

THE TEN LITTLE MINE WORKERS

10

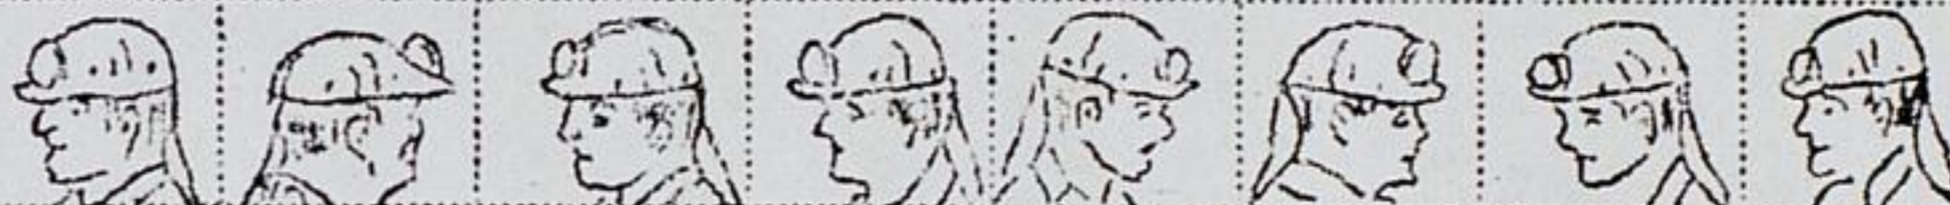

Mine Workers entered the mine.
One did not sound his top - - then there were nine.

9

Mine Workers entered the mine. One was a motorman who always ran wild.
He collided with a main line trip --- then there were eight.

8

Mine Workers went to work. One was a brakeman who on the front bumper
did sit while tobacco he spit. He fell off in front so now there are 7

7

Mine Workers on the job one night. One was a machineman who tried to
cut an unsafe place. Now there are only six.

6

Mine Workers at work one day. One knocked a safety post. -----
And now there are five.

5

Mine Workers entered the mine ----- one worked under loose slate -----
Then there were four.

4

Mine Workers went in a mine. One stepped behind a passing trip and was
run down by another trip - - - so now there are three.

3

Mine Workers laboring one night. One was a machine helper who tried to
jump on the cutter bar of moving machine - - then there were two.

2

Mine Workers went in to clean up slate. They did not set any safety
timbers or examine overhead slate until it was too late and now we have 1

1

Mine Worker rambled around the mine - - he was caught by a wrecked trip -
Now there are none left of the ten we started with.
