Dear Fred: We were all glad to hear of your election as President of the A. M. A. and consider it a well deserved compliment. Apparently the loss of Tates support did not affect you too adversely. Undoubtedly you like a good general merely closed up the ranks and pressed on. Here is to a successful administration. You will be interested to know that Homer Dudley who struck out on three pitched balls in your room at the Davenport Hotel is this year President of the Washington State Medical Society. You will remember I told you he was not so dumb as he seemed that day. As for myself I have as
