Dear Victor.

Did you get the form all right? I hope so, & hope that it is satisfactory. I received from Joe Headley the things he said he would send & am glad to have them - will you thank him for me if you see him?

About the list of books to be sent, I think it would be better simply to omit those on ~~the~~ my list who are in France. This would simplify matters a great deal in the long run & I think it would be advisable.

I hope both you & Carolyn are well. Here everything is as usual. Tomorrow is the feast of the Ascension, which I always enjoy.

God bless you both -

With very best wishes, in St
