Ashland, Kentucky.

Dear Sir:

Replying to your letter of January 5th 1924 you are informed that in the Estate of Margaret A. Means during the year 1923 no transfer taxes were paid and no distribution of income has been made to any individual. Moreover it appears that it will be necessary for this Company, as executor of the Estate of Margaret A. Means, to file an income tax return for the year 1923 as an entity, and pay such tax as may be due.

Under these circumstances there is no deduction available to you for the year 1923.

Yours very truly,

FREDERIC W. ROBBERT

Dear Sir:

Your letter 9th inst., duly received. Please convey to the Mayor and the members of the City Council my deep appreciation for their approval of my efforts to obtain for our City a supply of good water which shall be adequate for all the purposes water is now or may be required.

It has been essential to the success of the Water Works that the Water Commission has the support of and be upheld by the officials of the City and I am pleased to state this has been done in full and without exception.

As it is through the Water Commissioners, the manager and the employees of the Water Works that a continuous supply of pure water is maintained. I am happy to share with these men the approval of our joint efforts which your letter, addressed to me, so fully expressed.

My dear Cooke:

Yours of 21<sup>st</sup> reached me here today. We have deposited the money to pay the Low Moor Bond interests due Nov 1<sup>st</sup> with the Trust Co., so that you can advise bondholders accordingly.

We are all going to the theatre and I have only time for a hurried line.

We had a fine summer in Maine but plenty of thrills.

Joe had a close call  
with two Warren boys, with  
whom he was visiting at the  
Nipigon and Lake Superior. Their  
canoe was upset and the three  
boys were thirty minutes in  
the cold waters of Lake Superior  
before they were landed. Our  
car was <sup>in Canada</sup> stolen, but later recovered.  
Hannah got the whooping  
cough & is only just admitted  
to school.

We are all well now  
and I am playing golf with  
varying success.

Had rather an unusual  
forenoon at Springfield on Wed-  
nesday - Our side made the  
18 holes in 174. The other side  
made 184, but playing points  
(1. for the aggregate + 1 for the best  
ball on each hole) we were only  
one up. To day the same outfit  
were 4 points to the good, <sup>against us</sup> but  
all but myself were more than at  
home on the course - My partner made 72  
I was 90  
They were 77 + 78  
respectively.

I am disposed to take John's bet.

Sincerely yours  
Kind regards from all  
to all.
