Tabletop speech begins Jones' bid for president

By Kyle Foster Senior Staff Writer

dent Center careteria, 1.A. Jouez, screamed his message of "get in-volved," hoping to raise aware-ness and garner a little support, as he kicked off his campaign for student government presi-dent.

dent.
"We're running for you, and if
you care you'll make an informed choice," Jones screamed
at the crowded room of hungry
UK students.
Although the lunchtime noise
ceased only for two or three minutes, students did not ignore the
message Jones and running mate
Andrew Shveda were trying to
send.

send.
As the noise level rose, the talk was of the Student Government Association, its current President Pete November and "the guy standing on the table."
"I think he had guts (to stand up in front of everyone)," psy-

chology sophomore Erin Will said. "I'm glad that he reached

chology sophomore Erin Will said. "I'm glad that he reached out to students."

"It took nerve. He must want it really bad," agricultural engineering freshman Josh Evans said.

"(Jones) sparked a little interest in the student government that I hadn't had before. ... Now I'm going to find out some more about the other candidates," he said.

said. That's the whole point, Jones said, "to get people to vete and to get people involved."
"Send a message that you want to make this University better than when you came," he yelled. Shane Watts, a mining engineering freshman, said Jones'

Wilkinson trial set to start today

FRANKFORT, Ky. — The neph-w of former Gov. Wallace Wilkin-

FRANKFORT, Ky. — The nephisson is scheduled to go on trial today in the first court case of the federal corruption investigation of Kentucky state government.

Bruce Wilkinson is charged with using his position as an aide to his uncle to influence the resolution of a dispute over intertrack wagering authority between Ellis Park and kiverside Downs, both in Henderson. He has pleaded innocent to conspiracy to commit extortion and mail fraud.

If convicted of the two charges

If convicted of the two charges against him, Wilkinson could be sentenced to 25 years in prison and fined \$500,000.

MAKING THE GRADE

The case will be watched closely by prosecutors and potential defen-dants alike and could help deter-mine the future course of the inves-tigation.

Prosecutors and investigators say they are barely into the corruption investigation and it could last years longer with many more indict-ments.

ments.

U.S. Attorney Karen Caldwell said she believes potential defendants could be inclined to seek a deal if there is a successful prosecution. There have been 10 other indictments in the investigation. diction. There have been 10 other in-dictionents in the investigation, code-named BOPTrot. Nine of those have produced guilty pleas and one other, former House Speak-er Don Blandford, has not yet gone to trial.

The charges against Wilkinson involve the controversy that is at the center of the investigation to

In October 1991, Ellis Park, a thoroughbred track, and Riverside, a harness track, got into a disagreement about the award of dates to conduct intertrack wagering in 1992. Intertrack wagering involves the taking of bets on races conducted at another track and broadcast back to the wagering distinction.

ed at another track and broadcast back to the wagering site.
Gov. Wilkinson appointed Linda Thomas, a Bowling Green lawyer, to arbitrate the dispute. In December 1991, Thomas awarded all of the disputed dates to Riverside. Prosecutors have said Thomas is not suspected of any wrongdoing.
The indictment alleges that Bruce

appointments for his uncle, conspired with and took \$20,000 from Jay Spurrier and Bill McBee to ensure the decision was favorable to

Riverside.

Spurrier was a former chairman of the Harness Racing Commission and one of the most influential lob-pixts in the General Assembly. McBee was the former chairman of the House Business Organizations and Professions Committee, which oversees racing legislating. McBee

and Professions Committee, which oversees racing legislation. McBee, a Burlington Democrat, had been defeated for re-election in 1990. Riverside has cooperated with the FBI throughout the investigation and provided \$50,000 to former Henderson state Sen. John Hall as a purported fee for lobbying work.

Attorney wants health-reform meetings open

Associated Press

Associated Press

A Lexington attorney is hoping to persuade a federal judge in Washington, D.C., that the meetings of President Citinon's health-reform task force and its associated staff should be open to the public.

Kent Masterson Brown, who represents the Association of American Physicians and Surgeons, filed a lawsuit on behalf of that group, the National Legal and Policy Center and the American Council for Health Care Reform.

Brown says the 13 members of the President's Task Force on National Health Care Reform have not met, but more than two dozen "subgroups" working on various areas of the reforms "have been meeting constantly."

Brown around the case before

or the reforms "have been meeting constantly."

Brown argued the case before U.S. District Judge Roye Lamberth on Friday. The judge is expected to rule within a week. The stakes are too high to allow the reform effort headed by Hillary Rodham Clinton to proceed in secret. Brown said after returning to Lexington on Saturday. "They are going to report some sort of managed-competition program, which would so revolutionize the delivery of health care in this country that I think most people would not believe what they would see," he said. "It is a total eradication of private practice medicine as

see, ne said. "It is a total eradica-tion of private practice medicine as we know it."

The nation's first lady and a law called the Federal Advisory Com-mittee Act are at the heart of the dispute.

It stort, the law requires any temperature force making recommendations to the president to do its business in public. An exception would be allowed if the panel were made up entirely of full-time federal employ-

Employees learn to read through literacy program

Reading and writing are such simple tasks, most people take them for granted

For others, however, words can be immovable obstacles that shut otherwise qualified workers out of job interviews and promotions.

UK's Operation Educate was founded in 1986 to fight this paralyzing illiteracy by pairing tutors with full-time University employees who want to learn how to read.

The program, which is operated in conjunction with Fayette County

Operation Read and the Fayette County Adult Education Program, also helps employees earn General Equivalency Diplomas or simply brush up on reading and writing skills.

skills.

Connie Johnson, program coordinator for Operation Educate, said everyday events like shopping, filling out work forms and signing names can be difficult for illiterate people.

She recalled one UK employee who was required to fill out forms and road work of the contraction.

who was required to fill out forms and read work orders as part of his job in the Physical Plant Division.

Diabetes not likely to strike students

Contributing Writer

Contributing Viries

More than 500,000 Americans are diagnosed with diabetes each year, and most of those cases are in Kentucky.

The good news for UK students, however, is that they are not likely contributed to the contribution of the contribut

candidates for developing the disease.

Although Dr. Dennis Karounos, a
UK endocrinologist specializing in
diabetes, said "anybody, at any age
is at risk" of getting diabetes, most
cases don't occur in young adults.

Dr. Michael Eden, a family practitioner at UK's Family Medical
Center, said there are two types of
diabetes: type one develops between childhood and early adulthood, with the majority of cases developing before the age of 20; type
two develops in adults between the
ages of 40 and 50 who are severely

overweight.

The two types differ not just in when they develop but also in how they develop. Type one diabetes results when the body develops an immunity to insulin-producing cells, Karounos said.

He said there are three steps in the development of this type. First, patients must inherit certain genes that would make them susceptible to the disease.

Second, the natients must come

Second, the patients must come to the disease. Second, the patients must come in contact with environmental factors that activate the genes for diabetes. These factors include certain viruses, allergies to some foods and a rat poisoning called Vacor that can destroy insulin-producing cells. Finally, one must develop an immunity to insulin-producing cells. In type two diabetes, Karounos said there also are three steps. First, the body develops an impure secretion of insulin. Second, body tissues

become less responsive to the insulin. Finally, the liver begins producing too much glucose.

Each type has different effects on the body.

Karounos said type one results in a lack of insulin, which means the body can't metabolize sugar. As a result, tissue cells begin burning fat as a source of energy.

The kidneys then excrete large amounts of sugar, which makes the body lose water and causes dehy-dration. As the body loses water, important minerals also are lost.

"Ultimately," Karounos said, "one can develop coma and die."

In type two, he said the effects are decreased energy and blurred vision. Eden added that diabetes is the leading cause of blindness and kidney disease and is "a major contributor to heart disease."

INSIDE: Some donate plasma to fund spring break

Debaters win regional competition

The University of Kentucky Debaters won the Southeastern Conference Championship last month, taking both first and second place at the tournament.

Jay Pinch, a sophomore from Albuquerque, N.M., and Cy Kiani, a junior from Chicago, won first-place honors. The runner-up spot went to freshman Jason Renzelmann and suphomore Paul Skiermont. Skiermont also was named Top Speaker at the tournament, held in Atlanta, while Finch received third place for individual scores.

Prior to the tournament, Renzelmann and Skiermont already had been awarded a berth in the National Tournament by the National Debate Committee. These positions are awarded to the top 16 teams based on their season records at invitational tournaments.

UK also is assured a second team, composed of Juniors Jonathan Reeve and Trevor Wells, in the National Debate Tournament based on rankings by the District Committee.

The National Debate Tournament will be held March 25 through March 30 at the University of Northern Iowa.

Nominations sought for Sullivan Medallions

UK's Sullivan Awards Committee now is accepting nominations for this year's Sullivan Medallions. The medallions are presented to two graduating seniors each year—none man and one woman—as well as to a third recipient who is not a student. According to a statement issued by the committee, award winners will be selected based upon "the possession of such characteristics of heart, mind and conduct as evince a spirit of love for the helpfulness to other men and women."
Nomination forms my be obtained by contacting Saundra B. Lykins, chairwoman of the committee, in 513 Patterson Office Tower.
Deadline for nominations is March 25.

Sorority donates \$1,200 to health facility

Delta Zeta social sorority presented a check for \$1,200 to the Lexington Hearing and Speech Center on Feb. 24.

The money will be used to help the center purchase a new computer program that aids deaf children in distinguishing sounds by having them watch a computer screen as they talk.

The sorority raised the money during its annual Fratman's Classic, a weeklong athletic competition between fall fraternity pledge classes.

Clear beer next in avalanche of new transparent products

By Skip Wollenberg Associated Press

Marketers of well-known brands of soft drinks, dishwashing liquids, mouthwashes and deodorants are scrambling to get clear spinoffs of distinctively hued old standbys on supermarket shelves.

Next on line: clear beer.

Miller Brewing Co. plans to in-troduce the industry's first clear beer, Miller Clear, in several mar-kets later this month.

Already, there's Crystal Pepsi and Tab Clear. The Palmolive and Ivory names appear on clear dish-washing liquids. Lavoris is market-ing a colorless mouthwash. And Ban has a clear solid deodorant.

Marketers say the clear products provide real benefits or emphasize other changes that distinguish the clear product from the original.

Makers of clear deodorants, for

But some marketing experts say the onslaught of clear products smacks of gimmickry that consu-mers eventually will see through.

"People perceive clear substances to be pure and natural and somehow better," said Roger Blackwell, pro-fessor of marketing at Ohio State University. "The perception is the beginning of reality, but it is not al-ways the reality."

He said clarity may be novel enough to draw some consumer interest, but "only those with a distinct advantage will survive."

tinct advantage will survive."

New Product News, a monthly Chicago-based publication that chronicles product introductions, spotted about four dozen clear products among 16,790 new food, personal care or household products in 1992. That didn't include another 1952 sparkling waters and juices that came out with clear variations.

Its editor, Martin J. Friedman, said he doesn't know of any new clear product other than the deodorants that can claim transparency as an attribute.

"Everytone is desperate for some-

an attribute.

"Everyone is desperate for something innovative. But a lot of this is just appealing to consumers' perceptions. I don't think it will last," he said.

Pepsi-Cola Co. began the national rollout of Crystal Pepsi late last year, and launched its ad campaign on the eve of President Clinton's inauguration, trying to capitalize on the change theme.

Coca-Cola Co. is testing Tab Clear, a version of one of its diet colas.

Colgate-Palmolive Co. and Proct-Colgate-Palmolive Co. and Proct-er & Gamble Co. began national marketing of clear dishwashing liq-uids in see-through plastic bottles last spring. Each claims the new versions are tougher on grease and easier on the hands.

Procter's clear Ivory replaced the white liquid sold for 45 years.

Dep Corp. Chairman Robert Ber-glass said its Crystal Fresh Lavoris uses mountain spring water and dif-ferent flavoring, and is expanding the market of consumers who've been sloshing the red cinnamon-flavored mouthwash for 70 years.

Jane Fitzgibbon, who follows consumer trends for the advertising agency Ogilvy & Mather, said she suspects a fad element in "clear" marketing, but it can be a potent selling tool.

Everyone needs a diversion!

The Kernel has yours!

UK health educator travels state as tooth fairy

FRANKFORT, Ky. — We all know Clark Kent is Superman and Bruce Wayne leads a double life as Batman. Now the truth can be told about the Tooth Fairy.

She's Lois Brown.

Most people know Brown as a health educator in UK's College of Dentistry, an assistant coordinator of the EMS Education Center in the UK Hospital's Department of Emergency Medicine or as a consultant to dental professionals.

But sometimes Brown can be

found in classrooms across Kentucky, wearing a white gown with wings and a tiara. She carries a silver wand that she uses to tell if a child is asleep during her nightly visits to check under pillows for teeth.

"Our goal is to reach as many children as we possibly can," asid Brown, who spoke before 5,000 schoolchildren last year about the need for good oral health.

During a recent visit to the Capital Day School in Frankfort, she spoke to kindergarten through ourth-grade classes.

She asked the younger children

Tooth Fairy and what they had received.

"One reason we want to take care of our teeth is so we can eat apples and our teeth is so we can eat apples and to got of ure teeth is so we

brush and one girl toothbrush."

"I know when that little boy left that day, he might not remember how to brush, but he knows he's supposed to have his own toothbrush," said Brown, who has been the Tooth Fairy for six years. "That really inspired me that these kids really do need this."

Brown, 32, doesn't were the supposed to the supposed to the supposed to the supposed to have his own toothbrush, "said Brown, who has been the Tooth Fairy for six years." That really inspired me that these kids really do need this."

really inspired me unitarially do need this."

Brown, 32, doesn't wear the costume when she visits high schools, and she touches on topics such as smokeless tobacco to the students.

Dr. Gene Lewis, head of the public and professional services in the

do ii," he said.

Besides making the presentations for UK, she also participates in a joint project with Delta Dental and the Jayces at schools and community events. Former UK baskethall player Richie Farmer also makes the trips.

"We can see 3,000 people a day with Richie being the attention getter," she said. "The whole program is to raise awareness about good oral hygiene."

Wildcats beat Indiana 4-1, capture Big Four trophy

LOUISVILLE, Ky. — Better late

LOUISVILLE, ky.— Better are than never.

That's what the UK baseball Wildcats were thinking after scoring four ninth-inning runs in yesterday's Big Four Classic championship game at Cardinal Stadium.

Stifled by tough Hoosier pitching for most of the afternoon, UK trailed 1-0 going into its last at bat. But the Cats finally found their hitting eye, stinging Indiana with five ting eye, stinging Indiana with five straight hits and four runs to win the second-annual Big Four cham-pionship.

pionship.

UK (6-4) won its third consecutive game after losing 4-3 to the Hoosiers in a first-round game Friday. In that game, Indiana sozula pair of runs in their half of the ninth inning to steal a victory from the Cats. Louisville and Dayton were scheduled to play the consolation game.

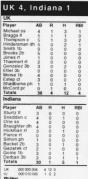

The Cats' comeback victory could serve as a confidence builder for the young team over the course of a demanding schedule, their

or a demanding schedule, their coach said.

"I feel like our team really grew a lot in this tournament," UK coach Keith Madison said. "We only have six veterans out of 30 players, so this has to be a great experience for us. I hope it will carry over to our other games and the conference schedule."

UK had to grow up quick to capture this victory.

While on the mound, Indiana starter Nate Lewis was in complete control of the game. The Hoosiers' senior righthander pitched six in-

Commodores bounce Lady Kats from tournament

Staff Writer

CHATTANOOGA, Tenn. — It should be no surprise if the referees who called Saturday's Lady Kats-waderbilt game need new whistles for their next assignment.

Vanderbilt game need new whistles for their next assignment.

Vanderbilt and UK were called for a combined 45 fouls, and it was the Lady Commodores who took advantage of the time on the line.

That time was just what Julie Powell needed as she went four of four from the line in the final 45 seconds to help Vanderbilt fight off the Lady Kats 68-61.

UK (18-10) missed several

UK (18-10) missed several chances to score in the last 3:47 with Vandy holding a two-point lead at 60-58. Mia Daniel's basket

lead at 60-58. Mia Daniel's basket then was the only score for either team until Jocelyn Mills hit one free throw at the 1:39 mark to cut the Vandy lead one at 60-59. Powell scored 24 seconds later to give Vandy (25-2) a 62-59 lead. Vandy got the ball back, and Pow-ell was foulded with 45 seconds left. She hit both free throws to put Vandy up by five.

Vandy up by five.

After Tedra Eberhart hit two free throws with 37 seconds left and cut the lead to three, UK had to foul. but it sent Powell to the line who hit both free throws.

Rhonda Blades added two free throws with 19 seconds left to round out the scoring.

"In the last three minutes, we did what we had to do to win the ball-game," Vanderbilt coach Jim Foster said.

"We had plenty of opportunities," UK coach Sharon Fanning said. "(Shelley) Jarrard and (Heidi) Gill-ingham didn't score in the first half.

our way.

"I thought we played very hard as a team. That has been the trademark of our wins this season. The loss was disappointing. We had planned on being here (yesterday)." Free-throw shooting was the key for Vanderbilt in the game, as it shot 23 of 28. Powell led the Lady Commodores with 17 points, and Blades and Misty Lamb each finished with 14.

Blades led Vandy in scoring with 12 points in the first half, including a six-of-six mark from the free-throw line.

For the Lady Kats, senior Mills was the heart of the offense, scoring 10 of the team's first 16 points. She finished the first half with 14 points and had 25 by game's end.

Sophomore point guard Stacey Reed, who finished with 10 points

Sophomore point guard Stacey Reed, who finished with 10 points and nine rebounds, had seven points and seven rebounds in the first half.

They were part of only a few of-fensive bright spots for the Lady Kats, who shot 30.6 percent from the field in the game and only 24.2 percent in the second half.

UK shot 11 of 29 for 37.9 percent and shot just as poorly from the three-point line, hitting one of six. Vandy grabbed an early 4-2 lead, but the Commodores let it slip away at the 18-minute mark and didn't regain it for the next six minutes. The score changed hands several times in the first 10 minutes.

UK's defense held Vanderbilt scoreless for three minutes, beginning at the 8:02 mark, but couldn't capitalize on it. At the end of the scoreless streak, UK only held a one point lead at 20-19.

Then it was UK's turn to go cold

Upsets show parity reigns in conference

By Chris Tipton Staff Writer

CHATTANOOGA, Tenn. — Par-ity always has been one of the buzz words in college sports. It has been termed one of the major assets of the Southeastern Conference for

Whether it be in basketball, foot-ball or baseball, each of the 12 SEC schools seems to be equal at sea-son's end. This fact was one of the defining characteristics of the 1993 Women's Basketball Tournament.

Coming into postseason play, it looked as though the three top seed (Tennessee, Auburn and Vanderbilt) would dominate the tournament the same way they dominated the regular season. All three were ranked in the top 5 of the final Associated Press poll.

But the other conference schools refused to step aside and let these three schools waltz into the NCAA Tournament.

The upsets started with the first The upsets started with the first game in Saturday afternoon's second round. First to fall was the top seeded Tennessee Lady Volunteers. After going 11-0 in the regular season. UT quickly was bounced from the tourney, courtesy of the Georgia Lady Bulldogs.

Georgia blew a 16-point lead in the first half but managed to squeeze by the Lady Vols and salvage a 73-72 win. UT head coach Pat Summitt said her only regret was "not being able to play on back-to-back nights like the NCAA Tournament."

enth, with a regular season record of 4-7, possibly knock off the No. 1 team in both the conference and the nation?

The answer is obvious to Georgia coach Andy Landers. He said the reason there are not more teams in the Top 25 is the balance in the

some of the team's records indi-cate," he said. "Tennessee, Vandy and Auburn were all good enough to beat every team in the confer-ence, and they usually did.

"When the remaining SEC teams lost to some of the other schools, on top of the losses to the top three, their records dropped and people started to question the conference's strength."

Auburn was the next SEC power-house to experience the agony of defeat. The No. 10 seeded Missis-sippi Lady Rebels used a 2-3 zone and a balanced scoring attack to send the second-seeded Lady Tigers packing after a 69-55 loss.

"Our seniors have come out in the last two games and refused to let their final season come to an end," Ole Miss coach Van Chancel-lor said. "They played with determi-nation and carried the team when we needed them."

Both of those upsets happened during the morning session. While they marked the first time since 1986 that neither of the top two seeds advanced to the semifinals of the tourney, there still were more surprises in the evening session.

While a No. 5 seed beating a No. 4 seed is not much of an upset, when you consider that it continued a string of defeats of top-seeded teams, it takes on more significance. Alabama won 88-73 over Florida to begin the evening session

In the final game of "Surprise Saturday," the shocker was a little different from the rest of the day's events. Vanderbilt held on to beat a determined UK team 68-61. The outcome surprised some because, for the first time all day, the higher seveded team estually won.

Bulldogs finish job they couldn't earlier this season

By Lance Williams Staff Writer

CHATTANOOGA, Tenn. — Sat-urday afternoon, the eighth-seeded Lady Bulldogs of Georgia finished the job they started Feb. 14. That job was pulling an upset over The Associated Press' No. 1 women's team in the country, the Tennessee Lady Volunteers.

The job started when Georgia gave the Lady Vols a scare in Knoxville Feb. 14, before finally succumbing 71-68. The Bulldogs finished the job with a 73-72 victory over the top-seeded Lady Vols in the second round of the Southeast-em Conference Tournament.

Recusse of Saturday's loss this

Because of Saturday's loss, this will be the first time in the past five years that the Lady Vols won't be in the finals of the SEC Tourna-

in the finals of the SEC Tourna-ment.
"Our team was obviously not ready opening the game. They made a lot of mistakes mentally. What we have to do as a basketball team is learn from this." Tennessee coach Pat Summitt said.
It was a Lowe scoring night for Georgia with Camille Lowe and her twin sister, Miriam, each scoring 16 points in the game. Deborah Reese finished with a career-high 17 points for Georgia.

After Camille Lowe fouled out

team is learn from this," Tennessee coach Pat Summitt said.

Auburn head coach Joe Ciampi It was a Lowe scoring night for Georgia with Camille Lowe and her twin sister, Miriam, each scoring 16 points in the game. Deborah Reese finished with a career-high 17 points for Georgia.

**Basically, we've lacked an offense system and self-confidence for the last two games," Ciampi After Camille Lowe fouled out with 10:36 left, Miriam Lowe and that affects our defense."

picked up the slack and hit four key free throws down the stretch, in-cluding two with four seconds left on the clock.

"We just got a second chance at life in this tournament," said Geor-gia coach Andy Landers, who also said his team needs to win the SEC said his team needs to win the SEC tourney to go to the NCAA version.

Ole Miss knocks off Auburn
Two hours after Auburn became the highest seeded team in the tournament, they found out what No. 1 Tennessee learned earlier in the day.

It doesn't mean anything.
Tenth-seeded Mississippi shot 51.7 percent in the first half to take a 41-27 halftime lead over the second-seeded Auburn Lady Tigers and let that carry them to a 69-55 victory.

"We gave our kids a gameplan, and we followed that gameplan bet-ter than we have all season," Ole Miss Coach Van Chancellor said.

UK defeats

Mississippi State

The UK Lady Kats used a 14-2 run late in the first half to put Mississippi State

The UK Lady Kats used a 14-2 run late in the first half to put Mississippi State away in the opening round of the SEC Tournament 84-73 Friday night.

Jennifer Gray finished with a career-high 21 points, including an eight-of-15 mark from the field.

"I felt real good (Friday night), and I feel like when we get to the SEC tournament, it's time for us to play," Gray said.

"I felt like Jennifer (Gray) wanted the ball tonight," UK coach Sharon Fanning said. "She went hard to the boards and was excited."

The 11th-seeded Lady Bulldogs

ed."
The 11th-seeded Lady Bulldogs (14-13) jumped out to an early 8-1 lead, thanks in part to six points in the first five minutes from Natasha Johnson, who along with Tiffany Booker, led the team with 17 points.

BOOKET, Icu the booker, seed the seed, started out cold, hitting only one of its first 10 shots. With 15:47 left in the first half, however, UK went on a 20-6 run to take a 23-16 lead.

The Lady Buildogs closed the gap to one with UK leading 26-25, but the Lady Kats went on a 12-0 run near the end of the first half to take a 40-28 lead and put away Mississispip State. The Lady Buildogs could not get any closer than

Vanderbilt 68, Lady Kats 61

"In the first half we broke down and Kentucky was able to get the baskets," Mississippi State coach Jerry Henderson said.
"I was pleased with our intensity

Bat Cats

Continued from Page 4

comme just inches from being a homerun but still gave the Cats runners at the corners with one out. The next UK batter, Jeff Michael, tried a suicide squeeze. But Indiana had a pitchout called and caught Etter between third and home for the second out.

Down to their 27th and final out, the Cats erupted for four straight hits. Michael shook off the unfortunuts, Michael shook off the unfortunate misfire on the squeeze play and came up with a game-tying single to score pinch runner Andy McCord. Matt Bragga followed with another single before Billy Thompson gave UK the big knock it was looking for all day.

With a one-and-one count, Thompson connected with a belt-

high fastball and drove it deep off the wall in centerfield for a game-winning, two-run triple. Designated hitter Brad Hindersman then drove in Thompson with a single to give UK an insurance run.

UK an insurance run.

Indiana got a lead-off double from catcher Dave Snedden in the bottom of the ninth, but UK stopper Paul Morse induced a weak ground ball and got a pair of strikeouts to pick up the save.

"This was a great college baseball game." I'U coach Bob Morgan said. "It was well-played by both teams and a great game to watch. "We were one out from winning the game and (UK) came back with a great injing. I take my hat off to them."

Madison was happy but said he

"We waited a little too long to get the bats going, but it made for a very exciting ballgame," he said.

*Bragga, a junior outfielder, may have been the Cats' most valuable player in the tournament. A starter in all four games, he was eight for 19 at the plate with two doubles, a triple and six RBI.

Prior to the ninth inning, pitching was exceptional on both sides. Sophomore Jason Jenkins started for UK, pitching four innings of scoreless baseball before leaving with soreness in his right elbow. Brian Reed (1-0) struck out five Hoosiers in four innings of work to pick up the win, while Morse pitched the ininth to get his second save of the season.

"Jason Jenkins gave a very good performance for his first time out," Madison said. "And Brian Reed and Paul Morse did a super job for us in relief."

The weekend's match originally had been scheduled for outdoor play to get UK ready for the Southeastern Conference slate.

"We wanted to play outside, but there was just no way to do that," Emery said. "Our courts haven't been resurfaced yet, and we haven't hit a ball outdoors anyway, so there was just no way."

UK had an easy time with West-ern Kentucky in the evening con-test, blasting the Hilltoppers 6-0.

The Cats will return to the courts aturday to face Princeton.

"By the end of my match I was playing well," Lankford said. "By the end of my doubles match, we were playing well."

Heels shows Duke SEC they're still on top level tonight," Fanning said. "That type of effort has to happen when it comes tournament time — especially the SEC tournament."

By Jim O'Connell Senior Staff Writer

CHAPEL HILL, N.C. — The game didn't mean much except to half of college basketball's fiercest rivalry.

rivalry.

Top-ranked North Carolina opened the second half with a 16-0 run and went on to an 83-69 victory over No. 6 Duke on Sunday. It was a game that didn't effect any standings or seedings, but it was still Carolina-Duke.

Graofina-Dual T was suit and a commentary of the control of the co

much, but today it was only for a chance for some people to have their say over others," North Caro-lina coach Dean Smith said. "It al-ways helps to win and I can't help but think this one will help down the road."

Duke played its sixth straight game without forward Grant Hill, game without forward Grant run, who has a sprained toe on his right foot. The loss was the second for

Duke since Hill's injury, but indication, are the 6-foot-8 junior will play in the ACC tournament that begins Thursday.

"Grant practiced Friday for about 55, 30 minutes and we wanted to see how he would react," Duke coach Mike Krzyzewski said. "On Saturday he didn't react the way we had hoped. He's not even close to 100 percent."

The Tar Heels led 40, 30 or half.

The Tar Heels led 40-30 at half-time and the run that started the second half showed why they are No. 1.

No. 1.

Eric Wontross scored the first five points of the burst, all down low. Then George Lynch, one of five North Carolina seniors playing their last home game, scored on a rebound as he always seems to do. Brian Reese came up with the next three points in transition and then. Donald Williams, the outside shooter needed so much if the Tar Heels are to advance in the NCAA tournament, hit two straight turnary tound jumpers, Point guard Derrick Phelps ended the run with two free throws and the Tar Heels led 56-31 4;42 into the second half.

While all that was going on.

4:42 into the second half.

While all that was going on,
Duke missed 10 shots from the
field and committed three turnovers, exceptional numbers from
North Carolina, an exceptional defensive team.

Tennis

being over matched however.

"I think he played pretty well,"
Emery said. "He got a little discouraged when he had the two set
points in the first set and didn't get
it, and he just didn't play as well
(after that)."

As for the rost of the Contact.

As for the rest of the Cats, Mahyar Goodarz defeated Brad Dancer 6-4, 6-3. Ford Lankford picked up a win by knocking off Kevin Seckel 6-3, 6-4.

6-3, 6-4.

Stephen Mather made short work of Wade Martin 6-3, 6-3. Scott Trebly followed the day's pattern by also winning in straight sets defeating Gus Giltner 6-2, 6-3.

Michigan State came back to pick up a point in doubles play. The duo

of Dancer and Martin defeated UK's Goodarz and Bryan Sack-mann 8-6. Seckel and Washington beat the Berkowitz and Treibly tan-dem 8-4. dem 8-4.

The Cats picked up one doubles win. Lankford and Yeager got past Michigan State's duo of Giltner and Bedford 8-6.

UK's Lankford said he was happy he and his teammates got back in the win column.

in the win column.

"We had a rough time down in Louisville. I think everyone struggled in Louisville because the cours urfaces are so bad," he said.

He said he enjoyed the opportunity to play Michigan State. "Michigan State gave us a chance to get the a little bit of the rust off. We played a good team and played a good match."

The Wildcats had not played since mid-February at the National

said that is not something of which to be ashamed.
"It's not bad to be ranked sixth in the SEC," she said, "We beat LSU, so everyone is going to say 'We have to look out for 'Kentucky.' I think it will definitely help our con-fidence"

Hansen set two more school records, but Ogden said Hansen's most valuable performances come

most vauuanie perromances come in practice.
"She definitely adds motivation," she said. "She's a very exciting person to work with. It helps me to be enthusiastic about working out."
Ogden said the team concept is more important than any individual honors.

think, more importantly, it feels good for our team to get a 194." she said. "I enjoy it when I do well, but I enjoy it more when the team does

"The team is much more im tant to me than my own pe mance. The fact that our team is much more important to me."

The attendance during the third session, which featured the Georgia vs. Tennessee and Auburn vs. Ole Miss matchups, was the largest crowd for a single session in women's SEC history. The record of 6,388, set on Saturday, broke the old mark of 5,012 set during the championship session of the 1988 Tournament in Albany, Ga.

Best Saturday Quote

"I've never seen so many dead sportswriters. Nobody seems to be happy but us," Georgia coach Andy Landers after his team pulled off the surprise of the tournament by defeating top-seeded Tennessee.

Jocelyn Mills was selected to the All-SEC team first team in a poll of the SEC coaches. Stacey Reed was named to the second cam All-SEC.

After a lackluster performance a week earlier, Freeman was happy to come up with a strong performance.

"You can't do 100 percent all the time," she said. "I'm just glad that was our down meet, rather than have it happen when it really counts. We know that it's possible for us to be at the top, and that makes us want to work even hard-

Little said desire was a big factor

"They wanted this meet really bad," she said. "I think the motiva-tion is what won it because they wanted to win it."

DIVERSIONS

Band is blight of Minneapolis

This moth belongs in flames

By Brian Manley Staff Critic

Moth Macabre welds talent and creativity, beautiful vocal harmonies and unforgettable melodies into what could be called one of the best albums of the decade. You probably couldn't tell breading it, but the above paragraph was written using the severest sartastic form possible. If you heard me say it, you would know. In truth, this band is not as good as I hyped them to be. In fact, I think I safely may say that Moth Macabre ranks as one of the least alented bands on the planet. No, I still hate Bon Jovi more. I think. Wait a minute, isn't Moth Macabre one of the monsters Godzilla fought?

It has been said that America it has been said that Americans will buy anything, no matter how useless or inane. This has been proven time after time with the rise of such musical "wonders" as Firehouse, Vanilla Ice, Marky Mark and recent Grammy nominee Billy Ray Cynis.

Talent is no longer a requirem it will buy at a record store. If Moth Macabre's self-titled debut jumps into the top 10, this will be the case

conscious-doorway-to-reality" dreams, but — in reality — are nightmares. Tunes like "Amazing" and "Elizabeth" are just plain scary. Presley sounds like he's never picked up a guitar in his life, cranking out off-key garbage, while "singing" with a voice that sounds like a cross between Kurt Cobain and a dying crow.

Good music not extinct on album

By John Abbott Staff Critic

I bought Where You Been, the new album by Dinosaur Jr, on the basis of one song that I heard and liked a lot. That is a dangerous thing to do because that one song could very well be the only decent track on the album. (I've had to sell back more than one album because everything else on it was junk).

than one album because everything else on it was junk).

With Where You Been, though, I got lucky, I not only liked that one song, but I also liked everything else. It's an amazingly solid album. I can't find a single dead spot on it. That's rare for me because, even with my avortice arists, I usually find one or two lousy songs per album that should never have seen the light of day.

Not here. I liked more than half the album the first time I listened it through, and even the songs I disliked the first time grew on me fast.

This is one of the few albums I own with which I can use the "Shuffle" function on my CD player and not wince as it heads straight for that one track I can't stand.

"Start Choppin," which has shown up a few times on latenight MTV, is the standout song among standouts. A delicate, beautiful guitar hook opens the song, but then the

"Reservoir Dogs" Starring Harvey Keitel, Tim Roth and Chris Penn Miramax Pictures

By Chip Sebastian Staff Critic

Zowie! What a show!

"Reservoir Dogs" premiered at the Kentucky Theatre Friday night, and it was too funky.

Even more funky, though, is the story as to how this film came to be made.

In 1990, director Quentin Tarantino wrote a screenplay called "Reservoir Dogs." Looking for quick

funding and even ready to shoot in an inferior format, Tarantino and his partner, Lawrence Bender, were approached by Harvey Keitel.

Approached by narvey Kettel.

Keitel, an actor famous for Martin Scorcese's "Alice Doesn't Live
Here Anymore" and the newly acclaimed "Bad Lieutenant," had read
Tarantino's script and wanted to
make it.

make it.

Director Monte Hellmann, famous for "Two Lane Blacktop" and
"The Shooting," realized the
script's potential and pushed it
through to Richard Gladstein of
LIVE Entertainment.

It's the classic Cinderella story. Following came a slew of big ame actors and a budget.

MOVIE REVIEW

The film centers around a jewel heist and why it falls apart. Keitel plays Mr. White, the crook whose beliefs would bring the downfall of them all.

Tim Roth plays Mr. Orange Tim Roth plays Mr. Orange. Orange is an undercover cop who is shot in the stomach while attempting to flee the scene with Keitel. Roth plays his role as robber to the end, though bleeding to death in a warehouse. unable to receive medi-

cal attention.

Michael Madsen plays Mr.
Blonde, an unscrupulous gangster
type who lives for torture.

Chris Penn gained some weight and played Nice Guy Eddie, the son of the mastermind of the crime, Joe Cabot, played by veteran actor Lawrence Tierney.

Mr. Pink is played by the ratlike Steve Buscemi, a worm to the end. Mr. Blue is played by Eddie Bun-ker, and Tarantino himself plays Mr. Brown.

Though the most of the produc tion was shot in a warehouse, with backup flashbacks of the heist and the months leading up to it, the film flows beautifully. The editing is

really where the heart is on this film, aside from the story.

The voice of Steven Wright, as K-Billy DJ, booms over certain parts of the film, breaking up the action with Wright's familiar monotone. Classic '70s songs flood the film, bringing dreams of polyester.

The film's violence is extreme, and there are parts that suggest pain. Example: Upon taking a cop losstage and torturing him, nutcase robber Madsen pulls a gun on him and aims. The poor cop can't move

robber Madsen pulls a gun on him and aims. The poor cop can't move because he's bound and gagged. The camera angles and the cop's squirming would make even John Wayne wince.

See DOGS, Page 8

Revivals of standard plays given fresh touch

LONDON — A conventional love triangle cracks wide open, revealing a play of infinite understanding and sorrow about its characters — and its country.

A familiar thriller offers excitement of acother convention of a conven

A familiar thriller offers excitement of another sort, as a oncestandard war horse becomes an occasion for wonder.

On yet a third London stage, audiences are stirred by a musical everyone knows by heart in a production that peers straight into its
darkly forbidding core.

Both plays — Terence Rattigan's
"The Deep Blue Sea" and J.B.
Priestley's "An Inspector Calls" —
and the musical, Rodgers and Hammerstein's "Carousel," are the stuff
of standard English repentory newly
presented in productions that carry
the force of revelation.

piction of British Cabinet chicanery is all too topical today, the case is clear: London's ostensibly "safest" works are today's most subversive.

The shock of the new, in other yords, rests with the old. words, rests with the old.
"It is very subversive," director
Karel Reisz says of "The Deep Blue
Sea," Rattigan's 1952 play, which
has sold out its eight-week run at
the fringe Almeida Theater and
transfers March 17 to the Apollo
Theater on the West End.
In outline the play supersist mere

In outline, the play suggests mere soap opera: A judge's wife, Hester Collyer, leaves her decent but dull husband, Sir William, for a younger ex-Royal Air Force pilot, Freddie, who doesn't love her.

While a 1988 staging confirmed its apparent staleness, Reisz and his extraordinary company locate the play's disquieting critique of a na-tion choking on its emotional re-

"Hester, what's happened to you?" Sir William (Nicholas Jones) asks his wife (Penelope Wilton).

"Love, that's all," comes her dead-pan reply.

And yet Hester's love — indeed, her lust — participates in her de-spair: "You and I are death to each other," says Freddie (Linus Roache), the emotionally blocked young pilot, whose "no" Hester cannot accept.

The play leaves her nitched in

The play leaves her pitched, in her words, between "the devil and the deep blue sea" — a woman whose emerging passions encounter only reticence and repression.

"The idea that a good piece of writing becomes old-fashioned is silly, really. It's had writing that is old-fashioned," says Reisz, a 66-year-old director better known for a film career that includes "Saturday Night and Sunday Morning" Night and Sunday Morning' (1960), "The French Lieutenant's Womann" (1981) and "Sweet Dreams' (1985).

The style is no less radical than the design. While "An Inspector Calls" usually is played for draw-

from the theatrical constraints of their own period so they speak freshly.

Priestley described himself as wild dramatist only pretending to be a tame one," but the Royal Na-tional Theater's current "An Inspec-tor Calls" (1945) is among the few Priestley revivals that truly dares to be wild.

ts opening tableau shows Birl-ing's elegant house floating in a miniaturist limbo behind a charred, rubble-strewn landscape. By the end of the play, the house has col-lapsed, along with the Birlings' once-secure social order, as the family finds itself implicated in the suicide of a factory girl.

Groundhog Day' star a country girl at heart

SAN FRANCISCO — The box same day — Feb. 2 r and over and over

But for actress Andie MacDow-ell, the weirdness started even be-fore she won the part of a cool-headed television producer. It start-ed when her future co-star got her igome telephone number.

The film was inspired by Stanley Kubrick's "The Killing" from 1956. Kubrick used unreal ground-breaking techniques at the time. Tarantino does the same.

Probably closer to the heart of this film, though, are Sam Peckin-pah's "The Wild Bunch" and "Straw Dogs." Masterpieces of vio-

The scenes are realistic. Although the violent aspect seems to sell this film, the story is the beautiful part

Dogs

Continued from Page 7

"He kept calling my house after I did the interview and before I got the job," MacDowell said. "I was very intimidated because I was fear-ful that if I did something wrong, it would jeopardize my job. He'd call and say things like, 'Do you drive a 4-wheel drive?' Or 'Do you know how to drive a stick shift?' He'd leave messages like that.
"Definitive has not be medium of the properties of

"Definitely, he's odd. More than a little odd. He's just an odd charac-ter"

The 34-year-old actress discussed her new film during a recent inter-view, sipping vegetable juice laced with cayenne pepper to battle a

cold.

MacDowell's sultry elegance contrasts with Murray's goofy wit. His character, Phil Connors, attempts to escape from the spiritual snag that has him trapped in Punsulawney, Pa., where he's sent to cover Groundhog Day, while trying to woo Rita, his producer.

Their relationship develops agonizingly as Conners slowly transforms from self-centered hedonist to sensitive, caring guy. In real life, MacDowell said she was immediately comfortable with Murray and that the two quickly became friends. On the set in Woodstock, Ill. Murray made sure MacDowell didn't lack for gifts on her birthday

in April.

of it. Betrayal and disloyalty are with all of the characters because of their selfishness and greed. Keitel, however, has a faint glimmer of humanity within him, and it destroys those around him.

Crime doesn't pay, friends.

What a fresh moral.

This is where the heart of film-making is. An unknown independent can write a script and two years later have it produced, banking on the quality of the story alone.

That's where the grit is. "Reservoir Dogs," rated R, is showing at the Kentucky Theatre through Thursday.

stuff — this huge, gigantic box."

It's been four years since MacDowell's star rose in Hollywood
with her performance in Steven Soderbergh's low-budget "sex, lies
and videotape." The film brought a
bevy of offers and MacDowell went
on to make "Green Card," "Object
of Beauty" and "Hudson Hawk."

"I think a lot of times people who "I mink a tot of times people we bump from one movie to another don't enjoy their private life. It's a great way to escape reality. But I enjoy my life," she said. "I did three movies in a row and that was horrible. It was a horrible experience for me. I enjoy my work more when I take care of my private life."

MacDowell lives in Montana with her husband, musician and for-mer model Paul Qualley, their two children, 3-year-old Rainey and 6-year-old Justin, and six horses, four cats, a rabbit and two dogs.

Qualley recently renovated the what it seems, least of all Inspector Goole (Kenneth Cranham).

log cabin in which they live, about 18 miles down a dirt road from the nearest town. They share the property with a pack of wolves.

Country living is nothing new to MacDowell. She was born in the small mill town of Gaffrey, S.C., and grew up in both Carolinas. She dreamed of being an actress, but never thought it possible until modeling took her to New York.

eling took her to New York.

"The environment I was in in the Carolinas, you don't really think about having a job as an actress," she said.

she said.

"It wasn't like growing up some-place like San Francisco where it actually could be a reality. There weren't any actors around me to really inspire, to make me think this was something I could really do. The kinds of things I thought about doing were special education, something a little more normal."

Unlike other former models, MacDowell doesn't complain about what a grind it was posing. She said she kept sane by viewing it as a business rather than a lifestyle.

like "An Inspector Calls," seems far more daring almost 50 years lat-

er. Nicholas Hytner, its director, feels that the true issues of Oscar Hammerstein II's libretto can at last be addressed frankly: "This is totally violent material. It's about the intimate connection of passion and pain

and pain.

"That's something no one can tackle because we have all of us been persuaded by the feminist movement that a man beating his wife is in no circumstances beauti-

Nor, Hytner says, "are they nec-essarily evil ... What one has to do is seek identification as much for

"It was exciting," she said. "I'm from a very small town. Not many college students know what they want to do. For me, it gave me the opportunity to go to Paris for a year and a half. I learned to speak French. I traveled all over the world — what an opportunity."

Her acting career didn't come as easily. Her debut film, "Greystoke: The Legend of Tazran, Lord of the Jungle," was a flop. It proved especially humiliating for MacDowell, whose Southern accent was dubed over by actress Glenn Close.

Her next film was "St. Elmo's Fire." But it wasn't until her portayal of a sexually repressed housewife in "sex, lies and videotape" that the world took notice of something deeper than MacDowell's good looks.

"I think I had been pigeonholed in a position of somebody who couldn't do anything," she said. "It was just fortunate that it ('sex, lies')

turned out to be as good as it did. It saved me a lot of time and trouble."

Mascis shows off occasionally, but he doesn't let it get in the way of writing great riffs that are both complex and melodic.

Sometimes his solos sound artificially grafted into their songs, as if he'd written a terrific solo and had to fit it into a song—but that's excusable. If I had written solos as good as these, I'd plug them into Gregorian chants if necessary.

Though his brilliant guitar is more than enough to make a great album, Mascis (who produced Where You Been) augments his songs with a rich palette of instruments. Under all the racket you can netimes his solos sound artifi-

The result complicates the rela-tionship between factory worker Julie Jordan (Joanna Riding) and carousel barker Billy Bigelow (Mi-chael Hayden), which begins with a fairground pick-up and ends with a heavenly plea for absolution and understanding.

"This store is about two does le-

understanding.

"This story is about two deeply wounded individuals," says the 36-year-old director, "At the center of the greatest numbers — 'If I Loved You, 'What's the Use of Wonderin' '— is something thenomenally disturbing; there's so much pain concealed."

Hytner's comments honor a pro-cess of reinvestigation common to

drums kick in, the guitar gets mean, and the song ignites. It's long, clocking in at just over 5:30, but I love every second of it.
"On The Way" is another choice cut, an exhilarating, hyperspeed song highlighted by some merciless drumming by Murph. (Yes, just 'Murph.") It's one of those songs that makes you angry at the artist because it ends so quickly.
The mainstay of the album is, of course, the flame-throwing guitar of leader J Mascis. Though he's a guitar wizard, he doesn't fall into the trap that many other highly proficient guitarists fall into the trap that many other highly proficient guitarists fall into the trap that many other highly proficient guitarists fall into the trap that many other highly proficient guitarists fall into the trap that many other highly proficient guitarists fall into the trap that many other highly proficient guitarists fall into the trap that many other highly proficient guitarists fall into thinking every song demands a minutelong.

Marcis shows off occasionally.

sometimes make out the thud of tympani, vibrant strings and even chimes.

On "Goin Home," Mascis makes the song click by adding a baby soft organ in the background.

This extra instrumentation isn't gaudy, baroque padding; rather, it fleshes the songs out elegantly.

Mascis doesn't have a "good" voice from a strictly technical standpoint — it's sort of a wound-de-puppy-dog yowl of a voice — but it has an unmistakable personality that many "good" voices don't have.

When he dejectedly moans "Not gonna get me through this, are you?" to his would-be savior on "Get Me," it packs as much of an emotional shot as the loudest howl or the angriest sneer.

You may not like his voice im-mediately, but don't write it off; it's an acquired taste. Give it half a chance, and it'll turn you into a

Since Dinosaur Jr. isn't one of the "acceptable" alternative bands (i.e., Soul Asylum, Red Hot Chili Peppers, Nirvana) that MTV og graciously exempts from late-night, play-their-videos-when-no-one-is-watching hell, you'll probably miss out on this stuff. That's a real shame, because Where You Been is a very solid album full of good songs and incendiary guitar work. Since Dinosaur Jr. isn't one of

Plasma

Continued from Page 1

bigger people are allowed to do-

Moxloy said the center marks clito prevent them from going to another plasma center and selling an excessive amount of plasma.

Donors are required to take a physical exam and a blood test after the first few visits to the center. They also must be weighed and answer a series of safety and health questions each time they donate.

The donation process is similar to giving blood, except that blood cells are pumped back into the body through a vein in an arm: Whole blood is removed, the plaswhose blood is removed, the plas-ma and blood cells are separated, the plasma is saved, and the blood cells are mixed with a saline solu-tion and injected back into the body.

"The saline solution is kept at room temperature, which is much colder than body temperature," Moxloy said. "So it feels like they are shooting ice water into your veins".

Moxloy said he thinks the procedure is safe because "they only use the needles once."

Jones

Continued from Page 1

esentation was merely a publicity

"It was a good way (to get atten-tion)," he said. But Watts is skepti-cal of the candidates, all of them.
"I don't know if they have inter-ests for themselves or for the stu-dents."

Jones and Shveda are the second ticket to announce a bid for the top two SGA offices. Scott Mason, president of Kappa Alpha Psi social fraternity, and journalism junior Mi-chael Eaves announced theirs last

SGA senator at large and President Pro Temp Jeremy Bates today is expected to announce formally that he also is a candidate for SGA

Bates and Mason will join Jones tomorrow night to discuss campus and community issues as part of a forum sponsored by unregistered social fraternity Pt Lambda Phi and Chi Omega social sorority. All SGA presidential candidates wheelen invited to participate in the discussion, which will take place the Chi-O house, 456 Rose St. at 7 p.m.

Health

a government employee. He urged the court to rule that Hillary Clinton is a "government insider."

But Brown argues that the first lady cannot be a federal employee

under an anti-nepotism law called the Kennedy Act.

"It prohibits the president from appointing his wife to any position of authority in the federal govern-ment," Brown said.

Brown, 44, has been general counsel of the Association of Amer-ican Physicians and Surgeons since 1977.

Construction may last years, officials say

Associated Press

The latest flurry of construction projects at UK, highlighted by a medical research center, may be the last for several years, officials say.

But University officials will continue pursuing another big-ticket construction item — a new 588 million library — when state legislators convene for their regular session in 1994.

Six construction projects totaling 575.7 million are under way ut. Ut.'s Lexington campus, including last week's ground-breaking for the medical research center. The pro-jects include several buildings ap-proved by the General Assembly in 1990 and paid for with state bonds.

1990 and paid for with state bonds.

But UK is facing lean construction years, in part because the 1992
General Assembly approved no state bonds for new buildings on the Lexington campus.

"We went from \$100 million in state bonded projects for UK and the community colleges in 1990 to

zero in 1992," said Donald Clapp, vice president for administration.

UK's revenues for construction lso have considerably diminished in the past two years because the University cut its own budget to make up for the loss of state money.

"In our last budget request, we thought we'd have the money to do quite a few projects, but we will be doing very few of those," Clapp said.

said.

With more than 200 buildings on campus, UK will continue to spend on renovation, expansion and maintenance projects — some of them worth several million dollars. Major new campus projects, however, are unlikely for several years, with one

Wethington will ask the 1994 leg-islature for \$46 million in money from state bonds for library con-town Pike. Coldstream

struction. If the request is approved, UK would begin building the library in 1994 and it would open in 1996.

Wethington said the decrease in campus construction work reflects the overall financial picture in the

state.
"We've been through these cycles before," he said. "I see this as a temporary thing that will improve as the state's economy improves."

In the meantime, with no money to plan other major projects, UK has sliced its design and construction staff of 18 engineers and architects almost in half.

The funding shortage has meant

tects almost in half.

The funding shortage has meant delaying projects such as a new mechanical engineering building, an allied health building and several agriculture-related buildings.

Postponing the agricultural buildings could also contribute to delays in the long-range development of two large UK projects in Lexington:

•UK's Coldstream Farm on New

1,153-acre animal science research farm, is the intended site of UK's planned research park, but full de-velopment cannot take place until UK moves its beef cattle operation.

The 1990 legislature underwrote the purchase of Pin Oak Farm in Woodford County to replace Cold-stream as an agricultural research farm, but did not approve \$12 mil-lion in bonds for animal research facilities that must precede the mo

•UK's 170-acre South Farm on Nicholasville Road. The farm is used for plant science research but has been tapped as the site for an expanded Lexington Community College.

The timing of that move will de-pend on UK's getting money for new community college buildings, as well as for relocating plant sci-ence research facilities.

Budget restrictions also have af-fected UK's ongoing purchase of property around the central campus in Lexington.

Clinton's appointments mostly males

WASHINGTON — Despite efforts to create a government that "looks like America," President

"looks like America," President Clinton's earliest appointments are predominantly middle-aged and male — and not much more racial-ly diverse than the Bush adminis-tration, an Associated Press analy-sis shows.

To considerable fanfare, Clinton appointed a broad mix of men, Greg Elmore, a microbiology senior, volunteered to become a tu-tor when he realized "the extent to women and minorities to ins Cabi-net — the top 18 appointees. But his first wave of sub-Cabinet and White House appointees is not so diverse. In fact, the group as a whole looks quite a lot like the

A third are fellow Ivy League graduates, while 36 percent are fel-low lawyers. At least nine share an even rarer academic distinction with Clinton — they're Rhodes

Of the first 157 White House staffers and sub-Cabinet appoint-

Johnson described the volunteers as having a love for reading and wanting to share that love with someone else. She said the program currently has about 30 tutors.

*86 percent are white; 13 percent are black; and just one person is Asian-American. Of the group, 4 percent are Hispanic. According to 1990 Census figures, 80 percent of Americans are white.

•Nearly two-thirds are men. America's population is split evenly between the sexes.

•The average age of an appointee is 45 years 10 months.

More than half of Clinton's appointees so far, the Cabinet included, are white men 35 and older.

ed, are white men 53 and older.

The Clinton administration record so far is only slightly more diverse than his Republican predecessor. Near the end of the Bush administration, in September 1992, 87 percent of the 3,402 political appointees were white and 6 percent were black, the Office of Personnel Management said. Four percent were of Hispanic heritage and could be of any race.

In September 1987, 90 percent of the Reagan administration's 2,763 political appointees were white and 5 percent were black. Just 2 percent had Hispanic roots.

Clinton can fill about 3,000 jobs brough appointments. The posts he Clinton can full about 5,000 Jobs through appointments. The posts he has filled so far, however, are the government's primary power brokers — Cabinet secretaries, their deputy and assistant secretaries, agency administrators and White House deputies.

During last year's campaign, Clinton said he planned "to give you an administration that looks like America. I would be astonished if my Cabinet and my administration and my staff ... is not the most fully integrated this country has ever seen."

Literacy

Because he couldn't read, the man relied on a co-worker to help him with the paper work, but when that co-worker was transferred, the man was unable to do his job. Although the PPD employee

Atthough the PPD employee sought help through Operation Educate because of his job, Johnson said the program's benefits often go beyond the workplace.

"We feel our program is success-

ful when our participants learn something that will make their everyday lives a little easier," she said. UK employees may see tutors during regular work hours, although some seek help during their free time. Johnson said Operation Read currently has between 60 and 70 students, and more than 100 workers are on a waiting list. Tutors are either students or employees who volunteer and are trained in literacy workshops. Each one usually is assigned a single student, although small groups occasionally are assigned.

which (liliteracy) exists here at UK.

"I saw (Operation Educate) advertised on a bulletin board around campus over two years ago, and it just struck me as being a terrible thing to endure — to not be able to read," Elmore said.

Trial

The money actually was considered

Hall, McBee and Spurrier have all pleaded guilty to various charg-es in connection with the scheme.

The indictment alleged that Spur-er gave Wilkinson \$20,000 in

Wilkinson's attorney, Frank Had-dad of Louisville, said he expects each side to take about a week to present its case. In preliminary hearings, prosecutors have said they have several audio tapes they will use as evidence.

Judge Joseph Hood will preside over the trial in U.S. District Court in Frankfort, a few hundred feet from the hotel where the money al-legedly changed hands.

Among the people scheduled to stify is former Gov. Wilkinson.
