Dear Fred:

Congratulations on your election to the Presidency of the American Medical Association. In my opinion, a very good choice was made.

The notice as well as the picture in the Journal brought back many memories. One - at least, that you have forgotten. One cold night a few of the boys were standing, ^{around,} not knowing what to do. You suggested that we go to see, "The Miracle Man." I had barely met you and did not expect to be included in the party but you insisted that I go too. I appreciated that, having just arrived in Rochester. You were friendly, not only to me, but to other new boys as well.

With best wishes and kind regards to you and your family, I am

Very truly yours,

M. D.
