"WITH THE COLORS"

Dear Family;

I left on the Erie for Camp Sherman at eight the morning and got here about 3 o'clock. Everything so far is all O. K. I have a dandy set of fellows in my tent. Tomorrow we get examined and if we pass then they vaccinate us. We had macaron, corn and potatoes for supper, not so bad for a start. I know a lot of fellows from school in the crowd so that makes it nice. I am writing in the dark and can hardly see what I am writing. Address my letters 31st Company 8th Training Battalion 158 Depot Brigade. Well I will write again as I can't see any more. The bunks are swell so I will sleep great. Well good night I will write later.
