POCATELLO, IDAHO

Dr. Fred Rankin,  
Louisville.

Dear Doctor Rankin:

I was unable to contact you at the closing session of the House June 5 to tell you how happy I am at your election to its Presidency, which is so well deserved. These recent sessions have been a little more barbarous especially since our fight for late March way back when I did get the medical public and tell you with addresses and attendance at State meetings. Preserve your health along the line suggested by Frank Lahey.

Sincerely yours,

Ed Roberts
