Dear Fred,

May I also offer you my congratulations on your elevation to the President of the American Medical Association. I know you have received a flock of messages of this sort, but I want you to know that I was delighted when I read the news in the papers.

You have by this time realized as much as anyone that the job during the next few years will be a strenuous one and I wish you the best of health and good fortune to carry it out successfully. I imagine that Jew fellow in Chicago will not try to push you around much; at least I hope he won't.

More power to you, and my best wishes.

Sincerely,

Dr. Fred W. Rankin
