"No Day Without A Line"

This A Line A Day Book may be started any time. It is good, until used, for *five years*. Each page contains space for entries of the same date for *five* consecutive years. This makes very interesting comparisons possible. By this arrangement for entries, you can keep a daily reminder of events and engagements *for years ahead*.

WARD'S

TRADE MARK

A Line A Day

REG. U. S. PAT. O.

*A Condensed, Comparative Diary
for Five Years.*

Within these pages every night,
Brief memories of the day I write;
A little word, a single line,
Is jotted in this book of mine —
Not mighty deeds, just common things,
The tasks and pleasures each day brings.
And yet I hope that when I look
Over the pages of this book,
'Twill be (and, if so, I'm content)
The record of five years well spent.

— *Eloise Wood.*

"Nulla dies sine linea."

(No day without a line.)

WARD'S

A Condensed, Comparative History
for Five Years

Copyrighted 1892

BY

SAMUEL WARD COMPANY,
BOSTON, MASS.

PREFATORY.

YOU have neither the time nor the inclination, possibly, to keep a full diary. Suppose, however, out of the multitude of matters that crowd each day, you jot down in a line or two those most worthy of remembrance. Such a book will be of the greatest value in after years. What a record of events, incidents, joys, sorrows, successes, failures, things accomplished, things attempted. This book is designed for just such a record. It can be commenced on any day of the year, and is so printed that it is good for any five years.

To illustrate how it should be used, suppose that it is begun on January 1. Under that day, in the first space, add the proper figures for the year to the date as printed. On the next day, January 2, do likewise, and so on through the year. When the year is ended begin again under January 1 for the second year, adding the appropriate figures in each of the second spaces, and so right through the remaining years.
