Dear Fred:

May I repeat my congratulations for your being elected president of the American Medical Association? It gives me pleasure to feel that I contributed, even though in a small way, to your election. The members of the Indiana delegation are friends of mine, Doctor Cameron and I having been friends for years. No doubt, they will invite you to their State meeting, and I hope that you will be able to go. The members of your native North Carolina were boosters for you, and are proud to claim you, as are we in Kentucky. I hope that you have a very successful term of office.

I called Joe Henry, president of the Jefferson County, and suggested that Jefferson County give a dinner meeting in your honor. We are sure that this can be arranged, perhaps at the time of the State meeting in September.

With best wishes for continued success and all the honor that goes with the high position that you well deserve, I am

Sincerely yours,

MC/akc
