PREFACE

The publication herewith presented, an index to the probate cases filed in Franklin County, Texas, is No. 30 of the Texas series of counties. The publication is intended to meet the requirements of day-to-day usage by the officials of the county, attorneys, businessmen, and other citizens who have occasion to consult probate case records for the proper conduct of their affairs. The publication may be used by historians and genealogists to obtain references to unpublished source material.

The names of the deceased persons, minors, and other principals are arranged alphabetically, with reference to filing date of the case and the case number. Differentiation between probate cases assigned duplicate numbers is accomplished by the addition of a letter following the case number. The prefix "L" is used to denote lunacy cases. Case numbers preceded by "O" were assigned to previously unnumbered cases. The following numbers in series 1 to 1086 were not used as case numbers: 48, 58, 59, 70, 73, 235, 264, 271, 429-443, 497, 639, 691, 694.

In Franklin County all probate records are in the custody of the county clerk. Case papers are filed in numerical sequence in plainly marked steel file drawers in the clerk's office on the first floor of the courthouse.

Since the transfer of territory from one county to another has affected probate jurisdiction and has determined the county in which the probate case should be filed, a map and table of territorial changes are included herein. Notations concerning present location and availability of records pertinent to Franklin County follow:

Nacogdoches County, Nacogdoches, all records extant

Red River County, Clarksville, all records extant

Titus County, Mount Pleasant, records destroyed by fire, 1895
