## Classes Ending in "4" and "9" To Return In June

### Fifty-Five Gridders Report For Drills

Fifty-five gridders reported for practice on the first day of the spring football drills held on Stoll field. Five more were expected to report for practice at the close of the current basketball season. All the veterans and promising freshmen of last year were on hand. The total includes some 35 men from last year's varsity squad, 22 of which are lettermen.

A short drill of passing, kicking, calisthenics and other forms of limbering-up was directed by Coach Kirwan and his staff, which includes Line Coach Bernie Shively, End Coach Frank Mosely, and Freshman Coaches Gene Myers and Joe Rupert.

Making his appearance on Stoll field also was a voluntary assistant coach who will remain as a member of the coaching staff until the spring drills are over. The new coach was Bert (Man o' War) Johnson, former Kentucky grid star, now a member of the Chicago Bears professional team.

If weather will permit it is hoped that the squad will get in at least six weeks of good practice this spring.

The spring football drills officially move Coach Ab Kirwan into his second season as head Wildcat coach.

### Frosh Caps To Stay

A virtual mandate to continue the freshman cap custom on the UK campus was voiced by students when more than 400 votes were cast for retention, 43 against.

The custom originated in 1913 and was designed to replace the campus-wide habit of shaving the head of first-year men. The plan was short lived and the old policy of head-shaving returned. In 1917 head-shaving again fell into disfavor and the wearing of the caps was again introduced.

Since that year every class of freshmen entering the University has been required to wear the caps.

### '14 Faraday

CECIL HARP, '14, of 236 Kingsway Drive, Lexington, Ky., is chairman of arrangements for the reunion of the '14 Faradays, who will assemble on the campus in June.

But two short months remain until the reunion classes ending in "4" and "9" will trek their way back to the University campus to enjoy the commencement and alumni reunion exercises to be held on June 1 and 2. The occasion will also mark the 50th Anniversary of the Alumni Association.

The climax of the reunion activities will be the annual Alumni Banquet on Thursday night, June 1. This will be held in the ball room of the Student Union Building as it was last June when some 500 alumni and friends of the University were in attendance.

The commencement exercises will be held on Stoll field in the early evening of Friday, June 2. Should weather not permit this the exercises will take place in the Alumni Gymnasium.

The academic procession headed by the University band will form about 6:30 p. m. The commencement exercises proper will start about seven o'clock. Alumni wishing to take part in the procession will be required to wear cap and gown.

Registration for alumni will start

## Wildcats Win Southeastern Net Crown; Five Players Given Conference Honors

The University of Kentucky Wildcats won their third Southeastern basketball championship since 1933 by defeating the hard fighting Tennessee Volunteers by a score of 46 to 38 in the final game of the Southeastern tournament at Knoxville, Tenn., March 4.

Kentucky won its way to the finals of the Conference tourney by virtue of victories over the University of Mississippi, 49 to 30, and Louisiana State University, 53 to 34.

Kentucky, fighting uphill to overcome a 17 to 10 lead piled up by Tennessee in the opening minutes of play, had forged ahead at the end of the half by a score of 24 to 19. From then on the ferocity of the Wildcat's attack and the brilliant playing of Bernie Opper, guard, were too much for the Volunteers.

During the second half the issue was never in doubt although Tennessee kept on trying with the

vigor of a team unwilling to give up. Summed up, the Wildcat's victory was due to their superior speed, strength, coaching and power; the inspired leadership they received from Opper, whose 13 points topped the scores for both teams; and the Cat's ability to make 14 out of 20 free throws.

The superior playing of Opper won for him a place on the mythical all-Conference team selected by newspaper men. He received more first place votes than any other player participating in the tourney. Two other players, Keith Farnsley, forward, and Homer Thompson, center, were placed on the second mythical team. Lee Huber, guard, Mickey Rouse, guard, and Marion Cluggish, center, received honorable mention.

The winning of the Southeastern Conference title this year marks Coach Adolph Rupp's ninth year at the University. During this time

## Directories Mailed To Reunion Classes; "Address Changes"—"Mail Return" Listed

Alphabetical and geographical class lists of the reunion classes ending in "4" and "9" have been mailed to members of the respective reunion classes.

Since these directories were compiled many changes of addresses have been reported to the Alumni Office. These have been recorded properly on the alumni records and are being printed in this issue of the Alumnus so that reunioners may correct their lists accordingly.

Mail has been returned marked unclaimed from several members of the reunion classes. This list is also being printed in hope that some alumni may have knowledge of the present address of these alumni. Such information will be appreciated by your Alumni Office.

Records Shattered

Kentucky's famous "waterless" swimming team broke four state records in its course of nine wins and no defeats for the current season. New records were set for the 150 yard back stroke dash (Bud Scott); 220 yard free style event (Jack Lewis); 200 yard breast stroke event (Sherman Hinkebein); and the relay event. Foes which Kentucky triumphed over during the season were Eastern State Teachers College (two meets), Maryville, Tennessee, Georgia Tech, De Pauw, Butler, Loyola, and Berea.

The University of Kentucky Alumni Clubs in Atlanta and Chicago were host to the members of the team in the respective cities where the team made an appearance, Georgia Tech at Atlanta, and Loyola at Chicago.

With approval of University authorities the team hopes to participate in the Conference tournament to be held in Knoxville, Tennessee, sometime in April.

Class of 1904

JAMES H. GARDENER, President of the Gardner Petroleum Co., 326 Beacon Life Bldg., Tulsa, Okla., is a member of the class of 1904 which will return to the campus in June for its thirty-fifth reunion.

What Alumni Write About June Reunion

What some members of the reunion classes have written in regard to the June exercises:

H. K. Bell, '04, McClelland Bldg., Lexington, Ky.—"I am expecting to be present at this reunion."

Philip L. Blumenthal, '09, 1910 S. Third St., Louisville, Ky.—"I hope to attend the '09 reunion, bringing Philip, Jr., and Julia Isabelle for informal introduction to the class."

Hugh M. Milton, '19, president of New Mexico A and M College, State College, N. M.—"I am hoping that no unforeseen event will interfere with my presence on that occasion."

Robert B. Cottrell, '14, 7645 Coles Ave., Chicago, Ill.—"You can put my name down on the list of those intending to be present on June 1 and 2."

Heber Holbrook Rice, '04, 5 Taylor St., Chevy Chase, Md.—"We hope to make the thirty-fifth anniversary of our class a great class reunion on the campus of the University."

# '14 Faradays To Assemble On Campus In June

One of the many distinguished little groups that will meet on the University of Kentucky campus in June for its reunion is the "14 Faradays," a social organization of the mechanical and electrical engineers that was so well known on the campus twenty-five years ago.

"It will be TWENTY-FIVE years, this June," writes Bob Cottrell, "since we assembled in 'Little Paul's' office, listened to his words of advice and told each other good bye. I can think of nothing finer than for each one of us to make a resolution: To return to 'State' on this, our 25th reunion."

The personnel of the '14 Faradays is depicted in the following paragraph taken from the 1914 Kentuckian.

"Behold, gentle reader, the greatest collection of versatile humanity

ever gathered together under a single head. Twenty matchless men, all "headliners" in their own particular field. A sample performance is illustrative of their attainments. Just outside the main tent, Bill Cross, the ingrown humorist is spiling for "Red" Carrithers, the "White Hope," "Berk" Hedges, a second Caruso, and "Ty" Watts, a real violinist. "Campus" Cottrell is assisting with a juggling act while "Bird" Townsend is attracting the multitude by means of his famous "cackle." "Doc" Gaither and "George" Gayle stand guard at the door of the "big top" while just inside

"Motorcycle Glover" Strong and "Trishtown" Tom Howard are racing around the arena. While the show lagged "Bus" Johnson has started an argument as to the exact number of uncles "Bruiser" Blaker had. This put "Dan" Morgan to sleep. Meanwhile "Rajah" Thornton and "Cecil" Harp prove mathematically that "Bono" Hayden is a "heart smasher." "Hospital" Bennett disagrees and naturally it is left for "Towser" Masters to settle the argument. "Photo" Shelton takes pictures of the performance while "Cutie" Kelly looks on and grins."

## Fiftieth Anniversary To Be Observed By Alumni Association During June Reunion

The reunion exercises on June 1 and 2 will mark the 50th anniversary of the Alumni Association of the University of Kentucky. It was on June 4, 1889, that sixteen graduates of the University organized the Association by adopting a constitution and electing officers.

The first president of the Association was Dr. A. M. Peter, '80, now connected with the Agricultural Experiment Station in Lexington.

Definite plans for a program in observance of the Association's fifty

years of progress have not yet been completed.

Only three alumni who held office during the first year of the Association are now living. These are Dr. A. M. Peter, G. T. Gess and Clarence Scott Graves, members of the Alumni 1889 Alumni Executive Committee.

Mr. Graves who lives at 242 Arlington Ave., Lexington, Ky., is of the reunion class of 1884. He and Dr. Russell Thomas, Metropolitan Building, Denver, Colo., are the only living members of this class.
