the tournament at Lexington each year.

Time for the meeting has been set at 7:30 p. m., Monday, April 22, in Room 214, Kastle hall. Preceding the regular meeting, a dinner will be served at 8 p. m. in the Union building. All those who plan to attend the dinner have been asked to make their reservations by noon Monday, April 22.

KERNEL STAFF (Continued from Page One) editorial staff of The Kernel are Bush Brooke Wayland and Mildred Murray, Lexington, associate editors; Ben Williams, Lexington, and Fred Hill, Somerset, co-sports editors; Jim Woolbridge, Hopkinsville, assistant news editor; Bob Ammons, Lexington, assistant managing editor; and Laura Lyons, society editor.

The election of the editor, managing editor, and news editor is subject to the approval of the Student Legislature. The new staff will assume office on May 1.

Five Men Initiated By Law Honorary

Five new members were initiated into Henry Clay chapter of Phi Alpha Delta, legal fraternity, at ceremonies held Friday night at the Phoenix hotel.

Badminton Dates

Previously scheduled for April 20, 21, the first state badminton tournament, which will be held on the campus, has been moved up to Friday and Saturday, April 19-20, it has been announced.

I love you in the springtime. I love you in the fall. But when you wear your Arrow shirt I love you best of all!

A GUY LOOKS HIS BEST in an Arrow shirt. Here's why: The collar sets better on your neck. The patterns are worked up by a man who studies styles in Europe twice a year. And the shirts don't shrink out of fit (they're Sanforized-Shrunk — fabric shrinkage less than 1%).

Arrow Dart, with long-wearing fused collar, \$2.25. Other Arrow whites and Arrow patterned shirts, \$2 up.
