Dr. Plattner said that "Mr. Darsie was a very fortunate man for he got to do for a living what a lot of us would like to do for life, and that is to have been associated with his alma mater in a place that he loved." She said that he brought to his job every bit of excellence and ethics that anyone could have ever offered to their university.

On motion duly made, seconded and unanimously carried, the Resolution was adopted.

Mr. Hardymon, Chairman of the Finance Committee, reported that the Finance Committee met at 11:00 a.m. and considered eleven items to present to the Board. He said that FCR 1 is the Interim Financial Report for the University of Kentucky for Nine Months ending March 31, 1994. Mr. Hardymon stated that FCR 3 recommends approval of a lease in which the annual value is greater than \$30,000 and must have approval of the Board. He reviewed the lease for property located in the Helmwood Plaza Shopping Center and reported that the lease is necessary because of increased enrollment at Elizabethtown Community College. He explained that the specific use of the space is to accommodate the Mobile Dental Clinic. He recommended approval of FCR 3. The motion, seconded by Dr. Meriwether, passed. (See FCR 3 at the end of the Minutes.)

S. Incentive Retirement Plan (FCR 4)

Mr. Hardymon provided background information about the incentive retirement plan. He explained that the University is offering a one-time window of opportunity, incentive retirement plan for tenured faculty in the College of Dentistry. He said that the report by the Higher Education Review Commission dated December 20, 1993 recommended that state general fund appropriation for the College of Dentistry budget remain at 1993-94 levels for the 1994-96 period, and FCR 4 is the College of Dentistry's proposed method of reducing the budget. He noted that the increased fees and reduction have been recommended and approved by the Student Government Association. With the Finance Committee so recommending, Mr. Hardymon moved that FCR 6 be approved. Dr. Meriwether seconded the motion and it carried. (See FCR 6 at the end of the Minutes.)

Mr. Dowdy acknowledged the responsible actions of the students to support the increase. He provided the Board with copies of two Resolutions relating to student health services that came through the Student Government Association. He reported that Dr. Spencer Turner, Director of University Health Service, had made a presentation to the students and the students do indeed support the increase. He mentioned that the students had actively been looking at every fee to insure the need and noted that there was a decrease in one of the fees.

President Wethington commended Mr. Dowdy and the students for their extremely responsible approach to the increase in the student health fee. He praised the students for looking at the entire fee schedule and not just parts of it.

V. Confirmation of 1994-95 Tuition Schedule (FCR 7)

Mr. Hardymon stated that FCR 7 is a recommendation that the Board confirm changes in the tuition schedule as adopted by the Council on Higher Education (CHE) under KRS 164.020 and establish corresponding part-time and summer school charges under the guidelines of the CHE. He reminded the Board that the CHE is empowered and charged with the responsibility for determining the tuition for attending public

institutions of higher education in the Commonwealth. He reviewed the tuition schedule and recommended that it be confirmed. The motion was seconded by Mr. Shoop, and FCR 7 was confirmed. (See FCR 7 at the end of the Minutes.)

W. Room and Board Rates 1994-95 School Year (FCR 8)

Mr. Hardymon said that FCR 8 recommends that the room and board rates for University Housing be adjusted according to the schedule provided to become effective with the fall semester 1994. He noted a 5.3% increase. He said that all of the areas are self-supporting, and no general funds are used for room and board. He pointed out that these rates are lower than all but one of the benchmark schools. He recommended approval of FCR 8. Professor Mather seconded the motion and it carried. (See FCR 8 at the end of the Minutes.)

X. Sale of Property Owned by University of Kentucky Research Foundation in Charlottesville, Virginia (FCR 9)

Mr. Hardymon stated that FCR 9 recommends that the University approve the sale of property owned by the University of Kentucky Research Foundation (UKRF) at 1008 Sheridan Avenue, Charlottesville, Virginia. He reminded the Board of this gift of property from David I. Carter to UKRF on December 22, 1993. He said that the procedure will be for an appraisal, a listing, and a sale of the property at the appraised value or higher. He recommended approval of FCR 9. The motion, seconded by Mr. Welenken, passed. (See FCR 9 at the end of the Minutes.)

Y. Grant of Easement to Northeast Woodford Water District for Woodford County Farm (FCR 10)

Mr. Hardymon moved that approval be given for the granting of a water line easement to Northeast Woodford Water District across the University's Woodford County Farm. He reported that this is formerly the Pin Oak Farm and the easement will be near the intersection of US 60 and US 62. He explained that the new 8" water line will be constructed inside the University's farm fence along Midway Road and will provide better fire protection service for the main body of the farm. The motion was seconded by Mr. Shoop and carried. (See FCR 10 at the end of the Minutes.)

Z. Resolution of the Board of Trustees of the University of Kentucky Accepting the Successful Bid for the Purchase of University of Kentucky Housing and Dining System Revenue Bonds, Series O (FCR 11)

Mr. Hardymon reminded the Board of their approval at the April 5, 1994 meeting for the administration to ask for bids on \$2.2 million of revenue bonds for the housing area. He reported that three bids were received and J.J.B. Hilliard, W.L. Lyons, Inc. was the low bidder at a net interest cost of 5.9270%. He reported that these bonds received AA ratings by Moodys, and it was a very competitive bid. He moved approval of FCR 11. Mr. Ulmer seconded the motion, and it passed. (See FCR 11 at the end of the Minutes.)

AA. Student Government Association Officers

President Wethington noted that the newly elected Student Government Association President and Vice President were in the audience and asked Mr. Dowdy to introduce them.

Mr. Dowdy introduced Thomas Arthur Jones, President, and Benny Ray Bailey, Vice President, of the Student Government Association for 1994-95. He stated that both officers are from Kentucky.

Governor Breathitt said that he appreciated the new leaders' attendance at the Board meeting and said the Board looked forward to working with them to make the University a better place for students.

BB. Mr. Dowdy's Comments

Mr. Dowdy commented on some of the increases in cost for students next year. He emphasized the need for everyone to work hard at keeping these costs as low as possible. He said that some of the community college students that he had recently met on a community college tour and some of his fellow classmates were going to be "pushed to the limit." He urged everyone to lobby much harder at the state level to keep the costs low.

Mr. Dowdy said that he did not understand why some of the fees are brought to the Board and some are not. He specifically mentioned the recently increased parking fee. He asked that someone elaborate on the parking fee and explain why it did not need the Board's approval.

President Wethington explained that the University sells permits for parking on campus. The parking permit cost is not a mandatory fee. Mandatory fees are presented to the Board for action.

CC. Meeting Adjourned

There being no further business to come before the Board, the meeting adjourned at 1:45 p.m.

PR 3A

Members, Board of Trustees:

CHANGE IN NAME OF SCHOOL

Recommendation: that the Board of Trustees approve the change in the name of the School from James W. Martin School of Public Administration to James W. Martin School of Public Policy and Administration.

Background: The proposed name change reflects the broader mission and activities that have evolved in the Martin School during the past years. It more accurately captures the essence of the research and service activities of our faculty and Ph.D. students. Public policy, broadly defined, is clearly one of the major thrusts of the research that has been and is being done by our faculty and most of our Ph.D. students.

This name change will assist us as we attempt to revitalize and expand the research and service missions of the Martin School to include such important public policy areas as health care, environmental policy, and education reform.

This proposed change was recommended for approval by the University Senate Council.

Members, Board of Trustees:

CANDIDATES FOR DEGREES  
UNIVERSITY SYSTEM

Recommendation: that the President be authorized to confer upon each individual whose name appears on the attached lists the degree to which he or she is entitled upon certification by the University Registrar that the individual has satisfactorily completed all requirements for the degree for which application has been made and as approved by the University Senate.

Background: Since the Commencement exercises are held immediately following completion of examinations, it is not possible for the University Registrar to certify satisfactory completion of requirements prior to Commencement exercises for those candidates who completed their requirements in May. The candidates who completed their requirements in August 1993 and December 1993 were approved by the Board of Trustees at earlier meetings.

Members, Board of Trustees:

CHANGE IN NAME OF PROGRAM

Recommendation: that the Board of Trustees approve the change in the name of the Program from Restaurant Management to Hospitality Management.

Background: The content of the Restaurant Management program is being expanded to include hotel management and tourism. The intent is to align course offerings with the academic standards of the Council on Hotel, Restaurant, and Institution Education.

At present, Restaurant Management is perceived as narrowly focused on the food service industry, although some aspects of hospitality management are considered in the current courses.

Thus, the proposed name change and the revision of the curriculum will enhance the overall program quality and increase the program visibility and attractiveness to students and the industry.

This proposed change was recommended for approval by the University Senate Council.

Members, Board of Trustees:

CHANGE IN NAME OF EDUCATIONAL UNIT

Recommendation: that the Board of Trustees approve the change of the name of the Department of Physiology and Biophysics in the College of Medicine to the Department of Physiology.

Background: The request for the change is based on the fact that many areas of physiology are represented in the discipline. The current and incoming faculty in the department have research and teaching expertise and interest in a broad spectrum of physiological areas including systematic physiology, cellular physiology, molecular physiology, and biophysics. To highlight Biophysics implies that it is one of two major areas of interest when, in fact, it is only one of many. It is appropriate to simplify the name and enhance the understanding that Physiology is a discipline which covers multiple areas of interest.

This proposal was recommended for approval by the faculty of the department, Academic Council for the Medical Center and the University Senate Council.

## INCENTIVE RETIREMENT PLAN

Recommendation: that a one-time Incentive Retirement Plan be offered to regular full-time tenured faculty in the College of Dentistry who will have a combination of age and years of service equal to 75 as of June 30, 1995. Service, though it need not be continuous, must be as a result of a regular full-time faculty appointment at the University of Kentucky. The faculty member's status on May 3, 1994 will determine eligibility for incentive retirement purposes. Employees who elect to retire under either of the two options outlined below must remain in a full-time employment status until the date of retirement. Employees who for any reason fail to remain in a full-time employment status until the date of retirement shall not be eligible for any payment under this plan even though they may have submitted a written election.

Retirements under this plan must be scheduled to occur either on or before September 3, 1994, or on January 3, 1995. However, employees taking advantage of this plan with an intent to retire on or before September 3, 1994 must make a written election through appropriate administrative channels no later than 30 days prior to the intended retirement date giving notice of their intention to participate and establishing their retirement date. Employees taking advantage of this plan with an intent to retire on January 3, 1995 must make a written election through appropriate administrative channels no later than August 3, 1994. The earliest date a written notice will be accepted is June 3, 1994. The latest date a written notice will be accepted is August 3, 1994.

The University will pay to the individual faculty member at the time of retirement an amount equal to 100% of their 1993-94 annual salary.

The early retiree may continue health insurance coverage under University Plans pursuant to the requirements of the Staff Personnel Policy and Procedures section on Employee Benefits. However, they will be eligible for the University contribution for health insurance credit even though they may not have satisfied the requirement of fifteen (15) years of employment.

**Background:** The University of Kentucky is offering this one-time window of opportunity Incentive Retirement Plan for tenured faculty in the College of Dentistry to respond to required budgetary reductions. The report of the Higher Education Review Commission dated December 20, 1993 recommended that state general fund appropriation for the College of Dentistry budget remain at the 1993-94 level for the 1994-96 biennium. Such language is also included in the Council on Higher Education recommendations and in the legislative budget enactment for the 1994-96 biennium.

The plan will afford the institution some additional flexibility in reaching institutional salary objectives and dealing with shifting program and resource needs.

All costs of the Incentive Retirement Plan will be funded from existing positions within the University budget.

3. Comments - The increase in Noncredit Fees supports program activities in the College of Medicine and at Ashland, Hazard and Hopkinsville community colleges. The increase in the Mandatory Registration Fee income due to enrollment growth supports the technology programs in Information Systems. The increase in Other Gifts and Grants supports the addition of one position in the University Relations Alumni Affairs Office.

Programs supported by increased Departmental Sales and Services include a cancer center workshop within the Center for Cancer Prevention, Education, Research and Patient Care; renal and neurology studies in the College of Medicine; additional services provided by the Research and Graduate Studies Center for Applied Energy Research and the Lexington Campus Center for Writing Services; computing services within Information Systems; and activities including the parking programs, library activities, the Dental Hygiene program, the scholarship programs and community service programs at Ashland, Hazard, Jefferson, Lexington and Maysville community colleges. The decrease in the Vice President for Information Systems area is for the Kentucky Educational Technology Systems (KETS) program. The additional hospital income from increased demand will support those increased levels of activity and increase the renewal and replacement fund.

MANDATORY REGISTRATION  
FEE SCHEDULE - 1994-95

Recommendation: that the Board of Trustees approve the following Mandatory Registration Fee Schedule for 1994-95 which is to remain in effect until changes are approved by the Board.

	Semester Full-Time Fee <sup>1</sup>	Eight-Week Summer Session Full-Time Fee <sup>2</sup>	Part-Time and Four-Week Interession Fee Per Credit Hour
Mandatory Registration Fee	\$165	\$36.00	\$6.00

1 For fee purposes, twelve credit hours or its equivalent constitutes a full load for undergraduate students, nine hours for graduate students, and ten hours for law students.

2 For fee purposes, six credit hours or its equivalent constitutes a full load for undergraduate students and five hours for graduate and law students.

Background: The recommended schedule represents a six dollar increase over the 1993-94 mandatory fee schedule. The recommended fee is consistent with the Board-approved mandatory registration fee policy and remains considerably lower than the upper limit established in that policy. The change in fees provides additional funds for the Student Health Service and also reflects a decrease in the funding for the Student Organizations Assembly. The increased fee to provide for Student Health Service programs has been recommended by the Student Health Advisory Committee and the Student Government Association and the decreased fee has been recommended by the Student Government Association.

These fees will be charged to all students enrolled on the Lexington Campus, in the Medical Center and at Lexington Community College in accordance with their status as full-time or part-time students. Students taking all of their courses in off-campus locations outside of Fayette and its contiguous counties may have these fees waived. However, if a student eligible for this waiver wants to participate in activities supported by these fees, the student must pay the total mandatory fee.

GRANT OF EASEMENT TO NORTHEAST WOODFORD WATER DISTRICT  
FOR WOODFORD COUNTY FARM

Recommendation: that approval be given for the granting of a water line easement to Northeast Woodford Water District across the University's Woodford County Farm.

Background: The Northeast Woodford Water District is a special district formed by the Woodford County Fiscal Court in 1960 to provide the rural residents and farms of northeast Woodford County with potable domestic water. The District is planning to upgrade and improve its system with the addition of a new water storage tank and larger distribution lines. The new lines will be installed in several areas including Old Frankfort Pike and Midway Road and will allow the District to connect to an additional source of supply in the future.

The new 8" water line will be constructed inside the University's farm fence along Midway Road. The District has agreed to bore under the entrance to the farm, make every effort to protect existing trees and to provide a vault and meter for future water service for the farm. In addition, the District's improvements to the system should provide the University with an opportunity for excellent fire protection for the main body of the farm. In consideration of these benefits to the University, the easement will be provided at no cost to the Northeast Woodford Water District.

The College of Agriculture has reviewed the District's plans and recommends that the easement be granted.
