President Donovan requested that in making arrangements for the faculty for the summer quarter, the deans use their own faculties in as far as possible, rather than employ visiting instructors.

Mr. Peterson commented briefly on the matter of balancing the current budget. He stated that to date there had been no reduction in the number of requests being submitted and that many of them would have to be sent back to the respective officials for reconsideration. He recommended that an effort be made to reduce expenditures in extra help budgets. President Donovan stated that the condition of the budget had been brought to the attention of the Board of Trustees and that the Chairman of the Executive Committee had stated that the budget must be balanced.

The next meeting of the Faculty was scheduled for Friday, March 6.

The Faculty approved the petition of Mr. Frank W. Miller, a graduate student, on recommendation of Dean Funkhouser. Mr. Miller was asking for full credit in all courses in which he was passing at the time he withdrew to enter military service. His withdrawal occurred two days before the close of the required eight weeks period.

On recommendation of the College of Agriculture, the petition of Roger E. Gish was approved. Mr. Gish asked that he be allowed credit for 18 semester hours of work completed by correspondence in the University of Arkansas within the calendar year 1941. The rule of the University provides that not more than 18 quarter hours of work may be done by correspondence within one calendar year, except where it is shown that the student is spending full time on his correspondence studies.

On recommendation of the College of Law, the following new course was approved:

Law 183. Landlord and Tenant. The course in Landlord and Tenant deals with the characteristics of leases; the creation of the relationship of landlord and tenant; covenants implied in the lease; restrictions on the lessee's use of the property; transfers by the lessor and by the lessee; rent; taxes; repairs; and termination of the relationship. 2 quarter hours. Jacob's Cases on Landlord and Tenant. Professor Randall.

On recommendation of the College of Engineering, the following new courses were approved:

Civil Engineering 19 - Air Navigation. 3 quarter hours. Principles of Navigation as applied to aircraft. A study of charts, altimeters, compasses, drift sights, air speed indicators and navigation aids. Solution of problems in piloting and dead reckoning. Lectures and recitations, 3 hours a week.

Electrical Engineering 132 - Electrical Communication Engineering (Advanced Radio) 7 quarter hours. A continuation of Electrical Engineering 131b. It includes a detailed study of cathode ray tubes and circuits, trigger and pulse-shaping circuits, radio receivers and transmitters, amplitude and frequency modulation and demodulation, receiver testing. Lectures and recitations, 5 hours; laboratory, 6 hours a week. Prerequisites: Elec. Eng. 131a, 131b, Phys. 114 and Math. 105a.

Minutes of the Faculty of the University - December 15, 1942

Electrical Engineering 133 - Electrical Communication Engineering (Ultra-High Frequency). 7 quarter hours. A course in ultra-high frequency techniques involving a study of UHF generators. Negative and positive grid oscillators, velocity-modulation tubes, the magnetron-high frequency transmission lines, radiation, propagation, guided waves. Lectures and recitations, 5 hours; laboratory 6 hours a week. Prerequisite: Electrical Engineering 132.

At the suggestion of President Donovan, the Faculty discussed briefly the question of the admission to the University of superior students who have not as yet graduated from high school, with a view to the largest amount of acceleration of the educational program. It was pointed out that the final action of the Southern Association of Colleges and Secondary Schools provided that the current admission requirements of the Association should be observed in all cases, except where special approval has been given by the Executive Committee of the Association. In view of this fact, the Faculty took no action.

President Donovan discussed with the Faculty the probable direction that the Army training program would take and the likely effects on the colleges of the country. He indicated that the plan would probably be announced by the Army and Navy within the week.

MINUTES OF THE UNIVERSITY FACULTY
January 22, 1943

The Faculty of the University met in the President's Office Friday, January 22, 1943. President Donovan presided. Members present were Paul P. Boyd, Thomas P. Cooper, Alvin E. Evans, W. D. Funkhouser, Edward Wiest, and Leo M. Chamberlain.

The minutes of December 15 were read and approved.

Upon recommendation of Dean Boyd, the petition of William F. Neill was approved. Mr. Neill had completed all requirements for the degree of Bachelor of Arts, with a major in Law, except that he was not registered in the College of Arts and Sciences during the last semester of his residence, as required by University regulations. Mr. Neill asked that this residence requirement be waived.

Also on recommendation of Dean Boyd, the following proposals with reference to requirements for degrees were approved by the Faculty:
