ALUMNI NOTES

Charles Planck, '19, visited in Lexington during the summer. He has returned to Washington, D. C., where he is living.

Sadie Hovious, x '30, Vicksburg, Miss., returned to the campus in July.

Frank Davidson, '31, and Andrew Hoover, '32, have entered Harvard, where they will take courses in dramatics.

William Trott, '30, Evansville, Ind., has accepted a teaching position at Bryan Station School, Lexington.

Samuel Cassidy, '25, has been transferred from Chicago to Corbin, Kentucky, where he is in charge of mining operations.

Isabel Jewel, a former student of the university, is now in Hollywood, where she has just completed a part in "Blessed Event." Isabel was called from New York to take this part.

Mrs. Ralph Tuck (Mary Lewis Marvin) has been spending the summer in Lexington. She will soon join her husband in Alaska where they will spend the winter. Professor Tuck is a geologist.

Mr. Frederick Jackson, '19, of the Lexington Leader, has returned from a visit to Chattanooga, Tenn.

* * *

BASKETBALL SCHEDULE FOR 1933

Following is the complete schedule:

Dec. 12—Georgetown College at Lexington.
Dec. 17—Marshall College at Ashland, Ky.
Dec. 20 and 21—Tulane at New Orleans.
Dec. 30—Chicago at Chicago.
Dec. 31—Clemson at Lexington.
Jan. 2—Ohio State at Lexington.
Jan. 6 and 7—Creighton at Omaha, Neb.
Jan. 9—Kansas at Lawrence, Kas.
Jan. 14—Tennessee at Knoxville.
Jan. 21—South Carolina at Lexington.
Jan. 28—Tennessee at Lexington.
Jan. 31—Vanderbilt at Nashville.
Feb. 1—Clemson at Clemson.
Feb. 2—South Carolina at Columbia, S. C.
Feb. 6—University of Mexico at Lexington.
Feb. 11—Georgia Tech at Lexington.
Feb. 13—Alabama at Tuscaloosa, Ala.
Feb. 14—Sewanee at Sewanee.
Feb. 18—Vanderbilt at Lexington.

The Opening of the University

By FRANK L. McVEY, President

The opening day of the University is an interesting occasion. On the great floor of the gymnasium will be found tables representing the different colleges and departments with representatives ready to receive students and give them information about the different courses of study. It is a busy scene, but so well organized is the machinery for receiving students that 2400 of them are entered in a period of two days.

The beginning of a new university is interesting, important and picturesque. It is interesting because so many young people from different parts of the Commonwealth and different states have come to Lexington filled with high purpose, going on with their studies and making the best of opportunities. All sorts of young people; good looking boys, tall, short, fat and slim; pretty girls; staid upper classmen and graduate students, are all there ready to begin the work of the year. This new opening is important because it represents another year of development in the progress of the State, because the young people of the Commonwealth are given an opportunity to secure advanced training in the different professions and occupations, and it is important too, because if they realize fully the benefits, they will have secured a background of intellectual and spiritual value. This opening is picturesque because of the different colors in coats and dresses, the blue caps of the freshmen with their white numerals, and then, the campus with its trees, lawns and buildings makes a picture that appeals to the eye and stirs the imagination.

Sixty-five years have passed since the University opened its doors for the first time. The early history of this institution is like that of many individuals—filled with ups and downs and disappointments. John G. Bowman, an able and efficient Kentuckian, had the idea that old Transylvania College and the institution provided for under the Morrill Act should be united. The Morrill Act passed by Congress in 1863 gave an annual allowance to the states for the conduct of courses in agriculture and the mechanic arts. Kentucky did not take advantage of this provision at once, but the legislature authorized the creation of Kentucky University and a combination of old Transylvania and the new agricultural and mechanical department

provided for by the Morrill Act. James Kennedy Patterson was appointed head of the Agricultural and Mechanic Arts Department of the new Kentucky University. For thirteen years this arrangement continued, but more or less dissatisfaction resulted probably due to the feeling that the agricultural and mechanical arts end of the combination was not being stressed enough in the newly organized Kentucky University. So in 1879 the state legislature authorized the establishment and creation of the State College of Agriculture and Mechanic Arts. The city of Lexington and County of Fayette gave money, bonds and lands for the location of the institution and the commission that was appointed to establish the school recommended that it be placed in Lexington. At that time the State College was composed of a College of Arts and Sciences, a College of Agriculture and a College of Engineering. In 1907 the College of Law was added and the name was changed from State College to that of State University of Kentucky. The early history of the State College from 1879 to the opening of the century was filled with many difficulties, much opposition and comparatively small support. The institution made progress under the leadership of President Patterson and weathered many a storm to finally come out of its broken and interrupted history into a state university.

In the last twelve years the legislature has been generous in its support and helpful in the legislation that has been passed from time to time to aid in the progress of the University. It may be said without boasting that the University of Kentucky is a real university with university ideals and viewpoints. It has a larger enrollment than any other university of the south, except that of the University of Texas. This is rather an astonishing statement, but the figures bear out the fact. Under the wise direction of the Board of Trustees the University has extended its boundaries and the City of Lexington has generously given a tract of twelve acres upon which the Training School building is located. Thirty buildings are used by the University for instruction and living purposes. Six of these are devoted to residence halls and the remaining number are utilized for instruction. The teaching staff numbers 230 and with library facilities, lab-

oratory provisions and other requirements for instruction the University is well provided for.

From the beginning of its history the University has devoted a great deal of time and money to the development of agriculture. The Experiment Station under the direction of Dean Thomas P. Cooper, ranks high among those of the United States. The Experiment Station farm at Lexington together with those at Quicksand and Princeton are doing a highly constructive work for farming and stock raising in this state. There are many other activities at the University, found in agricultural extension, correspondence courses, lecture courses, high school debates and other matters carried on by the University. In this past year there have been a number of new buildings under construction; two new dormitories for boys, a large training school building for the College of Education, a dairy products building, where the laboratories for the Department of Dairying will be located. The new Memorial Hall commemorating the Kentucky dead who lost their lives in the World War has been completed and a new library building is now under construction. Two appropriations were made by the legislature, amounting in all to \$300,000. The remainder of the money used to erect these buildings was secured in part by gifts and in part by savings out of income accumulated over a period of years. The University in a way is well equipped, but it still needs additional buildings for various departments, and as the student body increases in number will undoubtedly require additional structures to house its activities. Unquestionably the advancement of a state university is the first requirement in the progress of a state. It is a kind of pioneer that points out the way, as shown in Wisconsin, Minnesota, Iowa, Washington and many other commonwealths, and as the affection of the people for its State university, becomes more adequate, the more satisfactory is the investigation of the university into the needs of the commonwealth and in finding out its possibilities in many lines.

The history of the University might be indefinitely expanded, but only a brief account can be given in the limited time allowed by a radio presentation, but there is one thing all states seem to be interested in, and that is the possibi-

ties of a satisfactory football team.

The prospects for a good team are excellent, but the important thing is to play the game well and not gamble over the matter of victories. Of course, the University wants to win, but the best team ought always to win, whether it is that of the University or some other school.

So this is the opening of the sixty-fifth session of the University of Kentucky. It should be interesting and worth while to all young people and is deserving of the sympathy, cooperation and help of all the people of the State. The Board of Trustees and the President of the University feel more and more that as the University grows in value support will come from the people as a matter of course. However, it takes time and continued endeavor to keep the progress of the University before the people, but as it wins by good works and good deeds it will receive the blessings and good wishes of the State.

PRINCIPAL NAMED FOR NEW SCHOOL

The Fayette county board of education at a meeting in July at the offices of County School Superintendent D. Y. Dunn elected Prof. A. B. Crawford, of the University of Kentucky College of Education, principal of the new county high school under construction on the Eastin road. His salary was fixed at \$250 a month.

Prof. Crawford will retain his connection with the bureau of school service at the University.

The staff of teachers for the new county high school will be recruited from the present staff of teachers. Prof. Crawford, who has been connected with the school bureau service in the college of education for the past year, is a former principal of the University training school.

He was awarded a scholarship by the general educational board, and secured his master of arts degree from Columbia University in 1925. He continued his studies at the University of Chicago, and was superintendent of schools at Anchorage before coming to the College of Education here.

LONG TOUR BEGUN BY FUNKHOUSERS

Dr. W. D. Funkhouser, dean of the graduate school and head of the department of zoology, University of Kentucky, and Mrs. Funkhouser left Lexington August 29 for a year's trip through the Orient, tropical and European countries in the interest of science.

They went directly to Jersey City, where they sailed for Los Angeles, going by way of the Panama

New Army Head

MAJOR B. E. BREWER

Major B. E. Brewer, new commandant of the R. O. T. C. unit, University of Kentucky, has assumed his duties at the University. Major Brewer is a graduate of the University of Kentucky, and was transferred to Lexington from Oklahoma. He succeeded Lieut.-Col. Owen R. Meredith, who was transferred July 1 to organize reserve service at Rockford, Ill. Major and Mrs. Brewer, who was formerly Miss Frances Shely, Lexington, and their three daughters, have leased a house at 112 north Ashland avenue.

Canal. From Los Angeles they went to the Hawaiian Islands, arriving there about Oct. 1.

Their itinerary will then include Japan, China, Philippine Islands, Singapore, Sumatra, Federated Malay States, British India, India, various parts of Africa, including Transvaal, Belgian Congo and Portuguese West Africa, England, France and Italy.

Dr. Funkhouser's chief business on the extended tour will be to seek additional specimens of insects of the membracidae family. Dr. Funkhouser now has the world's largest collection of these insects, numbering more than 1,000. He will search for rarer specimens in the jungles of Borneo and Africa.

Mrs. Funkhouser will remain in the towns included in their itin-

erary and plans to make a number of conducted tours while Dr. Funkhouser is in the field.

During Dr. Funkhouser's year's leave of absence, Dr. T. T. Jones, head of the department of ancient languages, University of Kentucky, will be acting dean of the graduate school.

KENTUCKY WHITE HOUSE CONFERENCE

The planning committee for the Kentucky White House Conference, which will be held at the University of Kentucky Oct. 28 and 29 has just been announced by Dr. W. S. Taylor, dean of the College of Education at the University and chairman of the conference. Dr. Frank L. McVey, president of the University will preside at all the meetings.

Gov. Ruby Laffoon, honorary chairman of the committee, and other prominent citizens of the state will be present at the conference and are numbered among the committee membership. They are: President McVey, Prof. W. L. Nofcier, Asbury College; Dr. A. T. McCormick, Louisville; W. D. Belknap, Hyden; Harry V. McChesney, Louisville; Mrs. Mary Breckinridge Frankfort; Miss Marian Williamson, Louisville; Dr. Philip T. Barbour, Louisville; Dr. Annie S. Veach, Louisville.

James H. Richmond, Frankfort; Mrs. James G. Sheehan, Danville; Frederick Wallis, Paris; H. V. Bastin, Anchorage; Mrs. Emma Hunt Krageise, Louisville; Miss Geraldine Graham, Louisville; Mrs. Fannibelle Sutherland, Paris; Fred Nahm, Bowling Green; C. K. Hunt, Pikeville; Robert L. Kinkead, Middleboro; Dr. Jesse E. Adams, University of Kentucky; Dr. Margaret K. Strong, Louisville; Dr. W. B. McClure, Lexington; Charles J. Turck, president Centre College, Danville; Harper Gatton, Madisonville; Father Edward Klosterman, Covington; Father Felix Pitt, Louisville; Rabbi Joseph Rauch, Louisville; Ambrose Dudley, Frankfort; Col. John Skain, Lexington.

Four Sub-committees working under the planning committee, include the committee on medical welfare, Doctor Barbour, chairman; committee on education, Doctor Adams; social welfare, Doctor Strong; moral and religious welfare, Doctor Turck.

COUNTY MUSIC INSTRUCTOR

Miss Mollie Mack Offutt, graduate of the University of Kentucky, has been employed by the Fayette county board of education as instructor of public school music for the county at large.

The President's Page

TO THE ALUMNI OF THE UNIVERSITY OF KENTUCKY:

In accepting the Presidency of the Alumni Association as successor to Leon K. Frankel, I am filled with both pride and diffidence. No loyal alumnus could fail to experience gratification upon becoming the recipient of such an expression of confidence from his fellow alumni.

Being aware at the same time of the faithful, intelligent, and energetic service of Mr. Frankel, I cannot help but feel that my best efforts will fall far below the high mark set by him in his direction of the affairs of the Association. In devotion to the ideals of our beloved Alma Mater, in tact, in courtesy and unselfish service, Mr. Frankel has been, at all times, an inspiration to the members of the Association. An example such as his is particularly valuable at this time, since one of the greatest needs of the University is the united and loyal support of its alumni.

It is not my intention to plead for such support, but rather to ad-

GEORGE H. WILSON, '04

vise those alumni not affiliated with the association of the opportunity to repay in some small measure the obligation they owe to the University. The outlay of time and the amount of money involved in membership are insignificant—time and money of alumni are merely incidental. The chief need is intelligent interest and unflagging loyalty of those who can powerfully promote at this critical time the welfare of their Alma Mater.

With due recognition of the greatness of Doctor Patterson as an educator, the administration of Doctor McVey does not suffer by comparison. Our president is making a brave and intelligent fight for the University.

The university alumni can be of greatest assistance to him and I hope and I believe that they will not fail to display the proper gratitude to President McVey, to the University, and to their State, Kentucky.

Sincerely,
GEO. H. WILSON, '04
President.

STATE BANKERS HOLD SESSION AT UNIVERSITY

The work of years has been threatened in a few months, and it may require years to rebuild Kentucky's educational system once it is crippled by the lack of funds, Dr. Frank L. McVey, president of the University of Kentucky, told more than 200 bankers from all sections of the state at the opening session of the 40th annual two-day convention of the Kentucky Bankers' Association at the University of Kentucky Experiment Station farm.

President McVey was introduced by W. H. Courtney, president of the association and of the First National Bank and Trust Company, who presided at the meeting held in the livestock-judging pavilion at the University. His address on "The State and Education" was given immediately following the preliminaries in connection with the opening of the convention.

The speaker appealed to the bankers to give consideration to the position of the state's educational system, declaring that there would be much feeling among the people of the state when the schools opened in the fall and the people realize what has happened to the school system. Many of the schools will be forced to close or at least to run

with inadequately prepared and underpaid teachers, he predicted.

"Unless there is a change in the attitude toward education in Kentucky, the state will be farther behind in 1940 than it was in 1910," Dr. McVey said, adding that what Kentucky may be in a business and industrial way in the future depends upon what it is educationally today.

Most of the burden of reductions in governmental costs has been placed on education, he said, declaring that this practice was unfair and "a mistake of the highest order."

The state exists only to serve its citizens, and education is the greatest function of the state, he said, explaining that one-fifth of the population of Kentucky is made up of children of school age. The schools, he declared, are for the children and not for the teachers, the trustees nor the politicians.

Dr. McVey touched but briefly on the problems of the University of Kentucky. He said that the University could not continue to carry on without funds and that if the institution were to close, "it would be like blowing out the light."

Dr. W. O. Thompson, president emeritus of Ohio State University, the second speaker, discussed "Some

Issues in Local Banking." Dr. Thompson said that the banker must be a student of business in order to be able to pass upon the plans of business men seeking loans. He should know the trends of business in order to counsel or advise persons to whom he makes loans, and there should be an intimate advisory relationship between the banker and persons borrowing from his bank, the speaker said.

The morning session, at which Dr. McVey's and Dr. Thompson's addresses were made, followed a "night before party" at the Lafayette hotel Tuesday night which attracted 200 or more bankers, their wives and friends.

KIRK B. MOBERLY IS GRANTED COMMISSION

Kirk Brassfield Moberly, Richmond road, is now Lieut. Moberly.

The war department said that the Lexington man has been granted a commission as second lieutenant in the infantry reserve corps of the regular army.

Reserve officers are subject to call at any time in the wisdom of the war department. They receive at least two weeks' military training each year, during which they are paid at the same rate as regular army officers.

Wildcats to Open Football Season September 24

By NIEL PLUMMER

Opening their season with the Cadets of Virginia Military Institute at Lexington on September 24, Kentucky's Wildcats will plunge into the most ambitious schedule ever undertaken by an eleven wearing the Blue and White.

This schedule, which is made up wholly of Southern Conference teams, is as follows:

- Sept. 24—V. M. I. at Lexington.
- Oct. 1—Sewanee at Lexington.
- Oct. 8—Georgia Tech at Atlanta, Ga.
- Oct. 15—Washington and Lee, at Lexington.
- Oct. 22—V. P. I. at Blacksburg.
- Oct. 29—Alabama at Lexington.
- Nov. 5—Duke at Durham, N. C.
- Nov. 12—Tulane at Lexington. (Homecoming).
- Nov. 24—Tennessee at Knoxville, Tenn.

The Wildcats opened their practice on Labor Day with 40 men on hand. Never before have the players seemed to be so evenly matched for positions, and a keen rivalry has developed as the coaches brought them into condition for the fall campaign. Even at the time of this writing, a week before the opening game, it would be difficult to name the lineup for the game with Virginia Military Institute.

Beginning with the line, we find that the regular center and substitutes from last year's team have returned. Big "Walrus" Seale, weighing 230 pounds, and his rivals,

Ernest Janes and Bill Luther have been battling all over Stoll field, trying to impress Coach Gamage and his assistants with their playing.

There are veterans available for the guards, with Capt. Bud Davidson, 220 pounds, heading the list. "Hoot" Gibson is also on hand, as is Burton Aldridge, who was out last season on account of an operation. Others who are putting up a scrap are Blevins, Crowden, Darnaby, Dish, Allen, and Rosenberg.

The tackles are open for anyone, with five players being in the lead for first call. They are John Drury, 200 pound brother of the All-Southern Pete Drury; Bob Montgomery, of Ashland, George Skinner, alternate captain, Wagner and Pribble, all of whom are husky men.

There are six players fighting for the end positions, with Joe Rupert, of Catlettsburg, a sophomore, and "Dutch" Kreuter, of Newport, out in front. Tate Duff, a letterman, of Pineville, and Murphy, Frye, and Parrish are not far behind.

There is a real scrap in the backfield, with only one type of player missing. The Wildcats have not been able to uncover a blocking back to fill the place of Dich Richards who was graduated last spring. There are two capable punters in Ralph Kercheval and Ellis Johnson. Both of these boys can hold their own with the best in the South, and Coach Gamage says that Kercheval is the greatest punter he has ever seen. Johnson and Kercheval both pass, run and snag passes. Pug

Bach, a junior, likewise, is one of the big shots in the backfield situation and he appears to be headed for a high place in Wildcat ranks.

Malcolm Foster, of Nicholasville, Jack Jean, of Owensboro, and Darrell Darby can be depended upon to see a lot of action, and Nicholson, Asher, Miller, Goodman, Fehman, Cassidy and Meyer may be in the opening lineup in the place of any one of them. The backfield situation is all that complicated.

The opening of school added to the interest in football when one of the best freshman squads ever to show up at the university, reported to freshman Coach E. L. Pribble. More than 50 players are on the list, and both backs and linemen appear to be far above the average first term player. The freshmen can easily put out a line average well over 200 pounds while the backfield can average approximately 190 pounds. Many of these players seem destined for the varsity next season if they survive their first year of university work.

Basketball material also appeared plentiful in the freshman class, with one candidate for center standing head and shoulders above the rest. He is from Monticello, Ky., and is six feet, eleven inches tall. Varsity basketball practice will get underway sometime in October, Coach A. F. Rupp has announced in order to prepare for another ambitious Wildcat schedule which should carry the Blue and White higher in Conference circles.

GUESTS ARRIVE AT REPTILE INN

Nine Mississippian garter snakes arrived in Lexington this summer expecting to become guests at "Reptilian Manor," the exclusive apartment for snakes recently opened on the University of Kentucky campus by the zoology department.

Only eight of the Mississippians were registered at the manor. The other southerner had undergone an operation in the snake hospital at the University and had given his life in order that interesting information could be obtained for use in observing the other eight members of the party.

The manor, equipped with everything to make a garter snake happy, was built for the purpose of providing members of the zoology department an opportunity to observe closely the life of the garter snake. It was important that the sex of the various manor guests be

determined. Therefore, the operation. It is believed that information obtained as a result of the operation will aid in the determination of sex of other garter snakes. It so happened that the victim of the operation was a male. It is believed, or at least hoped, that the sex of the other eight snakes can be determined without killing them.

Alfred Brauer, instructor in the zoology department, was the surgeon for the operation, and Parry Kraatz, graduate student, who has a lot of ideas about snakes, assisted in the operation. The snake was given plenty of ether and did not know what it was all about when he went under the knife.

According to Messrs. Brauer and Kraatz, little is known about the genital anatomy of the garter snake and even snake experts can't tell the male from the female except by fatal vivisection. The work begun at the University is something new and is expected to have an impor-

tant effect on further study of snakes.

Persons not interested in snakes probably do not realize the importance of what is going on at the University, but developments at the manor will be watched with interest by snake students throughout the country.

U.K. FACULTY BUYS GROUP INSURANCE

Group insurance totalling approximately \$1,250,000 has been purchased by members of the faculty and staff of the University of Kentucky. The insurance has been in force since May 15.

Ninety per cent of the faculty and staff members are included in the plan. Many business firms carry insurance of this type for their employees, part of the expense being borne by the employer and part by the employee. At the University, however, all expense is borne by the faculty and staff members.

Prof. Walter K. Patterson Dies Suddenly

Prof. Walter K. Patterson, 87, retired professor of the University of Kentucky, and a brother of the late Dr. James Kennedy Patterson, the University's president for 41 years, died at his home on the University campus at 4:30 o'clock Thursday morning, July 14.

Members of Prof. Patterson's household who were with him when he died were Misses Annie and Elizabeth Short, relatives of his deceased sister-in-law, Mrs. James Kennedy Patterson, and Miss Mabel Pollitt, Richmond and Lexington, close friend of the Pattersons' and author of an excellent biography of the late President Patterson.

Walter Kennedy Patterson was born in Bartholomew county, Indiana, Aug. 18, 1844, a son of Andrew and Janet Kennedy Patterson, natives of Scotland. He was educated in the public schools and under the tutelage of his brother. In 1896 the honorary degree of master of arts was conferred on him by the University of Kentucky.

Prof. Patterson came to Lexington in 1863 when he began teaching as assistant in the Transylvania high school at Lexington, a position he held two years.

From 1869 to 1872, he was principal of Bethel Academy at Nicholasville, and for the next three years he was principal of McAfee Institute in Mercer county, a co-educational institute. From 1876 to 1879 he was principal of Central Academy in Fayette county.

Named Principal

In 1880, Prof. Patterson was appointed principal of the Academy of the University of Kentucky, a post he held until 1911, when the school ceased to exist by an act of the legislature, which excluded all secondary instruction in connection with the University. The academy of the University served as a sort of model school for the other preparatory schools of the state. As principal, Prof. Patterson showed great ability as teacher and organizer. He also ably assisted his brother, the president of the University. The president was known as the brilliant, versatile, scholarly, eloquent man; his brother was the determined, persistent, tenacious worker.

Prof. Patterson was instrumental in procuring an appropriation of \$60,000 for the construction of Patterson hall, an appropriation obtained from the 1900 state legislature. Two years later, an additional appropriation, \$30,000, was procured through Prof. Patterson's efforts, and the first men's gymna-

PROF. WALTER K. PATTERSON

sium and girls' dormitory were erected from the joint funds.

Prof. Patterson was also instrumental in having Patterson hall located on its present site, and personally supervised its construction.

Another great service he rendered the university was in representing it before the constitutional convention which met in 1890. At each meeting of the legislature from 1880 to 1890, an effort was made to repeal the half-cent tax bill, which had been passed for support of the University. The opponents of the school made their final effort before the constitutional convention. They wanted the tax in favor of the University permitted from the new constitution. President Patterson was in Europe with his son, who was ill and could not return. Members of the convention from Lexington and Fayette county asked Prof. Patterson to represent the interests of the University. This he did very ably, scoring a victory for the institution.

Prof. Patterson was fond of people, a lover of animals and a capital story teller. He was a Presbyterian and Democrat and was never married.

He accumulated a considerable fortune, and since 1896 had served as director of the Second National

bank. He had been vice president since 1915.

Prof. Patterson's death marks the end of the Patterson family of five brothers, only one of whom, President Patterson had ever married. President Patterson's only son, William Kennedy Patterson, died in June, 1895.

Several cousins living in Texas are Prof. Patterson's nearest relatives. The nearest of these are Mrs. Bessie Kennedy Palmer and Edward Kennedy, of San Antonio.

OLD PATTERSON DWELLING AT U. K. HAS BEEN VACATED

The Patterson house on the University of Kentucky campus, for more than a half a century the residence of the late Dr. James Kennedy Patterson has been vacated.

Miss Annie C. Short, a relative of the late Mrs. James K. Patterson and for a number of year a member of the household of Prof. Patterson, her home at Greenville. Her sister, Miss Elizabeth Short, returned to Middlesboro.

Dr. Frank L. McVey, president of the University, before his departure for a summer visit in Michigan, said exact plans for the use of the house had not been worked out. It has been suggested that it be used as a Patterson memorial, the nature of which is undecided.

Mr. Crutcher said the house would be converted to University uses. Familiar to University students and faculty for years, the house is located north of the drive between the Administration building and the new library. It faces south Limestone street, and for years marked the eastern boundary of the campus. Now, however, the campus has surrounded the residence, with Stoll field and the football stadium to the northeast, and several new buildings on its south side.

Contents of the Patterson house, including furnishings and personal belongings, with the exception of the library, were willed by Prof. Patterson to Mrs. Palmer, who was directed to make certain divisions of other kin. President Patterson bequeathed his library to the University. Prof. Patterson directed that his library be given to the Louisville Presbyterian Theological Seminary.

Golden Wedding Is Celebrated For U. K. Historian

A University of Kentucky professor who has witnessed the construction of every building on the University campus is now at work on a history of the institution which will be a priceless possession of his beloved alma mater.

The man, Prof. Merry Lewis Pence, emeritus professor of physics, was retired three years ago, July 1, 1929. Since his retirement, he has been at work on his history, concerning which he is modestly reticent. The work is being done at his home, 635 Maxwellton place, within sight of the University campus.

At his home on Aug. 31, Prof. and Mrs. Pence celebrated their 50th wedding anniversary. Seven of their eight children, and the majority of their 14 grandchildren, were with them for the celebration. No formal observance was planned for the anniversary, but scores of their friends called during the day to extend felicitations on the happy event.

Prof. Pence's teaching work at the University antedates his marriage by four years. He entered the Agricultural and Mechanical College of Kentucky as a student Feb. 22, 1878, and was the last person to matriculate in this college before its separation from Kentucky University (now Transylvania College). He was also the last graduate of this college prior to its removal from "Woodlands," to what is now the site of the University of Kentucky.

While a student at the old A. & M. college, Prof. Pence served as student instructor. He became a full-time instructor in September, 1881, following his graduation the previous June. His marriage to Miss Belle Kelly, daughter of Joseph and Harriet Courtney Jones Kelly, took place at the bride's home in Daviess county the next August.

Students in the old A. & M. college were taught in a brick building which sat 75 yards back from east High street, then known as the Tate's Creek pike, in what is now Woodland park. Smaller buildings around the brick structure housed the students.

A building, erected for the mechanical department in the vicinity of "Ashland," Henry Clay's home on the Richmond pike, was no longer in use when Prof. Pence began teaching at the University.

Enrollment Was 118

The student enrollment in 1878 was 118. Its faculty numbered seven professors and five instructors. Dr. James Kennedy Patterson was then president and had been since 1869.

PROFESSOR AND MRS. M. L. PENCE

Among the professors was Dr. Robert Peter, father of Dr. Alfred M. Peter, the latter for years connected with the Experiment Station and made a professor emeritus at the same time Prof. Pence was so honored. Another instructor listed in the college catalog of 1878 was N. B. Hays, Lexington, who later was attorney-general of Kentucky.

In 1878, the University (then a college) began its first session as an independent state institution, after operating for 12 years as one of the colleges of Kentucky University.

In 1882, the state college moved from "Woodlands" to the present administration building, for years the central structure in the semicircle of buildings on the campus. This was the first building erected on the campus. It was dedicated in the presence of Prof. Pence on Feb. 15, 1882.

The University now has more than 3,000 college students in attendance, a teaching staff of more than 600, a campus of 94 acres with 45 buildings, Experiment Station farm of 600 acres, a forest reserve and sub-experiment station at Princeton of 600 acres.

For some years following his coming to Lexington from his native county of Daviess, Prof. Pence taught full time or part time in the academy. While so teaching part time, he had charge of instruction

in bookkeeping, and also taught a class in history for President Patterson.

Named Department Head

In the fall of 1889, Prof. Pence was appointed head of the department of civil engineering. Two years later, this department was merged with the newly created department of mechanical engineering under the deanship of Prof. J. P. Nelson. Prof. Pence continued as associate teacher until 1894 when he was elected to organize and conduct a department of physics. Previously, physics had been taught nearly altogether by the professor of chemistry.

This call meant a serious undertaking under the prevailing conditions. At that time, the college was unable to furnish suitable quarters or adequate equipment. The character of the work could not well go beyond the facilities for instruction, nor beyond what the previous training of the students allowed them to undertake. Comparatively few entered the college with any knowledge of physics. In large measure, too, a sufficient knowledge of mathematics was wanting. First work with such students was necessarily elementary. The number of students taking physics increased rapidly. Equipment for more advanced work was gradually obtained, and such work was done.

It was not until 1909, however,

Campus News

that better quarters were procured in one-half of a new building, planned by Prof. Pence, and erected to meet the needs of the physics department and the department of civil engineering. The department of physics was then quite well equipped for its work. Since that time it has been developed until it now ranks as one of the best in the south.

Work Took Toll

The heavy work done by Prof. Pence in the preceding years, especially his work in physics, undermined his health to such an extent that in April, 1914, he was compelled to give up all work whatever.

Prof. W. S. Webb, a graduate of the department, was made head. In the fall of 1915, Prof. Pence returned to the department, with an assignment of lighter work, and remained as professor of physics until his retirement on account of age, July 1, 1929.

Prof. Pence was 78 years old Aug. 8. During his more than half a century of service at the University, he never had a holiday while the school was in session, with the exception of the enforced sick leave.

During the 20 years as head of the department of physics, Prof. Pence's duties were very exacting. He was one of the pioneers in x-ray work, made and used his own fluoroscope of barium platina cynanide as early as April 1, 1896, and did x-ray work for surgeons in Lexington and the vicinity.

In the summer of 1891, Prof. Pence studied applied mathematics at the University of Virginia under Prof. William Thornton, and in 1892 he did advanced experimental physics at Harvard University.

He is a member of the Kentucky Academy of Science, a member of the American Association for the Advancement of Science, and a member of the Sigma Pi Sigma national honorary physics fraternity. For many years, he retained membership in the American Mathematical Society.

His mathematical ability is inherited by at least one of his eight children. His youngest daughter, Miss Sallie Pence, is now professor of mathematics at the University.

JAMES HERR SUCCUMBS AT MINNEAPOLIS, MINN.

James Herr, 38, a former resident of Lexington, and once a student at the University of Kentucky, died Monday, August 29, at his home in Minneapolis, Minn., according to a message received by his aunt, Mrs. Alfred Combs, 246 north Broadway. He had been a sufferer from heart trouble for two years.

STUDENTS HEAR

DR. FRANK L. McVEY

Dr. Frank L. McVey, president of the University of Kentucky, addressed the midsummer convocation of the University of Kentucky summer school at the Memorial Hall, July 7 on the subject, "A Vacationing Mind."

He compared the mind to a vast reservoir whose potentialities are limitless, and described three types of mind—the vacant, filled with nothing but rubbish; the vacationing, a wandering mind whose master is away from home, and the closed mind, stored full of knowledge and information, but closed against imparting that knowledge.

Indications of Open Mind

Because of inhibitions and repressions, persons too seldom talk of the deeper, finer things of life, and therefore miss out in fine friendships, Dr. McVey said. The ability to express one's thoughts on religion, beauty and the finer things of life indicates the open mind, the speaker said. He closed with the admonition, "Endure and be strong; have an open mind and think."

Dr. McVey was introduced by Dr. Jesse E. Adams, summer school director, who made several announcements.

U. S. ARMY OFFICER WILL LEAVE U. OF K.

Capt. William A. Cunningham, captain of infantry, United States army, and assistant professor of military science, University of Kentucky has been transferred to the Griffin, Ga., high school unit, according to word received from the war department.

No successor, in all probability, will be named for Capt. Cunningham here, Major B. E. Brewer, new commandant at the University, said. A reduction in the personnel of the R. O. T. C. unit at the University has been ordered, due to the federal retrenchment program. Failure of congress to provide funds for keeping retired officers on the active duty list has forced the dropping of a number of officers. Ohio State University lost four, and Culver Academy two, according to word received at the University military department.

Served Here 18 Months

Capt. Cunningham was transferred to Lexington from the Panama Canal zone one and one-half years ago. He and his family have made many friends here.

The army officer was stationed

in Panama for two and one-half years, and has been in the army since 1917. He is a native of Tennessee.

In going to Georgia, Capt. Cunningham said he feels like he is returning home as he formerly coached at the University Georgia. He attended school there as well as Vanderbilt University.

Capt. Cunningham's family includes his wife and four children, Jane, Florence, Elizabeth and Billy.

* * *

HONOR STUDENTS AT U. OF K. NAMED

Honor students in the College of Arts and Science, University of Kentucky, during both semesters of the 1931-32 regular term have been announced.

Those making all "A's" during the first semester, with their class and home residence, are:

Phil Pendleton Ardery, 1935, Paris; William Hershell Cave, 1933, Mt. Vernon; Clinton H. Gardiner, 1935, 1932, Lexington; Anna Bruce Gordon, 1935, Winchester; Evelyn Faye Grubbs, 1934, Miami, Fla.; Sister Rachel, O.S.A. (Elizaeth Hosmer), 1933, Versailles; Andrew Graham Hoover, 1932, Nicholasville; James Clay Hunt, 1934, Lexington; Jane Ann Mathews, 1934, Lexington; Horace Mitchell Miner, 1933, Lexington; Jules Louis Nathanson, 1932, Hartford, Conn.; Mary Elizabeth Poole, 1932, Lexington; Elizabeth Poole, 1932, Lexington; Elizabeth Margaret Ragland, 1932, Lexington; Viola Morgan Stevens, 1934, Chicago, Ill.; Nancy Alice Waddle, 1932, Luretha; Richard Malcolm Weaver, 1932, Lexington; Helen Louise Wunsch, 1934, Louisville.

All "A" students during the second semester were: Phil Pendleton, 1935, Paris; Elizabeth Baute, 1935, Louisville; Joseph Caden Burk, 1932, Lexington; James Russell Foster, 1933, Springfield; Daniel W. Goodman, 1932, Lexington; Anna Bruce Gordon, 1935, Winchester; Fannie Herman, 1935, Winchester; James Clay Hunt, 1934, Lexington; Mamie Morgan Miller, 1935, Lexington; Horace Mitchell Miner, 1933, Lexington; Jules Louis Nathanson, 1932, Hartford, Conn.; Lois Ernestine Neal, 1933, Chicago, Ill.; Mary Elizabeth Poole, 1932, Lexington; Charles Gana Talbert, 1934, Carlisle; John McClintock Thorn, 1933, Lexington; A. Stanley Trickett, 1935, Wilmore; Susan Jane Turner, 1934, Versailles; Lloyd Erbin Varden, 1934, Evansville, Ind.

MONEY RECEIVED FOR U. K. STAFF

July salaries were paid in full Wednesday, August 10 to members of the administrative staff of the college division of the University of Kentucky.

The payment was made from state funds received from Frankfort. In addition to payment to the administrative staff, an advance of \$100 was made to teachers employed on a 10-months' basis.

The University is divided into three divisions, the college, the Experiment Station and the agricultural extension. The Experiment Station division, for the 1931-32 term and to date, has been paid in full, and the agricultural extension division has been paid in full.

Col. John Skain, member of the state department of public welfare, turned over to Mr. Peak a check he brought from Elam Huddleston, state treasurer, including \$42,7250 from the Morrell-Nelson federal fund and \$22,000 in July state tax-transfer collections. July salaries for the administrative staff of the college division, employed on a 12-months' basis came from these funds.

The administrative and teaching staff of the college division of the University had received no pay since May 1, when only a part of the April salaries was distributed. The May and June salaries have not been paid, as the University funds were insufficient to meet them.

GEOLOGY STUDIES HAVE BEEN MADE

Two investigations of primary importance to the mineral development of Kentucky were undertaken in August by the Kentucky Bureau of Mineral and Topographical Survey, according to Dr. A. C. McFarlan, director of the bureau and head of the geology department, University of Kentucky.

Besides Dr. McFarlan, members of the field party included Reid P. Meacham, David M. Young and Richard Hicklin, all members of the University geology department staff and several student assistants.

The first investigation included several sections of Pine and Cumberland mountains in southeastern Kentucky. The purpose was to determine the succession of the older strata. This will furnish the basis for accurate interpretation of the drill records in the eastern part of the state, thereby leading to more intelligent oil and gas development. Most of the sections was made at the various gaps including Pineville Gap and Pound Gap.

Another investigation concerned itself with the careful examination of the northern exposures of the lower Trenton rocks in southern

KENTUCKY ALUMNUS

Owen and Grant counties. It is in these rocks that the gas in the newly developed Carroll and Gallatin county fields is found. The object of this investigation is to throw additional light on the gas finds in Carroll and Gallatin counties as well as to secure information that will assist future drilling.

STUDENTS AT U. K. TOUR BLUE GRASS

An historical and scenic motor tour for summer school students at the University of Kentucky was held August 11, beginning at 2:45 o'clock and starting from the training school on the University grounds.

The tour, conceived by Dr. Jesse E. Adams, summer school director, and Prof. M. E. Ligon, of the College of Education faculty, as a better means of acquainting the students with the historic and scenic charms of the Bluegrass section, will be made an annual event of the summer school session.

C. Frank Dunn, Lexington, former editor of the Kentucky Progress magazine and widely known tour authority, prepared a complete log of the tour, which consumed three hours; an historical sketch of Lexington, and a map of the route to be followed in Lexington and through the Bluegrass.

The logged tour included in the order named, the home of Henry Clay, the home of Levi Todd, the polo grounds and horse graveyard in Hamburg Place, the Bryan Station memorial, the farm of C. V. Whitney, Mrs. Payne Whiney's Greentree farm, Elmendorf farm, the \$25,000 statue of Fair Play on Elmendorf, Dixiana farm, Man o' War and Faraway farm, highway views of Elmsade, Castleton, Shoshone and Greenwich farms, the U. S. veterans' hospital and the Henry Clay monument.

The trip concluded with a visit to the historic section around Gratz park, comprising Transylvania College, the Benjamin Gratz home, the John H. Morgan home and the Thomas Hart home.

Each student was furnished with a copy of the complete itinerary, which contains thumbnail sketches of the points of interest along the route as well as directional information.

U. K. STUDENT FATALLY INJURED UNDER MOTOR

Charles (Spud) Spaulding, 27, Williamson, W. Va., University of Kentucky student, was crushed to death at 12:40 o'clock Tuesday, August 9, when an automobile, under which he was working, slipped off a jack. His skull was crushed by the differential of the car.

The accident occurred on Manchester street in front of the Ken-

tucky Scrap and Metal Company establishment. Mr. Spaulding, who made his home in Lexington at the Sigma Nu fraternity house, had told friends that he was going to the scrap and metal company establishment to procure parts needed to repair his car.

He had removed the rear wheels from the machine and jacked it up. While he was underneath, the car slipped off the jack. W. E. Little, 341 Walnut street, was the first person to reach Mr. Spaulding, but apparently he had died instantly.

He was a member of the Blue and White orchestra and was scheduled to take part in that organization's broadcast over the University of Kentucky studio of station WHAS at 1 o'clock. Members of the orchestra, unaware of his death, tried to locate him, but presented their radio program when he did not appear. They learned of his death a moment after they had completed their broadcast.

Mr. Spaulding came to Lexington a year ago to enter the University of Kentucky. He expected to resume his studies at the University in September. He was a member of the Sigma Nu fraternity and had taken an active part in campus affairs.

Patrolman W. S. Sudduth, who reached Mr. Spaulding's body a few moments after the accident occurred, summoned Coroner Hervey Kerr. Patrolman Sudduth said the young man's head was crushed and that he was dead before anyone reached him. The body was removed to Kerr Brothers funeral home.

He was a son of Mrs. L. S. Spaulding, Williamson, W. Va.

U. K. LAW GRADUATE GRANTED FELLOWSHIP

Edwin R. Denny, Monticello, who received an L.L.D. degree from the University of Kentucky law school last June, has been awarded a fellowship for graduate work at the University of Michigan. The stipend is \$940.

Mr. Denny entered the law school without completing the requirements for his A.B. degree. He was soon regarded by the faculty as a high class student and was urged to drop out of the law school until he should finish his work for his A.B. degree, which he did.

Upon graduation he was one of the three members of the class of 1932 to be awarded in the Order of Coif, an honorary legal fraternity, comparable to Phi Beta Kappa and to Sigma Psi.

During the last four years, eight graduates of the University law school have been awarded fellowships—three at Michigan, four at Columbia and one at Yale.

T. J. ASHER, JR. DIES OF TYPHOID

Thomas Jefferson Asher, Jr., 32 years old, son of Mr. and Mrs. G. M. Asher and grandson of Judge T. J. Asher, died at his home following a brief illness of typhoid fever.

Mr. Asher, who was engineer for the Asher Coal Mining Co., was graduated from the University of Kentucky in 1921 with high honors. He returned to Pineville to take charge of the engineering work of the Asher interests. A few years later he married Miss Effie Colson and to this union three sons were born, Thomas Jefferson, Jr., David Colson and Duncan. Besides his wife and children he is survived by six sisters, Miss Mary Asher, Mrs. Clark Bailey, and Mrs. Ray Rice, of Harlan; Louise, Barbara and Jean, and three brothers, George, Amis and Charles.

WELCOMED HOME AGAIN

Relatives and friends of Mr. John Webb Willmott, retired lawyer and former Lexingtonian, are welcoming him and his attractive family to Lexington.

Mr. Willmott has purchased and completely renovated his old home the Willmott residence, on the Sandersville pike, and has moved into the attractive house.

Four of the children, Messrs. John Willmott Jr., Curtis and Robert Willmott, and Miss Irene Willmott, accompanied their parents to Kentucky from San Diego, Cal. Two older children, Miss Grace Willmott and Mr. Jesse Willmott, will join the family later.

Mr. Willmott, a son of the late Mr. and Mrs. C. S. Willmott, is a brother of Mrs. Sam Harrison, Mrs. Robert Latham, Mrs. Berry Davis and Mr. George Willmott, all of Fayette county. Mr. Willmott left Lexington 30 years ago and has been highly successful in his profession.

KENTUCKY GRID STAR SOUGHT BY PRO TEAM

Ralph "Babe" Wright, captain of the University of Kentucky football team last fall, will be offered an opportunity to play with the Brooklyn Dodgers, pro football team. Wright could not be located, however, to determine if he had accepted the offer.

Stumpy Thomason, former Georgia Tech star now with the Brooklyn Dodgers of the National Professional Football League, announces that he had been authorized by the Dodgers to tender offers to Wright and four other Dixie linemen.

The other four men who are to be approached by Stumpy are "Red" Maddox and "Red" Leathers, Geor-

gia; McCanse, Tulane, and Carson, of Furman College. Maddox and Leathers are guards and McCanse and Carson are tackles.

ALUMNI QUESTIONNAIRE

From a group of 2,807 graduates of the University of Kentucky who replied to an alumni questionnaire recently sent out from the Registrar's office, 746 were enlisted in the World War and of that number 191 saw active duty overseas. Approximately 76 percent of this number were from the classes of 1910 to 1924, 336 having been graduated before the termination of the war, and 410 having completed their work leading to degrees following its close.

Of the group of enlisted men replying to the questionnaire, 224 were privates, 52 were captains, 12 were majors, four were lieutenant-colonels and two were colonels. Eighty of the number were engineers, 90 were members of artillery units and 239 were in the infantry.

Promotions among University of Kentucky graduates in the World War were rather generous, 115 out of the 746 having been advanced to higher rank. The most frequent promotions were from second to first lieutenant, however five were promoted from privates to captains, and the most unusual advancement was that enjoyed by one man from rank of sergeant to that of colonel.

Sixteen graduates among the number responding to the questionnaire received honors and citations, two of this number having two citations each to their credit. The Citation for Service was given to seven; five received the Croix de Guerre; one the Battalion Citation; one the British Citation; the Citation by Pershing was received by a graduate; the Distinguished Service Cross was awarded another while one was given the medal of the Legion of Honor. The Palm Leaf and the Expert Pistol Citation were also numbered among the honors. Nine graduates died in service.

NEW KENTUCKY PUBLISHER

Announcement has been made that Gracean M. Pedley, former city editor of The Lexington Herald, has become editor and publisher of the Lyon County Herald at Eddyville.

Mr. Pedley is a graduate of the University of Kentucky and for years was a valued member of the editorial staff of The Herald. After leaving The Herald he became managing editor of the Owensboro Enquirer and later was connected with the Todd County Standard at Elkton.

Mr. Pedley's experience with these Kentucky newspapers will assist

him greatly in launching his new enterprise and The Herald expects the Lyon County Herald, under the direction of "Duck" Pedley to become one of the bright lights of Kentucky newspapers.—Lexington Herald, Aug. 24.

McVEY-MORRIS WEDDING

Miss Virginia McVey, daughter of Dr. Frank LeRond McVey, president of the University of Kentucky, and Mr. James Edward Morris, Lexington and Huntington, W. Va., were married at noon Saturday, June 18, in an impressive ceremony at Maxwell Place, the president's home on the University campus.

The bride and bridegroom are residing at 129 Preston avenue in Mrs. Robert L. Stout's charming home which they have leased during Mrs. Stout's absence in Europe.

The bride is a graduate of the University of Kentucky, and for two years studied at the University of Michigan at Ann Arbor. Since graduation, she has taught in the Lexington public schools. She is a member of the Kappa Kappa Gamma sorority, the Junior League of Lexington, and has been active in the little theatre movement, having performed with real histrionic ability in several offerings at Guignol theatre. She possesses a natural sweetness and charm which has made for her many friends in Lexington.

Mr. Morris is the son of Mr. and Mrs. A. F. Morris, Huntington, W. Va., and is manager of the University of Kentucky campus store. During his stay in Lexington, he has made many friends. He is an alumnus of Marshall College, where he was employed as book store manager until his removal to Lexington.

MYERS-CUMMINS WEDDING

The marriage of Miss Josephine Myers and Mr. Squire Cummins was solemnized August 26 at the home of Mr. and Mrs. Fred B. Wilder, Harrodsburg, Rev. A. H. Baugh officiating.

She is the only child of Mr. J. L. Myers, of Moreland. She attended Millersburg College, Kentucky College for Women and Eastern Teachers' College. For the past several years she has been an efficient instructor in the Moreland high school.

Mr. Cummins is the son of Mr. and Mrs. S. L. Cummins, Crab Orchard. He attended Transylvania College and received his B. S. degree from the University of Kentucky. He is a member of the Phi Kappa Tau social fraternity. Mr. Cummins was principal of the Moreland school last year, which position he holds for the ensuing year.

Alumni News

OOTTS-JESSE

Miss Edna Stewart Oots, daughter of Mr. and Mrs. W. E. Oots, Versailles road, and Mr. Louis R. Jesse, Atlanta, Ga., and Nicholasville, son of Mr. and Mrs. Watson M. Jesse, Nicholasville, were married at the home of the bride's parents.

Rev. R. E. Griffin officiated, and the ceremony was witnessed by only members of the two families.

The new home, of colonial lines, was especially attractive with quantities of garden flowers, and the service was said by candle light.

The bride wore a white lace gown and carried a bouquet of white rosebuds and delphiniums.

Immediately following the wedding, Mr. and Mrs. Jesse left for a motor trip through the south. They will be at home at 544 Ridgecrest road, Atlanta.

The bride, a graduate of the University of Kentucky, and teacher for several years in the Fayette county schools, is attractive and popular. She is the only daughter of Mr. and Mrs. Oots.

Mr. Jesse, also a graduate of the University in the college of engineering holds a position as district supervisor of the southern states for the American Telephone and Telegraph Company.

WORTH-ESTES

The marriage of Miss Betsy Beckner Worth and Mr. Joseph Alvie Estes was solemnized at the home of the bride's mother, Mrs. Phoebe Beckner Worth.

The bride is the granddaughter of the late Judge W. M. Beckner, Winchester, and is the niece of Mrs. Edward Clark, Lexington, and Col. Lucien Pearson Beckner, Louisville. She was graduated from the University of Kentucky, where she was a member of Delta Delta Delta sorority, Mortar Board, Chi Delta Phi, and vice president of Pan Politikon. She has taught in the Lexington public schools for the past three years.

Mr. Estes was graduated from the University of Kentucky, and was a member of Pi Kappa Alpha, social fraternity; Alpha Delta Sigma, Sigma Upsilon, Lamp and Cross, and Thirteen, and was editor of the Kernel. He did a year's graduate work at Columbia University.

PENN-ALFORD

Miss Alice Campbell Penn, daughter of Mr. and Mrs. William S. Penn, Georgetown, and Mr. Coleman Edward Alford, son of Mr. and Mrs. Frank Alford, Lexington, were mar-

ried at the Methodist church in Georgetown. Rev. Felix K. Struve, pastor of the church, performed the ceremony.

Mrs. Alford, a talented musician, has been a member of the orchestra at the University of Kentucky. She has played the violin at the Methodist church in Georgetown for eight years, and has appeared in Chautauqua work. She is a graduate of Georgetown high school, and attended the University where she was a member of the Alpha Gamma Delta sorority.

Mr. Alford is a member of the faculty of Morton Junior High school, and is completing his senior year's work in the College of Engineering, University of Kentucky, where he is a member of the Sigma Beta Xi fraternity.

EDSALL-HENSON

The marriage of Miss Mary Louise Edsall, Lexington, and Mr. John Gold Henson, Paducah, was solemnized Tuesday morning at the home of the bride's aunt, Mrs. J. C. Woolfolk, 821 east Main street. Rev. J. W. Porter, pastor of Immanuel Baptist church, performed the ceremony.

Both Mr. and Mrs. Henson were popular students at the University of Kentucky last year.

The bride, a daughter of Mrs. A. C. Edsall, 223 Rodes avenue, and the late Mr. Edsall, was formerly of Huntington, W. Va. She is a member of the Kappa Delta sorority. Mr. Henson is the son of Rev. and Mrs. L. V. Henson, Paducah, and is a member of the Delta Tau Delta fraternity.

After a short bridal trip, the couple will make their home in Paducah.

DeHORE-CODLIN

Miss Stella Marie DeHore, the daughter of Mr. and Mrs. Lawrence DeHore, and Mr. Howard Codlin Peoria, Ill., were married in the parsonage of St. Paul's church by Rev. Libert de Waegenaere.

The bride was very attractive in a gown of tea rose crepe with hat and slippers to match. She carried a corsage of pink roses. The maid of honor, Miss Mary Cecelia Burk, wore pale green embroidered organdy with accessories to match and had a corsage of yellow roses. Mr. Andrew Fincham was best man.

Mrs. Codlin was graduated from Saint Catherine Academy and attended the University of Kentucky. Mr. Codlin is in the employ of the Pennsylvania Railroad Company and is stationed in Peoria, Ill.

COLLIVER-JOHNSON

Mrs. J. W. Colliver, of Barboursville, W. Va., has announced the marriage of her sister, Miss Marie Colliver, formerly of Barboursville and now of Lexington, to Clayton Johnson, Lexington. They were married in Richmond June 13 by Rev. R. L. Telford, pastor of the First Presbyterian church, Richmond.

The bride was graduated from the University of Kentucky in 1929, and since that time has been teaching at Linlee high school in the county.

The bride is pretty and attractive. Both Mr. and Mrs. Johnson have many friends.

BALDWIN-OWENS

Friends in Lexington have received word of the marriage of Mr. Hays Hiram Owens, formerly of this city, to Miss Irene Baldwin, Vincennes, Ind., which took place June 8 in Jackson, Tenn., where Mr. Owens is now in business.

Mr. Owens, a son of Mrs. J. W. Owens, was graduated from the University of Kentucky in 1930. He is a member of the Sigma Chi fraternity. While on the University campus Mr. Owens was active in student affairs and was a member of several honorary organizations. He also was a member of the varsity basketball squad for three years.

Following his graduation, Mr. Owens was in business in Vincennes for more than a year. In February he moved to Jackson, Tenn., and is now operating a creamery business there. Mr. and Mrs. Owens are at home on east Orleans street, Jackson.

SHORT-DEES

The marriage of Miss Lucile Short, daughter of Mr. Edmund Short, Texas, and Mr. Henry Claire Dees, Oblong, Ill., and Minneapolis, was solemnized August 27 in Minneapolis, where the young couple will reside after a wedding trip.

The bride was graduated from the University of Kentucky, and was a member of Chi Omega sorority. For the past several years she has taught at Harrison school.

Mr. Dees is also a graduate of the University of Kentucky, from which he received his master's degree. He is a member of Triangle fraternity, and was football and basketball star, and captain of the Wildcats during one of his college years.

He is with the Standard Oil Company with headquarters in Minneapolis.

STORY-HAMILTON

Miss Ruth C. Story, St. Petersburg, Fla., and Mr. W. Brooks Hamilton, Montreal, Canada, and Lexington, were married August 27 in Atlanta, Ga., by Rev. Wallace Rogers, pastor of the Glenn Memorial Methodist church.

The bride was graduated from Randolph Macon Woman's College, with the degree of A. B., and received her master's degree from the University of Kentucky. She is a member of Zeta Tau Alpha sorority.

Mr. Hamilton was graduated from McGill University, Montreal, and was granted a degree of M.S.C. from the same institution.

The young couple will live in Lexington, where Mr. Hamilton will resume his duties with the University clinic.

* * *

MOBLEY-TEMPLETON

The marriage of Miss Jessie Mobley and Mr. Garrett Hobart Templeton, Ashland, was solemnized May 11 in Maysville by Rev. Robert Von Thurn of the Presbyterian church. Mr. and Mrs. Garrett Duncan, Ashland, were the attendants.

The bride is originally from Hitchens, Ky., and has taught in the Ashland public schools for three years and in the schools at Grayson for the past year. She attended the Teachers' College at Richmond and the University of Kentucky. She is the daughter of Mrs. Berton Horton Mobley.

Mr. Templeton was graduated from the University of Pennsylvania. He has been a resident of Ashland for several years, but was formerly of Pineville. He is connected with the United States Rubber Company.

The couple will be at home to their friends after July 15 at 341 Ringo street, Ashland.

* * *

NEAL-SCHNEIDER

Miss Mildred Neal and Mr. Karl Schneider were solemnized Monday morning, June 13, at 10 o'clock at the home of the bride's parents, Mr. and Mrs. L. C. Neal, on Valley street. Rev. A. P. Keyser, pastor of the M. E. Church, South, read the ceremony.

"Mrs. Schneider is the lovely daughter of Mr. and Mrs. L. C. Neal, of Valley street. Following her graduation from the Catlettsburg high school, she attended the University of Kentucky, where she is a member of the senior class. She is president of Iota chapter of Phi Epsilon Omicron, national professional home economics fraternity, and a member of Mortar Board and Cwens. Mrs. Schneider is a young lady of much charm and personality and has a wide circle of friends in the entire Tri-State region.

"Mr. Schneider received his training at Jena, Germany, and for the past few years has been connected with the University of Kentucky as instrument maker in the physics department. He has many friends, who are extending felicitations and best wishes at this time.

"Guests at the wedding included Mrs. H. L. Neal and Mr. Howard Neal, Thurmond, W. Va.; Mr. and Mrs. H. B. Cravens, Jackson, Ky.; Mrs. E. Poe Harris, Mrs. W. H. Flannery and Donald Keyser."

POLITT-ADAMS

Miss Mabel A. Pollitt, Richmond and Lexington, and Dr. Frank Adams, Tampa, Fla., were married August 27 at Tampa. The bridal pair are now on a motor trip to New York, and will come by way of Kentucky.

The bride is a sister of Mrs. J. B. Lykins, Lexington, and is well known as a writer and educator. She was acting dean of the University of Kentucky for a year, and was one of the biographers of the late President James K. Patterson, under his will. She is a member of the faculty of the State Teachers' College, Richmond, and one of the outstanding members of the Lexington Scribblers' Club.

Dr. Adams is a prominent dentist of Tampa, where he and his bride will make their home.

Mrs. Adams, who was head of the department of foreign languages at Eastern Kentucky State Teachers' College, has resigned her position. Dr. H. L. Donovan, president of Eastern, has announced that no one will be employed to succeed Miss Pollitt, but that the classes which were assigned to her for the fall semester beginning Sept. 16 will be taught by Mrs. Janet Murbach, member of the staff of the department of foreign languages, who has recently returned from a year's study in the University of Paris, France.

McCLURE - HARPER

The following notes from an Augusta, Ga., paper are of interest to Kentucky relatives:

"One of the loveliest home weddings of the season was that of Miss Mary Middleton McClure and Mr. Frank M. Harper Jr., which took place August 27 at the home of the bride on Bellevue avenue, the Hill.

"Mrs. Harper is the daughter of Mr. and Mrs. A. H. McClure. The family were originally from Frankfort, Ky., but have made their home in Augusta for a number of years. She graduated at the University of Kentucky, Lexington.

"Mr. Harper is the son of Mr. and Mrs. Frank L. Harper, Raleigh, N. C."

LEMONS-KING

Mr. and Mrs. Walter Lemons, Cynthiana, announce the marriage of their daughter, Alleen, to Mr. Garnett Taylor King, also of Cynthiana. The wedding took place Monday, August 8, and was performed by Rev. J. E. Moss, Mt. Sterling.

Mrs. King is a graduate of the University of Kentucky with A. B. and M. A. degrees. She was graduate assistant in the department of mathematics for two years at the University of Kentucky and has held a position in the mathematics department of the Murray State Teachers College for the past two years.

While attending the University, Mrs. King was a member of several honoraries, Kappa Delta Pi and Pi Mu Epsilon. She was a popular member of all university circles.

Mr. King is the son of Mr. and Mrs. George King, Cynthiana, and holds a position with the American Tobacco Company. After a wedding trip through the south, Mr. and Mrs. King will be at home in Greenville, N. C., after Sept. 1. Many friends learn with interest the news of the marriage of the popular young couple.

LUTES-ALLEN

Mr. and Mrs. K. F. Lutes announce the marriage of their daughter, Verna Strode, to Mr. Albion Davis Allen, Amberst, Mass., and Covington.

The marriage was solemnized June 4th at the home of the officiating clergyman, Rev. George Frey, Owingsville, cousin of the bride. The bride was given in marriage by her father. She wore her travelling suit of powder blue crepe, with pink and white accessories and pink hat. Her flowers were a shoulder bouquet of pink rosebuds and lilies of the valley.

Mr. Allen was attended by Mr. Paul Muncy, Covington.

Members of the immediate family witnessed the ceremony.

Following the wedding, Mr. and Mrs. Allen left on a motor trip through New Jersey and to Amherst, where they will visit Mr. Allen's parents, Mr. and Mrs. George S. Allen.

The bride is unusually charming and talented. She attended Transylvania College and the University of Kentucky and for the past two years has been a member of the faculty of Park Hills school, Covington.

Mr. Allen graduated from Ohio State University. He is physical director of the Holmes high school, Covington, the city in which they will reside.

SETTLES-JESSE

The marriage of Miss Hazel Settles to Mr. Edwin Gay Jesse was solemnized Monday Aug. 1 at Clear Creek Springs near Pineville. The ceremony was performed in the assembly room of the camp, which was beautifully decorated with mountain ferns, flowers and cathedral candles. Rev. B. E. Settles, father of the bride, was the officiating minister. Only members of the two families and a few intimate friends were present. Mr. Louis R. Jesse, Atlanta, Ga., was his brother's best man and Miss Irene Caulk, Campbellsville, was the bridesmaid.

The bride is the daughter of Rev. and Mrs. B. E. Settles, Middlesburg. She is a charming young woman and a talented musician.

Mr. Jesse is the son of Mr. and Mrs. Watson M. Jesse, Nicholasville. Since his graduation from the University of Kentucky he has been prominent in educational work in eastern Kentucky and is now principal of the Johnson county high school.

After a wedding breakfast, served to members of the wedding party and guests, Mr. and Mrs. Jesse left for a trip to Asheville, N. C.

WHITEHOUSE-HAGIN

A marriage of interest in northern Kentucky was that of Miss Betty Whitehouse and Mr. Hart Hagin, both of Covington, which was solemnized recently in the First Christian church, Louisville.

Mrs. Hagin, who is an accomplished young woman of charming personality, is a graduate of Sweet Briar and also attended the University of Kentucky.

Mr. Hagin is an alumnus of the University of Cincinnati and of Transylvania College, and is identified with a well-known brokerage house in Cincinnati.

HUFFMAN-FEEBACK

Mr. and Mrs. O. F. Marshall announce the marriage of their niece, Miss Edith Benton Huffman to Mr. Rodes Coleman Feedback, July 20, 1931, at New Albany, Ind. Both were graduated from Lexington high school and Mrs. Feedback is at present a junior in the College of Education at the University of Kentucky. Mr. Feedback since graduation has been affiliated with the Louisville Herald-Post.

They are making their home with Mr. and Mrs. Marshall, Richmond road.

Mr. and Mrs. Samuel Cassidy, Chicago, have the good wishes of their friends for their son, born in August at the Good Samaritan hospital.

KENTUCKY ALUMNUS**JOHNSON-McBRAYER**

Mr. and Mrs. Joseph Eversole Johnson announce the marriage of their daughter, Mary Christine, to Mr. Paul Sullivan McBrayer, son of Mr. and Mrs. Hartwell McBrayer, Lawrenceburg.

Dr. H. H. Pitzer read the service at 11:30 o'clock the morning of August 18 in the First Presbyterian church. Following the ceremony Mr. and Mrs. Johnson gave a wedding breakfast at their home.

SUMMERS-COOK

Mr. and Mrs. Lloyd Clarke Young announce the marriage of their sister, Miss Frances Summers, to Mr. Roland Henry Cook, on Tuesday, the sixteenth day of August, nineteen hundred and thirty-two, Lexington, Kentucky. At home after the fifteenth of September in Deerfield, Massachusetts.

METZ-FARRIS

The marriage of Miss Evelyn M. Metz, daughter of Mrs. Asa M. Hall, to Mr. Elgan B. Farris, was solemnized Friday afternoon, August 19, at Central Christian church by the pastor, Dr. A. W. Fortune.

The bride was attractively outfitted in her traveling suit of blue, with blue hat. Her corsage was of roses and lilies of the valley.

The bride is a graduate of Sayre College and attended the University of Kentucky. Mr. Farris is a member of the faculty of the College of Engineering.

Many friends have good wishes for their happiness.

FISCHER BABY WELCOMED

Mr. and Mrs. Fred E. Fischer, 108 Wabash Drive, are welcoming a daughter, born at the Good Samaritan hospital. Mrs. Fischer was formerly Miss Lydia Florence Roberts, daughter of Mr. and Mrs. L. L. Roberts. The lovely little girl is the first grand-daughter on both sides of the family. She has been named Sylvia Joyce.

SON BORN

Mr. and Mrs. I. Jay Miller have the good wishes of their friends for their son, their first child, born at the Good Samaritan hospital. Mrs. Miller was formerly Miss Beatrice Frumberg, New York. The baby is named Morgan Frumberg, for its maternal grandfather.

DAUGHTER BORN

Mr. and Mrs. M. J. Tully, Jefferson City, Mo., have the good wishes of their Lexington friends for their daughter, Mary Eloise, born Aug. 14 at their home. Mrs. Tully was formerly Miss Marie Treiber, daughter of Mr. and Mrs. Leonard Treiber, Lexington.

CLEAVER-KUSTER

Mrs. James T. Cleaver announces the marriage of her daughter, Mildred Allen, to Mr. Theodore Kuster on Thursday, August 25, 1932, Millersburg, Kentucky.

ADMISSION \$1.00

Naturally — YOU WANT A MILD CIGARETTE

WHEN you come right down to it... mildness is the most important thing about a cigarette. For it means the definite absence of everything harsh or irritating.

Try Chesterfields. They always satisfy... because they're milder.
