WILDCAT TRACK TEAM TO COMPETE IN FIRST S. I. C. MEET AT MONTGOMERY

Will Run Against Best Athletes of Southern Schools.

STATE MEET ON MAY 25

Freshman State Meet Will Be Held at Same Time.

A squad of Wildcat trackmen headed by Coach Buchheit and Student Manager Gregory, left Lexington Thursday for Montgomery, Alabama, where they will compete in the first annual S. I. C. track and field meet, Friday and Saturday. Those who were scheduled to make the trip were Captain Davidson, Porter, Nantz, Gorman, Dewhurst, Caldwell, Mays, Ogden and Wolfe. These men will run against the best athletes in the south, including representatives from Georgia Tech, Vanderbilt, Mississippi A. & M., University of Georgia and other S. I. C. schools.

Kentucky runners had an opportunity to watch many of these teams in action at the Georgia Tech Relays and are going with the knowledge of the high class trackmen they will run against the Kentucky men are in the best of condition after a week of hard training. All of the men had to work hard to make the trip as the competition for places was keen.

Governor W. W. Brandon will present the medals and trophies to winners after the meet. As there is no college or university at Montgomery the meet will be under the direction of

EIGHT A. & S. STUDENTS REACH HIGH NOTCH OF 'A'

Class of 1924 Shows High Standard of Scholarship

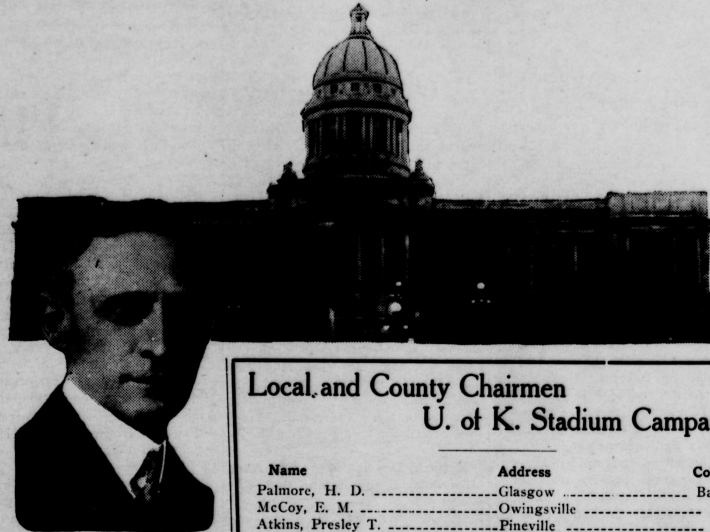

Six juniors, a sophomore and a special student have set a high standard in scholarship for the College of Arts and Sciences, having made an average of "A" for the semester 1922-23. These students are: Lillian Gertrude Collins, Roscoe Cross, Virginia Rose Duff, George Fuller Taylor, Joeline Gray Webb and Frances Elizabeth Weller, juniors; Henry Elliott Neth-Scott, special.

Gertrude Collins, Mayslick, Ky., is a member of the Lambda Phi fraternity, which is soon to receive a chapter of Delta Zeta. She is prominent on the campus, being a member of the Student Government Council and the Woman's Administrative Council.

Roscoe Cross, Mayfield, Ky., has recently been honored by the University of Kentucky with a fellowship in the Political Science Department. He is a pledge of Delta Chi, social fraternity, a member of Phi Sigma Alpha, Political Science honorary fraternity, and is pledged to Scabard and Blade, holding at present a lieutenantship in the R. O. T. C.

Virginia Duff, Mt. Sterling, Ky., is a member of Lambda Phi fraternity. George Taylor, Mayfield, Ky., recently left the University on account of ill health. He not only stood high

CAPT. CALHOUN TO LEAD \$200,000 CAMPAIGN FOR UNIVERSITY OF KENTUCKY

Outstanding Kentuckian Endorses Athletics and Student Loan Fund.

LEADER FORMER STUDENT

Local and County Chairmen Appointed for Drive Throughout State.

In assigning a leader for her \$200,000 campaign for a stadium, basketball auditorium, student loan fund and Patterson Memorial, the University of Kentucky has chosen Captain C. C. Calhoun, one of the most outstanding Kentuckians of all time.

Kentucky will particularly remember Captain Calhoun in connection with the State Capitol at Frankfort. Sent by Governor Beckham to Washington to collect a claim of about \$1,600 growing out of the Spanish-American War, Captain Calhoun, by digging day and night into dusty, forgotten records, discovered that the Government owed the State of Kentucky about \$365,000 from the Spanish-American war, and an interest claim of almost \$1,000,000 originating from the Civil War.

When Captain Calhoun finished his job he hopped aboard a train for Frankfort, bringing with him two checks totaling \$1,588,999.35. It was this money that made possible the erection of the present beautiful capitol at Frankfort.

Friends of the University are rejoicing that Captain Calhoun has accepted the General Chairmanship, because, as a "go-getter," he has never failed.

Last night Captain Calhoun issued this statement, showing why he has made the sacrifice to do his part in the campaign:

"Although I have been absent a great deal from the state, I have watched with keen interest the work and development of its institutions. From my observations, I am confident that through the work and influence of the University, the greatest bless-

DELTA ZETA FRATERNITY TO BE INSTALLED MAY 24-25

Mrs. John M. Coleman, Grand Vice-President to Have Charge

Installation of Alpha Theta chapter of Delta Zeta fraternity the chapter of which was granted to Lambda Phi, local, last week, will begin May 24 and extend to May 27.

Officers in charge of the installation will be Mrs. John M. Coleman, grand vice-president, Loveland, Ohio; Miss Grace Mason, general secretary and historian, Muncie, Ind.; Mrs. F. E. Kirkin, Columbus, Ohio, and Mrs. F. H. Ellis, Indianapolis, Ind., national inspectors.

Visitors from various other chapters will also be present for installation.

A banquet and dance will be given in the Lafayette Hotel, May 26.

NOTICE!

All Seniors wishing to take part in the "Take-off Day" exercises please meet in the Freshman Journalism room the 5th hour, Monday, May 21st.

This is your last chance as the program must be arranged in the next two or three days.

MAY DAY EXERCISES TO BE HELD ON CAMPUS TUESDAY

Womens Gym Classes to Give May Pole Dances.

The annual May Day exercises will be held by the women's gymnasium classes on the campus Tuesday afternoon at 4:30 o'clock in front of the main building, with Miss Blanding in charge.

The queen, yet to be elected, will be crowned, then the following dances will be given: Valse Caprice and Apple Blossoms, May Pole Dance Wood Sprites and Pipes of Pan.

The following girls have been nominated for Queen: Amanda Gordon, Helen James, Elizabeth Williams, Frances Smith, Sarah Cole, Ida K. Risque, Betty Carol, Mary Dunn, Rachelle Shacklette, Annette Kelley, Betty Barbour, Elizabeth Galloway and Frances Ashbrook. The maid of honor will be the girl having the second highest number of votes and she will crown the Queen.

With the acquisition of Winslow church, negro church on the campus, and conversion of the property into a Little Theatre seems like a novel movement. But the least that can be said is that it is an example of the survival of the fittest.

UNIVERSITY GLEE CLUB SINGS TO FULL HOUSE AT WOODLAND AUDITORIUM

Concert in Lexington Closes Successful Season After Tour Throughout State

PROF. LAMPERT DIRECTOR

Quartet is Feature of Program; All Offerings Received Enthusiastically by Large Crowds

A large crowd greeted the Glee Club of the University of Kentucky, Tuesday night at Woodland auditorium in its home concert, closing a very successful season. The members of the luncheon clubs in Lexington were present as guests and all the university students were admitted free, the purpose of the management of the club being to give the public an exhibition of the musical talent contained in the university.

Professor Lampert deserves much praise for the careful training and instruction of the members of the club, as each member drew much applause from an appreciative audience.

The university quartet composed of Robert Clem, Earl Maxwell Heavrin, Earle Baughman and Elbert DeCoursey, featured the program which included other specialties. The members of the quartet have been received favorably upon each appearance, and at the performance Tuesday night covered themselves with glory as encore after encore was demanded. The quartet was unusually liberal in their responses and delighted the audience by their graciousness.

RECREATIONAL DRIVE TO BE LAUNCHED ON MAY 21

University Will Match Cash Contributions Raised on the Campus.

At a meeting of the outdoor recreational athletic council of the University held Tuesday afternoon, plans were made to launch a drive beginning May 21 to raise funds amounting to \$2,000 for developing activities in the field of minor athletics on the campus. One thousand dollars is to be raised among the students and faculty and for every dollar received the University will match one, thus raising the quota to the desired amount.

With the co-operation of the University and the students, it will be possible to provide facilities for outdoor recreations such as: tennis courts, basketball courts, volley ball courts and croquet yards.

The minor athletics will do a great deal, in that they will bring to light the athletic qualities which are in the student body. It will serve the intercollegiate sports by interesting more in the various games as well as encouraging try-outs for the major activities.

The offer of the University does not apply to promises as it agrees only to match cash contributions. Quite a number will not be able to give the desired amount, \$1.25 per person, but any donations will be appreciated. Some have already expressed their in-

Pi Sigma Alpha Initiates
Delta chapter of Pi Sigma Alpha, political science fraternity of the University, held initiation ceremonies at the Lafayette hotel, Thursday, followed by a dinner in honor of the new members.

The guests of honor included Dr. F. L. McVey and Dr. Edward Tuthill, honorary members of the organization; Dr. J. C. Jones, instructor in political science, and Mrs. Jones and the initiates, Misses Katherine Hodge, Minnie Benton Peterson, Frances Renick, Ruth Tucker, Messrs. George Kavanaugh and Givens Martin. Dr. Tuthill made the speech of the evening.

The hosts, who were the charter members of Delta chapter, which was installed this year, are A. V. McRee, Miss Ann Hickman, Mr. J. C. Merz, Miss Sarah Blanding, Mr. Roscoe

Cross, Miss Isabel Bennett, Mr. Sidney Neal, Miss Anna Louise Connor, Mr. James Darnell and Miss Mabel Ruth Coates.

Woman's Club of U. K.

The Women's Club of the University of Kentucky met Friday afternoon for the last meeting of the year with Mrs. Thomas P. Cooper on the Nicholasville pike. The officers for the new year were installed at a beautiful program of music was presented. Mrs. L. L. Dantzer and Mrs. William Hansen each sang a group of songs in a most delightful manner and Mrs. Hudson gave two splendid piano numbers. Lovely refreshments were served by the hosts, Mrs. Cooper, Miss Frances Jewell, Mrs. D. J. Healy, Mrs. E. F. Farquhar, Mrs. Ezra Gillis and Mrs. Edward Terrell.

Alpha Gamma Delta Here in July

The ninth biennial convention of the Alpha Gamma Delta fraternity will be held in Lexington from July 5 to 11. The meeting will be presided over by Miss Louise Leonard, of Syracuse, N. Y., who is grand president. Mrs.

M. E. Pirkey, of Louisville, will be grand marshal.

Approximately 250 guests are expected to come from all of the active chapters and from the alumni. Delegates will be here to represent the States of California, Michigan, New York, Massachusetts, Illinois, Indiana, Ohio, Maryland, Alabama, Georgia, Wisconsin, Iowa, Washington, Oregon, Missouri, Minnesota, Oklahoma and from Toronto, Canada.

Many interesting entertainments have been planned for the guests by the entertaining chapter, Epsilon, among them a barge party, a dance and a banquet, a trip to Shakertown and a trip thru the Blue Grass, to which the various men's clubs of the city will be hosts.

The delegates will make their headquarters at the Phoenix Hotel while in the city. Their mornings will be devoted to business and their afternoons and evenings to pleasure.

NOTICE, VETERANS.

The University of Engineering

Of all the things that go to make the successful engineer, none is more important, nor more in step with the spirit of the profession, than a studious attitude. One man says about another—"he is always willing to learn," "he doesn't think he knows it all"—and he intends to pay a high compliment when he says it.

The great engineers are always at school, always learning, always seeking for more knowledge. They begin with this desire for fuller understanding, and they keep it up to the end.

Any engineering operation, over and above the primary purpose for which it is carried out, is an active and post-graduate class in engineering, also. So that Westinghouse, or any other great business,

is, of its very nature, a University where theory and practice combine to make bigger, broader and more practical engineers.

The courses in this University are not limited to prescribed subjects nor terms—the subjects are almost infinite, and the semesters are endless. Men with the weight of years on their shoulders work and learn side-by-side with those whose day has just dawned.

This post-graduate school fits men for almost anything. Fits them for it, and makes them continually fitter. Out of this continuing fitness have grown the engineering accomplishments on which this institution has grown. It is, perhaps, one of the great educational institutions of its day.

NOT GUILTY!

According to a communication to the American Association of University Professors from Northwestern University Chapter, college athletics have reached such a condition it should be the object of serious consideration. They claim that this situation is threatening the welfare of our colleges and universities and placing them in a false light before the public, which if persisted will undermine the more serious interest and purposes of these institutions.

In their communication they say that the development of intercollegiate games vitiated in these institutions their real purpose and has turned them into public entertainers on a large scale. This has led to a confused notion regarding the main purpose of a college. The ability to hold a successful athletic contest is not a true index of the real quality of a college and many are thus deceived. Teams must "win at any price" and the country is scoured for athletic material, and as fast as rules are made to avoid professionalism ways are found to subvert them. The newspapers of the country are full of charges and countercharges intimating that professionalism is gaining a foothold in college athletics, according to the view of the protesting professional association.

The association sees it as a duty in some way to affect a reformatory movement along these lines:

a. To strike at the root of the matter, we must do away with the present scale of receipts and expenditures. A twenty-five or fifty cent admission would be the most potent single remedy for prevailing extravagance; expenditures would almost automatically reduce themselves.

b. The highly paid coaches and game officials must go.

c. Each university should do its utmost to convince over-zealous alumni and so-called friends that it is disgraced by the solicitation of recruits for athletic purposes and by evasions of rules regarding professionalism. To protect the good name of an institution every award of financial aid to a student should be published.

d. In the interest of players we must demand that game schedules be shortened. It is equally imperative that the hours of daily practice make no undue demands on the student's time. Undue pressure must not be applied to make men play who can not afford to do so.

e. Control of games should revert to student hands as far as possible.

and sport for sport's sake should be emphasized. The captains of teams should direct them in their contests, with neither interference nor suggestions from coaches.

f. As a most effective means to gain these ends, every effort should be made by institutions whose teams habitually compete with each other, to enter into agreements making such reforms effective.

We do not attempt to deny these statements in toto for no doubt many of them are true to an alarming degree, and unless some measures are taken to avoid professionalism and professionals in college athletics drastic steps will be taken that will ultimately result in the overthrow of college athletics.

It is with much gratification that the Kernel believes it can safely say that these charges cannot be laid to the door of the University of Kentucky. Our athletics and our athletes are clean. Not on a single team can be found a man who is paid to come to the University and participate in any branch of athletics. Nor can any charge successfully be made that the University goes in for athletics at the expense of the main purposes and aims of the institution. Our sports are on the up-grade and have promise of reaching an enviable position among southern colleges before the passing of many seasons, but it is done by students who love their Alma Mater and who love the sport and not by hired professionals. The Kernel challenges any school in the south to show where in it has any cleaner athletics than the University of Kentucky indulges in.

HONOR ROLL

An honor roll posted recently near the entrance of Dean P. P. Boyd's office in the Administration building contains the names of eight young men and women students in the College of Arts and Sciences, who have achieved distinction that is perhaps unique in the history of the institution.

In another column of this issue of the Kernel these names appear with a story setting forth fully the distinction here referred to, which briefly is that four boys and four girls carrying heavy schedules and intensely interested in other activities were able to complete the first term of the session of 1922-23 with records that bear not a single flaw. They made in every study the highest grade that the University assigns and if memory serves the writer correctly, no semester in the history of the University and in a single semester the unique record of eight A's in all classes taken.

We hear much about the fame of our football players, our wrestlers, our basketball stars and track champions, but the student who makes a flawless record like these here referred to receive scant attention.

The Kernel is gratified beyond measure of words that so high a scholastic standing has been reached here; that the men and women split fifty-fifty on the record; that we have fallen upon a time when it is evident that students do aspire in this University thru labor and ability, to the higher things of life, and we sincerely hope that this well night matchless record will be a source of enduring inspiration to others.

The writer has not been able to reach so lofty and so gratifying an eminence in his University career, but he takes peculiar pride that his comrades have, and desires here to congratulate them.

the citizens of that city. Many social affairs have been arranged by the Montgomery people for the visiting coaches and runners. A barbecue is the main feature of entertainment.

Following the Montgomery meet will be the Kentucky state meet at Georgetown, Friday, May 25. This meet will decide the supremacy between Kentucky, Centre, Berea and Georgetown and will settle the question of who wears the title of State champion for another year.

Both Centre and Georgetown have

good men and both teams are considered unusually strong. Centre took second place in the Florida invitation-at meet and third in the S. I. A. A. meet. Georgetown took fourth in the latter.

In Captain Mountjoy and Berryman, Centre has two strong men. Mountjoy is classed among the best in all of the jumps and Berryman took several places in the southern meets. Georgetown has such stars as Head who took first in the 440 at the S. I. A. A. meet, Pelphrey in the pole vault, and Moore for the distance runs.

In connection with the State meet for varsity teams the Freshmen of the state will hold a meet at the same time and place. Centre boasts of a wealth of Freshman material, but the Kittens are confident of downing the Centre representatives.

in scholarship, but was greatly admired by his fellow students.

Joeline Webb, Lexington, Ky., is a prominent member of Chi Omega fraternity.

Elizabeth Weller, Shepherdsville, Ky., was recently elected President of Women's Student Government for 1923-24, and is a member of Mortar Board, honorary senior women's fraternity. She is the social chairman of the Y. W. C. A. cabinet and two years ago represented this organization at Blue Ridge.

Henry Netherton, sophomore, of LaGrange, Ky., and Roy Scott, special, of Forks of Elkhorn, Ky., complete the group of students with a standing of "A" for the first semester.

The fact that six juniors are represented in this "A" group shows that there is a high standard of scholarship in the class of 1924.

KITTENS DOWN EASTERN STATE NORMAL NINE IN INTERESTING BALL GAME

Vossymere Has Game in His Hands From First Inning.

GLENN, DERRICK, STARS

Green Team Leaves on Three Day Trip Through East of State.

The University of Kentucky freshman baseball team again displayed their ability as a real ball club when they defeated the strong Eastern State Normal nine by the score of 10 to 4 on Stoll Field last Monday afternoon.

At the end of the first inning it looked as though the Kittens were going to have a hard fight but the smoke soon cleared away and they had it easy from then on. The Normal boys made one run in the first inning. The score being due to a hit by Mayo and two errors by Captain Adams of the Kittens.

Although allowing nine hits Vossymere had things his way all through the game. His only trouble came in the eighth when he allowed three straight hits, but due to the playing of infield only two runs were gained.

"Daddy" Glenn and Pete Derrick were the hitting stars of the day. They each got three hits out of four times at bat. Glenn is a wonder on first base and with a little more experience should develop into a mighty good player.

Coach Cooper and his charges left Wednesday night for a three day trip through Eastern Kentucky. They will meet some very strong opposition and will be forced to play their very best if they win all three games. They play-

ed at Cumberland College Thursday and will meet Union College Friday and Eastern Normal Saturday.

DEAN COOPER PRESENTS KEYS TO STOCK JUDGING TEAM

Miss Creech Sings in Chapel Tuesday Morning.

Dean Thomas Cooper, director of the Experiment Station, was the speaker in the regular chapel Tuesday morning. After a short talk about stock judging contests in the United States and Canada, he presented the keys to the members of the stock judging teams from the College of Agriculture.

The men who received the keys deserved them first as a reward for good scholarship and second as a recognition of earnest purpose, and a willingness to do a little more than the required curriculum.

These men are as follows: W. S. Finn, Clyde Watts, Wood, Powell, Wiedkemper, Wallington, Langford, Wade, Van Cleve, Paul Miller, Humphries and Anderson.

Mr. Humphries and Mr. Finn each gave a short talk on judging of dairy and fat cattle respectively.

The final number on the program was three songs given by Miss Creech, sister of Ted Creech, of the University. She sang "The Land of the Sky Blue Water to Spring," by McDowell, and "The Star" by Roger.

SCRAPS

Vanderbilt captured the Southern Intercollegiate Athletic Association track meet at Sewanee, Tennessee, last Saturday, with Sewanee second, Centre college third, and Georgetown (S.C.) fourth.

A glance at the Freshman statistics elsewhere on this page clearly demonstrates why the Yearlings have emerged on top in four of the five contests played up to May 14. With three absolutely dependable hurlers, and with five regulars hitting .300 or better, Coach Cooper has quite a galaxy of diamond stars in his charge.

"Johnnie" Evans is leading the regulars at bat with a .444 average to his credit. Croft is leading in number of hits with nine and is tied for first place with Daddy Glenn in the run column. The Kitten third sacker also leads in four base knocks with two and is tied for stealing honors with Alberts and Derrick, each with two thefts to his credit. Adams and Evans lead in doubles with three each while Glenn heads the list of triple swatters with two.

"Turkey" Hughes, with two victories to his credit and with no blots on the other side of the ledger is heading the Kitten mound staff. "Sparkie" Samuel, while receiving credit for winning but one contest and also without a defeat to his credit, is in second place. The Newcastle youth, however, has allowed but one hit and one run in fifteen innings, and aside from displaying a tendency to lose sight of the plate, has shown more "stuff" than the other hurlers. Vossymere, with one victory and no defeats and Riffe with one defeat, complete the Yearling staff.

With the annual advent of the varsity into the southland Captain "Dutch" Burnham regained his batting eye and stepped out in front of his teammates in the average column with a percentage of .317. The Wildcat leader has played in every inning of the eleven contests thus far and has batted 55 chances at the second sack with 1 but two errors. Henry is in second place with a .500 average.

The entire team played much better ball on the trip than it has demonstrated on the home lot, with the possible exception of Notre Dame scrap. The hitting has improved wonderfully as has the fielding and the Cats appear ready for the two contests with Centre and the return game with Georgetown, determined to annex the state title again this year.

he last home game of the season for the Cats will be played on Stoll Field Friday afternoon when the Blue and White meet the Centre Colonels. Coach Barger's selection for mound duty is not known but Van Arsdale is expected to draw the assignment with either Pribble or Henry doing the receiving.

Y. W. C. A. NOTES

Mr. Vaughan, speaker at the regular Y. W. C. A. service last Sunday night in Patterson Hall, gave a very pleasing and convincing address. In his subject he stressed the importance of happiness and interest in life and he also spoke of the joy a smile can invoke. He was very interesting and held the attention of all throughout his entire talk. Special music, given by Eunice Denton, added greatly to the program.

There will be a joint meeting next Sunday night in Patterson Hall, and every one is urged to come.

Fixing the Weather

"My town," says the Iowa man, "once elected a mayor who was very fond of show. The result was that he took every step to the end that his induction into office should occur in favorable weather and in appropriate circumstances. May 19 Set For Competitive Drill of Companies in Battalion.

The four companies of the military unit of the University will hold competitive drill on the campus Friday afternoon, May 19th, each company drilling for a short period, during which the judges will observe the work and give a grade. The grade will be based upon the ability of the company as a whole to execute close order drill correctly, the neatness of the individual cadets and officers, and the ability of the cadet officers to command their unit.

After all the companies have undergone the inspection the grades received by them will be compared and the best company selected. The company making the highest standing will receive the Freeman cup, a beautiful silver trophy awarded each year to the best drilled company. Company A will be the first company reviewed, followed in turn by companies C, D and B.

After the review the Scabbard and Blade, national honorary military fraternity, will hold its pledging ceremony, followed by the presentation

of medals to those of the rifle team who have made exceptional scores, thereby qualifying for them.

Previous to this year the company competitive drill was the closing event of the season for the Military Department, but this year the Military Department has decided to give a demonstration on Stoll Field May 29th, which will consist of a demonstration in close order drill by the prize company, exhibition firing of light field pieces and an exhibition and demonstration of the sand table, thereby giving all those interested an insight into military activities.

RESOLUTIONS ON DEATH OF MAJOR E. B. ELLIS

At a meeting of the Alpha of Kentucky Chapter of Tau Beta Pi, May 14, 1923, the following resolutions were adopted:

Whereas, we, as an organization of the College of Engineering of the University of Kentucky, have been the beneficiary of many kindnesses and courtesies from the late Major E. B. Ellis in the form of the annual scholarship prize given to the honor student of the Sophomore class.

Therefore, be it resolved, that we keenly regret his death and extend our genuine sympathy to his wife and family in this great loss which they have suffered.

Be it further resolved that a copy of this resolution be sent to his wife, the press, the Kentucky Kernel, and further that they be inscribed on the minutes of this meeting.

Alpha of Kentucky of Tau Beta Pi. Committee on Resolutions, Dean W. E. Freeman, G. R. Page, H. L. Straus, Chairman.

CAMPUS CHATTER

Elsie Coleman a sophomore and Estella Habden a junior in the journalism course who have done admirable work in this course during the year have been appointed editors of the campus bulletin.

This position is a very responsible one as a great deal of the news depends entirely upon the bulletins which are placed in prominent places upon the campus.

The writer is wondering if the monkey sent to the College of Engineering is a token of the high esteem which outside folk have for us down here at the University as result of the way our last Legislature acted.

By direction of A. O. Whipple, superintendent of buildings and grounds, much more work than in previous years has been done this spring toward beautifying the campus. Last Sunday the place resembled a large park for all during the afternoon groups of students and folks from town, including workmen and their families, could be seen strolling.

A new publication has put in its appearance upon the campus under the caption of Campus Special. It is issued by the Outdoor Recreational Athletic Council and has for its purpose the boosting of all forms of outdoor sports including horseshoe pitching. "About the Campus" wishes to in a formal way, welcome this publication to our campus.

E. M. Prewitt, specialist in dairying, has returned from a trip to Jefferson county and is preparing to leave for Laurel county in interest of dairy extension work.

Forest Bell, class of '21, who has been doing duty in high schools in eastern Kentucky, was a visitor upon the campus this week. His school is dismissed for the term and he was back "observing improvements."

Dean Boyd, College of Arts and Sciences, is very much in demand as speaker for high school commencements. Last Friday he was at Greenup; on the 16th, at Hartford; the 17th he spoke at Clay, the 18th visited Cloverport; and on May 31, will deliver the address for Milton. His only regret at being out of town was that he was forced to miss the Cadet Hop last Saturday, making two dances he has been absent from this year.

The Car You Can Depend Upon

If you were to ask the owner of a STUDEBAKER which of its attributes he values most, he undoubtedly would answer, its dependability. He feels he can rely on his car. He admires it most for this inner worth which single out the STUDEBAKER as one of America's foremost cars.

and Swimming Matches**

At a meeting several weeks ago of the Women's Athletic Association plans were made for the coming year. It was decided to have a hike every week-end from now on until school is out. The first one was planned for this week-end, and will be chaperoned by Miss Jewell and Sarah Blasing. Friday afternoon a swimming match will be held at Nicholasville, and all girls wishing to go must get permission from their parents and Miss Jewell and sign up in the Women's gym.

At a meeting the new officers elected were: President, Lucy Wilson, Vice-President, Mary Dunn; Secretary, Elizabeth Snap; Treasurer, Dale Casner. The leaders for the different forms of athletics were: Swimming, Estelle Hebden; hiking, Mary L. Norman, Rachelle Shacklette and Mary Hefferman; track, Esther Feitig; baseball, Lucy Gardner and Sarah Thorn; soccer, Elizabeth Cromwell and Lorraine Monroe; rifle, Lora Bonta; tennis, Betty Carroll and Elizabeth Helm; basketball, Eugenia O'Hara. Awards will be made to the winners in each event but the points necessary for entrance will not be counted toward awards.

RADIO CLUB

Tuesday night the University Radio Club met for their last time this year. Mr. Baulch, one of the organizers, was present and spoke to the members of the club. He pointed out the vast improvement that has been made since 1916.

The annual election of officers for the next year was held. The following men were elected: Mr. J. A. Weingartner, president; Mr. J. W. Stark, vice-president; Mr. J. W. Austin, secretary-treasurer; Mr. Kennoy, corresponding secretary. Messrs. Weingartner, Stark and Austin are Sophomores in the College of Engineering. Mr. Kennoy is a freshman in the same college.

The retiring officers are: Mr. S. H. Gates, president; Mr. Huckle, Vice-President; Mr. F. A. C. Thompson, secretary-treasurer.

CAPT. CALHOUN TO LEAD

(Continued from Page 1)

ings and the greatest development is possible for Kentucky and Kentuckians. This institution furnishes the prime opportunity for the intellectual, cultural and spiritual forces, which control and govern the state, to be explained and understood, in order that the great resources of the State, material and spiritual, may be developed.

"May I say at the outset that nothing is more appealing to me than the proposed Student Loan Fund. Through it, many of the most deserving young men and women of the state will be given an opportunity to fit themselves for the battle of life, and no doubt, as in the history of like philanthropic plans, they will reflect great credit, not only upon themselves, but upon the State. Who knows but that through this plan, old Kentucky may give to the world another immortal Lincoln?"

"I earnestly maintain that one of the best means of making our young men and women understand these forces, and one of the most effective ways of teaching how to control and direct

them, is through college athletics. One of the most important things taught by college athletics is the lesson of "give and take," without which one is sorely handicapped in the great game of life.

"I refer to this subject of college sports or athletics with great earnestness, because with my hands I earned the money by ditching and building wire fences, and through other individual efforts, to pay every dollar of my expenses for the time I spent in the University. Therefore, I feel qualified to speak upon the subject, and I say in all truthfulness, that I do not believe I derived as much real lasting benefit from any one course of study pursued in the University as I did from my participation in college athletics.

"To win in the athletic contest with other institutions is another motive of the proposed movement in giving the deserved encouragement to athletics in the University.

"On account of the pioneer blood in our veins, through the air we breathe, and the food we eat, and by reason of our natural, inherent sporting blood, we Kentuckians afford the finest material in all the world for development of leadership in college athletics; and from the movement which is already started along this line, I certainly look forward to the athletics of the University taking in the very near future, front rank in the great contests of the country, and thus there will be added new lustre and renown to the intellectual and cultural head of Old Kentucky."

On Wednesday evening Captain Calhoun was guest of honor at an informal dinner held in the Palm Room of the Phoenix Hotel. About 100 alumni and friends enjoyed the reunion. Captain Calhoun and Mrs. Calhoun remained in Lexington through Thursday, going from this city to Louisville.

el met with prompt approval as did the vocal solos by Clem Downing and Baughman. The whistling number by Robert Porter was novel and displayed much talent. Clem and Heavrin in their original interpretation of "Mr. Gallagher and Mr. Sheen" were entertaining.

The entire club of 20 members and the director are worthy of much credit for their performance which displayed practice and a professional attitude.

The Glee Club gave concerts in western and central Kentucky towns, included in their trips were Henderson, Owensboro, Hopkinsville, Morganfield, Mt. Sterling, Carlisle, North Middletown and Little Rock. Next year a more extensive trip has been planned to include Paducah and other cities of western Kentucky and an eastern visit will be paid to Ashland, Maysville and Covington.

Officers of the Club are: President, Earle Baughman; vice-president, Robert Porter; business manager, Henry A. Taylor; faculty treasurer, Prof. S. E. Leland, and director, Prof. Carl Lampert.

The club roster is composed of First tenor, Sam B. Adams, Eston J. Asher and Robert Clem; second tenor, E.
